Lisa Moore (Democratic Services Officer), (Tel): 01722 434560 or (e-mail) lisa.moore@wiltshire.gov.uk

Papers available on the Council's website at www.wiltshire.gov.uk

In Attendance:

Wiltshire Councillors

Cllr Pauline Church, Cllr Nick Errington, Cllr George Jeans, Cllr Nabil Najjar (Vice-Chairman) and Cllr Bridget Wayman (Chairman)

Wiltshire Council Officers

Lisa Moore, Democratic Services Officer
Karen Linaker, Community Engagement Manager

Partners

Wiltshire Police – Inspector Tina Osborn, Inspector Al Lumley, Sergeant Kevin Harmsworth

Total in attendance: 27

<u>Minute No..</u>	<u>Summary of Issues Discussed and Decision</u>
4	<p><u>Welcome and Introductions</u></p> <p>The Chairman, Cllr Bridget Wayman, welcomed everyone to the meeting of the South West Wiltshire Area Board. Members and Officers introduced themselves.</p>
5	<p><u>Apologies for Absence</u></p> <p>There were none.</p>
6	<p><u>Declarations of Interest</u></p> <p>There were none.</p>
7	<p><u>Minutes</u></p> <p><u>Decision</u></p> <p>The minutes of the previous meetings held on 17 March and 18 May, were agreed as a correct record and signed by the Chairman.</p>
8	<p><u>Chairman's Announcements</u></p> <p><u>Leader delegated decision</u></p> <p>The legislation which allowed local authorities to take public meetings and decisions online was not extended past May 6th despite national requests for an extension.</p> <p>Area Boards held before the 21st June (when it was hoped the roadmap would move forward and lift current restrictions on the number of people able to meet in public) would need to have any funding decisions ratified through the Leader Delegated Decision process before funding could be released.</p>
9	<p><u>CEM Delegated Powers</u></p> <p>The Board considered the proposal of CEM Delegated Authority as set out in the agenda.</p> <p>It was noted that all funding allocations taken under these CEM Delegated powers would follow consultation with Board Members and seek confirmation that a majority in support is present. All decisions taken in this way would also be noted on the next funding report presented at the area board meeting.</p> <p><u>Decision</u></p>

	<p>The Southern Wiltshire Area Board agreed that:</p> <p>In order to expedite the work of the Area Board and to deal with urgent matters that may arise between meetings, the Community Engagement Manager, following consultation with the Chairman (or in their absence, the Vice-Chairman) of the Area Board, may authorise expenditure to support community projects (including youth, health and wellbeing and community area transport) from the delegated budget of up to £5,000 per application between meetings of the Area Board. The Community Engagement Manager should seek the views of all Area Board members to obtain a majority in support, prior to the expenditure being agreed.</p> <p>Decisions taken between meetings will be reported in the funding report to the next meeting of the Area Board explaining why the matter was considered urgent or necessary to expedite the work of the Board. Where a significant number of urgent matters arise between meetings, a special meeting may be called, following consultation with the Chairman to determine such matters.</p>
10	<p><u>Lead Member Representatives to Outside Bodies and Working Groups 2021/22</u></p> <p>The Board considered the proposals to appoint Lead Members to the themed areas, Outside Bodies and Working Groups for the Southern Wiltshire Community Area for 2021/22 report attached to the agenda.</p> <p><u>Decision</u> The Southern Wiltshire Area Board agreed to:</p> <ul style="list-style-type: none"> a) Appoint Members as Lead representatives to Outside Bodies as set out at Appendix A; b) Reconstitute and appoint to AB Themed Areas and the Working Group(s) as set out in Appendix B; and c) Note the Terms of Reference for the Working Group(s), as set out in Appendix C
11	<p><u>Partner and Community Updates</u></p> <p>The Board noted the written reports and updates available in the pack and online, which were:</p> <ul style="list-style-type: none"> • Healthwatch Wiltshire • Wiltshire Council Updates • Police NHT Update • Fire & Rescue Service • Current consultations: http://www.wiltshire.gov.uk/council/consultations.htm

Partners present then gave verbal updates.

Police

Wilton NHP Team – Inspector Tina Osborn (TO)

The priorities listed in the report related to Wilton as well as the Salisbury area.

- Speeding remained a problem in some areas. Bishopstone and Broadchalke were in the process of arranging some speed Indicator equipment.

Questions:

Could we pin officers down so we have an indication on when they may come out?

Answer: (TO) There were issues with speeding across the county, there would also be a potential increase once people came out of lock down. Police worked closely with the CSW teams now that they were back out and about.

Mere had a new PCSO, there had been a few complaints that there was no one in the police station, there used to be a contact number, but it was no longer available.

Answer: (KH) – email the details to him, so that he could look into this and feedback.

There was a road closure of the A360 due to commence in September, how engaged were the Police in the 750T weight restrictions and enforcement, as there were local concerns to Wilton of volume of traffic on A360 & A30.

Answer: (TO) email the details to her to look into and she would feedback.

Steve Banas – we also have a speeding issue in Swallowcliffe – we don't have a CSW so an occasional police visit would make a difference for us.

Warminster NPT (Mere & Tisbury) Sergeant Kevin Harmsworth (KH) & Inspector Al Lumley (AL)

Inspector Lumley introduced himself as was new to the area, he would sit alongside TO in her role and would be in attendance at the AB for future meetings.

- As Covid restrictions slowly eased, they would continue to monitor activity and any associated disorder.
- CSW – was supported by the team, there was a 2 week Speed Enforcement fortnight from 28 July – 8 Aug.
- There had been an uplift of catalytic converter thefts in the area.
- Cross border crime remained an area of focus, with swift direct intervention, offences had tailed off.
- Modern slavery and human trafficking were also an area of focus.
- A visit to Seeds4success was planned in an advisory capacity.

	<p>The Chairman noted that it would be useful to see a list of when they had been out to assist with CSW and to monitor speeding issues, to get an overall picture of where they were attending.</p> <p>Action: TO & KH to produce the information and circulate to Members.</p> <p><u>Youth - Jakki Farrell Seeds4Success</u></p> <p>The service was now back up and running to the level it was prior to lockdown, facemasks would be worn for inside youth sessions.</p> <p>There were two new areas of work:</p> <ul style="list-style-type: none"> • LGBT – A group session was hoped to be held in the Nadder Centre when possible. • Social Action Project – young people decided that they wanted to work with local landowners with felled trees. They will go and cut them into fuel sized bundles to be offered to people in fuel poverty. • Running in partnership with WC Fuel programme, holiday sessions will be offered out of Mere School for 4 weeks, for 4 days each week. This would be available to 8 – 13year olds on free school meals. Any spare spaces would be offered out after those identified had been contacted.
12	<p><u>Priorities for Policing 2021/22 - Warminster NPT</u></p> <p>This was covered under Partners Updates.</p>
13	<p><u>A303 Stonehenge - Early notification of A360 works</u></p> <p>The Board receive information on the planned road works along the A360, from Marcia Daniels - Senior Communication and Engagement Manager A303 Amesbury to Berwick Down (Stonehenge).</p> <ul style="list-style-type: none"> • A Judicial Review had taken place – results were awaited • Preliminary works were hoped to start in late summer • 2022/23 – main work would start. • The A360 would be closed at Longbarrow roundabout to the Avenue roundabout from September to December to allow the installation of a pipe. • A360 access would remain open to residents and businesses. • Temporary weight limits would be in place along some routes. • Joint communications planning with Wiltshire Council and SSE • There would be diversion signage prior to the closure. • Working with communities to identify problems. • An online Q & A session had been run with another planned soon. • Keen to know any issues not yet considered. <p>Questions and Comments included:</p>

	<p>Glad to see that the low bridge in Wilton was being flagged as that was frequently hit. As the A36 was Highways England responsibility, I encourage you to put as many enhanced signs in place as possible, to advise of that as the bridge would be a considerable problem.</p> <p><u>Answer:</u> We know about the low bridge we would be talking to the haulage companies to highlight the fact and would be asking for them to direct their high vehicles away from the A36.</p> <p>There are few residents living along the A360 road, could you do as much 24/hr working as possible, as the works would not be as disrupting as one may think.</p> <p>Was there a likelihood the HGVs might use the A30 and B345, and how would you monitor the traffic?</p> <p><u>Answer:</u> We were still looking at ways in which we will monitor it. Options for getting a specialist in to do some monitoring at hotspots.</p> <p>Compliments to Highways England on the engagement they had done so far, it had been brilliant.</p> <p>It would be useful for parishes to have the timeline and regular updates so that it could be dispersed through local social media pages.</p> <p><u>Answer:</u> We can provide a pack through the CEM.</p>
14	<p><u>Salisbury Junction Improvements - Public consultation</u></p> <p>The Board received a presentation from Peter Binley, Head of Major Highways Projects, on Wiltshire Council's proposals to improve three key junctions around Salisbury, the Exeter Street Roundabout, Harnham Gyratory and Park Wall Junction, for cyclists, pedestrians and motor vehicles.</p> <p><u>Questions and comments included:</u></p> <p>The Park Wall Junction suffered with backed up traffic most evenings and during rush hour, which often queued back to Skew bridge. How would the traffic signals improve this?</p> <p><u>Answer:</u> They were not set to change on a fixed time, they were set to detect the traffic and balance out the flows, adapting to the changing circumstances. We want the traffic signals to adapt and allow the traffic to flow in the direction it is busiest.</p> <p>Had the studies been done, and area traffic flows been considered?</p> <p><u>Answer:</u> The traffic model was built out of the original A303 scheme, it was not just a case of what was currently happening, we were designing for 2036. It looks at future growth and includes housing and development.</p>

Area Board Forward Work Plan and Priorities for 2021/22

Community Engagement Manager, Karen Linaker ran through the Area Board (AB) Forward Work Plan and Associated Funding proposals which were set out in the agenda.

In March 2021 the outgoing Area Board agreed to recommend the detail of the workplan to the new Area Board. The purpose of that was to steer work and funding in line with identified local priorities.

Following discussion around the top six priorities, it was noted that improved transport provision was needed for all within the community, not just the elderly.

Work to establish areas where there was no, or poor broadband provision was also required.

