Wiltshire Families and Children's Transformation (FACT) Partnership Family Help Project Background Briefing November 2022

Wiltshire's multi-agency FACT partnership has identified how we work together as a system to provide early intervention and prevention (Family Help) as a priority transformation activity for the next two years.

These new Family Help arrangements will ensure that children, young people and families are able to access the right help at the right time through a co-ordinated approach to prevention and early intervention through:

- a co-ordinated approach at a whole population/universal level to prevent needs from arising and to build resilience across all residents
- a robust multi-agency approach to spotting any additional needs at the earliest point and providing effective joined-up support that prevents the needs from escalating further

There are certain elements that partners have agreed to develop and roll out across the whole of Wiltshire from the New Year whilst other elements are planned to be tested in a locality pilot approach in the Warminster and Westbury area.

Across Wiltshire, the project will deliver:

- A clear unifying brand for Family Help
- Online database of services, community resources & activities
- Co-ordinated whole system workforce development offer
- Consistency of core approaches across the Early Help workforce

The Warminster & Westbury pilot will also develop & test the benefits of:

- Wrapping a dedicated group of identified Early Help services & community groups around a cluster of schools/settings; embedding them in the communities they serve
- Establishing a local contact point for Early Help requests for support & case discussion whereby the responses make best use of local resources including the voluntary & community sector
- More flexible working practice with core workers delivering intervention in the place, way & time that achieves best impact eg home, school, online, group, breakfast time, evening
- A locally led inclusive & welcoming local community of practice for Early Help – responding to local needs, identifying & sharing learning & good practice, engaging in reflective dialogue related to the pilot activity, promoting & delivering agreed culture & practice change activity

- Securing strong transition with a focus on pupils that need it most & joining up where siblings span multiple schools
- Specialist input on key themes including mental health, ASD, parental conflict & challenging behaviour – delivered locally & taking account of the local context
- Local consultation mechanisms to ensure that we understand the needs & lived experience of children, young people & families in Warminster & Westbury

We are at the stage of engaging with the key local stakeholders in the pilot area to further develop our thinking and ensure that the next stage of activity is informed by their views, experience and context.

As such, we will be setting up a range of briefings and consultation meetings to give all services and groups in Warminster and Westbury the chance to hear more about the background thinking and to start to input to the plan for the pilot activity. There will be subsequent meetings that will involve wider stakeholders as we build an inclusive partnership to create and deliver the local model – we want to understand and make the most of the good practice and assets already in place locally as well as creating and testing new arrangements that will subsequently inform the pan-Wiltshire model. To enable the project to achieve its full potential we will be looking to engage with the widest possible network of organisations as well as setting up specific mechanisms to ensure that the voice of children, young people and families is at the heart of the project.
