5.	<p><u>Chairman's Announcements</u></p> <p>The Chairman noted that Item 11 would be discussed after Item 7.</p> <p><i>Please note that these minutes reflect the original order of the agenda.</i></p>	
6.	<p><u>Partners Update</u></p> <p>Mike Franklin of Wiltshire Fire and Rescue Service (WFRS) informed the Board that there had been recent public concern regarding the effect the closure of the A303 was having on the response time of the emergency services. He assured the Board that providing the control room was contacted; the emergency</p>	

	<p>services would be able to use the closed stretch of road.</p> <p>Mike also informed the Board that WFRS had already carried out 120 home checks in 2010, making those properties safer, in an aim to prevent incidents arising.</p> <p>Inspector David Minty gave an update from Wiltshire Police, some points he covered were:</p> <ul style="list-style-type: none"> • Following the return of PC Andy Fell, the team was back to being fully covered. • Improved working relations with Dorset Police, enabling shared service working on cross border issues. • Community Speed Watch (CSW) was progressing. • Work was underway to recover the IT equipment that had been stolen in recent school burglaries. • There had been three recent cases of dwelling burglaries (one in Tisbury and two in Mere) where jewellery had been targeted, entry had been gained through the rear of the properties. • Tisbury Police Station was due to reopen as an information point, and would be manned by community volunteers. TAPCAP would also be utilising some of the space at the Station as an office. • Ground at the rear of the Police Station would be transformed into allotments to engage the community, in particular the youth. <p>Inspector Minty urged people to spread the word that security was vital; people were asked to keep doors and windows locked.</p>	
7.	<p><u>Joint Strategic Needs Assessment (JSNA)</u></p> <p>Maggie Rae, Director of Public Health gave a presentation to the Board, detailing some of the key findings from the Joint Strategic Needs Assessment (JSNA) which had recently been carried out.</p> <p>The Chairman highlighted the fact that Mere had scored 20th on the list for lack of exercise, and noted that although there was no leisure centre, Mere did have excellent sports facilities that could be better promoted and urged the CAP to investigate the issue further to establish what could be done to help.</p>	

8.	<p><u>Rural Broadband</u></p> <p>Tim Martienssen (Regeneration Manager) gave an update on the Rural Broadband Review. Some of the aims of the project were to:</p> <ul style="list-style-type: none"> • Provide a comprehensive picture of broadband speeds throughout the county • Map existing infrastructure which currently delivered broadband, or which could potentially be upgraded to improve broadband delivery • Provide a database to permit Wiltshire Council to effectively deliver its own programmes, and for the council and local partners to lobby government, and other groups and providers to continually improve broadband provision throughout the county. <p>At present there was a lack of understanding about the exact extent of broadband supply problems but also very little information on the level of demand from consumers.</p> <p>The author of the review had recently launched a Broadband Speed-check questionnaire on the website where people could measure and submit their broadband speed. This was vital evidence in getting a broader picture with regard to supply problems in the rural areas.</p> <p>The tool questionnaire can be found here: http://www.wiltshire.gov.uk/onlinebroadbandspeedcheck.htm. The closing date for reporting broadband speed is 31 March 2010.</p> <p>Further to this, anecdotal evidence of poor coverage would be welcomed in order to help Wiltshire Council understand more about the problem in hand.</p> <p>Tim requested people to report specific evidence by raising an issue on the issue system or writing to the Community Area Manager.</p>	
9.	<p><u>Community Area Grants</u></p> <p>The Board considered fifteen grant applications for funding under the Community Grant Scheme. The Chairman allowed applicants present to speak in support of their application and invited comments from the public.</p> <p>After discussion the Board voted on each application.</p>

10.	<p><u>Updates from Community Area Partnerships (CAPs)</u></p> <p>TAPCAP Nigel Knowles gave an update on the progress of the Partnership since the last meeting. Points covered were:</p> <ul style="list-style-type: none"> • At the AGM held on 20 January 2010, a full committee had been formed, including representation from a broad spectrum of the community. 	

	<ul style="list-style-type: none"> • There had been a Tisbury Partnership Project meeting on 16 February 2010. • The Nadder Community Campus project would be submitting an application for further grants. • TAPCAP would be utilising office space at the Tisbury Police Station. • Meetings were planned to take place on the second Wednesday of every month. <p>Mere CAP Mrs Jane Hurd gave an update to the Board on behalf of the Mere CAP. She informed them that over the last two months, the number of members of the Partnership Steering Group had been quite small, so they had decided to contact most local community groups in the Mere area, in a bid to boost interest and membership numbers. The AGM would take place on 25 February 2010, it was hoped that those invited would attend. The Mere CAP had also carried out a survey to establish what their priorities should be, the results of which would be published at the AGM.</p> <p>Wilton CAP Trevor Long informed the Board that at the Partnership's inaugural meeting, there had been an attendance of over thirty people. Twelve volunteers had come forward to sit on the committee; the first meeting was planned for 22 February 2010.</p> <p>The CAPs were asked how they felt about taking part in the JSNA work for the area, all agreed that they would be willing to participate.</p>	
11.	<p><u>Update on Issues</u></p> <p>The Chairman introduced Councillor Dick Tonge to speak on this item, some of the points he covered were:</p> <ul style="list-style-type: none"> • Parish Stewards had been set up to carry out daily patrols along the A303 detour route, to assess and report pot holes, which were appearing as a result of an increase in traffic along the smaller roads. • SatNav was a huge problem, when used by heavy goods vehicles (HGV) for detours, as they directed vehicles onto roads that were unsuitable due to height or weight restrictions. It was hoped that central government would put in place a SatNav system specifically for HGV vehicles which would restrict the types of roads used when searching for a detour. • A Car Park Review was being carried out; results would be brought to the Area Board in May/June. Any changes to car 	

