**Item 5 – Public Participation  
Library Review (Agenda Item 8)**

**Questions from Mrs Barbara Lomax**

**Question 1**

Tisbury library is a very special case, it is one of the 10 smallest, classed level 2 and therefore under threat of closure, yet achieves results of much larger ones that are level 3 and more secure. It receives 10,642 visitors p.a. although it is only open for 13 hours per week.

Could we please be re-classified before the new proposals commence?

**Question 2**

I am sure we can find sufficient volunteers to support our library but can you please assure us we will retain the services of our very good professional librarian?
