

Programme Board Update

Purpose

To receive an update from members of the Overview and Scrutiny Management Committee (OSMC) who have been appointed as overview and scrutiny representatives on programme boards.

Digital Board

Representative: Cllr Jon Hubbard, Chairman – Digital Strategy & Implementation Task Group

Recent Activity

The Digital Delivery Board met on 27 February 2018 and discussed and agreed a composite Digital Delivery plan aligned to the Digital Strategy.

In light of this, Cllr Hubbard felt that the task group may need to review and potentially amend its Forward Work Programme slightly; to help ensure that the task group is adding value in the most appropriate areas.
