A	Proposals for revised settlement boundaries	14

1. Introduction

Introduction

1.1 Wiltshire Council is preparing a Wiltshire Housing Site Allocations Plan ('the Plan'), which is comprised of a settlement boundary review and housing site allocations. The Plan is supported by a number of documents including Community Area Topic Papers that form the evidence for the Plan. This paper summarises the outcomes of the settlement boundary review and site selection process in relation to the Southern Wiltshire Community Area, excluding those parts of the community area that relate to the Principal Settlement of Salisbury (see Salisbury Community Area Topic Paper).

Settlement boundary review

1.2 The Council did not review the extent of the boundaries to inform the Wiltshire Core Strategy ('WCS') and relied upon the former district local plans. They would instead be reviewed as a part of preparing the Plan⁽¹⁾.

1.3 Consequently, the Council has undertaken a comprehensive review of the boundaries to ensure they are up-to-date and adequately reflect changes which have happened since they were first established. The Plan amends settlement boundaries where necessary. It is also the prerogative of local communities to review them through the preparation of neighbourhood plans.

Housing site allocations

1.4 The WCS refers to the role of this plan, in combination with the Chippenham Site Allocations Plan, to help ensure a sufficient choice and supply of suitable sites throughout the Plan period in accordance with national policy and to compliment neighbourhood planning.

Topic paper structure

1.5 *Table 1.1* shows the layout of the Southern Wiltshire Community Area Topic Paper ('CATP'). The sections and appendices will differ between community areas depending upon how far they progress through the site selection process.

1.6 The following topic papers explain the methodologies used for the settlement boundary review and the site selection process and should be read alongside this CATP.

- Topic Paper 1: Settlement Boundary Review Methodology
- Topic Paper 2: Site Selection Process Methodology

Table 1.1 Layout of the Southern Wiltshire Community Area Topic Paper

#	Section	Appendices
2	Community area	Planning policy context for the Southern Wiltshire Community Area, including an overview of the WCS and, where applicable, any neighbourhood plans that have been made or that are in progress within the community area.

¹ This Plan does not review the settlement boundary for Chippenham. This has been reviewed by the Chippenham Site Allocations Plan.

3	Settlement boundary review	Identifies those settlements where settlement boundaries have been reviewed by the Plan and those where they are considered to have been reviewed by a sufficiently advanced neighbourhood plan.	Appendix A contains maps of each settlement showing the revised settlement boundary proposals with tables explaining the changes.
4	Overview of the site selection process	Briefly outlines the stages of the site selection process, which is covered in more detail by <i>Topic Paper 2: Site Selection Process Methodology</i> .	
5	Outcome of the site selection process for Downton	Summary of the site selection process for the Local Service Centre of Downton (Stage 1). It outlines the methodology and identifies whether housing site allocations for the town should be included in the Plan.	
6	Outcome of the Southern Wiltshire Community Area Remainder site selection process	Summary of the Southern Wiltshire Community Area Remainder site selection process (Stage 1). It outlines the methodology and identifies whether housing site allocations for the community area remainder should be included in the Plan.	
7	Conclusions	Summary of the process, listing any sites that have been identified as proposed allocations in the Plan and settlements where the boundaries have been reviewed.	

2. Southern Wiltshire Community area

Context

2.1 The WCS provides the context for the Plan in relation to the Southern Wiltshire Community Area. Core Policies 1 (Settlement Strategy) and 23 (Southern Wiltshire Area Strategy) set out:

- the settlement hierarchy for sustainable development in the Southern Wiltshire Community Area, and
- associated indicative housing requirements.

2.2 Core Policy 23 requires about 190 new homes to be provided at the Local Service Centre of Downton and approximately 425 new homes to be provided in the rest of the community area over the Plan period 2006 to 2026. This reflects the settlement strategy set out in Core Policy 1 and the role and function of settlements in the Southern Wiltshire Area Strategy. It indicates how much growth should be provided here to ensure the delivery of the overall housing requirement for the Housing Market Area ('HMA').