It was suggested that the area Board and the Council as a whole could do a great deal to support small fibre optic provision groups, as there was a lot of learning to do. A guidance for groups with a good practice guide could also be produced.

A representative from Wiltshire Climate Alliance noted that it was disappointing that climate or energy did not appear in the priorities, asking if climate had been downgraded in SWW and how work on that priority area would play out, over the next 12 months?

Cllr Najjar advised in his capacity as Lead Member for Environment, that the Board had made tackling environmental issues a key area in all that they were doing and were actively engaged with parishes.

Karen highlighted that the proposed top 6 priorities were set out, however in addition the Board would hold events and surveys and gathering information online, to pull together the local representatives who had come forward with an interest in this work.

Decision:

The Area Board agreed to:

- 1. Endorse the Status Report**
- 2. Approve the Work Plan (Appendix 1)**
- 3. Adopt a rolling prioritisation process – agreeing which top 6 pieces of work from the Work Plan it will focus on in 2021/22 (see appendix 2)**
- 4. That the Area Board hosts up to 4 community engagement events in 2021/22, covering themes such as Young People, Eco-Friendly Villages, Affordable Housing, Health & Wellbeing.**
- 5. Appoint councillors and community volunteers to work in**

	<p>conjunction with the CEM to provide leadership and capacity for each of the Work Plan's priorities.</p> <p>6. Review the status report and work plan regularly in response to changes and celebrate completed actions (At least every 2 months or as required)</p>
16	<p><u>Finger Post Funding Scheme - Revised Terms</u></p> <p>Karen Linaker, Community Engagement Manager, outlined the revised terms to the Finger Post Funding scheme for 2021/22. As detailed in the agenda pack. The changes were for funding of up to 50% of total project cost, with a cap of a maximum of £500 per post and maximum of 2 per year per PC permitted.</p> <p><u>Decision</u> The Area Board approved the updated Finger Post Funding Scheme 2021/22, as set out in the attached paper.</p>
17	<p><u>Pedestrian Gate, Funding Scheme - Revised Terms</u></p> <p>Karen Linaker outlined the revised terms to the Pedestrian Gate Funding scheme for 2021/22. As detailed in the agenda pack. The changes were noted as up to 50% of total project cost, to a maximum of £750 per post and a maximum of 2 posts per year per PC permitted.</p> <p><u>Decision</u> The Area Board approved the updated Pedestrian Gate Funding Scheme 2021/22. As set out in the agenda pack.</p>
18	<p><u>Area Board Funding</u></p> <p>The Board considered the funding applications as detailed in the reports attached to the agenda. Applicants in attendance were invited to speak in support of their projects and answer any questions that arose.</p> <p>Cllr Errington noted that the Health & Wellbeing budget for the year was £7700 and that there were 4 applications which if awarded in full, would total almost half of the budget, but noted that they were all projects that would kick start work.</p> <p><u>Donhead St Andrew PC – requested £377 CAG – Pedestrian Gates</u> The applicant noted that a landowner had agreed to replace approximately 10 stiles with gates. This application was for the first two.</p> <p>Cllr Jeans asked whether the style of gate to be purchased was accessible by pushchairs or wheelchairs?</p> <p>The applicant confirmed that she would ensure that any further gates were of this nature.</p>

Decision

The Area Board awarded £377 to Donhead St Andrew PC for the pedestrian gate project.

Wilton Carnival Cmmtt – Requested £500 HW – Picnic in the Park

The applicant spoke in support. It was confirmed that the TC had also contributed towards the project.

Decision

The Area Board awarded £500 to Wilton Carnival Committee for the picnic in the park project.

Hindon PC – requested £400 AB Initiative – RoW at Wessex Way

Decision

The Area Board awarded £400 to Hindon PC for RoW at Wessex Way project.

Silver Salisbury Group – requested £550 HW – Programme in Wilton & District

The applicant spoke in support of the project.

Decision

The Area Board awarded £550 to Silver Salisbury Group for the Programme in Wilton & District.

Donhead St Andrew PC – requested £400 CAG – Fingerpost Scotts Hill

The applicant spoke in support of the project, confirming the total project cost was £1269.

Decision

The Area Board awarded £400 to Donhead St Andrew PC for the Fingerpost on Scotts Hill.

Chalke Valley Sports Centre – requested £2950 – Getting our community active again

The Applicant spoke in support of the project.

Decision

The Area Board awarded £2950 to Chalke Valley Sports Centre towards the Getting our Community Active Again project.

SWW Health & Wellbeing Group – requested £1500 for an AB Initiative – Older People s event

Karen Linaker, community Engagement Manager set out the project, noting that

	<p>Steeple Langford and Wylve were now in the Community Area following a boundary change. In 2018 there had been an event at Langford Lakes to experience a range of cultural activities. The board was keen to run such an event again as a Health & Wellbeing event for 2021. It was hoped that the event would benefit 40- 50 older people.</p> <p><u>Decision</u> The Area Board awarded £1500 to the Area Board Initiative – Older Peoples Event.</p> <p><u>SWW Health & Wellbeing Group – requested £2500 - AB Initiative – Community Group Support</u> Karen set out the project which it was hoped would benefit up to 50 groups, by offering them £50 with a top up from a local trust, to get them back up and running again.</p> <p><u>Decision</u> The Area Board awarded £2500 to the Area Board Initiative – Community Group Support.</p> <p><u>Zeals Youth Trust – requested £10,000 CAG – Zeals Green YC</u> The Applicant spoke in support of the project.</p> <p>The Chairman noted the standard cap of £5,000 for funding requests, and suggested that the Board’s considerations stay within the scope of that.</p> <p><u>Decision</u> The Area Board awarded £5000 to the Zeals Youth Trust, towards the project.</p>
19	<p><u>Mere Car Club Initiative</u></p> <p>The previous Area Board earmarked £11k from the 2020/2021 capital fund budget in March this year for a new Area Board Initiative, the Electric Car Club in Mere. This was to realise the obvious environmental, sustainable transport, local economic and community benefits that such a scheme would support, as detailed in the report attached to the agenda.</p> <p><u>Decision</u> The Area Board confirmed its support and the allocation of £11,000, to the Mere Car Club Initiative.</p>
20	<p><u>Community Area Transport Group (CATG) Update</u></p> <p>The Board noted the minutes from the last meeting held on 23 June 2021 at 2.00pm and considered the recommendations for funding, as detailed in Agenda supplement 1 uploaded to the website.</p>

	<p><u>Decision</u> The SWW Area Board approved the recommendations for CATG funding as set out in the report.</p>
21	<p><u>Close</u></p> <p>The next meeting of the South west Wiltshire Area Board will be held online, on 15 September 2021.</p> <p>Note: The deadline for funding requests is 4 weeks prior to the meeting date, please contact karen.linaker@wiltshire.gov.uk for further information.</p>

South West Wiltshire CPT Area Board Update

Page 13

Agenda Item 7

September 2021

Your CPT – Warminster, Westbury, Tisbury & Mere

Inspector: Insp Al Lumley

Neighbourhood Sergeant: Sgt Kevin Harmsworth

Neighbourhood Officers:

PC Victoria Howick

PC Richard Salter/Daniel Chavantre

PC Jamie Darvill

PCSOs:

Leigh Holcombe, Roland Revers (Warminster)

Daniel Gill, Neil Turnbull (Mere, Tisbury)

Stewart Hunt, Christopher Doyle, Alice Moore (Westbury)

Performance – 12 months to July 2021

Force

- Wiltshire Police has had a decrease in the volume of recorded crime by 8.0% in the 12 months to July 2021 and continues to have one of the lowest crime rates in the country.
- Wiltshire Police has seen a 20% reduction in vehicle crime and a reduction of 36.4% in residential burglaries in the 12 months to July 2021.
- Our service delivery remains consistently good.
- In July 2021, we received:
 - 10,020 '999' calls, (answered within 11 seconds on average);
 - 11,714 '101' calls, (answered within 16 seconds on average);
 - 12,304 'CRIB' calls, (answered within 2 minute and 14 seconds on average).
- In July 2021, we also attended 1,908 emergency incidents within 10 minutes and 11 seconds on average.

Crime Type	Crime Volume	% of Crime
Totals	38046	100.0
Violence without injury	6428	16.9
Violence with injury	5834	15.4
Criminal damage	4823	12.7
Stalking and harassment	3363	9.4
Public order offences	3491	9.2
Other crime type	14000	36.5

Warminster CPT

Crime Type	Crime Volume	% of Crime
Totals	2696	100.0
Violence without injury	453	16.8
Violence with injury	396	14.7
Criminal damage	392	14.5
Stalking and harassment	263	9.8
Public order offences	239	8.9
Other crime type	953	35.3

Stop and Search information for Warminster CPT

During the 12 months leading to June 2021, 67 stop and searches were conducted in the Warminster area of which 73.1% related to a search for controlled drugs.

During 64.4% of these searches, no object was found. In 34.7% of cases, an object was found. Of these cases 79.1% resulted in a no further action disposal; 17.9% resulted in police action being taken; 10.4% resulted in an arrest.

Of the stop and search subjects who defined their ethnicity:

- White – 52 stop and searches.
- Black or Black British – 3 stop and searches
- Asian or Asian British – 1 stop and search

Local Priorities & Updates – S/West Wiltshire

Priority	Update
Speed Enforcement	As the country continues to return to 'normal' following the lifting of restrictions, we continue to see a rise in vehicles using the roads. Our local teams have been out conducting speed enforcement activity and supporting the community speed watch teams wherever possible. Please continue to feed in areas of concern to local teams.
E-Scooters	With the rise in popularity of this mode of transport we have been raising awareness around the legalities of their use. It is a divisive subject throughout the community and so an appropriate stance is required. We will look to educate before taking enforcement action as we do not want to criminalise unsuspecting people who are unaware they are committing offences. However, for repeat offenders or for those that refuse to accept our advice, they can expect seizure of the vehicle and prosecution for offences.
Rural Crime	Promotion of crime prevention tactics and raising awareness through social media. Specifically raising awareness on the rise in thefts of GPS equipment from farm machinery nationally. We have seen a few thefts across Wiltshire of this nature but at the time of writing thankfully none within this specific area.
Catalytic Converter Thefts	We have witnessed an increase in this type of crime within our area. Criminal gangs will target a variety of types of vehicles in the early hours of the morning, using loud metal cutting equipment and brute force to extract the catalytic converters. Rural locations are often targeted due to the lack of passing foot and vehicle traffic. Keeping vehicles alarmed, close to houses and well lit are the best forms of deterrence.

