SOUTH WILTSHIRE COMMUNITY POLICING TEAM – May 2018

Tidworth Area Board

Sector Head: Insp Pete Sparrow

Sector Deputy: Sgt John Hutchings

Community Coordinator: Pc Lucy Wileman

Tidworth & Ludgershall

PCSO: PCSO David Simons

PC: PC Jim Nicholson, PC Myles Scott, PC Ian Cooke, PC Sam Van den Broek, PC Josh Bliss, PC Toby McKee, PC Steve Porter, PC Alastair Jarvis, PC Sarah Moth

Over the last few months South Wiltshire CPT has responded to unprecedented demands, the impact of which has been felt locally and around the world. Much has been said about this major incident in local, national and international media and we still see cordons in and around the city. I'm pleased that we are now moving from crime scenes towards the lengthy clean up phase and that the 4 persons who were physically affected are all showing positive signs of recovery. I apologise for the impact these cordons have had upon both individuals and businesses and can assure you that Wiltshire Police continue to work closely with our colleagues in Counter Terrorism and DEFRA to balance the needs of the investigation without sacrificing the safety of the public.

The incidents of 4th March 2017 have instigated an expression of public support for their emergency services. The community spirit has been based around unity. Acts of kindness continue with offers of warm drinks on cold days and ice-cream in the heat. There have even been offers of roast dinners and haircuts! But what really struck me were the messages of support and good wishes towards the recovery of those affected and the efforts of the emergency services that have been received from around the World. There really have been too many to respond to, but each and every one has been gratefully received.

I am incredibly proud of the way my officers responded on the day as well as the way the wider Policing family have united to meet the demands. No Police service could manage an incident of this scale without the support of mutual aid. We still have over 80 officers per day working on managing the cordons with countless others working on the investigation and cleaning operation. The 'can do' attitude of everyone involved is heartening. They have embraced the true meaning of Community and have immersed themselves with engagement at every opportunity to help reassure the public and soften their impact.

It is worth noting that Major Incidents do not happen very often. However, South Wiltshire CPT responded to two within a week. The officers who attended to the medical needs in the Maltings were the same officers who had been working extensive hours to help rescue motorists trapped in the snow during their preceding shifts. Again, this demonstrated the community spirit that exists in South Wiltshire with support from farmers and 4x4 drivers coming to help.

When the Community Policing Team Model was introduced in October 2016, the Policing areas were based on demand profiles. A recent decision was made to bring Amesbury and Tidworth area away from the East CPT and into the South CPT, which came into place at the start of April.

This is a move that I welcome as it provides me the resilience I need to move resources to meet the demand. My focus now is to increase the number of frontline deployable officers, help these two areas work as one team and deliver the best possible service to our community.

I noted with interest the latest media release from the ONS on Crime Statistics, which reported that between January 2017 and December 2017, Wiltshire Police recorded 44,043 crimes overall – an increase in 7.9% compared to the national average of 15.3% and 11.1% regionally. Statistics are often blunt tools and caution should always be taken when trying to interpret them, particularly when the sample size is small. In no way would I want to represent that a rise in crime is good, but crimes in Wiltshire were rising at a slower rate than the national picture.

I have reviewed our 12 month figures for South Wiltshire to the end of March 2018, where we witnessed a 3% rise in All Crime. I have broken them down to each Area Board to provide you with an opportunity to appreciate the scale and direction of various crime types and local variance. The most significant figures that I would like to highlight are:

Robbery – Down by 42%; Possession of Drugs Down by 28%, but Trafficking of Drugs Up by 79%. This is the reflection of the targeting of County Line Drug Networks, particularly in Salisbury. The focus on dealing and not simple possession has led to improved community intelligence, supporting the use of closure orders and protection of vulnerable addicts who can be directed toward rehabilitation. Although a Salisbury based focus, the tendrils of Class A drug addiction impacts on crime rates on a much wider area.

Violence with injury is Up by 16%. This rise is across all areas and will need some more research to appreciate how this rise compares when split between private and public space violence and any relationship with Domestic Abuse.

Sexual Offences are Up 21%. This is principally due to one ongoing investigation and inappropriate to comment further.

Cycle Theft Up 65%. We have recognised this and PCSO Simon Nash is organising a cycle marking and register event in partnership with www.bikeregister.com from the Five Rivers Leisure Centre. Once we have details we will circulate them on our Social Media and Community Messaging.

I hope these figures reassure you that the South Wiltshire area remains a safe low crime area.

South Wiltshire CPT have also joined forces with our local Community Speed Watches. We are now being provided the data that they collect to help direct our officers in prioritising where they should be conducting speed enforcement. I often hear from various Area Boards that speeding is one of their top concerns and that they never see a Police Officer... well here is an opportunity for the various Area Boards to set up and support more CSW programs. I will commit that South Wilts CPT will attend the top 3 locations based on collected speed data and 1 further location that is rotated to allow us to attend all CSWs over the year. These areas will change on a fortnightly basis and we will keep publicising where we are going, although not the times we will be out. Sometimes we will do this with the CSW and at others not. Not only is this a great way to support another volunteer sector, it is also an opportunity to demonstrate that our officers are getting out onto their areas.