Settlement strategy

2.3 The settlements listed in *Table 2.1* below fall within the Southern Wiltshire Community Area.

Table 2.1 Settlement Strategy in the Southern Wiltshire Community Area

Local Service Centres	Downton
Large Villages	Alderbury, Coombe Bissett, Morgan's Vale / Woodfalls, Pitton, Whiteparish and Winterslows / Middle Winterslow
Small Villages	Bodenham, Britford, Charlton All Saints, East Grimstead, Farley, Firsdon / Winterbourne, Laverstock and Ford, Lopcombe Corner, Nunton, Odstock, West Dean and West Grimstead

Issues and considerations

2.4 Core Policy 23 and the supporting text (paragraph 5.126) of the WCS identify specific issues to be addressed in planning for the Southern Wiltshire Community Area, including:

- strategic growth is not appropriate for the Southern Wiltshire Community Area. This is in part due to congestion on the A36, particularly at the Alderbury bypass, which has been raised by the Highways Agency
- some managed growth is necessary to support ongoing business growth and development, to ensure the existing strong employment opportunities in the area are maintained. Limited development will also help to address the shortfall in affordable housing in the area
- the New Forest National Park is an important resource and so protecting the natural environment is a priority. The Core Strategy sets a policy framework to prevent detrimental impacts on the national park from neighbouring development. Development that would increase recreational pressures must not adversely affect Natura 2000 designations of the New Forest and must contribute to the implementation of the Recreation Management Strategy. Development within the national park boundary will be considered by the New Forest National Park Authority

- development in the vicinity of the River Avon (Hampshire) must incorporate appropriate measures to ensure that it will not adversely affect the integrity of this Special Area of Conservation
- development within the Community Area will need to conserve the designated landscape of the Cranborne Chase and West Wiltshire Downs Area of Outstanding Natural Beauty and its setting, and where possible enhance its locally distinctive characteristics.

2.5 The Wiltshire Infrastructure Delivery Plan ('IDP')⁽²⁾ identifies specific essential infrastructure requirements that will need to be addressed in planning for the community area, including.

- extension of primary school in town to provide additional places
- extension of secondary school to provide additional places
- provision of additional nursery school places
- New Forest Recreation Management Project (sensitive Annex II birds in the New Forest Special Protection Area)
- support development of local primary care health facilities, as most practices at capacity

2.6 However, neither the WCS or the IDP identify insurmountable issues to the extent that they would restrict the delivery of the level of housing proposed over the Plan period.

Housing requirements

2.7 The housing requirements for the Southern Wiltshire Community Area are set out in *Table 2.2* below. The table shows the overall housing requirement for the community area over the Plan period 2006-2026. In addition, it shows the number of dwellings that have already been delivered and those that are planned. This leaves an 'indicative residual requirement' of homes yet to be delivered during the remainder of the Plan period.

Table 2.2 Housing requirements for the Southern Wiltshire Community Area at April 2017⁽³⁾

Area	Indicative requirement 2006-2026	Completions 2006-2017	Developable commitments 2017-2026	Indicative residual requirement
Downton	190	88	105	0
Southern Wiltshire CA Remainder	425	386	78	0
Southern Wiltshire CA ⁽⁴⁾	615	473	183	0

Neighbourhood planning

2.8 Neighbourhood plans can also allocate sites for housing and review settlement boundaries. The progress of a neighbourhood plan and the level of housing it is proposing to allocate help determine which settlements to consider through the site selection process. Likewise, the settlement boundary review will not look at settlements that are considered to have had their settlement boundaries reviewed by a sufficiently advanced neighbourhood plan.

2 Wiltshire Council (December 2016). *Wiltshire Infrastructure Delivery Plan 3 2011-2026. Appendix 1: Southern Wiltshire Community Area.*

3 Wiltshire Council (June 2017). Topic Paper 3 Housing Land Supply.

4 Southern Wiltshire CA Remainder and Southern Wiltshire CA exclude any development at Old Sarum or extensions to Salisbury Principal Settlement into this Community Area, as these are classified as Salisbury.

