Grett

The Melksham Young People's awards are back for 2019 and nominations are now open.

Help us to celebrate the achievements of truly remarkable young people who make our community a better place.

Do you know a young person, group, team or club who:

Have made an outstanding achievement in sports or the arts

Volunteer to help others or improve their community

Have stood up for what they believe in and made a difference

Have been a great example to others or is a fantastic role model

Care for or support a loved one, friend or neighbour

Have been an incredible team player

Have worked hard to raise funds for others

Have made significant progress academically

Have battled against the odds

Please don't worry if you feel the description above doesn't suit the person you wish to nominate, the team will ensure all young people are considered for the most appropriate award.

The Melksham Young People's Awards are organised and run by Young Melksham.

We are grateful for the support of Gompels Healthcare who are lead sponsoring this year's awards.

**You can nominate now at:
