30 **Public Participation**

The Chairman noted the procedure for public participation at the meeting.

No petitions had been received, and statements would be received under the relevant agenda item.

Questions received from Members of the Public together with written responses were set out in the Agenda Supplement.

Colin Gale, Chairman of Rushall Parish Council, was in attendance and asked a supplementary question regarding Question P24-12. He did not consider the written response had provided a solution or advise when the drain blockage

referred to would be cleared and sought a commitment to clearing the drains in a set timescale and keeping this maintained.

He also asked a supplementary question regarding Question P24-13 regarding highways drainage into the River Avon and long term solutions to the ongoing issues.

Cllr Nick Holder, Cabinet Member for Highways, Street Scene, and Flooding, stated that a further written response would be provided. He acknowledged issues relating to the MyWilts App reporting and efforts to prevent the problem of multiple reporting and noted the investment in extra equipment for drain clearance.

Celia Beckett, Hilperton Area Action Group, was in attendance and asked a supplementary question regarding Question P24-14 regarding the Local Plan. She noted the written response on the timescales for submission of the Local Plan, suggested the Plan needed reworking and asked about the public being informed about any delays.

Cllr Nick Botterill, Cabinet Member for Finance, Development Management, and Strategic Planning, highlighted the complex processes required by the legislative frameworks in order to prevent challenges. He stated that restarting the process would leave the council open to speculative development, and that the council would keep the public details up to date.

Celia Beckett also asked a supplementary question regarding Question P24-15 regarding potential sites Northeast of Trowbridge and guarantees on protection for biodiversity, asking whether the detailed comments submitted had been listened to.

Cllr Botterill offered his assurance that all comments were properly considered and listened to and noted that the latest Plan submission had included a reduction in the number of houses planned by around 8000 homes.

Celia Beckett also asked further regarding biodiversity protection. Cllr Botterill stated that the council was proceeding in accordance with legislation, and this included working in a coherent way to ensure biodiversity was not lost, and in some cases would be enhanced.

31 **Annual Updates from Committees**

The Chairman introduced a covering report detailing that in order to highlight the activity and key issues dealt with or covered by various council committees, a series of annual updates had been prepared in order to provide all Members with that information. She moved that the updates be noted, which was seconded by the Vice-Chairman.

Opportunity was provided to Chairmen of the committees which had prepared updates to comment on their reports.

Cllr Graham Wright, Chairman of the Overview and Scrutiny Management Committee thanked the Vice-Chairman of that committee Cllr Christopher Williams for his support, along with the scrutiny officers and all those Members who took part in scrutiny activity. He drew attention to work being undertaken including reviewing the council's performance metrics, and the detailed work of task groups and the three select committees.

Cllr Iain Wallis, Chairman of the Audit and Governance Committee highlighted the importance of audit work, and thanked committee members including two new co-opted members for their efforts.

Cllr Peter Hutton, Chairman of the Licensing Committee, drew attention to the ongoing consultation on the draft licensing policy 2024-2029.

Cllr Paul Oatway QPM, Chairman of the Standards Committee, provided details of the process for reviewing the constitution, and commented on monitoring timescales for administering complaints. He thanked the Chairman of the Standards Assessment Sub-Committee, Cllr Ruth Hopkinson, for all the work of the Sub-Committee.

Cllr Richard Britton, Chairman of the Wiltshire Pension Fund Committee, confirmed no further comments on the submitted report.

Cllr Steve Bucknell, Chairman of the Wiltshire Police and Crime Panel, thanked Matthew Hitch, Democratic Services Officer, for a lot of support in the last year. He stated that it had been announced that Wiltshire Police was being taken out of special measures by His Majesty's Inspectorate of Constabulary and Fire and Rescue Services, following being placed in those measures in June 2022. He stated the Panel would continue to press the Police and Crime Commissioner on developments with the service as it looked to improve further.

Group Leaders were then given opportunity to comment. Cllr Richard Clewer, Leader of the Council, Cllr Ian Thorn, Leader of the Liberal Democrat Group, Cllr Ernie Clark, Leader of the Independent Group, and Cllr Ricky Rogers, Leader of the Labour Group, all offered their thanks and support to the Chairmen and committees for their work.

There being no further debate, it was,

Resolved:

To note the updates from committees.

32 **Annual Appointment of Committees**

The Chairman drew attention to the allocations report included in the Summons and the composite appointments motion included in the Agenda Supplement. It was noted that a proposal for allocation of seats on committees to individual Members in accordance with the proposed schedule of committee places had

been circulated to all Members. This had been prepared following discussion with Group Leaders and would be attached with the minutes.