PCSO Matt Murray

WILTSHIRE POLICE

Proud to serve and **protect** our communities

@wiltshirepolice

Performance – 12 months to July 2021

Force

- Wiltshire Police has had a decrease in the volume of recorded crime by 8.0% in the 12 months to July 2021 and continues to have one of the lowest crime rates in the country.
- Wiltshire Police has seen a 20% reduction in vehicle crime and a reduction of 36.4% in residential burglaries in the 12 months to July 2021.
- Our service delivery remains consistently good.
- In July 2021, we received:
 - 10,020 '999' calls, (answered within 11 seconds on average);
 - 11,714 '101' calls, (answered within 16 seconds on average);
 - 12,304 'CRIB' calls, (answered within 2 minute and 14 seconds on average).
- In July 2021, we also attended 1,908 emergency incidents within 10 minutes and 11 seconds on average.

Crime Type	Crime Volume	% of Crime
Totals	38046	100.0
Violence without injury	6428	16.9
Violence with injury	5834	15.4
Criminal damage	4823	12.7
Stalking and harassment	3363	9.4
Public order offences	3491	9.2
Other crime type	14000	36.5

Salisbury CPT

Crime Type	Crime Volume	% of Crime
Totals	4426	100.0
Violence without injury	673	15.2
Violence with injury	620	14.0
Criminal damage	614	13.9
Public order offences	454	10.3
All other theft offences	353	8.0
Other crime type	1712	38.7

Stop and Search information for Salisbury CPT

During the 12 months leading to June 2021, 225 stop and searches were conducted in the Salisbury area of which 74.7% related to a search for controlled drugs.

During 73.3% of these searches, no object was found. In 26.3% of cases, an object was found. Of these cases 77.8% resulted in a no further action disposal; 21.4% resulted in police action being taken; 8% resulted in an arrest.

Of the stop and search subjects who defined their ethnicity:

- White – 188 stop and searches.
- Black or Black British – 9 stop and searches
- Asian or Asian British – 6 stop and searches
- Mixed Ethnicity – 1 stop and search

Local Priorities & Updates

Priority	Update
Non-dwelling Burglaries & Theft from motor vehicles	There has been an increase in reported non-dwelling burglaries and TFMV within the rural communities. The team have been involved in joint proactive operations with our Rural Crime team and neighbouring forces, to target possible offenders. Targeted patrols are continuing to be conducted.
Speeding	Increased speed checks have been carried out in The Avenue in Wilton and on Netherhampton Rd Harnham. A number of traffic offence reports have been submitted. These areas will continued to be a focus for the team. The team are also supporting CSW volunteers in other areas where possible.
ASB, Fly tipping & drug dealing	ASB, Fly tipping and drug dealing continues to be a problem within the city and the Friary. Significant partnership work is ongoing to reduce these incidents especially whereby repeated offenders are involved. Public consultations have been held within the Friary area in order to build trust within the community and identify any issues which had been previously reported. Several persons have been arrested with regards to drug offences, investigations are continuing. Joint operations are planned with regards to increased reports of fly tipping in the Coombe Bisset area.
Illegal use of E-Scooters	We have seen an increase in the use of e-scooters across many areas but predominately in the city centre. The team have continued to engage and educate people regarding the usage of e-scooters. Targeted patrols in hot spot areas have led to a number of e-scooters being seized from repeat offenders and persons reported for relevant offences,

Local Priorities & Updates Continued

Priority	Update
ASB & Graffiti	During the summer holidays we have received an increase in reports of ASB and graffiti in the New Skate Park in Old Sarum. Additional patrols are ongoing to educate and advise those youths believed to be involved. We did see an increase in ASB in the Downton area which part was associated with criminal damage offences. Targeted patrols and community consultation have taken place and we are pleased to report that criminal damage offences have significantly reduced within the last month.
ASB involving catapults & off road motorbikes	Whilst ASB regarding catapults has reduced, we have still received a couple of reports believed to be linked to the use of catapults in the Bemerton Heath area. There has been an increase in use of e-scooters and off road motor bikes in the area. We have continued to educate users and have seized a number of e-scooters from repeat offenders. We have also seized several off road motorbikes which have been used by juveniles.
Rural Crime	Rural crime continues to be a focus for the team especially during this time of year.. We are likely to see increased reports of poaching / hare coursing in the coming months. We will be conducting proactive operations with our neighbouring forces and our Rural Crime Team in tackling rural crime.

Wiltshire Council Information Item

Subject:	Ash Dieback
Web/ Email contact:	Email queries: Communications@wiltshire.gov.uk

Key messages:

- This is a serious public safety issue and landowners are responsible for dealing with it on their land.
- There is an urgent need for all landowners to identify ash trees growing alongside the highway, public rights of way and in public spaces that are showing signs of this disease and take action.
- Trees on private land away from public access can be left, the resulting dead wood, will continue to provide essential habitat for a range of wildlife including insects, nesting birds, roosting bats and a whole range of other small mammals.
- It is important that we replant our woodlands, hedgerows and parklands
- There is a range of local and national funding opportunities available for replanting
- Our ecologists and landscape officers can offer advice to landowners on tree management and replacement, including replacement funding opportunities.

Video:

The Ash Dieback [video](#) explains why ash dieback is an issue that ALL landowners in Wiltshire need to take action to address. It outlines the help available from Wiltshire Council and signpost to other national organisations that can offer advice and funding to plant replacement trees.

Background:

Ash Dieback or Chalara Dieback of Ash is a disease which is expected to lead to the decline and death of most of the ash trees in Britain. 90% of woodland Ash trees nationwide are likely to be affected over the next five to 15 years.

Ash Dieback is already affecting trees in all parts of Wiltshire, and the council, along with other large landowners is working to address the impacts of the disease.

In trees alongside the highway, rights of way and in public spaces, this can pose a risk of injury to people and damage to property. There is an urgent need for all landowners to identify Ash trees growing alongside the highway, public rights of way and in public spaces that are showing signs of this disease and remove or significantly reduce these trees in order to avoid risks to the public or to property.

Once infected, trees decline quickly, often dying within two growing seasons. Trees rapidly lose timber strength, leading to branches and trees falling.

The loss of so many ash trees will have a dramatic impact on our landscape, both visually and from the numerous benefits they provide. It will affect our carbon cycling and water cycle, will leave crops and housing more exposed to

Wiltshire Council Information Item

the effects of weather and result in a direct loss of wildlife species that rely on trees and woodland areas.

It is important that we replant our woodlands, hedgerows and parklands with the most appropriate, alternative species of native trees and shrubs, in order to maintain the unique landscape character of Wiltshire, and to ensure that sufficient habitat continues to support the varied range of wildlife species that rely on these for food and shelter.

There is a range of local and national funding opportunities available for planting whole woodlands, or just sections of hedgerow with standard trees, or small copses.

Our ecologists can help landowners with land that could accommodate trees, to assess its suitability for planting and the most appropriate tree species.

The council is developing a Green and Blue Infrastructure Strategy for the county as well as a Nature Recovery Strategy. They will identify the existing natural areas of high value for people and wildlife, but also where further planting would be of most additional benefit.

Our ecologists and landscape officers are available to offer advice to landowners on tree management and replacement, including replacement funding opportunities.

Other useful sources of information are available from:
Wiltshire Council, www.wiltshire.gov.uk/recreation-trees-forests
The Tree Council, www.treecouncil.org.uk
Woodland Trust, Woodland Trust www.woodlandtrust.org.uk
Forest Research, www.forestresearch.gov.uk
The Arboricultural Association www.trees.org.uk
The Forestry Commission, particularly their regular blog
ww.forestrycommission.blog.gov.uk

All these sites have information on managing the disease and avoiding the risks to people and wildlife.

Wiltshire Council Information Item

Subject:	Wiltshire Council draft Climate Strategy Consultation
Web contact:	www.wiltshire.gov.uk/climate

Consultations on both the draft Wiltshire Climate Strategy and Our Natural Environment Plan start on the 1st of September and run until 23.59 on the 17th of October 2021.

Information on both consultations are available as follows:

- Information about the Climate Strategy and to sign up for the online events see: www.wiltshire.gov.uk/climate
- Information about Our Natural Environment Plan see: www.wiltshire.gov.uk/planning-bio-green-blue-infrastructure

Comments can be submitted through the two online surveys via the above links.

Climate Strategy

This strategy has been developed after Wiltshire Council acknowledged a climate emergency and pledged to become carbon neutral as an organisation by 2030. The document has deliberately been kept simple to encourage a wide readership. The UK Climate Change Committee estimates that local authorities can influence one third of emissions in their area. This makes public engagement and buy-in from organisations and businesses critical to tackling the other two thirds – as well as advocating for strong government action. This high level strategy sets out our objectives and areas of focus while remaining flexible. As the world around us evolves in terms of knowledge, legislation and policy, technology and the market, we will adapt to take advantage of these opportunities. Detailed delivery plans will be developed, and in recognition that we are facing an emergency, we are already taking action on a number of fronts.

Our Natural Environment Plan - Green and Blue Infrastructure (GBI) Strategy

This strategy looks at the future for Wiltshire's natural environmental assets focussing on the need to address climate change adaptation and mitigation, halt and reverse biodiversity loss and contribute to the health and wellbeing of Wiltshire's residents.

'Blue infrastructure' means water courses such as rivers, lakes, canals, ponds and wetlands, while 'green infrastructure' covers plant life such as fields, woodlands, hedgerows and parks, and the GBI Strategy will set a clear vision, goals and principle to guide delivery through partnership working. Having a strong GBI will help mitigate against the effects of climate change through nature-based solutions such as, increased water retention in the land to

Wiltshire Council Information Item

reduce the risk of flooding, maintain and improve biodiversity, and help to provide improved access to the countryside.