NEWS

Wiltshire's overall recorded crime increase is half the national average according to crime statistics out today.

Between January 2017 and December 2017, Wiltshire Police recorded 44,043 crimes overall - an increase in 7.9% compared to the national average of 15.3% and 11.1% regionally.

Recorded burglary was up 13.2% on the previous year's figures with 503 more burglaries, making a total of 4,318 break-ins for the year January 2017 to December 2017.

This increase is primarily down to how break-ins are recorded by the Force; since April 2017 the way burglary is recorded has changed nationally and new categories are not directly comparable to the previous ones i.e. shed break-ins are now classed as residential burglaries (home/property break-ins), whereas before they were categorised as non-dwelling (non-home/property break-ins).

Wiltshire Police has also improved how they record crimes with a 95.2% crime recording compliance rate.

Although the dramatic improvement in the quality of crime recording has impacted on the results, tackling burglary continues to be a Force priority and Wiltshire Police has also invested in crime prevention awareness concerning vehicle crime.

Over the past 12 months a burglary improvement plan has been developed which now forms the basis of all burglary investigations. Part of this has involved holding a series of public drop-in sessions across the county to take on board the concerns of people - our communities who are a vital resource in shaping our response to this type of crime. As part of this, burglary detection rates have nearly doubled since April 2017 from 3% to 5.8% and this continues to improve.

The ONS figures show an increase of 24.2% in theft from vehicles (2,064 in 2016 compared to 2,564 in 2017). Our analysis suggests that the majority of these incidents are from vehicles which are insecure or have valuables on display and are often beauty spot thefts.

Officers continue to run a number of crime prevention campaigns urging motorists to lock their vehicles and keep belongings out of sight.

Police and Crime Commissioner Angus Macpherson said: "Whilst it is always concerning to see an increase in recorded crime I am confident that our improved recording practices explain some of this increase.

"Although I continue to highlight the increases in crime as being reflective of recording practices, at no point am I, or the Chief Constable becoming complacent.

"The Force has recognised the increase in domestic burglary and vehicle crime, and I am pleased to see the Force is robustly responding to the concerns that I and the wider community have about these crimes.

"I have challenged the Chief Constable and his team frequently and will continue to do so on burglary, as this increase is not acceptable, and while detection rates are increasing more improvements need to be made.

"The Force has had some recent success in securing convictions for prolific burglars and I am reassured that this continues to be a Force priority."

Meanwhile, the number of overall recorded drug offences dropped by 15.2% with 187 fewer offences in 2017 compared to 2016.

The number of recorded rapes has increased by 37%, with 30% of this increase being accounted for by non-recent reports and 70% being reported within 12 months of the incident.

This increase also accounts for multiple reports of crime coming from the same victim.

Angus Macpherson added: "I'm committed to ensuring that victims of crime have the confidence to report crime to Wiltshire Police and receive support from their very first call and throughout the criminal justice process when they do.

"And I will continue to fund a number of victim support services across the county to ensure that this continues to be the case."

The figure reflects that more victims are feeling confident to come forward and report a sexual assault thanks to international awareness campaigns like #MeToo, which went viral in October 2017, and the publicity around high profile historical sex abuse cases.

Detective Superintendent Jeremy Carter said: "We take reports of rape and sexual assault incredibly seriously and we always work hard to provide the appropriate support for victims of these types of crime so they feel able to report the offence and work with police so we can get a successful prosecution.

"We have recently employed a lawyer with expertise in sexual offences to give our staff additional training to ensure they are well equipped to conduct thorough investigations to maximise the opportunities for prosecutions.

"We always encourage people to report these types of crime to us, so they can be investigated thoroughly. Through our Sexual Assault Referral Centre (SARC) we will always signpost additional support for victims through what is often a very traumatic time. Victims can seek help and counselling from the SARC based at the New Swindon Sanctuary - they can be contacted on the 24-hour helpline 0808 168 0024.

"Crimes can be reported to police by calling 101, or 999 in an emergency."

Assistant Chief Constable Craig Holden said: "Our crime increase is lower than the national and regional figures and compared to similar sized Forces we are well below the average crime figures; however we are not complacent and remain focused when it comes to tackling all crime and criminals.

"Our crime recording is consistently high and stable as reflected by our HMICFRS grading. The figures we are seeing are now an accurate picture of crimes in our county and the work we are doing to combat criminal behaviour is reflected in this too.

"As a Force we are constantly changing our processes and are pro-actively putting into practice the recommendations made. A good example of this is the introduction of the Community Tasking Teams (CTT) last year and their on-going work, with burglary continuing to be a Force priority.

"The CTTs have targeted the small number of prolific offenders responsible for most of burglaries in our communities. This has resulted in a high number of arrests, remands in custody, convictions and custodial sentences.

"The CTTs will continue to work relentlessly to improve how we engage with the communities we serve, and ultimately to reduce future offending."

Our Tri-Force police dogs and their handlers need your help

We are looking for new venues within Wiltshire to train our police dogs. Do you know of any empty or disused buildings for our firearms support/general purpose German Shepherd police dogs?

Or do you know of any office complexes, large houses, colleges, stadiums or other venues for our drugs or explosive search dogs? These dogs can happily search safely around people so these premises do not need to be empty like the ones required for our German Shepherds.

