

### Welcome

Welcome to the latest edition of the Melksham Community Campus Newsletter. This edition provides you with an update on the construction of the Community Campus with lots of progress pictures. We are pleased to share with you an artist's impression of the finished building.

### Construction progress

The construction has progressed significantly, most recent achievements include:

Steel installation phase 1 is complete and phase 2 is 50% complete.

Installation of the roof and wall cladding has commenced.

Both lift shafts are now in place

The pool shell construction, reinforcement and pipework installation is progressing well.

### Significant deliveries

You may notice some large deliveries of materials. This is being managed well and we do not anticipate these causing any issues.

### Stone wall and pillars

The reconstruction work on the Northern boundary wall and gate pillars has been completed and are looking fantastic!