A Community Environmental Toolkit is available to support communities wanting to develop local projects and can be downloaded here:

<https://www.wiltshire.gov.uk/article/3854/Community-Environmental-Toolkit>

The GBI strategy will inform the development of new policies in the emerging Local Plan and other council documents such as the Local Transport Plan and set the framework for a new Local Nature Recovery Strategy that will identify biodiversity net gain sites (a new requirement in the Environment Bill).

Consultation events

There will be a series of online and in-person events covering both strategies where people can find out more and ask questions. To join the online events, people must sign up in advance. The full schedule of events is as follows:

- 9 September, 6pm, online launch event with Claire Perry O'Neill.
- 15 September, 10.30am-11.30am, first engagement webinar.
- 30 September, 7pm-8pm, second engagement webinar.

Library drop-in sessions:

- 14 September, 10am-midday, Salisbury Library
- 23 September, 10.30am-midday, Devizes Library
- 27 September, 10am-midday, Chippenham Library
- 7 October, 10am-midday, Trowbridge Library

All Local Councils have been sent a letter and a poster regarding the consultation and events. Please publicise the strategy consultations in your communities and online.

**Wiltshire Highways
Maintenance Programme
2022/23 – 2026/27**

**South West Wilts Area Board
First rev**

CURRENT CONDITION BY AREA BOARD

TOTAL % OF THE ADOPTED NETWORK REQUIRING MAINTENANCE

A 5 year average is used to monitor the condition of the network due to the surveying regime of undertaking a 50% network length

The graphs show that even with a deteriorating network the targeted maintenance schemes are generally improving the overall condition of the roads within Wiltshire, a rolling 5 year programme and funding process is designed to allocate resources to those areas with a higher percentage of poor roads based on their network length.

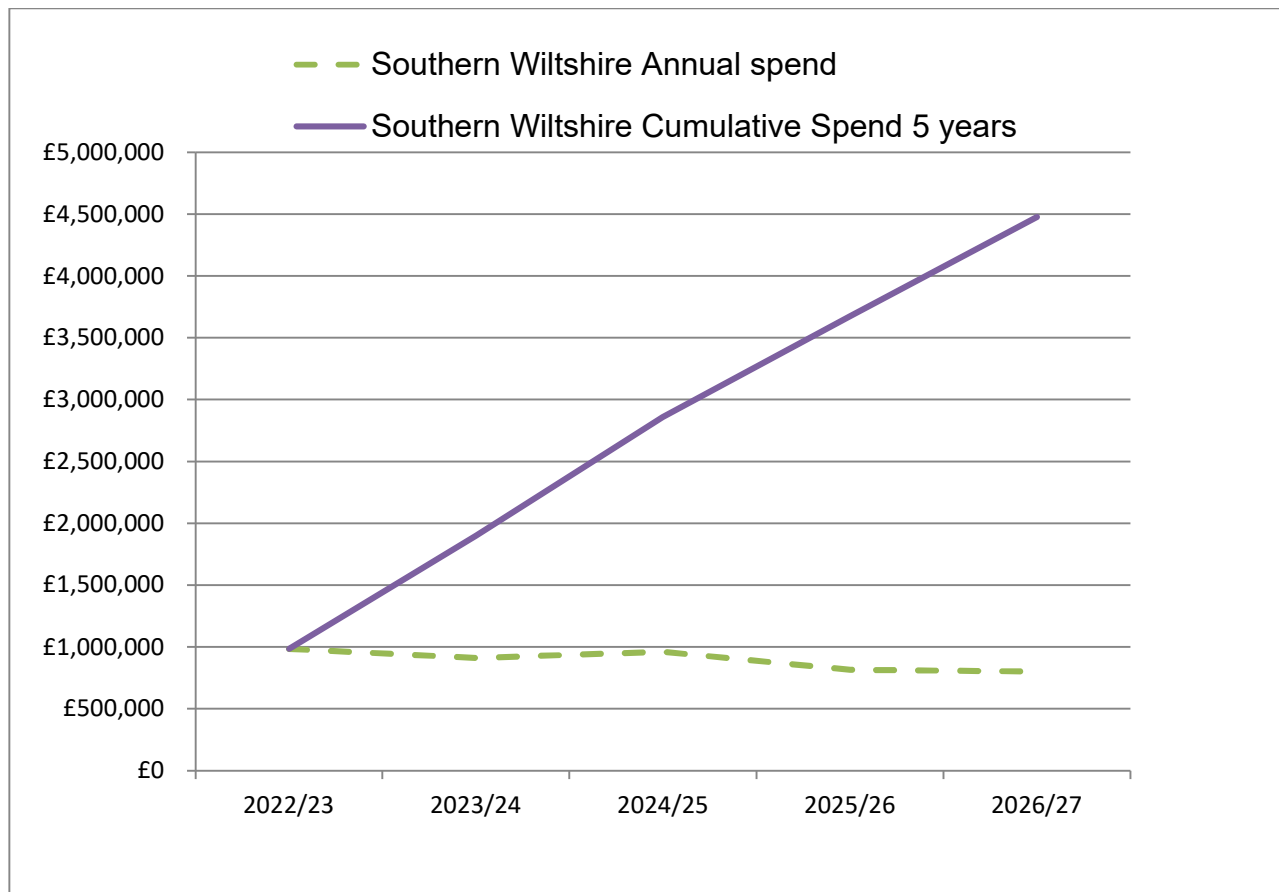

The target is for all area boards to be at the same low level of around 20% of the network requiring some form of maintenance

Spend profile

	South West Wiltshire Annual spend	South West Wiltshire Cumulative Spend 5 years
2022/23	£985,176	£985,176
2023/24	£913,210	£1,898,386
2024/25	£960,000	£2,858,386
2025/26	£817,000	£3,675,386
2026/27	£802,000	£4,477,386
total	£4,477,386	

£3,376,918 average 5 year Wiltshire area board budget

CONDITION 5-year average red and amber requiring treatment	Wiltshire	South West Wiltshire
AB and C roads 2018/19	33.5	38.8
AB and C roads 2019/20	32.57	32.04
AB and C roads 2020/21	31.90	32.68
2019/20 Unclassified	18.50	21.70
2020/21 Unclassified	18.60	21.80

Some schemes have been postponed due to covid issues, i.e. if they are on the route to a vaccination centre or to a key industrial area, these works have been moved to 2022/2023, potential budget issues may mean they are delayed for longer Works around industrial areas that could effect businesses have also been delayed as to not compound the difficulties of lockdown. **The condition table is to be updated**

The following pages detail the schemes that have been considered in the 5year plan,

Report to	South West Wiltshire Area Board
Date of Meeting	15/09/2021
Title of Report	Area Board Action Plan Update

1. The Area Board agreed the attached action plan at its June 2021 meeting (see appendix 1).
2. The board also agreed, noting that the action plan lists a long number of priorities and initiatives, that it would look to prioritise 6 out of that long list. These, along with associated work, are summarised in appendix 2.
3. Councillors are asked to note the progress against the action plan so far. The key updates include:
 - An Eco Villages online event in July 2021
 - Planning a Youth Engagement and Activities event in October 2021
 - Planning a Health & Wellbeing Event at Langford Lakes on 29 September 2021
 - Starting the Get Out Get Active initiative at Chalke Valley Sports Centre
 - Slow, but steady progress in facilitating the Make A Friend, Be A Friend older people's isolation project
 - Facilitating involvement of Wilton in the Silver Salisbury outreach programme 2021
 - A successful year 1 (of the 5 year) Celebrating Age Programme
 - A start in providing stronger support for LGBT YP
 - A start in considering how to strengthen and increase number of dementia support groups and activities

Karen Linaker, Community Engagement Manager

Karen.linaker@wiltshire.gov.uk

Priority	Action	Target(s)	Lead	Engagement Planned	Funding Required	Additional Comments	Status
Stronger transport services and offer	1. Restore volunteer base for Link Schemes	Ensure each Link Scheme has sufficient resources and support to continue and meet demand	CEM			Discussed with Health & Wellbeing Group on 7th Sept 2021. Plan to work on this in the autumn.	Red
	2. Adapt community transport offer to match young people's need for transport to get to positive activities and employment, and older people's need to get out and about generally	Having established the baseline, estimate a realistic target to increase capacity of transport offer				New task and finish group needed? Factor in Mere Car Club as potential support for this priority	
Strengthen the local economy and increase levels of employment	3. Improve broadband	Establish baseline and increase number of community led local schemes		Local volunteer and Chairman		Planning to convene a small group of local representatives to work on this	Red
	4. Increase employment, training (incl. apprenticeships) and work experience options for young people	Establish baseline and increase number of young people securing opportunities		CEM and Cllr		Work has begun to identify lead officers, partners and need.	
Facilitate eco-friendly villages and projects	5. Produce and publish a directory of resources to support this priority	New directory for parish council, community groups and residents to stimulate more eco friendly activities and behaviour		CEM and cllr			Red
	6. Annual eco friendly villages event	Increase profile, understanding and networking		CEM and cllr		actions to be progressed from the July 2021 event	Green
	7. Tackle Fly tipping						Red

Priority	Action	Target(s)	Lead	Engagement Planned	Funding Required	Additional Comments	Status
Increase affordable housing	8. An online event with all relevant partners – to restart the work on this	Increase number of affordable homes, and improve access to affordable home opportunities, support and advice	CEM and Cllr				
Community Safety	9. Ongoing speeding concerns		CATG/CSG			Area Board planning to make this a main item on the 15th Sept	
	10. Strengthen neighbourhood watch		CSG or HWG				
	11. Tackle rising rural crime	Establish target with CPTs	CSG or lead cllr				
Loneliness and isolation of older people	12. Make A Friend Be A Friend for Wilton and Barford	Increase number of older people engaged in village activities and feeling more supported	CEM / Carer Support Wiltshire		£1,810	Covid has definitely impacted badly on this project getting underway, planning for a restart over the next quarter	
	13. Silver Sunday Outreach	Increase number of older people engaged in village activities and feeling more supported	CEM and Salisbury OP Champion			2021 programme is now published and Wilton activities feature. Update planned for later this year	
	14. Rollout the benefits of the Celebrating Age Programme of events	Increase number of older people able to access cultural activities	CEM and Celebrating Age Partnership		£1.5k per yr	Update report on year 1 in 15 Sept Agenda pack and board to be asked to agree year 2 funding	