If you have empty buildings awaiting to be let or sold, we would be interested in these too, even if they are only available for a few weeks – our dog handlers (and dogs) would be extremely grateful.

It is really important for the development of our police dogs that they receive training in realistic venues to prepare them for

operational duties. If you have any buildings or land which you would be happy for our dog handlers and dogs to use for training purposes, please contact our dog training manager Ian Partington via email on ian.partington@wiltshire.pnn.police.uk.

Current Priorities Tidworth and surrounding areas.

Following the recent Neighbourhood Tasking Meeting on 16th April it was decided amongst the group, that the new priority for the next 3 months would be to concentrate on reported issues of drug use and anti-social behaviour amongst the youths in Tidworth. A separate meeting took place on 26th April with Pc Wileman, PCSO Simons, Brian Pratt & Carly Lovell to discuss the way forward. School talks to be arranged, possibility of a new street warden scheme to be set up, how to share more information via social media and gain access to the numerous facebook accounts that every town now has. To date 17 patrols have taken place. Anti-social behaviour surveys have been hand delivered to all residents of Melksham House. We will collate the findings of the surveys and share the concerns with the Town Council.

One piece of good news since this patrol commenced on 17th April was the following that took place on 22nd April:

A 22-year-old man from Tidworth has been arrested on suspicion of drug offences and money laundering.

Officers spotted a man acting suspiciously in the bus shelter near Melksham House in Tidworth shortly before midnight on 21 April. When officers approached the man, he was evasive and made off from the scene. He was located a short time later in overgrowth nearby.

He was arrested on suspicion of possession and being concerned in the supply of class A drugs.

A Section 18 search was then conducted at an address associated with the man and a number wraps of what was believed to be cannabis were located, along with two mobile phones, approximately £900 in cash, a knife and a set of scales. He was further arrested on suspicion of money laundering.

Enquiries are continuing and the man has since been released under investigation while enquiries continue.

If you suspect drug activity in your area, please call 101 to report it.

Target Patrols Tidworth and surrounding areas

New Buildings Enford

Due to a series of criminal damage to motor vehicles at the location, a target patrol commenced on 20th February to offer reassurance and obtain further intelligence. This patrol **closed** on 9th April. In total 30 patrols were actioned.

Zouch Farm Estate & Arnott Close

On 16th February target patrols commenced following reports from the community of a group of youths ringing doorbells, banging on doors, throwing eggs at windows and knocking over recycling bins. Due to no further patrols this **closed** on 13th March with 13 patrols actioned.

Recreation Road, Old Common Way & Fleming Close

Patrol set up following an incident of a distraction offence at an address. Target patrols commenced on 20th February to offer some reassurance to our elderly residents. The patrol **closed** down on 10th March with 6 patrols actioned.

Empress Way

Due to complaints of Anti-Social Behaviour in Empress Way, a target patrol commenced on 23rd April to offer reassurance and gather community intelligence. The patrol continues at this time.

Community Speed Watch

On 9th May your Community Policing Teams at Amesbury will receive their fortnightly taskings to support their Community Speedwatch Teams. 4 locations will be selected where officers will carry out speed checks.

Neighbourhood Tasking Meeting

The next NTG is booked for 14.30 hours on 23rd July in the Ludgershall Town Council Office

Media

We continue to use our Tidworth Facebook page and PCSO Simons is negotiating regular Radio Broadcasts with Brian Pratt.

Consultations

As PCSO Simons settles in he will start to arrange community drop in clinics on his area. The new PCSO for Ludgershall & Ludgershall Rural is currently in training at headquarters and should be out with us in July.

Update re Rural Crime Partnership

Wiltshire Police, working with our partners Avon and Somerset Constabulary, Devon and Cornwall Police, Dorset Police and Gloucestershire Constabulary are pleased to pledge our ongoing commitment to Operation Badger, which is an intelligence-led nationwide police operation gathering evidence of badger persecution and targeting offenders.

All five south west forces are sharing the new set of posters agreed by the UK Priority Badger Group depicting the plight of the badger and urging members of the public to report any illegal activity they are aware of.

Chief Inspector Richard Pegler The Senior Rural Crime Officer from Gloucestershire Constabulary said: "We are pleased to join our partners in our ongoing commitment to Operation Badger, which we hope will once again raise awareness of the cruel and illegal activities carried out against them.

"Badgers are a protected species, and defined as a priority group by the National Wildlife Crime Unit.

"There are many levels of persecution; such as sett interference, shooting, poisoning, snaring, or badger baiting, all result in either a loss or disturbance of their habitat, suffering or death. These offences are sadly all too frequent events across the UK. There is also a link between some of the activity and the involvement of organized crime groups.

"We appeal to everyone to be our eyes and ears - together we can make a difference.

"If you believe a crime is taking place call 999, or you have any information call 101 or Crimestoppers on 0800 555 111."

FIRE AND RESCUE**

Tidworth Area Board Report

May 2018

Staying safe in and near water

Cooling off in rivers, canals, ponds, quarries and lakes can have deadly consequences.

Every year, firefighters are called to incidents where residents (particularly children and young people) get into difficulty when swimming in open water.

