Dear Hannah,

I object as a Resident of Durrington to this application on the grounds that the license is for 24 hours and 365 days a year which means that at times when no other licensed premises are open in Durrington and geographically wider within Wiltshire this Garage would provide an outlet for those who wish to purchase alcohol. We have a history of younger people driving and congregating within our community especially late at night and this Licence will bring the potential for Public Nuisance with Antisocial Behaviour it would be an ideal meeting point for younger people who would be driving. There is also Public Safety issues that would stem from having off sales 24/7. Common sense prescribes that there should be a restriction on the licencing hours that would bring it in line with the other local licensed off sales would be sensible and acceptable.