Priority	Action	Target(s)	Lead	Engagement Planned	Funding Required	Additional Comments	Status
	15. Increase range of digital inclusion projects	Establish baseline and work to increase by at least 2 in 2021/22					
Rural Isolation & Deprivation of families and young people	16. Examine reasons for and current issues related to geographical pockets of deprivation in Mere and Wilton (including 10% of 0-19yr olds living in poverty, and 9.3%-12.6% living in fuel povert	To improve lives of those living in socio-economic disadvantage	CEM and lead cllr			Task and finish group	
	17. Family Fun Days and Youth Engagement Activity Days	To improve lives of those living in socio-economic disadvantage	CEM and lead cllr		£3.5k	Youth engagement day planned for 2 October at Mill on the Brue	
Youth Engagement	18. A late spring online event with schools/youth groups – relaunch of LYN	Improve the area's engagement and reach with young people	S4S and CEM and LYN			The 2nd October event will also help to relaunch the LYN	
Physical Health & Wellbeing	19. Address high hospital admissions (accidents, self harm, alcohol)	Establish baseline and decrease by 25% by March 2022?	CEM and lead cllr				
	20. Get Out Get Active (a new hub of free activities delivered in partnership with local clubs, organisations and village assets)	Increase number of people engaged in positive physical activities	Rob Paget			GOGA is happening weekly at Chalke Valley Sports Centre	
	21. Tackle Rising Obesity levels, and associated eating disorders and health impact	Establish baseline and decrease by 25% by March 2022?	CEM and cllr				
	22. Nadder Centre programmes of activity, including Wiltshire Council's "Active Health" programme (GP referrals to physical activity sessions)		Nadder Centre Steering Group			Potential to collaborate with Tisbury Swimming Club to design new partnership activity programmes	

Priority	Action	Target(s)	Lead	Engagement Planned	Funding Required	Additional Comments	Status
Mental Health & Wellbeing	23. Local Cultural Partnership – Social Prescribing Hub	Increase number and awareness of social prescribing activities and support	HWG			Will take this to the November HWG meeting	Red
	24. Focus on LGBT Young People	Increase number of YP accessing relevant support	LYN			S4S has a specific group to support LGBT YP.	Yellow
Support for people living with Dementia	25. Support and increase number of Dementia Memory Groups and initiatives		HWG			This was discussed at the 7/9 HWG meeting	Yellow
	26. Local assessment of needs to ensure future projects are shaped well to those living with dementia and their carers	Establish baseline of numbers and need, and improve by 25% in 2021/22	HWG with Alzheimer's Support				Red

6 priority actions to work on in 2021/22

1. Adapt community transport offer to match young people's need for transport to get to positive activities and employment, and older people's need to get out and about generally
2. Improve Broadband infrastructure and range of digital projects
3. Increase employment, training (incl. apprenticeships) and work experience options for young people
4. Deliver Make A Friend Be A Friend project in Wilton and Barford (includes: support for village groups and activities for older people, and support for the Silver Sunday initiative) * £1810
5. Examine reasons for and current issues related to geographical pockets of deprivation in Mere and Wilton (including 10% of 0-19yr olds living in poverty, and 9.3%-12.6% living in fuel poverty)
6. Family Fun Days and Programme of Youth Engagement

Notes

(a) In addition to the above, the following pieces of work from the Work Plan need to continue, as have own momentum, through partner collaborations:

- Celebrating Age Programme
- Get Out Get Active initiative
- Rural Crime and policing priorities
- Nadder Centre programme of activities

(b) In addition to the above, the area board will endeavour to host community engagement events, for example around the themes of Young People; Eco Friendly Villages; Affordable Housing; Health & Wellbeing

(c) The aspiration to facilitate and support eco friendly villages and projects runs through each and every aspect of the Work Plan, including the above.

Mere, East Knoyle, Kilmington, Sedgemoor and Semley, Stourton with Gasper, West Knoyle and Zeals.

Tisbury, Ansty, Berwick St John, Berwick St Leonard, Chicklade, Chilmark, Donhead St Andrew, Donhead St Mary, Fonthill Bishop, Fonthill Gifford, Fovant, Hindon, Sutton Mandeville, Swallowcliffe, Tollard Royal and West Tisbury.

Wilton, Alvediston, Barford St Martin, Bishopstone, Bowerchalke, Broad Chalke, Burcombe Without, Compton Chamberlayne, Dinton, Ebbesbourne Wake, Netherhampton, Quidhampton, Steeple Langford, Stratford Tony, Teffont and Wylde.

South West Wiltshire Community Area Climate Change and Eco Friendly Living Online event

26th July 2021 Meeting – brief summary (please read with the attached slides)

Attendees: Catherine Allinson, Pauline Church, Clare Churchill, Tony Duthie, Richard Ecclestone, Nick Errington, Neil Hall-Mclean, Ros Gough, Alan Maryon-Davis, Nabil Najjar, Margaret Paul, Alan Maryon-Davis, Jonathan Plows, Julia Strawson, Ken Taylor, Leo De Watts, Bridget Wayman

Wiltshire Council and Area Board current focus

- 1) The attached slides were presented, with the following key points emphasised:
 - (a) Significant financial investment already committed by Wiltshire Council to ensure it meets its 2030 net 0 carbon target
 - (b) Amended grass cutting and verge maintenance schedules to enhance biodiversity
 - (c) Investing in public transport options to strengthen the sustainable transport offer
 - (d) Working with key partners to support farmers and landowners to adapt to the climate issues
 - (e) Real concern about Ash Die back and the impact this will have nationally and locally (a briefing paper on this will be issued at the next Area Board meeting in September)
 - (f) That alongside the Council's strategic actions and investment, the Area Board has a responsibility to support and stimulate grass roots local community led action, which is supported by a new Community Environment Toolkit

Contributions from local groups and village representatives

- 2) The LEAF (Local Environment Action Friends) group in Steeple Langford was heartened by the response to its regular social media posts which were attracting strong local support and following, and reaffirmed the Area Board's stance that local action was best community led, rather than top down controlled. LEAF is very keen to network with other village and community groups in this work
- 3) Education is a key aspect to ensure this local work goes from strength to strength

Mere, East Knoyle, Kilmington, Sedgemoor and Semley, Stourton with Gasper, West Knoyle and Zeals.

Tisbury, Ansty, Berwick St John, Berwick St Leonard, Chicklade, Chilmark, Donhead St Andrew, Donhead St Mary, Fonthill Bishop, Fonthill Gifford, Fovant, Hindon, Sutton Mandeville, Swallowcliffe, Tollard Royal and West Tisbury.

Wilton, Alvediston, Barford St Martin, Bishopstone, Bowerchalke, Broad Chalke, Burcombe Without, Compton Chamberlayne, Dinton, Ebbesbourne Wake, Netherhampton, Quidhampton, Steeple Langford, Stratford Tony, Teffont and Wylde.

- 4) Nadder Community Energy was progressing a range of local projects and research tasks, and asked for help regarding the findings of a Heat4Schools project to see how the recommendations could be funded and progressed, and help for a fuel poverty project in Tisbury to see how properties might benefit from solar panel investment (Karen to follow up). NCE was also progressing with its Electric Car Club pilot and was keen to scale up this venture in collaboration with neighbouring and further afield car clubs, whilst also requesting greater urgency in the implementation of local strategies to increase the number/best siting of charging points in the county. NCE also asked that Wiltshire Council lobby the British Association of Insurers to make electric car club schemes easier to progress
- 5) There was an interest in exploring what more could be done to increase solar panels installation across the community area
- 6) Partners from [Eco-Buildings | United Kingdom | NaviHo](#) explained their vision and concept for affordable / sustainable homes (and associated leisure and amenity schemes) in South West Wiltshire and beyond
- 7) Help was needed for many parish councils and community groups who were not yet started or had yet to advance initial ideas on how to facilitate eco friendly villages and living, and a programme of mentoring/parish workshops could assist this (Karen to follow up)
- 8) Quidhampton Parish Council has established a working group to this issue, and was offering regular newsletters, tips and suggestions to residents as to how on an individual level a difference can be made
- 9) There was also a request that the Area Board recommend to Cabinet that Council's strategic plans be sharpened and made to be more ambitious, with some citing a strong sense of urgency for bigger, greater targeted action and investment to be taken alongside the smaller incremental work at a local level
- 10) A call was made for a stronger emphasis on growing the greener economy in Wiltshire

Next Steps

- 11) Karen and the Area Board to follow up all action points
- 12) All were asked to keep each other in the loop about their local work, so that all could learn from each other
- 13) All were invited to contact their unitary cllrs for help and assistance in this work
- 14) The Area Board to consider an update report from this event at its 15th September Area Board meeting

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

	Item	Update	Actions and recommendations	Who
1.	Attendees and apologies			
	Present:	Cllr Bridget Wayman – Wiltshire Council (BW) – Chair Cllr Pauline Church – Wiltshire Council (PCH) Cllr Nick Errington – Wiltshire Council (NW) Cllr Nabil Najjar – Wiltshire Council (NN) Cllr George Jeans – Wiltshire Council (GJ) Dickie Winchester – Compton Chamberlayne Parish Council (DW) Anna Southern – Dinton Parish Council (AS) Tony Phillips – Fovant Parish Council (TP) Frank Freeman – Hindon Parish Council (FF) Ken Taylor – Quidhampton Parish Council (KT) Steven Black – South Newton & Stoford Parish Council (STB) Steve Banas – Swallowcliffe Parish Council (SB) Richard Blamey – Teffont Parish Council (RB) Sandra Harry – Tisbury Parish Council – (SH) Clare Churchill – Wilton Town Council – (CC) David Button – Wiltshire Council (DB) Paul Shaddock – Wiltshire Council (PS)