Dangers of cooling off in open water

The water may look calm on the surface, but there may still be strong undercurrents that could pull even a strong swimmer under.

The water may also feel relatively warm on the surface, but just a few feet below can be icy cold – even in the hot weather – and can very quickly cause severe cramp and hypothermia.

Young people often misjudge their swimming ability – they may view a river or lake as a tempting means of cooling off during a hot spell of weather, but fail to appreciate the harmful effects that the cold water can have on their stamina and strength.

Key safety tips for staying safe near water

The following are some key safety tips for staying safe near water:

Alcohol and swimming do not mix – stay out of the water if you've been drinking.

Always watch your child while at the beach, lake or other natural bodies of water.

Never let older children swim in unsupervised areas like quarries, canals or ponds.

Don't swim near motor boats, jet skis or other power vehicles.

Never interfere with lifesaving equipment – you might need it yourself.

Learn to spot and keep away from dangerous water.

Take safety advice – heed notices which warn you of the danger. See national water safety signs for guidance.

Children should always visit open water sites with a grown-up.

PROTECT

PROTECT

Swimming anywhere other than at purpose built and supervised swimming pools is highly dangerous and is not recommended, unless as part of an organised club.

Safe and Well Visits- Home safety

The Pewsey area has a dedicated Fire Service '**Safe and Well**' advisor who can visit people, within their own homes, advising on home safety and wellbeing.

A Safe and Well visit is **FREE** and normally last about one hour covering topics such as:

- Using electricity safely
- Cooking safely
- Making an escape plan
- What to do if there is a fire
- Keeping children safe
- Good practice – night time routine and other points relevant to you
- Identifying and discussing any further support the occupier may need

If you have thatch property, are living alone, have a young family, are over 65 or a smoker please get in contact with us. We want to help make you safer in your own home. If you or someone you know has mobility or sight and hearing impairments, please suggest a Safe and Well visit.

Visit <http://www.dwfire.org.uk/news/new-name-new-contact-details-same-service/> to book one.

Controlled Burning

DWFRS are regularly called to fires which members of the public believe to be emergencies but, on attendance, are found to be bonfires or land clearance.

Such calls cause a drain on our resources and put both the public and firefighters at risk when we respond under 'blue light' conditions.

If you are going to have a bonfire, or another type of controlled burning that will be visible to passers-by, you can let our Fire Control know by calling 0306 799 0019 – you can also complete an online notification.

Fire Control will want to know the exact location of your fire, the times you are planning on letting the fire burn, and a contact number for you, or whoever will be responsible for the site. This will help us to avoid mobilising crews to you unnecessarily.

PROTECT

PROTECT

Please let us know if you are planning:

A sizeable bonfire in your garden or on other land

Any sort of fire on farmland

Stubble burning

Want to become an On-Call firefighter ?

Or know someone who does?

On-call Firefighters provide a part-time service around other commitments. They let us know when they are available and respond to emergency call outs.

To find out more about the role please visit the 'Working for us' pages of our website or drop into the station on a Monday evening for a chat.

We also have opportunities for **Volunteers**. If you are interested please see the Service Web-site, contact Neil Chamberlain or speak to me. My contact details are at the end of this report.

'Safe and Well' and 'Health and Well-Being'

The Service is keen to maintain a link between our **Safe and Well advisors** and **Health and Wellbeing** activities across the Pewsey area.

The Service is looking to work with any local groups to exchange information on vulnerable households. We have a software programme '**Pinpoint**' which will identify the high risk premises, within the Pewsey Community Area, and allow both the Service and local groups to engage in joint working and information sharing in order to protect the most vulnerable members of our community. Helping people to remain in their own homes for as long as possible, living safely and leading a more fulfilling life is an admirable objective for all of us.

Incidents of note.

- 1 Dwelling fire within bedroom
- 2 Agricultural fires, 1 involving 3 tonnes of straw, 1 involving a storage barn
- 2 small vehicle fires
- 1 unattended Bonfire

Special Service Calls

- 1 Road traffic collision- Scene safety only- Fuel/Oil spill
- 1 incidents of domestic flooding
- 2 Assistance to ambulance to gain entry

Electoral Review of Wiltshire Council – Update Consultation on New Division Boundaries

Background

1. As detailed in [Briefing Note No. 337](#), on 17 October 2017 Full Council was informed that the Local Government Boundary Commission for England ('the Commission') would be undertaking an electoral review of Wiltshire Council. The review would be to consider the total number of councillors on the council, and then review the numbers and boundaries of electoral divisions within the council, for implementation at the next elections in May 2021. The decision on the number of councillors, and pattern of divisions, is taken by Parliament following the recommendation of the Commission.
2. Full Council established an Electoral Review Committee ('the Committee') to progress any council responses to the Commission. For the preliminary stage of the review the Council was invited to make a submission setting out what it felt the evidence demonstrated would be the optimum council size moving forward, taking into account the Council's governance arrangements, its regulatory and scrutiny functions, and the representational role of councillors.
3. Following work from the Committee, on 20 February 2018 Full Council approved a submission which argued that the most appropriate council size moving forward would be 99, an increase of 1 from the current position. In particular, the fundamental role of community area boards was highlighted. The final version, as submitted to the Commission, can be found at [this link](#).
4. **The Council will be informed by the end of April 2018 of the 'minded to' decision of the Commission on council size. A further update to councillors will follow at that stage.**

Next Phase

5. The next phase of the Electoral Review, which is officially the first stage of the formal review process, is for the Commission to seek representations on new electoral division boundaries for Wiltshire Council, based on the total number of councillors being proposed. As part of this process there will be public consultation on the new division boundaries for the Council. This will be to allow the Council, other organisations and members of the public, to make representations and provide evidence on the most appropriate pattern of divisions moving forward. The Commission will use that evidence to assist in drawing up their draft recommendations for electoral divisions, on which they will consult later in the year.