2.9 Southern Wiltshire Community Area has one made neighbourhood plan and four in preparation. *Table 2.3* below shows the stage of the neighbourhood planning process reached by these plans. If a neighbourhood plan is sufficiently advanced, having at least submitted a draft neighbourhood plan to the Council for a Regulation 16 Consultation, then this includes information on whether it is allocating housing and reviewing settlement boundaries. For a full explanation of the neighbourhood planning process and the latest position on individual plans, see the neighbourhood planning pages on the Council website⁽⁵⁾.

Table 2.3 Status of neighbourhood plans in the Southern Wiltshire Community Area at April 2017

Plan Area/ name of NDP	Stage Reached	Is it allocating housing, if so, how much?	Is it reviewing the current settlement boundaries?
Downton	Made Plan (Jan 2017) ⁽⁶⁾	The Downton Neighbourhood Plan identifies a number of potential sites for housing which would be acceptable in principle if the WCS housing requirement for the Local Service Centre is not met.	No
Alderbury and Whaddon	Area Designation (Apr 2014)	Unknown at this stage	Unknown at this stage
Odstock	Area Designation (Sep 2016)	Unknown at this stage	Unknown at this stage
West Dean and Tytherley	Area Designation (Jun 2016)	Unknown at this stage	Unknown at this stage
Winterslow	Area Designation (Aug 2014)	Unknown at this stage	Unknown at this stage

5 Wiltshire Council. (2017). Neighbourhood Planning Latest Progress. Available: <http://www.wiltshire.gov.uk/planning-neighbourhood-latest-news>. Last accessed April 2017.

6 <http://www.downtonfuture.org/page23.html>

3. Settlement boundary review

3.1 The Plan also proposes amendments to the settlement boundaries, as defined in the WCS, of the following settlements within the Southern Wiltshire Community Area:

- Downton
- Alderbury
- Coombe Bissett
- Morgan's Vale and Woodfalls
- Pitton
- Whiteparish
- Winterslow

3.2 **Appendix A** contains maps showing the proposed amendments to these settlement boundaries and tables setting out the justification behind these amendments. The methodology used in the settlement boundary review is set out in *Topic Paper 1: Settlement Boundary Review Methodology*⁽⁷⁾.

3.3 No settlements in the Southern Wiltshire Community Area are considered to have had their settlement boundaries reviewed through a sufficiently advanced neighbourhood planning process. Therefore, all settlements with currently adopted settlement boundaries within this community area have been considered through the settlement boundary review.