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

2.	Notes of last meeting			
		<p>The minutes of the previous meeting were agreed at the South West Wiltshire meeting on the 30th June 2021.</p> <p>The South West Wiltshire Area Board minutes can be found at:</p> <p>https://cms.wiltshire.gov.uk/ieListDocuments.aspx?CId=169&MId=13916&Ver=4</p>	That the update is noted.	Area Board
3.	Financial Position			
		There is currently £15.397.16 still unallocated.	That the update is noted.	Area Board

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

4.	General Items			
a)	HGV's & Sat Nav's	BW advised that both Baroness Scott and John Glen MP are fully aware of the council's concerns around this issue and would seek to pursue this matter at a national level when an opportunity to do so arises. BW stated that this item would be removed from the agenda at future meetings, but committed to providing the group with an update in respect of this matter as and when one was available.	That the update is noted.	Area Board
5.	Work Instructed			
a)	Fovant 20mph Implementation	Meeting held with TP to determine the extent of outstanding 20mph speed limit remedial works. Outstanding works raised with Ringway, who have been instructed to undertake the remedial works as soon as possible. Works to install the additional playground warning signs provisionally programmed to take place during week beginning 27/09/21.	That the update is noted.	Area Board
b)	14-20-9 Swallowcliffe C316 Pheasant Copse & Mulberry House, SP3 5PE Village Gateway	Remedial works to reposition the village gate provisionally programmed to take place during week beginning 20/09/21.	That the update is noted.	Area Board

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

6.	Top 5 Priority Schemes			
a)	<p>Issue 6547 Quidhampton Lower Road Traffic Calming</p>	<p>The Parish Council (PC) have undertaken consultation with residents on the proposals previously drawn up. KT gave a brief presentation to the group summarising the proposals and the consultation undertaken. A copy of the presentation is attached as Appendix 1.</p> <p>KT stated that the provision of the painted on carriageway footway would be raised with the Major Maintenance Team and provided alongside the planned Lower Road resurfacing works and therefore the PC would like to submit a bid to the Substantive CATG fund to deliver the central (new footway) and western (raised table) elements of the proposals.</p> <p>PS advised that the estimated cost of the proposed footway was £46,000 and that the estimated cost of the proposed raised table was £32,000, making a total requirement of £78,000. PS stated that one of the key factors in considering bids to the Substantive CATG fund was the deliverability of the proposed scheme. PS advised that there was an element of risk with the deliverability of the raised table as it would impact on private land and without the written agreement of landowners the scheme could not proceed. The works to provide the proposed footway were all located in the public highway so was not affected by landownership issues. Any bid to the Substantive CATG fund for both the proposed footway and raised table would be affected by the deliverability issue outlined above. PS commented that it might be better to consider proceeding with just a bid for the funding to provide the footway.</p>	<p>KT to discuss increasing the PC contribution towards a bid to the Substantive CATG fund from £2,500 to £4,700 with the other Parish Councillors and advise PS and BW of their decision.</p> <p>If the PC agree a contribution of £4,700 towards a bid to the Substantive CATG fund the CATG will commit £7,300 towards the bid.</p> <p>Bid to be submitted to the Substantive CATG fund for the proposed new footway in Quidhampton. (Note: Bid will only be submitted if the PC agree a contribution of £4,700 towards it).</p>	<p>KT</p> <p>Area Board</p> <p>PS</p>

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

		<p>The group discussed this matter and agreed to proceed with a bid to the Substantive CATG fund for the proposed footway only.</p> <p>KT advised that the PC would be prepared to contribute £2,500 towards a bid to the Substantive CATG fund.</p> <p>PS advised that there is no fixed contribution expected from the CATG/PC when submitting a bid to the Substantive CATG fund but the more funding that can be allocated the greater the chance of the scheme being funded. PS further advised that typically, a CATG would be expected, as a minimum, to match fund any PC contribution when submitting a bid to the Substantive CATG fund.</p> <p>The group discussed this matter. BW felt that the PC should be seeking to provide a greater contribution towards the bid. BW proposed that if the PC contributed £4,700 towards the bid, she would be happy to propose that the CATG contribute £7,300 towards a bid. This would make a total contribution of £12,000 to the bid to the substantive CATG fund.</p> <p>The group supported BW's proposals in principle. However, KT advised that he would need to discuss this matter with the other Parish Councillors before he could formally agree to that level of contribution.</p>		
--	--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

b)	14-20-4 Hindon, Stops Hill Various traffic management measures.	Initial meeting held with PC to talk through traffic management report and discuss potential options. Site meeting arranged with PC for 20/08/21. Following site meeting agreed measures will be drawn up and circulated to PC for comment.	That the update is noted.	Area Board
c)	14-20-5 Tisbury Cove Cottage, Weaveland Road	Meeting to discuss to possible TRO restrictions that could be introduced in Weaveland Road to be arranged with PC.	Arrange meeting with PC to discuss TRO options.	PS/PC
d)	14-21-3 The Avenue, Wilton Speeding Traffic	<p>The CATG have allocated £3000 (CATG contribution £2250 / PC contribution £750) for the provision of white gates to enhance the existing gateway on The Avenue. This will be progressed once the scheme has been made a Top 5 Priority.</p> <p>Cllr Church has spoken briefly with Cllr Hocking (the Chair of the Salisbury CATG) who was supportive of the desire to see speeding concerns on The Avenue addressed and said that the Salisbury CATG would be prepared to work in collaboration with the South West Wiltshire CATG on this matter. The first stage in considering a change to the speed limit on The Avenue would be for a formal speed limit assessment to be undertaken. The cost of the assessment would be £2,500 (CATG contribution £1,875 / PC contribution £625).</p>	<p>That the Area Board approves the allocation of £1,875 to allow a speed limit assessment to be undertaken.</p> <p>That the PC approves the allocation of £625 to allow a speed limit assessment to be undertaken.</p>	<p>Area Board</p> <p>PC</p>

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

e)	Tisbury 20mph Speed Limit Extension	<p>Speed limit assessment has been ordered with the council consultants Atkins. Awaiting the undertaking of the traffic surveys to allow the speed limit assessment process to be completed.</p> <p>The traffic surveys for Tisbury have been ordered through the council's Transport Planning Team under the regional contract for data collection that the council is part of. However, the undertaking of surveys has been complicated due to the regional contractor having recently been retendered and a new contractor appointed, and the backlog of survey work required because of lockdown. The surveys in Tisbury will not be undertaken until September as the earliest.</p> <p>PS to work with Transport Planning, Neo Traffic Data (the new traffic survey contractor) and Atkins to ensure that the traffic surveys and assessment in Tisbury are undertaken as soon as is possible.</p>	That the update is noted.	Area Board
----	----------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------	------------

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

7.	Scheme Awaiting Prioritisation			
a)	14-20-1 C283 Stoford Various	Draft Traffic Regulation Order (TRO) is currently with the TRO Team to complete the legal work and prepare the formal TRO consultation. TRO consultation expected to commence in September. Date that the TRO consultation will commence to be circulated to PC and local elected member once known. Note: Scheme temporarily removed from Top 5 Priority Schemes until TRO advert period has been completed.	That the update is noted.	Area Board
b)	14-20-11 Fovant A30/High Street Kerb Realignment	Initial discussion around the requirements of the brief to be supplied to Atkins undertaken with the PC. PC asked to provide an overview to the background to this matter and their objectives for the work to be undertaken by Atkins. Once received brief form will be completed and supplied to the PC for comment before issuing to Atkins for consideration and the submission of a cost estimate.	That the update is noted.	Area Board
c)	14-21-1 Compton Chamberlayne Sign Decluttering	Potential sign decluttering scheme as you enter the village centre from the A30. As previously advised the cost of removing the signs identified by the PC would be approximately £500. The cost of combining the weight restriction terminal sign and height warning sign onto one sign assembly would be approximately £750. The PC would be required to fund a minimum of 25% of the cost of the works should they decide to progress with the scheme. DW advised that the PC were still considering this matter and he would advise PS of their decision once known. DW further advised that the height warning sign was no longer required due to a local landowner removing the bridge that the sign related to, so this would have minor impact on the works required.	That the update is noted.	Area Board

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

8.	Other Schemes			
a)	14-20-13 Tollard Royal Installation of feeder pillar and funding of electricity supply.	Funding to allow installation of electricity supply provided to the PC. Wide base post (feeder pillar) installed on the 12/07/21 and the issue has been closed.	That the update is noted.	Area Board
b)	14-19-3 Fovant – A30 Installation of gateway on eastern approach.	Scheme allocated to the Traffic Signing Team to progress. Initial discussion around the requirements of the scheme undertaken with the PC. Detailed design plans to drawn up and supplied to the PC for comment.	That the update is noted.	Area Board
c)	14-20-8 Teffont Junction of B3089 & C24 Various Measures	The PC have supplied a document outlining the changes they believe are required. The changes proposed seem acceptable. However, it should be noted that the changes on the A303 will require the consent of Highways England (HE). HE have said that in principle they are happy to consider signage changes subject to seeing the proposed details. The group have agreed to review the EHD direction signs along the A303 and B3089. BW asked that this scheme be passed to the Traffic Signing Team to progress.	Scheme to the Traffic Signing Team to progress.	PS

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

9.	New Requests / Issues			
a)	14-21-5 Sutton Mandeville Request for Unsuitable for HGVs sign at the junction of the A30 and Glasses Lane	The estimated cost of the provision of an Unsuitable for HGVs sign at the junction of the A30 and Glasses Lane is £320 (CATG contribution £240 / PC contribution £80).	That the Area Board approves the allocation of £240 to allow this work to be undertaken.	Area Board
b)	14-21-6 Sutton Mandeville Request for Unsuitable for HGVs sign at the junction of the A30 and Sutton Hill	The estimated cost of the provision of an Unsuitable for HGVs sign at the junction of Lagpond Lane and Sutton Hill is £270 (CATG contribution £202.50 / PC contribution £67.50). It is also noted that there are no street nameplates for Sutton Hill at its junction with the A30. If the PC wish for street nameplates to be provided at this location, then the estimated cost for the provision of a pair of street nameplates is £500 (CATG contribution £375 / PC contribution £125).	That the Area Board approves the allocation of £202.50 to allow for the provision of an Unsuitable for HGVs. That the Area Board approves the allocation of £375 for the provision of street nameplates That the Area Board approves the allocation of £125 for the provision of street nameplates	Area Board Area Board PC
c)	14-21-7 Swallowcliffe Request for Unsuitable for HGVs sign at the junction of the A30 and Barber's Lane	Due to the layout the of junction this location may require the erection of two Unsuitable for HGVs signs. The estimated cost of the provision of two Unsuitable for HGVs sign at the junction of the A30 and Barber's Lane is £610 (CATG contribution £457.50 / PC contribution £152.50).	That the Area Board approves the allocation of £457.50 to allow this work to be undertaken.	Area Board

