ABG420	Community Area Grant	Little Somerford Parish Council	Allotment and Community Orchard	£1333.00	£666.00
<p>Project Summary: This fencing project will give an easier and wider entrance to the allotments and Community Orchard including wheel chair and mobility scooters as well as improved entrance for allotment holders with their gardening equipment. In addition it will provide a secure and safe environment for children to explore and learn about nature as well as food production.</p>					
ABG435	Community Area Grant	Sherston Village Hall	Sherston Village Hall Additional Funds for New Foyer Double Glazed Doors and Windows	£290000.00	£2500.00

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<p>Project Summary: This project will replace the rundown 1960s flat roofed foyer attached to our village hall with a new exciting entrance foyer, with new toilets and a servery, and far improved accessibility. We will open a community hub, aiming to attract the harder to reach members of our community. The village hall provides a great space for village events, sports clubs, parties, exhibitions, drama productions and music shows, but the existing entrance foyer and toilets are run down and urgently need updating. The proposed demolition and construction of a new entrance foyer and facilities are designed to provide: <ul style="list-style-type: none"> • A bigger brighter more welcoming foyer, enabling its use as a community hub in the heart of our village, for access by the general public and including space for temporary exhibitions such as local history, art, or community consultations. • Improved access to all to the village hall, but particularly for wheelchair users and those with mobility issues due to improved profiling of the ground and automatic doors. Modern toilet facilities including a larger disabled toilet, with improved wheelchair access and facilities. • Addressing the issue of the existing foyer's leaking flat roof that causes damp ceilings and walls particularly in the toilet. The new entrance foyer would appropriately insulated, with a pitched roof and heated with an efficient energy saving heat pump. • The new entrance foyer will incorporate a new servery to welcome visitors with hot drinks and allow interval refreshments to be served during our frequent drama productions. Because of its poor condition, hirers with access to transport are increasingly going out of our village to venues which have better facilities. Renovation would attract many back to our hall, reduce car miles and be particularly welcomed by village residents who do not have independent transport. We are requesting that the Area Board provide additional funds towards part of the new foyer project, specifically the new foyer automatic aluminium double glazed door and windows, and replacement aluminium double glazed doors between foyer and main hall, and the external doors to the village hall field. Drawings and photographs of the doors and windows are provided. </p>					
ABG473	Community Area Grant	Helping The Community Of Malmesbury	Apple Trees For Queens Green Canopy Jubilee Malmesbury	£69.99	£69.99
<p>Project Summary: We think it would be excellent for Malmesbury to get involved with The Green Canopy for Queen Jubilee, No other tree planting is planned in the area that we have heard of. And speaking to residents it's something they would like to happen. We have seen that other towns are planting apple trees so the idea was brought about to plant X2 Queen Apple Trees. We already have some land prepared as we were given permission to plant these apple trees on. The website for the Queens Jubilee also suggests we get a plaque to be put in the ground alongside the trees.</p>					
ABG476	Community Area Grant	Malmesbury and District Foodbank	Malmesbury and District Foodbank New Secure Storage Cupboards	£2395.20	£1000.00
<p>Project Summary: Malmesbury and District Foodbank is relocating from its existing premises within the United Reform Church in Malmesbury into more suitable premises located within Malmesbury Town Hall (specifically the Old School Room) The move to Malmesbury Town Hall will provide us with a location that is more welcoming for foodbank users and will locate us in the same building as one of our strategic and operational partners HEALS of Malmesbury. In the last financial year Malmesbury and District Foodbank supported 475 households, comprising 1268 people, of which 535 were children. We are currently experiencing increased demand for support from ourselves and our existing venue is no longer able to properly accommodate this increase in demand. The move to the new premises will require us to have sufficient on site storage for all of the food supplies and sundries that we need in order to be able to fulfil our clients needs. At the present time we are feeding up to 40 people at each client session that we run. The Town Hall does not have any storage facilities available that we can make use of. Our existing storage facilities are not suitable for use within the Malmesbury Town Hall and will be recycled for use in our separate warehouse facility. In order to make this relocation a realistic proposition we will need to purchase and install new locking storage cabinets to safely and securely store the food stocks that are required in order to run one client facing session. We require four new cabinets which will be 1900 x 1020 x 500 mm in size in order to be able to store sufficient food stocks to run one client session. The purchase price of the four cabinets is £2395.20 inclusive of VAT. Without the purchase of these four new cabinets our relocation into more suitable premises within Malmesbury Town Hall will not be possible. Following discussions with Cllr Gavin Grant he suggested that we apply to Malmesbury Area Board for financial support in the purchase of these new cabinets. We are asking the Area Board to consider providing us with grant funding of £1000 to help with the purchase cost of these new cabinets. The balance of the purchase cost will be met by utilising money from our reserves.</p>

Participants will learn about performance, write scripts, direct scenes, create characters and devise their own show. The workshop will build confidence in speaking, performing and teamwork, & will provide affordable cultural activity during the half term holidays.</p>					
ABG475	Youth Grant	The RISE trust Youth	Detached Outreach and Safe Spaces for Young People	£8970.00	£4485.00
<p>Project Summary: During 2020/2021 we have been providing youth outreach in Malmesbury. offering young people a safe space in the community to talk and have opportunity to access more support or signposting. on a average evening (in good weather) we reach 20/25 young people. During the winter months this can be less young people but the young people out and about are in more need of a safe adult. On a Friday night we open the safe space and this is for young people to come into the space and have a snack, enjoy some activities, have a opportunity to meet youth workers and feel like they belong. We currently reach about 15 young people, this started in the winter months. We would like to continue this offer, the young people we have been engaging with are in need of a safe space to engage in.</p>
