# Wiltshire context

**Modern transport has transformed our society and economy. It has enabled us to take advantage of a wide range of dispersed opportunities and to keep in contact with family and friends. Advances in road haulage and distribution methods have stimulated economic growth by helping to provide us with unparalleled consumer choices, a 24-hour society and just-in-time deliveries.**

At the same time, however, our reliance on the private car and the lorry has led to busier and more congested roads. This, in turn, has resulted in fewer people keeping healthy through walking and cycling, increased concerns with regard to noise and other community aspects, accessibility issues for people who rely on public transport, and significant environmental impacts such as air pollution and climate change.

So, while transport can be viewed as simply a 'means to an end' (i.e. it just gets us from A to B), in reality it's a key element of a modern society with impacts on the economy, climate change, people's health, social exclusion, street scenes and the countryside.

# Local Transport Plan

- The Local Transport Plan sets the framework for maintaining and improving transport in Wiltshire;
- It needs to align to our Local Plan Review and will help deliver Wiltshire Council's Business Plan priorities for transport across the County;
- We carried out an 'issues and options' consultation during 2023 and are currently drafting core and theme documents.
- Key themes will include:
  - Road Safety;
  - Public Transport;
  - Car Parking Strategy;
  - Freight;
  - Active Travel
  - Decarbonisation.
- Public Consultation will follow in Spring/Summer 2024 with final adoption later in the year.

# Public Transport Review - consultation

- Aim is to help shape future bus policy and priorities for support
- Will help ensure we are providing value for money whilst delivering on Business Plan priorities and objectives of the National Bus Strategy
- Bus market has changed since COVID 19 - lower patronage levels
- Driver shortage and inflationary pressures
- Stakeholder consultation June 2023 - 163 responses
- Wider public consultation until November 10<sup>th</sup>
- Over 1000 responses to date
- Aim for a new policy and network for implementation from April 2024

# Highways Maintenance

Highways maintenance typically refers to the upkeep and repair of public roads, pavements, and other related infrastructure. This can include tasks such as filling potholes, resurfacing roads, repairing bridges, road signs and markings, traffic signals and street lights.

- 1. Reactive maintenance:** This approach involves responding to issues as they arise, such as repairing potholes or replacing damaged signs. Reactive repairs are primarily driven from our scheduled inspections but also public reports such as via the MyWilts app. When assessing defects, we apply intervention levels as laid out in our Highways Inspection Manual – in other words, we prioritise the response based on specific safety criteria.
- 2. Planned maintenance:** This approach involves scheduling regular maintenance tasks to prevent issues from arising in the first place or getting worse. For example, regular road resurfacing or bridge inspections to identify and address issues before they become more serious.
- 3. Asset management:** This approach involves taking a long-term view of highways maintenance, and involves evaluating the condition of roads and infrastructure and prioritizing maintenance tasks based on factors like condition, safety, cost, and rate of deterioration.

# Highways Maintenance - Benchmarking

## 2022 South West Road condition scanner survey benchmarking

Scanner surveys provide a consistent method for measuring road surface conditions. The data is used to help inform maintenance decisions. The Scanner survey collects surface and geometric data using vehicle mounted lasers and cameras. Forty three parameters are collected and the results reported to the Department for Transport on an annual basis.

# Potholes Why so many?

Summer 2022 Dry & Hot

Road Surface Temperatures in Excess of **55 degrees C**

Autumn 2022 Wet

November – 145% of normal rainfall

Winter Dec Onwards – long periods Sub Zero

Road Surface Temperatures fell below **-9 Degrees C**

# Interim Repair

- Undertaken to keep road safe
- Can provide a durable repair
- Enables more extensive repairs to be programmed efficiently

# Permanent Repair

- Failed Area Cut out using a mini planer
- Reinstated using “hot” material hand laid

# Local Highway & Footway Improvement Group (LHFIG)

- 18 Groups across the County aligned to the Area Boards.
- LHFIGs exist to enable local communities to raise local highway issues, prioritise them, and provide a mechanism for these issues to be addressed.
- The Groups have an annual funding allocation to allow delivery of solutions.
- Representation at the Group is through Parish & Town Councils.
- Lots of detail on the [Wiltshire.gov](http://Wiltshire.gov) website on the Highways pages.

## Warminster LHFIG

- Current budget £57,164 Commitments £50,736
- 28 live projects

# Parish Steward Scheme

- Our team of Parish Stewards are specially trained to complete small-scale discretionary local highways priority works to town and parishes.
- There are 18 Parish Stewards, one for each community area, who work with representatives in their parishes to ensure all work requests are clear and are logged for review before they start the work. We also have a support gang that works with the Parish Stewards on larger-scale projects, based on demand.
- Tasks include proactive and reactive works. For example, verge siding out, vegetation clearance, pothole repair, drain and gully clearance.

# Verge and litter clearance – extra funds

- Grounds maintenance and street cleansing in the Warminster and surrounding area is the responsibility of Wiltshire Council and has received an extra investment of £0.3m this year.
- Enforcement resources are being increased to tackle the issues of fly posting, fly tipping and rural littering.
- Loan cleaning equipment is provided by the council's street cleaning contractor, idverde, to town and parish councils to support community events.
- Idverde are also available to support community groups with street scene improvement works.

#RPU 'caught' this freshly stolen bus from Bristol on the M4 'hiding' in the services. Some help from the public and a swift foot patrol by RPU arrested the driver sus TWOC, drug drive plus other driving offences. You wait and wait for a bus and then....a stolen one arrives!

#RPU managed to get 5 Mclarens stopped on the A303 after the pack were driving in excess of 100mph and close proximity driving to themselves and the public. This isn't a race track so take your 'driving experience' and sign the traffic offence report (push hard it's 3 copies)
