Subject: License for Esso garage in Warminster

Dear Sir/Madam,

It has come to our attention that there is an application for a 24 hour licence to sell alcohol from Euro Garage in East Street , Warminster .I would like raise an objection against this for many reasons .The house I live in with my mother and son is only 20 meters away and ,there is a low wall between the house and the garage that people sometimes sit on ,my mother is very frail and in her 80's and my son has a statement of special needs ,he has audio processing disability and is on the autistic spectrum ,the prospect poeple sitting on the wall outside drinking and making noise overnight, will seriously affect his mental health .We have already had issues with people sitting on the wall between our property and the garage , and the prospect of this happening over night will mean us feeling threatened and intimidated in our own home if people our able to buy alcohol all night.

The local residents only became aware of this application for a 24 hour licence to sell alcohol from Euro Garages in East street , Warminster a few days ago when notification was listed at the garage. The garage is nestled in a residential area and has domestic properties on all elevations , a lot of the residents choose to live here because it is safe with a community feel.

The garage is adjacent to residential properties on all sides the nearest being 20 feet away the property of multiple occupancy is approximately 100 feet away and appears to be of some interest to the local constabulary.

My property is in an unadopted road which is accessed from the garage forecourt which is unadopted , I can seriously see this being used for naferouse activity if alcohol is available 24 hours a day.

I havед read the application and it does not appear obvious how to voice objections nor are there any attachments to manually raise objections ?

The application appears to designate land that does not belong to Euro garages as “staff area” which is actually access to a unadopted access to both mine and other properties classified as East Street.

Please respond to this communication as soon as possible