Cllr Richard Clewer, Leader of the Council, proposed the composite appointments motion. This was seconded by Cllr Laura Mayes.

Group Leaders were provided opportunity to make any final changes within the proposed schedule of committee places, to update the circulated allocations.

The item was then opened to general debate.

Cllr Edward Kirk proposed an amendment, seconded by Cllr Ernie Clark. At present he was a Member of the Western Area Planning Committee. Following his leaving the Conservative Group he now sat as an ungrouped Member, and the proposed schedule removed him from that Committee as the seat had been previously and was now allocated to the Conservative Group. He proposed that the schedule be amended to retain the committee place he currently occupied. The effect of the amendment would be the Conservative Group would lose an allocated seat on the Committee.

Group Leaders were provided opportunity to comment. Cllr Richard Clewer, Leader of the Council, confirmed he did not accept the amendment as part of the composite motion. Cllr Ian Thorn, Leader of the Liberal Democrat Group, had no comment. Cllr Ernie Clark, Leader of the Independent Group wondered whether the amendment would impact overall political balance but noted that planning committees did not in any case decide matters politically. Cllr Ricky Rogers, Leader of the Labour Group, expressed support for the amendment.

In debate comments in support of the amendment included supporting the integrity of the ungrouped member, and that the council had in the past allocated seats on committees to ungrouped members and though the two places which had been so reserved had not been accepted accommodation could be made within acceptable limits.

A comment in opposition to the amendment was the view that the council had a legal duty to give effect the views of group leaders as it applied to appointment onto committees.

At conclusion of the discussion Cllr Kirk criticised what he saw as his removal from the committee.

To conclude the debate as mover of the original motion Cllr Richard Clewer noted that Cllr Kirk had been offered two committee places on a proportional basis in accordance with previous practice, which Cllr Kirk had chosen not to accept, and that there were many others who wished to sit on the Western Area Planning Committee.

There was then a vote on the amendment. A recorded vote having been requested by the requisite number of Members, the result was as follows:

Votes for the amendment (36)
Votes against the amendment (47)
Votes in abstention (4)

Details of the recorded vote are attached to these minutes.

There being no further comments in debate, the meeting proceeded to vote on the original composite appointments motion, and it was,

33 **Notice of Motion No.2024-03 - Solar Farms**

On invitation of the Chairman Cllr Phil Alford proposed the motion as set out in the Summons, which was seconded by Cllr Nick Botterill.

Cllr Alford stated that the topic of solar farms had energised many people both for and against. He said solar panels could be a vital income for farmers and the council supported installations on its own buildings such as leisure centres, and as such was supportive of them in principle. He noted the proposed Lime Down solar proposal, which was of such a scale as to be deemed nationally significant, and he believed would engulf entire communities. He raised the importance of Wiltshire’s landscape heritage, the cumulative impact of roads and associated infrastructure to the many solar developments, as well as the need for food security, and that further clarity from government was needed.

Cllr Nick Botterill, being the seconder but also the relevant Cabinet Member as the Cabinet Member for Finance, Development Management, and Strategic

Planning, responded to the motion. He said the motion was evidence based, noting the high population density of England, the need for preservation of the countryside, have sustainable food production and land management, and the need to balance these against the positives of solar energy production. He drew attention to the scale of the Line Down proposal, and how this would alter the character of a broad area to a more industrial one.

Statements were then received regarding the motion from the following Members of the Public:

Matthew Short, Phillip Addis, Peter Richardson, Sir Mike Pitt, Steve Holt, Mary Gilmore, Helen Hicks

The Chairman moved that the Council debate the motion, which was seconded by the Vice-Chairman.

With Council agreeing to debate, and following comments from the Chairman drawing attention to statutory rules on predetermination in respect of non-determined planning applications, Group Leaders were then invited to comment on the motion.

Cllr Richard Clewer, Leader of the Council, affirmed his support for solar panels and solar farms, criticising government policy which did not compel solar panels on new buildings, and the confusion of current planning policy. However, he also noted the importance of food production particularly given the impacts of climate change on production and migration, with a need to increase the food supply within the UK. He stated cumulative impact was critical, with many solar farms in Wiltshire and Lime Down one of the largest proposals even in the world, resulting in villages to be surrounded by industrial landscapes, and solar production should not be concentrated in farmland areas, with the motion intended to argue for a balanced approach.

Cllr Ian Thorn, Leader of the Liberal Democrat Group, welcomed the motion but considered that it lacked detail in some important areas, and said it was a shame it had not been raised at an earlier stage so it could have been a key part of the Local Plan discussions. He stated his group had prepared amendments which he hoped would be accepted, to add detail to the motion.