6. The Commission will create a consultation portal for the Wiltshire Council review on [their website](#), on which they will include all relevant materials and instructions for organisations and the public to construct a suitable submission.
7. Any submissions to the Commission will be required to seek to create divisions as close as possible to the figure of electors per division (not total population per division) identified by the Commission's 'minded to' decision, whilst also seeking to reflect community identities and provided convenient and effective local government. Localised evidence from organisations and communities may justify a certain level of variance from that figure, but submissions will need to provide evidenced justification for any such variance.
8. **The consultation for the next phase will begin on 1 May 2018 and run until 9 July 2018. Any parties interested in making a submission on division boundary patterns should submit this directly to the Commission.**

Wiltshire Council Consultation

9. Although any interested parties are encouraged to submit any representations directly to the Commission, the Committee would also welcome any views from organisations, communities or the public, as it prepares a submission on behalf of the Council. **Any representations to the council should be sent to committee@wiltshire.gov.uk.**
10. Due to their role at the centre of the increasing devolution of decision-making to communities, the Electoral Review Committee has prepared this briefing note and other relevant information, which will be taken to each Area Board in Wiltshire in order to publicise the review and provide guidance to anyone interested in making or contributing to a submission. It will be taken as an item at the following meetings:
 - 26 April – Warminster Area Board
 - 3 May – Southern Wiltshire Area Board
 - 8 May – Malmesbury and Melksham Area Boards
 - 9 May – Royal Wootton Bassett and Cricklade Area Board
 - 14 May – Devizes and Tidworth Area Boards
 - 15 May – Marlborough Area Board
 - 17 May – Salisbury Area Board
 - 21 May – Pewsey Area Board
 - 23 May – Bradford-on-Avon Area Board
 - 24 May – Amesbury and Trowbridge Area Boards
 - 29 May – Calne Area Board
 - 30 May – South West Wiltshire Area Board
 - 31 May – Corsham Area Board
 - 4 June – Chippenham Area Board
 - 7 June – Westbury Area Board
11. For the assistance of councillors, organisations, communities and the public, links are provided to the [technical guidance on electoral reviews](#) from the Commission, as well as a guidance document on [preparing a submission](#) on proposing a pattern of divisions/wards.

Additional Stages

12. From 4 September to 12 November 2018 the Commission will consult upon its draft recommendations on new divisions, published after consideration of the submissions provided in Stage One. Area Boards would also be consulted by the Committee at this stage.
13. In March 2019 the final recommendations of the Commission will be published. At this stage they will no longer be able to be amended – a draft order will be prepared for laying in Parliament in Spring 2019, where the recommendations may be accepted or rejected, but not amended.
14. Should the recommendations be accepted, they will then be implemented for elections in May 2021.

They had received a quote of £3300 but this did not include traffic management and installation. GR to cost for both two and three sets of gates.</p>	GR
	<p>Issue 6162 A338 Collingbourne Kingston – Junction to Brunton</p>	<p><i>Roundabout outside St Marys Church Collingbourne Kingston. To remap the roundabout would be very expensive. However, it may be possible to provide bollards to the northern end of the roundabout and give way sign to the south. GR to cost these.</p>	GR

