20 May 2021

Dear Sir / Madam,

Re. Application to vary licence for The Marlborough, 90 High Street, Marlborough (existing premises licence no. LN / 14899)

We have read the application by Mr Jason Kalen to vary the terms of his licence as follows:

- To permit the sale of alcohol in a semi-permanent outside bar due to the corona virus
- To serve alcohol and play recorded music (though we note section F of the application is left blank as to detail)
- The serving of alcohol to extend to 23.30 on week days and 00.00 on Friday and Saturday

We wish to make the following representations:

- **Prevention of public nuisance**
 - o The proposed outside area immediately abounds a residential block, of which our house forms part – the noise from people congregating outside late in the evening / at night will result in a loss of amenity and public nuisance
 - o The use of floodlighting will present another public nuisance / loss of amenity at night
- **The prevention of harm to children**
 - o The proposed outside area is also adjacent to a school boarding house; it does not seem appropriate for school children to be walking right past a beer garden
- **To prevent crime and disorder**
 - o The High Street in Marlborough is already subject to considerable noise and disorder from drunk individuals leaving pubs and night clubs
 - o Extending the licensing hours and provision of alcohol in a premises in the High Street will only add to this

Yours sincerely,

David and Amabel Harvey-Evers