Cllr Ernie Clark, Leader of the Independent Group, supported previous comments around the cumulative impacts and taking away fields from agricultural production, though he also pointed to such fields being assigned to be used for large numbers of housing as well.

Cllr Ricky Rogers, Leader of the Labour Group, stated he would support the motion, and encouraged the public to lobby planning committees with their views and not just wait for action from central government.

The Chairman then opened the item for general debate.

Amendment Debate

At the start of the general debate an amendment was moved by Cllr Martin Smith, seconded by Cllr Dr Brian Mathew. This did not seek to amend any existing text to the motion, but sought to include the following additional paragraphs:

We would also urge the Secretary of State to provide more incentives to residents and businesses to install rooftop solar panels thus directly benefiting local people through reduced energy bills, whilst helping to achieve the 2030 targets for solar generation.

We also ask that the Government supports the Local Electricity Bill, which has been stalled in Parliament despite the support of 326 MPs, but which would remove some of the barriers to community energy projects, which again would directly benefit local communities and ensure a fairer transition to the new energy technology, focussing on generating energy closer to where it's needed, thus reducing the need for huge schemes with lengthy connections.

We would also ask that a fully formed national strategy is established for solar farms, which balances the need of food security with the equally important need for energy security.

We would finally ask that consideration is given to introducing a national standard of community benefit, to be paid into local funds for community projects and combating energy poverty, of at least £1,000 per MW capacity, per annum for the life of solar projects of more than 15MW capacity.

Cllr Smith stated that the original motion was prompted by the pressure on agricultural land, and he supported the comments made about finding a balance between food production and energy generation, but that he considered that the motion could and should go further. He noted a recent statement from the Secretary of State acknowledging cumulative impact of solar developments, but this did not indicate how it should be considered. He proposed the amendment to encourage the Secretary of State to find more incentives to install rooftop solar, to urge support for the Local Electricity Bill which had been proposed in Parliament, for a national strategy for solar farms, and for a national standard of community benefit be considered, to be paid into local funds for community projects for the life of solar projects above a certain capacity.

As mover of the original motion Cllr Alford confirmed he was not prepared to accept the amendment as a friendly amendment.

Group Leaders were therefore asked to comment on the proposed amendment.

Cllr Richard Clewer, Leader of the Council, stated some parts of the amendment made sense but he had concerns with some others, saying the Local Electricity Bill could have unintended consequences. He felt the amendment was well intentioned but more evidence was needed on some of its points.

Cllr Ian Thorn, Leader of the Liberal Democrat Group, endorsed the proposed amendment as providing more detail and rigour to the original motion.

Cllr Ernie Clark, Leader of the Independent Group, stated the amendment appeared to be reasonable.

Cllr Ricky Rogers, Leader of the Labour Group, supported the amendment as adding specific requests for the government to respond to in a positive way.

The amendment was then opened up to general debate.

Comments in support of the amendment included that it added appropriate detail and structure to the requests to government, noting the importance of high quality farming land, the importance of increasing renewable energy in a well planned way, and the cumulative impact from the number of solar farms developed or proposed in Wiltshire.

Other comments included that cumulative impact should already be able to be considered at planning stages when considering new solar farms, that reaching net zero targets would require difficult choices, and that the area of agricultural land covered by solar farms was very low, and with yields up this meant food production was not a sustainable reason to object to the solar farms.

There was then a break from 1255-1345.

Upon resuming the meeting Cllr Smith stated he had held discussions with the Leader of the Council and others, and agreed to withdraw his amendment to allow for cross-party discussions in the coming weeks to develop wording which would give effect to the intent of the amendments which could be collectively supported.

The meeting having consented to withdrawal of the amendment, debate resumed on the original motion.

Motion Debate

Comments in support of the motion included many comments in support of solar energy generally and solar farms, but concerns that the very large farms proposed were not appropriate in a country the scale of England let alone Wiltshire, and that it was appropriate to seek a more balanced approach taking account of the cumulative impact of so many solar energy developments being proposed in the county.

Other comments included that the world was in a climate crisis and the UK was not meeting vital decarbonisation targets set by law, that solar farms could be of assistance to farmers and were not of industrial character.

It was also commented that solar energy was of great importance particularly given the impacts of climate change, and even where there was support for the motion this should not be at the expense of appearing to criticise solar energy as a whole.

