Public Questions

Questions from Jane Laurie:

- 1. Which oil, gas and coal companies are included in the Wiltshire Pension Fund's managed funds, and how much is invested in each?**
- 2. As stated at the Responsible Investing seminar, the Brunel Partnership allows for areas of particular interest and concern to partners to be selected. Will the WPF select climate change (and the risk of stranded assets) as one of their top concerns?**
- 3. What analysis has the WPF done into the potential risk of stranded assets, especially in oil, gas and coal investments? How does this risk compare to that of any negative impact, if any, resulting from divestment from these companies?**