COMMUNITY AREA TRANSPORT GROUP ACTION / NOTES LOG

<p>Issue 6183 A338 Collingbourne Kingston Brunton to King Hill</p>	<p><i>The footpath beneath St Marys Church in Collingbourne Kingston is in a dangerous condition. It is too narrow and the surface too irregular for it to be considered safe for pedestrians. It is the only pedestrian access connecting the roundabout outside St Marys Church to the middle and south of the village including the village pub the Barleycorn. We would like the footpath to be widened and resurfaced. We would also like the entrance and exit to King Hill to be made more user-friendly for pedestrians.</i></p> <p>Submitted by the Parish Council – to be discussed.</p>	<p>The path is narrow and uneven. PC in discussions with PCC on whether land next to the path could be used to widen the path. GR advised that earth encroachment onto the path being removed would perhaps mean it being 1.2m wide. However, this would require traffic management. Await outcome of PCC and PC discussions before discussing further.</p>	
<p>Issue 6190 Tidworth, Ashdown Terrace Concerns regarding lack of footway width.</p>	<p><i>No safe path route from the new ashdown estate into town. The path is far too narrow to be walking along with young children with the big lorries coming past especially as none of the traffic seem to take notice of the 30mph speed limit either. Safety barriers along would also be useful.</i></p>	<p>Footpath from Ashdown Terrace to Salamanca Drive, Tidworth. MC, GR and AC had walked the length of the path. The new path provided as part of the Ashdown Copse estate is of standard width. The old path to Ashdown Terrace is very narrow in places and there are no dropped kerbs at Church Lane or Ashdown Terrace. GR and AC advised that the path could be widened by cutting back earth that had encroached onto the path. This would be a large task that Parish Lengthsmen could not undertake easily and it would require traffic management. GR to provide a costed scheme to</p>	<p>GR</p>
<p>Issue 6191 Tidworth, Ashdown Terrace Concerns regarding lack of footway width.</p>	<p><i>The footpath between ashdown estate In Tidworth heading towards Tesco is unsafe. The path isnt wide enough especially for the speed that cars travel down there its also unsafe for buggies and bikes which is a big issue as this is a family estate and that is the only path for us all to use to head in that direction.</i></p>		
<p>Issue 6193 Tidworth, Salamanca Drive Concerns regarding lack of footway width & request for speed limit.</p>	<p><i>The pavement for pedestrians to use from salamanca drive to chruch lane going via park road is dangerous. It is just about wide enough for a single pram but double prams have to be pushed along the grass. Even though this is a concern the worst part is the fact the tarmac isnt level and its in a</i></p>		

COMMUNITY AREA TRANSPORT GROUP ACTION / NOTES LOG

		<i>dangerous slant tilting prams towards the road. Then once you reach church lane there isnt a dropped curb to go down making it even more awkward especially as visibilty is minial as the bank on church lane is hard to see over. The main road is a 40 speed limit which should also be revised and changed to a 30 as its dangerous being a main route from the new housing estate for the school run. Footpath widened and leveled off. Dropped curb put in. 40 speed limit changed to 30 near the new housing estate.</i>	widen the path, provide dropped kerbs for Church Lane and Ashdown Terrace and raised kerb at former entrance.	
	Issue 6194 Tidworth, Ashdown Concerns regarding lack of footway width.	<i>I am aware that residents on the new Ashdown Estate in Tidworth are requesting that the pavement along the main road into Tidworth centre is made wider and drop curbs put in at junctions to allow better access for pedestrians with buggies. While this is a valid endeavour as pedestrian safety along the main road is poor it would probably be easier to make the alternative route that avoids the main road by cutting through Fuse Hill and Ashdown Road to Tesco more accessible. This would require replacing the current two large steps on the alley between Church Lane and Fuse Hill Road with a ramp. At present it is very difficult to get a buggy up or down these steps without tipping the child. This would also be an issue for wheelchair mobility scooter users.</i>	<i>Post meeting update: The contractors can undertake the path from Ashdown estate in Tidworth, dropped kerbs and cutting back growth that has encroached over the years. The Town Council has agreed to fund 25% of the scheme up to £2500 and the Area Board will decide if it will fund the remainder, which is expected to be less than £10K in total.</i>

The funding of projects will contribute to the continuance and/or improvement of environmental, social and community wellbeing in the community area, the extent and specifics of which will be dependent upon the individual project.

2. Financial Implications

2.1. All decisions must fall within the Highways funding allocated to Tidworth Area Board.

2.2. If funding is allocated in line with CATG recommendations outlined in this report, and all relevant 3rd party contributions are confirmed, Tidworth Area Board will have a remaining Highways funding balance of **£0**

3. Legal Implications

3.1. There are no specific legal implications related to this report.

4. HR Implications

4.1. There are no specific HR implications related to this report.

COMMUNITY AREA TRANSPORT GROUP ACTION / NOTES LOG

5. Equality and Inclusion Implications

5.1 The schemes recommended to the Area Board will improve road safety for all users of the highway.

1. Background

Area Boards have authority to approve Area Grants under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the [Area Board Grants Guidance](#)

[The funding criteria and application forms](#) are available on the council's website.

2. Main Considerations

2.1. Councillors will need to be satisfied that funding awarded in the 2015/2016 year is made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors will need to be satisfied that the applications meet the Community Area Board grants criteria.

3. Environmental & Community Implications

Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

4. Financial Implications

Financial provision had been made to cover this expenditure.

5. Legal Implications

There are no specific legal implications related to this report.

6. Human Resources Implications

There are no specific human resources implications related to this report.

7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes, where they meet the funding criteria.

8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

9. Applications for consideration

Application ID	Applicant	Project Proposal	Requested
2722	5th Wiltshire B-P Scout Group	5th Wiltshire BP Scout Group Whatever The Weather Project	£3000.00
Project Description: 5th Wiltshire BP Scout Group draws members from across the Tidworth Area Board region from age 6 to 60 Every year we run at least 10 outdoor events. This project will fill gaps in our overall essential equipment and be used by all sections. It will also provide more advanced kit for our older members. In 2018 the entire			

Scout Troop will be attending a week-long World Jamboree giving our teenage members a once in a lifetime opportunity to mix with fellow scouts from across the world. This equipment will be an essential help at this and all future events.

Proposal

That the Area Board determines the application.

