Subject: SCHOOL ADMISSIONS POLICY 2020/21

Cabinet member: Councillor Laura Mayes – Cabinet Member for Children, Education and Skills

Key Decision: Non Key

Executive Summary

This report has been produced as part of the statutory process for the determination of admission arrangements to maintained schools.

The Local Authority has a statutory duty to formulate and operate schemes to co-ordinate the admissions to all maintained schools and Academies within its area. We are proposing two co-ordinated schemes; one covers primary schools (including infants and juniors) and the other is for secondary schools. The co-ordination of admissions has been successful in past years and the schemes proposed for 2020/21 are substantially the same as those operating for the current academic year.

The Local Authority is also the statutory admission authority for the Voluntary Controlled and Community Schools in its area. As such it is required to determine admission arrangements – including any oversubscription criteria - which outline how it will admit children to those schools. There are two proposed schemes one for secondary and one for primary (including infant and junior schools).

The policies were sent out for consultation and have been sent to all parties as outlined in the School Admissions Code, which included pre-schools, nurseries, schools, parents, neighbouring authorities and Senior Officers at Wiltshire Council. The consultation ended on January 14 and no comments were received.

Following consultation, Cabinet are asked to approve the four documents which are appended to this report, these will then become the determined admission policies for Wiltshire for 2020/21.

The admissions process for the intakes in September 2020 begins in September 2019.

1. Purpose of Report

The Local Authority has a statutory duty to act in accordance with the School Admissions Code and has a statutory duty to formulate and operate schemes to co-ordinate the admissions to all maintained schools and Academies within its area. We are proposing two co-ordinated schemes; one that covers primary schools (including infants and juniors) and the other is for secondary schools.

There is a legal requirement to have schemes in place for the co-ordination of admission to the schools within Wiltshire.

The Local Authority is also the statutory admission authority for Voluntary Controlled and Community Schools in its area. As such, it is required to formulate admission arrangements which outline how it will admit children to those schools. There are two proposed schemes one for secondary and one for primary (including infant and junior schools).

The report presents the four elements of the Admissions Policy which, following consultation, are required to be determined by Cabinet.

2. Relevance to the Council's Business Plan

The Local Authority has a continued statutory responsibility to provide a school place for all children living in Wiltshire. The four documents have been put in place to ensure that all places are allocated in an open, fair and transparent way.

One of Wiltshire Council's Business Plan outcomes is to achieve inclusive communities where everyone can achieve their potential. Key to this is that everyone has access to high quality education. A functioning, fair admissions policy is required to achieve this.

3. Main Considerations for the Council

The proposed co-ordinated schemes and admission arrangements have been sent out for consultation to all relevant stakeholders including pre-schools / nurseries, schools, and Dioceses; they have also been placed on the Council's

website for parents and the public to view as well as being sent to neighbouring authorities. The documents were published and sent out for consultation in November 2018 and comments were invited to be received up until 14 January 2019.

The Local Authority has received no comments in response to the consultation.

As in previous years it is clear, that there is confidence and that with suitable communication systems being in place, the co-operation between the Admissions Team and the Foundation, Voluntary Aided schools and Academies which is essential for the smooth operation of a co-ordinated scheme, will be forthcoming.

The proposed timetables for the primary and secondary co-ordinated schemes are based on those used in previous years and so they are familiar to schools and the Admissions Team at Wiltshire Council.

The statutory regulations give clear deadlines for admissions applications, to which the co-ordinated admissions schemes must adhere.

- Secondary Deadline 31 October 2019
- Primary Deadline 15 January 2020
- Secondary Notification Date 2 March 2020
- Primary Notification Date 16 April 2020

The co-ordinated schemes include the provision to co-ordinate all admissions to all schools for the main years of entry. The main years of entry are Reception, Year 3 (Junior) and Year 7. In line with the School Admissions Code, there is no longer the requirement for In Year applications to be co-ordinated within county or cross border. In the attached schemes, however, it is proposed that all In Year applications continue to be made directly to Wiltshire Council for places at Wiltshire schools. This is so that we can monitor which children are potentially out of the school system for safeguarding purposes.

The co-ordinated scheme for main round applications for places at primary schools (Reception intake) mirrors that which operates for secondary schools (Year 7 intake). Wiltshire residents may apply for an out of county school on a Wiltshire form. Out of county residents can apply for a Wiltshire school through their own local authority.

It is clear from previous years, that there is widespread agreement with the proposed admission arrangements for Voluntary Controlled and Community schools which are also considered to be fair and objective as required by the School Admissions Code.

Currently children living within a school's designated area are given priority over children from outside that area. The tie break used if a school is oversubscribed within any criterion is that of distance (straight line) from the school.

One change to the proposed policies is that the Local Authority has removed the arrangements and criteria for the Special Planning Area, for admissions in 2020/21. This criterion was put in place to enable Wiltshire Council to provide as

much support as possible to military families relocating to Wiltshire. The Army Basing programme from Germany is due to complete in September 2019 and therefore the criterion for 2020 entry is no longer required.

The proposed co-ordinated schemes and admission arrangements are in accordance with the requirements of the School Admissions Code which came in to force on 19 December 2014.