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

d)	<p>14-21-8</p> <p>Wilton Request for the provision of wooden posts or similar to prevent parking on a grass verge at St. John's Square.</p>	<p>PS commented that the verge damage observed at this location appeared to be as result of vehicles overrunning rather than parking. PS advised that in principle the provision of wooden posts or similar to prevent the verge being damaged was possible. Approximately 10 posts would be required. There are a range of wooden posts and plastic bollards that could be used to address the problem. Costs of supplying and installing the bollards could only be determined once the type of bollard to be installed had been agreed but a ball park figure would be around £100-£120 per bollard.</p> <p>DB advised that if bollards were provided at this location it is likely they would be damaged, particularly if the problem was a result of vehicles overrunning the verge, and their replacement would only be undertaken on a discretionary basis.</p> <p>BW commented that before the group sought to undertake further work on this issue, she felt additional information about the need for the provision of the bollards was required from the PC.</p>	<p>Additional information about the need for the provision of the bollards to be provided.</p>	<p>PC</p>
----	-----------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------	-----------

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

10.	Other Items			
a)	Highway Maintenance Update	<p>DB advised:</p> <ul style="list-style-type: none"> • That following an increase in the volume of works taking place after the ending of lockdown restrictions it was a very busy period for Highways Licensing and Enforcement activities. • That verge grass cutting works on minor road had begun and would carry on until the end of September. • That Parish Steward, pothole filing and small scale surfacing works were continuing • That there was an extremely small budget allocation for white line remarking this financial year, but this work had commenced. DB reminded members of the group that road markings had to be 85% worn before their replacement would be taken forward and that issues with worn road markings should continue to be raised via the MyWiltshire app. 	That the update is noted.	Area Board
11.	Date of Next Meeting:	24 th November 2021		

SOUTH WEST WILTSHIRE COMMUNITY AREA TRANSPORT GROUP ACTION NOTES – 25/08/2021

1. Environmental & Community Implications

1.1. Environmental and community implications were considered by the CATG during their deliberations. The funding of projects will contribute to the continuance and/or improvement of environmental, social and community wellbeing in the community area, the extent and specifics of which will be dependent upon the individual project.

2. Financial Implications

2.1. All decisions must fall within the Highways funding allocated to South West Wiltshire Area Board.

2.2. If funding is allocated in line with CATG recommendations outlined in this report, and all relevant 3rd party contributions are confirmed, the South West Wiltshire Area Board will have a remaining highways funding balance of £4.947.16 in the CATG allocation available for the 2021/2022 financial year.

3. Legal Implications

3.1. There are no specific legal implications related to this report.

4. HR Implications

4.1. There are no specific HR implications related to this report.

5. Equality and Inclusion Implications

5.1 The schemes recommended to the Area Board will improve road safety for all users of the highway.

6. Safeguarding implications

There are no specific safeguarding implications related to this report.

- Speed Table at Nadder Lane / Edgam Place junction

8

THE SCHEME (IN THREE PARTS)

Eastern Section

- Speed bump at village entrance – **requires further analysis & design work**

Centre Section

- Build out at Lock's Lane
- Narrowing at White Horse
- New Footway

Western Section

- Speed Table at Nadder Lane / Edgam Place junction

9

CHANGES FOLLOWING CONSULTATION

Build out on the westbound side of Lower Road

10

CHANGES FOLLOWING CONSULTATION

Narrowed road at crossing point, joining up with new raised footway on south side of Lower Road

11

CHANGES FOLLOWING CONSULTATION

Raised footway along southern side of Lower Road

12

CONCLUSIONS & NEXT STEPS

- Next step in our improvements, compliments existing achievements
- All comments from villagers addressed
 - Scheme now achieves aims and improves access safety to/from Lower Road for residents
- Work with Wiltshire Council to **finalise scheme design** and get scheme into **next funding round**
 - Major Project
 - Competitive Process
- Aim to align works with planned resurfacing works (2022-23)

13

SCOPE

From West to East on Lower Road

- Raised table at Edgam Place / Nadder Lane
- Build outs narrowing the carriageway at the pedestrian crossing beside White Horse
- Kerbed pathway on south side from The White Horse to Locks Lane
- Priority system using buildout at eastern edge of Locks Lane
- Well marked (coloured?) pedestrian strip from Locks Lane to Eastern edge of village with consideration of best bollard positioning.

Additionally (which is beyond the bid scope)

- Progress towards further measure to prevent speeding into the eastern pinch point from the skew road (implement requested Metrocount / consider additional measures including eg speed restriction in Skew Road)

14

Pedestrian Gates

Every parish has them!

The Members of South West Wiltshire Area Board recognise the contribution of pedestrian gates to the AONB and our communities, and how having them make public rights of way much easier to use.

In 2019-2020 the Board started a new fund to help Parish Councils make improvements to their public rights of way, including the upgrade of stiles to gates, and this fund is still available during 2021/22.

The Area Board will use this community fund to subsidise the cost of gates and associated installation costs. Other improvements will be considered, including edging boards and surface upgrades. There is up to £1500 available per Parish Council in 2021/22 for an unlimited number of gates, with parish council match funding.

To apply, please complete a [grant application form](#) and email karen.linaker@wiltshire.gov.uk details of the location of the proposed work, a photograph and confirm that the landowner has given you permission for the work to be carried out. (Grid references and path numbers can be found on the Councils website: <http://www.wiltshire.gov.uk/recreation-rights-of-way>), and alex.howson@wiltshire.gov.uk can help with technical rights of way advice.

Wiltshire Council's Countryside Access team will then look at the proposals and offer advice as necessary.

NB: the deadline for grant applications is 4 weeks before each area board meeting.

Report To	South West Wiltshire Area Board
Date of Meeting	Wednesday, 15 September 2021
Title of Report	South West Wiltshire Area Grant Report

Purpose of the Report

- To provide detail of the grant applications made to the South West Wiltshire Area Board. These could include; community area grants, health and wellbeing, young persons grants and Area Board initiatives.
- To document any recommendations provided through sub groups.

Area Board Current Financial Position

	Community Area Grants	Young People	Health and Wellbeing
Opening Balance For <u>2021/2022</u>	£ 49,752	£ 21,148	£ 7,700
Awarded To Date	£ 4,293.96	£ 5000	£ 5050
Current Balance	£ 45,458.02	£ 16,148	£ 2650
Balance if all grants are agreed based on recommendations	£ 28,471.20	£ 12,648	£ 650

Grant Funding Application Summary

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
ABG207	Area Board Initiative	South West Wiltshire Local Youth Network Steering Committee	Young Peoples Event at Mill on the Brue	£3500.00	£3500.00
<p>Project Summary: The Area Board is invited to organise at least one event a year for young people (13-19year olds) as part of its local youth network activities, to facilitate positive leisure activities and youth voice/influence in the area board's work. This year, we are planning to run an activities day at Mill on the Brue, near Mere, for up to 50 young people, working with Seeds4Success.</p>					
ABG42	Community Area Grant	Fovant Youth Club	Fovant Youth Club Disabled toilet facility	£8000.00	£4000.00
<p>Project Summary: Reconfigure existing toilet provision to provide facilities for disabled. We are broadening our charitable aims and amending our constitution to enable us to support a wider age range ie not solely youth orientated activity</p>					
ABG153	Community Area Grant	Semley Village Hall	Semley Village Hall Audio Visual Equipment and Installation	£10000.00	£5000.00

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<p>Project Summary: This project will enable more enjoyable and fulfilling community and family events, more informative and productive community meetings, and also improve child learning at the pre-school Nursery, at Semley Village Hall; thereby improving people's lives, improving community health and well-being, reduce loneliness and isolation, help address the climate emergency, and sustain the viability of Semley Village Hall that helps support the local economy. The Project involves the purchase and installation of audio-visual (A-V) equipment and hearing loop (for the hard of hearing) to: improve community events organised by village groups (such as the British Legion) including society talks, vocational activities, quiz nights, film nights, music and dance, children / youth activities and keep fit; improve the quality and productivity of community meetings and workshops; as well as enhance teaching capabilities and thus children's learning experience at the Pre-School during its hours of operation. Funding will be spent on a ceiling mounted HD projector, mounting kit, motorised projector screen, Blu-Ray / DVD player, amplifiers, speakers, A-V wiring, control panel, Hearing Loop, electrical wiring and installation thereof in the main hall plus blackout blinds for windows. This will enable more community activities that will benefit everyone, especially the young, the ageing, the lonely and isolated, and the financially challenged and will also improve learning at the pre-school nursery. Local people will be involved in organising community activities, further improving individual self-esteem and well-being and strengthening the community.</p>					
ABG159	Community Area Grant	Fovant Parish Council	ADDITIONAL SPEED INDICATOR DEVICES 3 SID FOR TRANSIT ROADS IN FOVANT and SPEED DATA HARVESTING	£8860.00	£4430.00
<p>Project Summary: There is an ongoing issue, widely felt in the village, that traffic in transit is frequently exceeding the now established 20. MPH limit which is now village wide, excepting the A30 Trunk Road. We recognise we are not unique in this and are equally frustrated by the lack of support, for what ever reasons, from the enforcement agency of the Wiltshire Constabulary. Conversations with the Police and interested parties have indicated that police action will only follow if they can perceive a real, tangible issue of highway safety, and that that will only arise if they are presented with credible hard DATA on traffic speeds. In order to both deter speeding traffic and to demonstrate where such inhibitive action is failing, FPC need to be able to show the speed/ frequency/timings of vehicles travelling over the speed limit. Put crudely this requires up to date and accessible SID and a service to extract and present accumulated data to the Authorities. FPC presently share a SID with two neighbouring villages, but, with this older unit, to date unit has not been possible to extract meaningfully data. The three new SID are specified to be able to store, download and subsequently process the data with supporting software such that it can be bound into a strong case for support for police action should the inhibitory effect of the LED displays fail to reduce the numbers of speeding vehicles. The practical aspects of the project are in brief:- two additional sites have been secured off Highway but on good sight lines on the Dinton and Tisbury Roads. These, with the retained existing SID location will provide 3x2 orientations (facing directions can alternate) ie. 6 'locations/directions' which should alleviate the well documented 'driver fatigue' matter whereby frequently seen dynamic road warning signs are merely ignored out of familiarity after a few weeks. A significant factor in FPC's choice of Contractor (4 firms tendered and FPC selected the lowest and best VFM Bid) is the units chosen will still record speed data if the display is switched off for a planned period (wrt. to visibility fatigue) giving the project a full 365/7/24 speed profile and compatibility of output across all three units. The new units will be solar charged and not require an expensive external power supply. An allowance has been made for training and ongoing data support from the installing company. Fovant are content to surrender their share of the OLD SID to the benefit of Ansty and Swallowcliffe thus giving them a significant increase in SID availability in their villages.</p>					
ABG197	Community Area Grant	Alzheimers Support	Salisbury Dementia Centre Outreach Office Development	£20456.00	£2500.00