Application ID	Applicant	Project Proposal	Requested
2817	Tidworth and Ludgershall Men's Shed	New Roof Tidworth and Ludgershall Mens Shed	£2602.00

Project Description:

The Existing roof of our workshop Leaks and is un-insulated making it difficult and at times unsafe or unhealthy to operate during wet or cold weather. The current roof construction is metal profile sheets on timber beams many of which are rotting due to the leaks. These roofs are almost impossible to insulate due to high levels of condensation and in cold weather suffer from very high levels of condensation if the space is heated. After a thorough investigation it has been determined the best solution is to replace the roof with a modern warm roof construction that will address all the issues surrounding the existing situation thereby enabling the users to benefit all year round and encourage participation in with the group

Proposal

This equipment will benefit all members of the growing group aged 6 to 60 across five different sections. It may also be used when the Group attends or supports external events such as fetes sports days and army families days.

14. How will you monitor this?

All camps and events are logged on a central database which records who attends for census and insurance monitoring.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The equipment purchased will be stored in our existing dry high security storage we rent so will last many years. Outdoor camps and events are core regular activities in the Group. Events where the kit will be used are self funded as part of Group Activities or Events.

16. Is there anything else you think we should know about the project?

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

Any member of the community can benefit but particularly those who are feeling lonely isolated from a social network undervalued or simply want to become involved in local community. Those who want to pass on skills to others or those who want to learn new skills. The Mens Shed movement began in Australia to provide a companionship and skills sharing facility for unemployed particularly retired men. Since then the organisation has grown rapidly and is now a worldwide organisation that is now more inclusive and is a charity with many Mens Sheds providing help and support to the wider community. Tidworth and Ludgershall Mens Shed is committed to pursue these ideals with our members and to establish an organisation that can provide real support to a wide range of people in the community as explained below. The first group will be those who are lonely feeling undervalued or just lacking the facility to do anything. Those with skills can share them with others helping both participants. The aim is not to create a formal training facility but an environment that encourages social interaction and problem solving resulting in learning. This group can then work in the community providing practical help and assistance to those who are less fortunate. In this way it is possible to create a virtuous cycle which can become self-supporting with some services or products generating an income. The aim is to be fully inclusive encouraging any age over 18 gender and ability level to become involved.

14. How will you monitor this?

We aim not to be intrusive in any way so we will rely on unsolicited feedback. This has already proved successful and allowed us to learn and understand the best way to help individuals and community organisations.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The Shed is a long way to be self sustaining for its fixed commitments such as insurance Rent and electricity this is achieved through member subscriptions sale of items produced in the Shed and donations from other organisations we do work for in the community.

16. Is there anything else you think we should know about the project?

Catering lessons will be shared within the community including Help for Heroes weekly cooking lessons and WI lunches. Along with these regular community visitors students within the Academy and our local primary school pupils will benefit from improved facilities and enrichment programmes whereby they can learn how to grow their own fruits and vegetables and gain practical experience in preparing the raw ingredients all the way through to serving a main dish. These life skills help to enrich and build confidence within any student coming into the catering lesson or kitchen garden.

14. How will you monitor this?

Regular meetings with feedback is held with an community groups who use our facilities. We take on their ideas as much as possible. Students are very helpful at being open with what they would like to see and learn about in the way of food.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

Internal fundraising by catering department with help of students and a presence at community programmes such as local fetes and summer festivals.

Tidworth Garrison Saddle Club is a Not-For-Profit Army Welfare Facility under the Patronage of Tidworth and Bulford Garrison Headquarters. We offer a variety of riding activities to the local military and civilian community with emphasis on Military-Civilian Integration MCI. We are offering riding tuition for a catchment area reaching from Pewsey to Amesbury for all ages to include a Schools Enrichment Programme for Wellington Academy. Riding lessons integrating riders with learning disabilities such as

Autism Supporting our local Royal Artillery Pony Club and allowing riders from less affluent backgrounds participation on our riding school horses. We are also running a work experience programme for local schools and colleges reaching as far as Winchester and Salisbury and support those wishing to attain the Duke of Edinburgh Award. Furthermore we are in the process of setting up a riding for the disabled to support Help for Heroes. As we are currently running at capacity with the number of horses we can house we are looking to obtain a grant for a Pony-Pen on our site. This will enable us to take on 2 more equines so we may expand on the programme we deliver to the area.

14. How will you monitor this?

We capture details of all clients with an enrollment form and are able to produce statistics from this form

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

We will fundraise any surplus money through riding club activities such as Gymkhana Games on the 8th of April and our Table Top Sale on the 11th of March as published on our Website www.info@tgsc.org.uk

Tidworth

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

With our own PA system we would be heard properly when performing outside so would be able to attend more functions that dont have a system. We would also be able to organise our own charitable fundraising events in the future . Charities old people and children will all benefit.

14. How will you monitor this?

By counting the number of people attending our events and also the amount of money raised for the charities.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The funding will be a one off payment for equipment which will be guaranteed and maintained and insured.