The admission arrangements for Voluntary Controlled and Community schools will be operated within the appropriate co-ordinated scheme for admissions within Wiltshire and are compatible with the timetables laid down by the co-ordinated schemes.

Following the period of consultation and once determined by Cabinet, the schemes and admission arrangements will be circulated to all schools in Wiltshire and to our nine neighbouring local authorities and published on the Council website. They will be implemented from September 2019 when the process of admitting children to the intake year in 2020 begins.

4. Background

The purpose of co-ordinated arrangements is to make the application process simpler for parents by ensuring that each child gets one offer for one school place. This requires the School Admissions Team to work with colleagues in Academies, Foundation and Aided schools in Wiltshire and other local authorities.

The co-ordinated process is accepted by schools and the scheme does not need substantial revision. The proposed schemes are substantially the same as those currently being used. All four schemes have been drafted in line with The School Admissions Code which came into force on 19 December 2014.

The LA is the admissions authority for all Community and Voluntary Controlled schools in the county. The governing bodies or Trusts of Academies, Voluntary Aided and Foundation schools are each their own admissions authority.

Each admission authority must determine the arrangements to be used when allocating school places. These proposed arrangements will be used solely for admissions to Wiltshire Community and Voluntary Controlled schools. They incorporate the criteria used to prioritise applications in situations when a school is oversubscribed (i.e. when more applications are received than places available) as well as showing how all admissions will be processed.

6. Overview & Scrutiny Engagement

Not applicable

7. Safeguarding Implications

In the interest of safeguarding, the Local Authority co-ordinates all applications for all children to Wiltshire schools this ensures that the School Admissions Team can monitor which children are potentially out of the school system. If a parent is

unable to secure a place at their preferred school, the School Admissions Team will ensure that a place is allocated at a reasonable alternative.

8. Public Health Implications

There are no public health issues arising directly from this report.

9. Procurement Implications

There are no procurement implications directly arising from this report.

10. Equalities Impact of the Proposal

The Admissions Policy and Coordinated Admissions Schemes are put in place to ensure all applications for a school place are treated in fair, open and transparent way. Although not part of the proposed co-ordinated schemes or admission arrangements, it should be noted that all application forms can be produced in different languages on request.

The online system for applications to be made has developed since it was introduced in 2006. Over 90% of applications for September 2018 intakes were received electronically.

Paper copies of the application forms are also still available for parents/carers who do not have online access.

11. Environmental and Climate Change Considerations

The Admission Policy of the local authority is to give local children priority when applying for their local school. This policy of 'local schools for local children' has been maintained for many years and is a way of encouraging parents to consider the environmental impact of long journeys to school.

Should the Admissions Team not be able to offer a place at a child's designated school and the child lives further than the statutory safe walking distance for the child's age, then free transport would be provided to the next nearest school with available places. The percentage of children this currently applies to in Wiltshire is 0.8%.

12. Risks that may arise if the proposed decision and related work is not taken

Were the Local Authority not to determine co-ordinated schemes for its maintained schools, the Secretary of State would impose a scheme on us.

The Office of the Schools Adjudicator has a monitoring role to play in regards to admission arrangements. It is the statutory responsibility of admission authorities to ensure that these are in place by 28 February 2019.

13. Risks that may arise if the proposed decision is taken and actions that will be taken to manage these risks

There is a small risk that confusion or challenge may occur over the 2020/21 proposed arrangements, however, this is mitigated as the changes in the proposed 2020/21 scheme have been kept to a minimum.

14. Financial Implications

The budget to support admission arrangements is funded from the Dedicated Schools Grant (DSG) received by the Local Authority. In line with latest school funding arrangements, the funding for admission arrangements will form part of the Central Schools Services Block of the DSG from 2019-20 and is therefore determined by Schools Forum as part of the consideration of the overall central schools block.

The Admissions Team budget covers the staffing and support costs of the team and the cost of managing and administering appeals for school places. This includes the costs of the Independent Appeals Panel and that of Democratic Services who service the Appeals Panel. Every parent has the right of appeal for a school place and therefore these costs are demand led.

Whilst the percentage of applications for a school place made on-line is increasing, the volume of applications overall and appeals being requested are also increasing. Any increases in workload will be met through increased efficiencies and there are no plans currently to increase the Admissions budget.

15. Legal Implications

The School Admissions Code, issued under Section 84 of the School Standards and Framework Act 1998, imposes mandatory requirements in relation to the discharge of functions relating to admissions to maintained schools. The Local Authority has a statutory duty to act in accordance with the relevant provisions of the Code. This includes a statutory duty to determine schemes for the co-ordination of admissions and admission arrangements for Voluntary Controlled and Community schools. Should the Local Authority fail to do so the Secretary of State may impose schemes. The proposed schemes and scheme changes have been drafted to comply with the requirements of the Schools Admissions Code which came into force on the 19th December 2014.

16. Options Considered

It is a legal requirement to have these policies in place and therefore no alternative has been considered.

The schemes and arrangements as presented have been sent out to all schools for consultation and no alternative suggestions have been received to date.

17. Conclusions

Cabinet is asked to approve the appended schemes which will become the determined Admissions Policy for Wiltshire for 2020/21.