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<p>Project Summary: We propose to develop a new Dementia Centre based in central Salisbury to serve the South West Wiltshire area. Sited at Scots House, Scots Lane, Salisbury SP1 3TR, the Centre will have off-street parking (ideal for dropping off) and will be just 5 mins walk from the central Market Square and its multiple bus stops, using either Castle St or Endless St. It will also be adjacent to the large Maltings Car Park via Avon Approach (off Castle Street). This new, purpose-designed space will provide a high quality, engaging environment. It will be the "one-stop-shop" for all dementia services in Alvediston, Ansty, Barford St Martin, Berwick St John, Berwick St Leonard, Bishopstone, Bowerchalke, Broadchalke, Burcombe Without, Chicklade, Chilmark, Compton Chaberlayne, Dinton, Donhead St Andrew, Donhead St Mary, East Knoyle, Ebbesborne Wake, Fonthill Bishop, Fonthill Gifford, Fovant, Hindon, Kilmington, Mere, Netherhampton, Quidhampton, Sedgehill and Semley, Steeple Langford, Stourton with Gasper, Stratford Tony, Sutton Mandeville, Swallowcliffe, Teffont, Tisbury, Tollard Royal, West Knoyle, West Tisbury, Wilton, Wylde and Zeals (hereafter South West Wiltshire) - particularly to the villages. The plans include a spacious Day Club at the rear for up to 10 people per day, 4 days a week with an open plan kitchen, indoor garden, quiet memory lounge and office. At the front of the building there will be a reception area, a storeroom and three offices that will form the backbone of the new Dementia Centre. In addition to the Day Club, the Salisbury Dementia Centre will provide a base for our Creating Communities activities programme. The Centre-based co-ordinators will oversee a whole range of our activities, including. Music and Movement for the Mind sessions, Gardening Café and Muddy Boots outdoor exploratory events. Additionally, the Centre will also host representatives of our national award-winning Home Support Service (HSS) that provides trained support workers to help people to continue enjoying social contact and interests. They also provide a break to family carers for a few hours each week. Run by a team of care co-ordinators, they will stay in close contact with families across South West Wiltshire and offer advice and support. Further support will be provided by our experienced Dementia Advisers (also based at the new Centre) who will keep in regular touch with families in the South West Wiltshire area. They provide confidential advice and information to help people to understand more about dementia and to make informed decisions about future care, treatment and support. They can help identify available community services, make referrals and generally 'open doors' to available support.</p>					
ABG173	Health and Wellbeing Grant	Celebrate Voice CIC	Celebrate Voice Celebrating Age Gala	£2850.00	£500.00
<p>Project Summary: As part of the Celebrate Voice Festival 2020 this October and our celebrated community programme, we are putting on a gala event for older people in our community. The event utilises world class singers from the festival's production of La Traviata to perform an outstanding concert for those who ordinarily, through financial or physical constraints might not ordinarily have access to international arts events. We liaise with care groups, day centres, stroke societies, Age UK, Alzheimer's Society and other groups for older people in Wiltshire to reach those most in need of music to promote well-being, interaction, community, sharing and positive mental health. Our work in concerts for older people over the past 8 years have been a unanimous success in promoting an uplifting experience for those who may be isolated or in care.</p>					
ABG151	Health and Wellbeing Grant	Mere Bowls Club	Mere Bowls Club refurbishments	£2114.32	£1056.82
<p>Project Summary: To improve existing infrastructure that has had no maintenance for 18 months due to the covid-19 pandemic and to replace club assets that are beyond repair. The provision of a number of new items to provide additional amenities to our older demographic membership in order to make their lives at the Club more comfortable.</p>					
ABG186	Health and Wellbeing Grant	Wiltshire Music Centre	Celebrating Age Wiltshire	£11000.00	£1500.00

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<p>Project Summary: Celebrating Age Wiltshire (CAW) will use arts & heritage activities to reach the most isolated older people in the South West Wiltshire area, helping to tackle loneliness and aiming to improve their health and wellbeing through creative and artistic engagement. In particular CAW will target those people who are vulnerable and socially isolated due to frailty, ill health, dementia, poor mobility or caring responsibilities. Responding to the Covid 19 crisis, our programme has developed four different strands of both live and online activity to meet the needs of this group. CAW is a partnership of community organisations across the county with Wiltshire Music Centre as lead organisation.</p>					

1. Background

Area Boards have authority to approve funding under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the Area Board Funding and Grants Criteria. This document is available on the council's website.

Three funding streams are available to the Area Board, each with an annually awarded amount. These funding streams are as follows:

- Community Area Grants (capital)
- Young People (revenue)
- Health and Wellbeing (revenue)

The Area Board will be advised of the funding available prior to their first meeting of each financial year.

2. Main Considerations

2.1. Councillors need to be satisfied that the applications meet the requirements as set out in the Area Board Funding and Grants Criteria and that the health and wellbeing and young persons funding guidelines have been adhered to.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors need to consider any recommendations made by sub groups of the Area Boards.

3. Environmental & Community Implications

Grant funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

4. Financial Implications

Councillors must ensure that the Area Board has sufficient funding available to cover the grants awarded.

5. Legal Implications

There are no specific legal implications related to this report.

6. Human Resources Implications

There are no specific human resources implications related to this report.

7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes where they meet the funding criteria.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

No unpublished documents have been relied upon in the preparation of this report.

Celebrating Age Wiltshire

Report on Activities and Engagement in South West Wiltshire 2020/21

Celebrating Age Wiltshire has worked in South West Wiltshire during 2020/2021 adapting our offer to ensure our programme worked within COVID 19 guidelines but continued to deliver to the most vulnerable and isolated older people. We have delivered doorstep Christmas Carol concerts, other doorstep concerts and art workshops focussing on observing nature to 242 elderly and vulnerable participants in the area.

Christmas Carolling

On 17th December, in collaboration with Celebrate Voice, 6 doorstep carol concerts were performed. 4 wonderful singers from Celebrate Voice, led by Lynsey Doherty, sung carols at a safe distance in people's gardens, courtyards and car parks to referred individuals, who are often housebound and particularly at this time were extremely isolated.

Carol singing at Nadder Close

Feedback from participants included comments: 'I have been made to feel very special' 'So lovely, what a treat.' 'Thank you for caring, this is really special'. The Celebrate Voice singers were so glad to be given the opportunity to sing to people who would not normally be able to get to a concert to hear them.

Outdoor/Doorstep Concerts

We schedule concerts in Wiltshire with musicians performing in people's gardens or on their doorsteps at prearranged times. Individuals can be referred for these concerts. In addition to the carol concerts, 16 other doorstep concerts have taken place to individuals and care homes and sheltered housing, including Albany House in Tisbury, Clays Orchard in Fovant, Nadder Close in Tisbury and the Broadchalke Community Hub.

Feedback from participants included comments: 'Thank you for The lovely music this afternoon in Dinton, lots of smiling faces & positive remarks, like " What a wonderful way to see your neighbours" " nice to be outside sharing a drink together and meeting new friends" (Val Okeefe)

Dan and Paul playing on Spracklands green at Dinton

Noticing Nature Art Workshops

Noticing Nature is an outdoor health and well being arts project, with artist James Aldridge guiding participants through steps to observing and noticing nature in their own gardens/ local outdoor spaces. There is an online resource pack and video available for all, and in addition individuals or small groups can be referred for one to one workshops in their gardens.

James ran these workshops in Quidhampton with a group of older people who had been very isolated during the pandemic, and were brought together by local resident, Jane Taylor. The sessions were hosted by a 98 year old in her garden!

Feedback from participants included comments: 'Living on my own (and deaf too) it was good to meet up with a small group of people and having the opportunity to learn and relearn new and old techniques etc. It was good too to say to myself 'you can do it again - reviving old activities!' 'Gave me something else to think about and do - I looked forward to the visits and doing something a little different. I miss going to my art group'. 'I loved trying out new ideas and also the opportunity of meeting local friends as a group again after the restrictions of Covid'.

Online Concerts

We also schedule online concerts which are resourced from an online archive of concerts and performances recorded during lockdown at Wiltshire Music Centre, that are released monthly to our mailing list which included all care homes and an increasing number of individuals. The full playlist is available on our YouTube channel, a link to which is on our webpage: www.wiltshiremusic.org.uk/learn-take-part/celebrating-age.

Throughout the year we have continued to extend and build our contacts with referrers and community connectors to increase our reach within South West Wiltshire. New contacts include: Janet Chapman at Albany House, Tisbury; Val O'Keefe at the Thursday Club in Wilton; Jane Taylor in Quidhampton; Revd Ben Rundell-Evans in Zeals; Tony Patel at the Chalke Valley Community Hub and Wiltshire Council Sheltered Housing at Nadder Close in Tisbury and Clays Orchard in Fovant.

We very much hope to be able to continue our work and build on the connections we've made across South West Wiltshire through 2021/2022.