During debate it was also proposed by Cllr Howard Greenman to amend the motion to include specific reference to battery storage and associated infrastructure as follows:

*Wiltshire Council therefore calls on the Secretary of State for the Department of Levelling Up, Housing and Communities to define more closely what is meant by 'cumulative impact' regarding solar farms, **battery storage, and associated infrastructure** and to take clear steps to ensure that solar developments are more evenly spread across the UK and not concentrated in specific areas effectively industrialising the countryside.*

The mover and seconder of the motion accepted the alteration as a friendly amendment.

At the conclusion of the debate Cllr Botterill thanked everyone for their comments, noting the recent ministerial statement on solar farms as a reflection of the pressures and tensions on the issue. He reiterated support for solar energy, but that the cumulative impacts could not be disregarded.

Cllr Alford then had the opportunity to respond to the debate. He welcomed the contributions of Members and the public, and hoped the council was moving towards a consensus on the issue.

Following a vote, it was therefore,

Resolved:

Whilst not opposed to the principle of the development of solar farms in line with the National Planning Policy Framework this Council is increasingly concerned at the concentration of solar farms, battery storage and associated infrastructure in Wiltshire. Some villages are now completely surrounded by solar farms and their continued concentration represents a significant cumulative impact and industrialisation of the countryside.

Wiltshire Council therefore calls on the Secretary of State for the Department of Levelling Up, Housing and Communities to define more closely what is meant by 'cumulative impact' regarding solar farms, battery storage, and associated infrastructure and to take clear steps to ensure that solar developments are more evenly spread across the UK and not concentrated in specific areas effectively industrialising the countryside.

We would also ask for clarity of the priority given to ensuring that food production and farming are not destroyed as industries in specific areas through an excessive concentration of solar farms given the massive impact that would have on the rural way of life in villages that have been farmed for time immemorial.

34 **Community Governance Review 2023/24**

The Chairman invited Cllr Ashley O'Neill, Chairman of the Electoral Review Committee, to introduce the report on the Final Recommendations for the Community Governance Review. Cllr O'Neill proposed the Final Recommendations, seconded by Cllr Gavin Grant.

Cllr O'Neill noted that the proposals were mostly less significant than during previous reviews and had involved seeking to resolve various electoral boundary anomalies which had been brought to the attention of the Committee. Details were provided on the scope of the review, the consultation which had taken place, available options, and the statutory criteria on which any decision would need to be based.

The Final Recommendations were explained in detail, including more substantial proposals around Mere, Zeals, Trowbridge, and North Bradley, as well as the more minor alterations in other areas of the county.

Group Leaders were then given the opportunity to comment on the proposals.

Cllr Richard Clewer, Leader of the Council, supported the proposals as making sense and supported by clear reasoning and evidence. Cllr Ian Thorn, Leader of the Liberal Democrat Group, supported the proposals and endorsed the Committee's highly detailed assessments and cross-party coordination. Cllr Ricky Rogers, Leader of the Labour Group, welcomed the thoroughness of the review and supported the proposals.

The item was then opened up to general debate. A comment was received on the lack of attendance from any parties involved in the Mere/Zeals proposal. Another comment was made regarding the cost and time spent on boundary change work. In response other comments highlighted the work was in response to requests received and undertaken thoroughly in an appropriate way.

At the conclusion of debate Cllr O'Neill stated that it was appropriate to review parishes as areas developed and that any cost of time was not significant, and that reviewing boundaries was a part of the democratic system. He also emphasised that parties had been advised as part of engagement with the Committee of the stages of the process including the role of Full Council.

It was therefore,

Resolved:

That Council:

- 1) Approve the changes to community governance arrangements as set out below as recommended and detailed by the Electoral Review Committee in the Final Recommendations:**

- 3) To authorise the Electoral Registration Officer to make any necessary changes to polling districts to bring them into line with the agreed governance changes at the appropriate time, to be reported to the Electoral Review Committee.**

In accordance with the constitution there was a recorded vote.

35 Proposed Changes to the Constitution

The Chairman invited Cllr Ashley O'Neill, Cabinet Member for Governance, IT, Broadband, Digital, and Staffing, to introduce the report on proposed changes to the constitution. Cllr O'Neill proposed the changes, which was seconded by Cllr Richard Britton.

Cllr O'Neill noted the changes were part of ongoing monitoring and review of the constitution undertaken by the Constitution Focus Group and the Standards

Committee. Some details were provided on the proposed changes, including in response to updates to council strategies or to clarify ambiguities or provide further details on existing practice and procedures. It was noted a briefing had been held for Members on the proposed changes.

Group Leaders were then given the opportunity to comment on the proposals.