16. Is there anything else you think we should know about the project?

Not applicable

TIDWORTH COMMUNITY AREA WALKS
OurWALK Digital Walking App

Executive Summary

The Community Engagement Manager, working in partnership with the Wiltshire History Centre, Public Health Wiltshire, Wiltshire Ramblers and the Open University, is seeking to develop a mobile phone application to enable local people to create their own healthy, local history walks in the Tidworth Community Area. The Application will be available to download on smartphones and it will list local walks and walking groups in the area. Users will be able to map and create their own walks, add content such as history, car parks, shops, pubs and promote these walks via social media. A funding bid has been made to the Heritage Lottery Fund to support the cost of developing the application and a contribution is now sought from Tidworth Area Board.

Proposal

The history walks proposal is set out in the Wiltshire Project Bank on the 'Our Community Matters' website and is attached as **Appendix 1**. The proposed specification for the application is set out in **Appendix 2** (subject to further development and testing with users). The Tidworth Area Board is being requested to allocate £1,000 to support the development of the application and the delivery of the project in the Tidworth Community Area.

It is proposed that the app will map local walks and link this to local information (including materials held at Wiltshire History Centre) creating a series of history, landscape and wildlife walks as well as family treasure hunts. The app will make it simple for local community groups to create and manage their own walks; adding waypoints on a map with short information articles about the sites on route. Users who download the app will then be able to enjoy the walks and – if they wish - join their local walking group or meet up with other local walkers. Over time it is hoped that the app will list hundreds of well maintained, safe walks in the area suitable for all ages and abilities. The app will include a social network, allowing users to add comments and notes about the walk that can be viewed by the wider user community.

The app will target health issues by logging each users' walks and providing that information in a simple to use dashboard, making it easy for people to track their own health goals or exercise plans. The app will also be useful for linking up people at risk of loneliness with local groups, social walks and likeminded individuals. Health trainers and other professionals will be able to refer people to the app for rehabilitation following diagnosis of certain conditions and track the progress of patients.

The Open University is acting as academic sponsor for this project, bringing extensive knowledge and learning about the development of digital health solutions. They will also assist with the development of the app and the involvement of users that is planned before launch. The Community Engagement Manager will oversee the management of the app and its promotion to local communities, parish councils and walking groups in the area.

Reasons for Proposal

The mobile app directly addresses several key JSA priorities: loneliness and isolation; healthy lifestyles; mental health and positive activities for older people, providing free, sustainable activities for all with proven health and cultural benefits.

Recommendation

That Tidworth Area Board supports the development of the OurWALK app and allocates £1,000 towards its development, subject to match funding being received from the Heritage Lottery Fund.

Local history walks

“Cardiovascular disease is one of the major causes of death in under 75s in England.” – Wiltshire JSA

A history walk can bring the past to life, telling the story of a community and the people who have lived there over the centuries. Walking is an excellent way to look after your heart and stay fit and active into older age. Combining history, walking and healthy living, what is not to love about local history walks?

In a nutshell:

A local history walk is produced by a community. Usually, this involves researching the history of a place, its significant events, its historic buildings, landscape and wildlife. Volunteer researchers, use existing archives but also collect photos and materials from residents and plot these on a map, before linking this up with a circular walk. These walks can be available to download and print from the internet, to buy in the village shop or to use in a special mobile phone app. History walks are cheap to create and once they exist they exist forever.

What makes this project special?

When a village comes together to create a history walk it is great because it helps record and document local history in a way that makes it available for everyone. It helps communities capture historical documents and photographs that may exist in attics and bottom drawers, taking these and putting them online forever. Producing a local history walk brings people together and creates a healthy activity that can be enjoyed by everyone. If many villages and towns create history walks then soon there will be a whole network of walks available across Wiltshire. This will encourage more visitors and tourists boosting local trade for local shops, restaurants, pubs, bed and breakfast and hotels. It will also get more people out into the countryside, enjoying positive healthy activity.

Local history walks provide gentle, low-impact exercise that’s easy, free and available to everyone – here’s why walking rocks:

- History walks strengthen your heart and lower your risk of disease.
- History walks help you lose weight and get fit.
- History walks can help prevent dementia.
- History walks tone up your legs, bums and tums.
- History walks can boost vitamin D and make you feel more relaxed.
- History walks are great for everyone, families, young and old.
- History walks can boost your energy levels.
- History walks help us record local history and tell the story of our communities.
- History walks will increase your appreciation of where you live.
- History walks can bring in tourists and visitors.

OurWALK V.1.0

Draft specification for Mobile Application

OurWALK (working name), is a mobile application designed for IOS and Android devices, providing users with the ability to map their local walks, add content and share with a community of users. The proposed features of V 1.0 of the application are detailed below.

User interface

- Standard Users - walkers/general public who download to their device
- Walk Admin - a user who creates a social walking group
- OurWALK Admin – users with access to backend data and settings.

Scope/scale

- Anticipated that users could total 5,000-10,000 in Wiltshire alone
- Scalable to offer facilities to other counties and countries.
- Paid app (minimal download fee) to generate income to cover hosting and future development
- Fees for host admin facility (not individual walk admins).

User functions

- Friendly intuitive user interface on the home screen – find a walk, create a walk, join a local walking group, find a walking companion, view your dashboard, etc
- Sign-in with social accounts – Facebook, Google, Twitter, etc.
- Ability to find walks on a map with a postcode search, or auto GPS ‘find walks near me’ function. *KEY FEATURE*