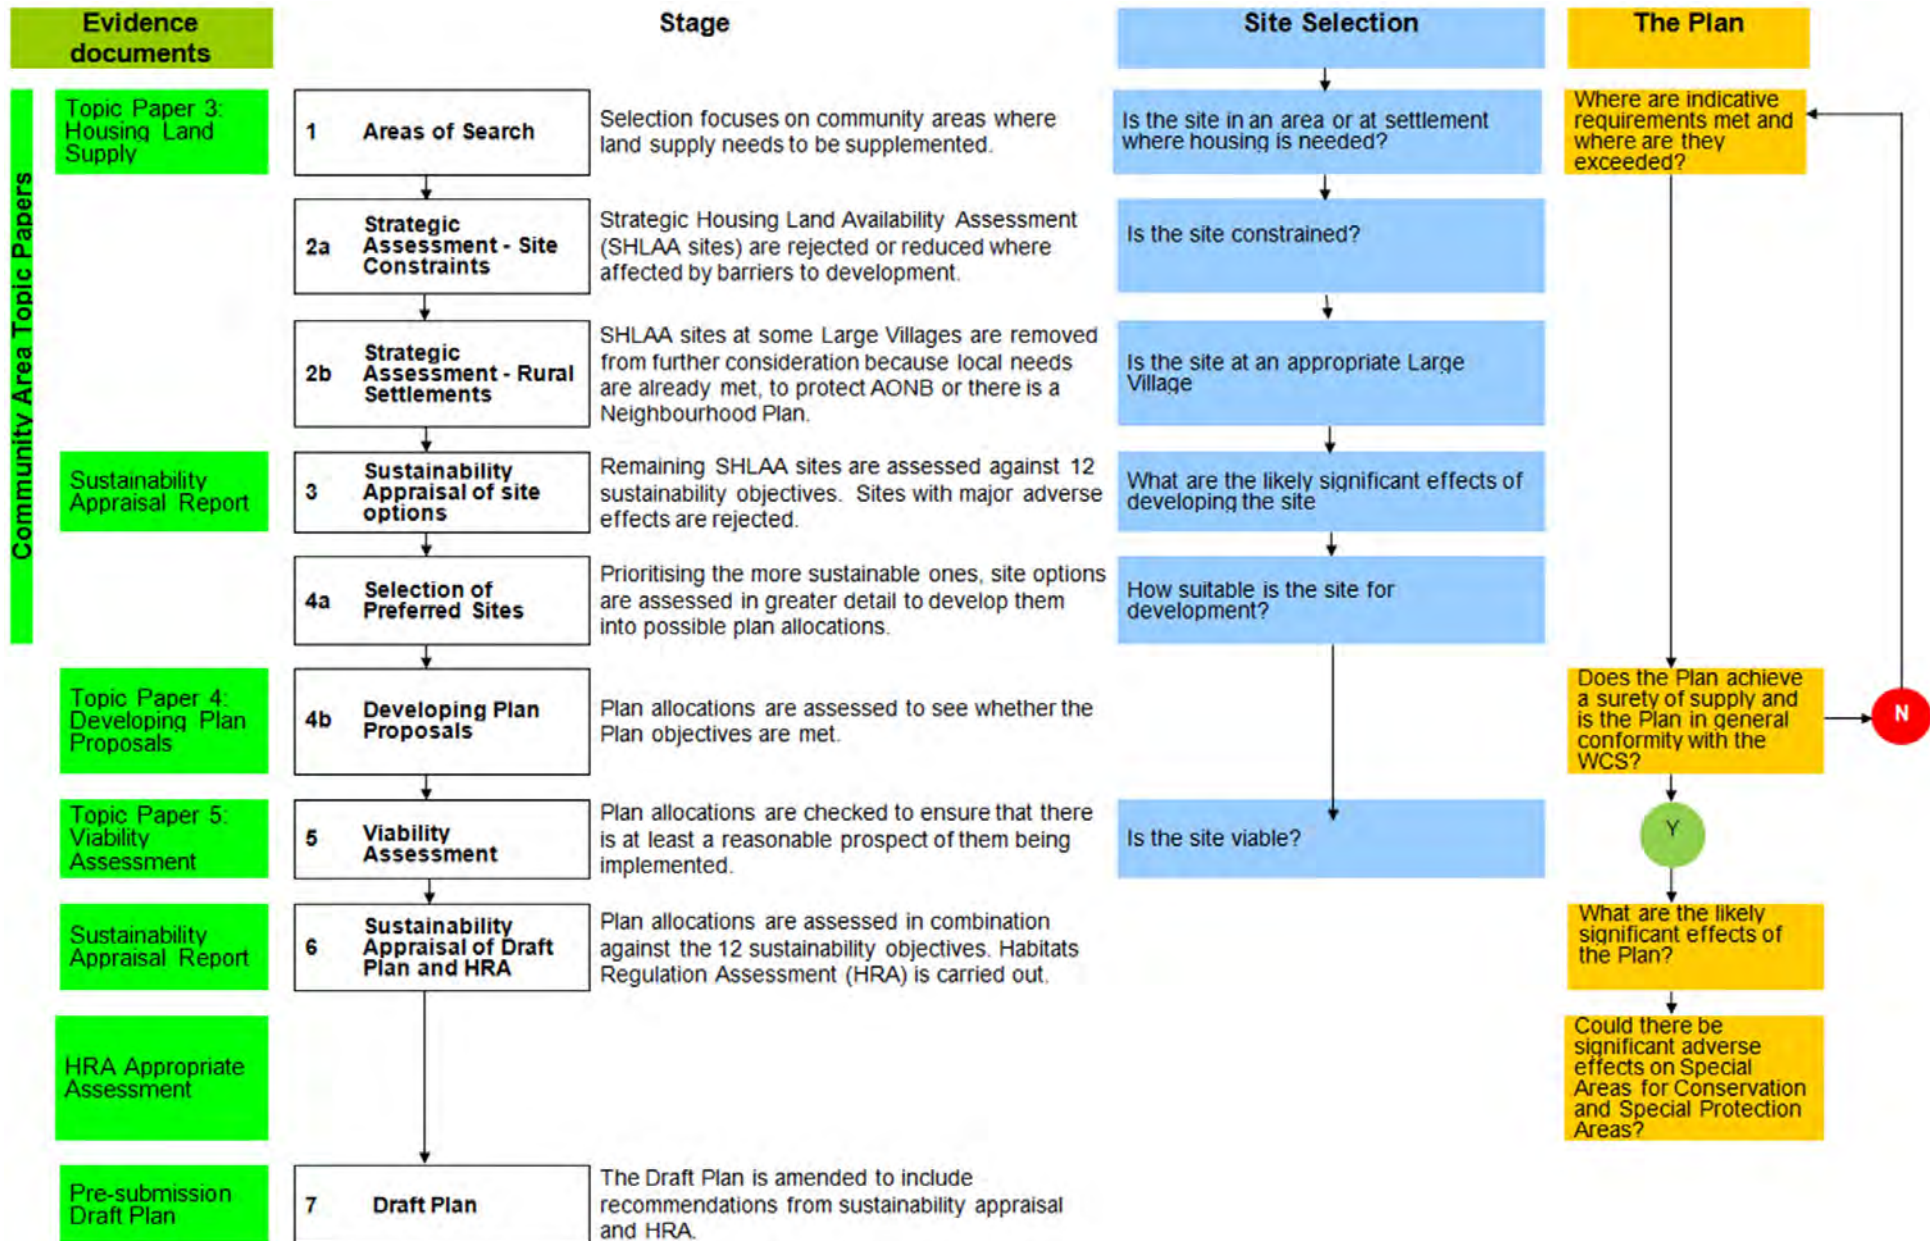

3.4 Parts of the community area relate to the Principal Settlement of Salisbury. The settlement boundary review in relation to Salisbury is set out in the Salisbury Community Area Topic Paper.

7 Wiltshire Council (June 2017). *Topic Paper 1: Settlement Boundary Review Methodology*.

4. Overview of the site selection process

- 4.1 *Figure 4.1 provides a simple overview of the site selection process, which is explained fully in Topic Paper 2: Site Selection Process Methodology⁽⁸⁾.*

8 Wiltshire Council (June 2017). *Topic Paper 2: Site Selection Process Methodology*.

5. Outcome of the site selection process for Downton

Overview

- 5.1 This section summarises the outcome of the site selection process for the Local Service Centre of Downton. It follows the methodology outlined in Section Four and is covered in more detail by *Topic Paper 2: Site Selection Process Methodology*⁽⁹⁾.
- 5.2 The decisions taken after each stage of the process for Downton, along with the reasons for these decisions, are summarised below.

Stage 1: Identifying broad 'areas of search'

- 5.3 The purpose of Stage 1 is to establish where housing site allocations may be needed during the rest of the Plan period. To do this, Stage 1 reviews the indicative residual requirement outstanding for Downton. Generally, the areas with an outstanding requirement to be met form the broad 'areas of search', which are then progressed for further assessment through Stage 2.
- 5.4 *Table 2.2* demonstrates that the indicative residual requirement for Downton to be delivered during the Plan period has been met. Moreover, the recently made Downton Neighbourhood Plan considered the need to identify additional housing allocations.
- 5.5 Therefore, the Plan will not need to allocate additional land to help meet an indicative residual requirement. It is proposed that housing sites will not be identified for allocation at Downton and the site selection process ends after Stage 1.

9 Wiltshire Council (June 2017). *Topic Paper 2: Site Selection Process Methodology*.

6. Outcome of the Southern Wiltshire Community Area Remainder site selection process

Overview

- 6.1** This section summarises the outcome of the site selection process for the Southern Wiltshire Community Area Remainder. It follows the methodology outlined in Section Four and is covered in more detail by *Topic Paper 2: Site Selection Process Methodology*⁽¹⁰⁾.
- 6.2** The decisions taken after each stage of the process for the Southern Wiltshire Community Area Remainder, along with the reasons for these decisions, are summarised below.