Cllr Richard Clewer, Leader of the Council, supported the proposals. Cllr Ian Thorn, Leader of the Liberal Democrat Group, noted the level of debate and thoughtful consideration undertaken by the Focus Group. Cllr Graham Wright, deputising for the Leader of the Independent Group, supported the proposal. Cllr Ricky Rogers, Leader of the Labour Group, noted the reviews had been thorough, and drew particular attention to the comments in drafting by Cllr Richard Britton.

The item was then opened up to general debate. A comment was made request wording in other sections of the constitution relating to council procedures and statements, and how these related to the Localism Act 2011, be reviewed.

There being no further comments in debate, it was therefore,

Resolved:

That Council approve the following updated sections of the Constitution:

- 1) **Part 11A – Corporate Parenting Panel (Appendix A)**
- 2) **Part 5 – Access to Information Procedure Rules (Appendix B)**
- 3) **Part 7 – Cabinet Procedure Rules (Appendix C)**
- 4) **Part 8 – Overview and Scrutiny Procedure Rules (Appendix D)**

In accordance with the constitution there was a recorded vote.

36 **Integrated Emergency Management Guide**

The Chairman invited Cllr Richard Clewer, Leader of the Council, to introduce the report on the Integrated Emergency Management Guide.

Cllr Clewer explained this was a set of important documents to deal with major incidents and business continuity, noting some of the major incidents which had occurred in Wiltshire such as the Novichok incident in Salisbury. Up to date

emergency management guides enabled officers and others to understand their roles and respond appropriately in a structured way, and it was important Members have sight.

It was proposed to note the guides, which was seconded by Cllr Laura Mayes.

There were no comments from Group Leaders or in debate.

It was therefore,

Resolved:

To note the three guides which make up the council's Integrated Emergency Management Guide:

- **Incident Response Guide**
- **Recovery Guide**
- **Corporate Business Continuity Guide**

37 **Parish Name Change**

The Chairman invited Cllr Ashley O'Neill, Chairman of the Electoral Review Committee, to present the report recommending changes to the name of a parish under s.75 of the Local Government Act 1972.

Cllr O'Neill proposed to change the name of Clyffe Pypard to Clyffe Pypard and Bushton. The proposal had been requested by the Parish Council and supported by a public survey undertaken by the Committee. The proposal was seconded by Cllr Gavin Grant.

There were no comments from Group Leaders or in debate.

It was therefore,

Resolved:

That Council:

1) Approve that the name of the parish of Clyffe Pypard be changed to the parish of Clyffe Pypard and Bushton;

2) Authorise the Solicitor to the Council to make any necessary legal orders and notifications to enact the above change.

38 **Announcements from Cabinet and Committees**

It was noted that there were no executive decisions taken under special urgency provisions in the last year.

It was noted that there were three executive decisions which in accordance with Part 8 of the Constitution the then Chairman of the Council exempted from the usual call-in provisions.

Those were as follows:

- Cabinet Member Delegated Decision PHLLFMOA-01-24: Holiday Activity and Food Programme 2024 Grant Acceptance
- Cabinet Member Delegated Decision FDMSP-01-24: Deed of Termination Ashton Park Funding Agreement
- Cabinet Decision: Update on Safety Valve Deal with the Department for Education - 12 March 2024 Cabinet

Updated to Cabinet Member responsibilities were provided as detailed in the Summons.

The cycle of upcoming Full Council meetings was also noted as follows:

23 July 2024
22 October 2024
25 February 2025
20 May 2025

The Chairman then asked if there were any further announcements from Cabinet or Committee Chairmen.

Cllr Chuck Berry, Chairman of Northern Area Planning Committee, used the opportunity to ask about when recent announcements regarding solar farms would have weight for planning committee decision making.

Cllr Nick Botterill, Cabinet Member for Finance, Development Management, and Strategic Planning, stated that Members would be advised further once the position was clarified.

39 **Questions from Members of the Council**

Nine questions were received from Cllr David Vigar regarding Ukrainian refugee funding and other details. Written responses were provided in the Agenda Supplement.

Cllr Vigar asked a supplementary question in response. He noted the Council had earmarked around half the funding provided by government for purchasing homes for refugees but noted the need to provide other support to enable people to fulfil their potential. He asked if the Leader of the Council would

consider setting aside a small proportion of the funding to set up grant funding for community organisations or specialist providers to offer services needed.

Cllr Richard Clewer, Leader of the Council, noted that the council's proposal to purchase homes was being rolled out by government on a national basis, and stated he would look into the possibility of grant funding as suggested.