Stage 1: Identifying broad 'areas of search'

- 6.3** The purpose of Stage 1 is to establish where housing site allocations may be needed during the rest of the Plan period. To do this, Stage 1 reviews the indicative residual requirement outstanding for the Southern Wiltshire Community Area Remainder. Generally, the areas with an outstanding requirement to be met form the broad 'areas of search', which are then progressed for further assessment through Stage 2.
- 6.4** *Table 2.2* demonstrates that the indicative residual requirement for the Southern Wiltshire Community Area Remainder to be delivered during the Plan period has been met.
- 6.5** Therefore, the Plan will not need to allocate additional land to help meet an indicative residual requirement. It is proposed that housing sites will not be identified for allocation within the Southern Wiltshire Community Area Remainder and the site selection process ends after Stage 1.

10 Wiltshire Council (June 2017). *Topic Paper 2: Site Selection Process Methodology*.

7. Conclusions

Downton

- 7.1 The indicative residual requirement for Downton to be delivered during the Plan period has been met. Therefore, the Plan will not need to allocate additional land to help meet an indicative residual requirement. It is proposed that housing sites will not be identified for allocation at Downton and the site selection process ends after Stage 1.

Southern Wiltshire Community Area Remainder

- 7.2 The indicative residual requirement for the Southern Wiltshire Community Area Remainder to be delivered during the Plan period has been met. Therefore, the Plan will not need to allocate additional land to help meet an indicative residual requirement. It is proposed that housing sites will not be identified for allocation within the Southern Wiltshire Community Area Remainder and the site selection process ends after Stage 1.

Settlement Boundary Review

- 7.3 The Plan has reviewed the settlement boundaries of the following settlements within the Southern Wiltshire Community Area:

- Downton
- Alderbury
- Coombe Bissett
- Morgan's Vale and Woodfalls
- Pitton
- Whiteparish
- Winterslow

- 7.4 No settlements in the Southern Wiltshire Community Area are considered to have had their settlement boundaries reviewed through a sufficiently advanced neighbourhood planning process. Therefore, all settlements with currently adopted settlement boundaries within this community area have been considered through the settlement boundary review.

Downton

A.1 The preceding map of Downton illustrates both the existing settlement boundary and the proposed revised settlement boundary. *Table A.1* below explains why each of the proposed amendments were made to the existing settlement boundary, in line with the settlement boundary review methodology⁽¹¹⁾. The grid reference numbers are those used on the map overleaf.

Table A.1 Proposed amendments to Downton Settlement Boundary

Map Grid Reference ⁽¹²⁾	Proposed Amendments
E5, F5, E6, F6 (W)	Amend boundary to include residential development that is physically related to the settlement.
F4	Amend boundary to include residential development that is physically related to the settlement.
F6, F7	Amend boundary to include curtilage of a property that relates more to the built environment.
F2, F3, G2, G3, G4, H2, H3, H4	Amend boundary to include residential and employment development that is physically related to the settlement and curtilages of a properties that relates more to the built form of the settlement.
G7,	Amend boundary to include residential and employment development that is physically related to the settlement and curtilages of a properties that relates more to the built form of the settlement.
G6, G7, H6, H7,	Amend boundary to include community facility (school) development that is physically related to the settlement and curtilage of a property that relates more to the built environment (e.g. a garden) and/ or has limited capacity to extend the built form of the settlement.
H5	Amend boundary to exclude recreational/ amenity space at the edge of the settlement that relates more to the open countryside.
H3, H4	Amend boundary to include curtilage of a property that relates more to the built environment (e.g. a garden) and/ or has limited capacity to extend the built form of the settlement.
I4, J4	Amend boundary to include curtilage of a property that relates more to the built environment (e.g. a garden) and/ or has limited capacity to extend the built form of the settlement.
K4	Amend boundary to include curtilage of a property that relates more to the built environment (e.g. a garden) and/ or has limited capacity to extend the built form of the settlement.
K4, L4	Amend boundary to include residential development that is physically related to the settlement.