	<p>parking fees, recommended by the Review would be brought to the Area Board for discussion.</p> <ul style="list-style-type: none"> • Speed Limit Review consultation was nearly at a close. Parishes that had submitted responses to the consultation would be contacted in due course to discuss any areas of contention. • Community Speed Watch (CSW) was the first step in establishing a speeding issue in a particular area. If CSW showed that there was a persistent speeding problem, then a range of possible remedies, including the Speed Indicator Devices (SIDS) would then be considered for that site. • Following the recent cold spell, Wiltshire Council had worked hard to alleviate further problems by salting the roads, delivering medicines, food and services to the elderly and vulnerable, schools were kept open for pupils to sit exams, and emergency vehicles that had gone off the road were assisted. • Roads had been badly damaged by the cold weather, people were urged to report pot holes to Clarence on 0800 23 23 23 (from landlines) or 01225 77 72 34 (from mobiles). <p>The Chairman invited comments or questions from those present, some of these were:</p> <ul style="list-style-type: none"> • A local resident had called the Clarence number to report a pot hole, but had been put through to the 01747 exchange to Dorset, which was not very useful in reporting pot holes in Wiltshire. • A Wilton Resident informed the Board that in 1974 the local authority gave its commitment that certain car parks would remain free. If a charge was implemented in these car parks it would affect small businesses in the communities. • The residents of Fonthill had been fighting for a reduced speed limit for the past ten years; the Speed Limit Review had failed to take into account their comments. <p><u>Decision</u> Councillor Dick Tonge agreed to look into the issue with the Clarence phone exchange, and to resolve the issue.</p>	
12.	<p><u>Forward Plan</u></p> <p>The Chairman informed the Board that a Forward Work Plan had been produced, and was attached to the agenda for noting.</p>	

13.	<p><u>Future Meeting Dates, Evaluation and Close:</u></p> <p>The Chairman thanked everyone for attending the meeting.</p> <p><u>Future Meeting Dates:</u></p> <p>Wednesday 21 April 2010, 7.00pm at Nadder Hall, Tisbury. Wednesday 23 June 2010, 7.00pm, in the Wilton Community Area. Wednesday 25 August 2010, 7.00pm, in the Mere Community Area.</p>

Consultation on the Review of Special Educational Needs Provision

Over recent months Wiltshire Council officers have worked with schools, parent representatives and other people to review Special Educational Needs (SEN) provision in the county.

The review relates to the whole of Wiltshire. It is not a cost cutting exercise, the purpose is to more effectively use available resources. The review considers:

- special school provision
- specialist provision that is part of mainstream primary and secondary schools
- SEN support services for schools

A document has been written that sets out what the review has shown and what the Council would like to do in the future. This will now be shared with a wide range of people who are invited to respond to say what they think about what the Council's proposals. The publication date is late February 2010. Those being contacted include: parents and carers of children with special educational needs, schools, Diocesan authorities, other Local Authorities, and Trade Unions. As soon as the document becomes available it is also being circulated to Parish Councils, through the Area Boards network, and it will also be available on the Wiltshire Council website.

Any questions about the proposals or the consultation process can be sent in the first instance to Tracy Gates, SEN Project Officer, tracygates@wiltshire.gov.uk 01225 756170.

There are opportunities available to meet with officers to discuss the proposals:

- Devizes School, Devizes Monday 29 March 7pm
- Sheldon School, Chippenham Wednesday 21 April 7pm
- Kingdown School, Warminster Thursday 22 April 7pm
- Salisbury City Hall, Salisbury Tuesday 4 May 7pm
- St.John's Parish Church Centre, Trowbridge Friday 7 May 10am.

(The evening meetings are preceded by meetings for school staff and school governors.)

The closing date for the consultation is 12 noon Monday 24 May 2010. The content of the consultation responses will be made available to the Elected Members of Wiltshire Council who will make decisions in relation to the proposals.

Most of the proposals that may be subsequently agreed by Elected Members are designed to come into effect from September 2011. An individual plan will be put in place for any individual child or young person affected by any changes.

Item No.05

Chairman's Announcements

Contaminated Land Strategy for Wiltshire

Under the terms of the Environment Act 1995 the Council is obliged to develop and adopt a formal strategy that details how it proposes to deal with historic land contamination. The Contaminated Land Strategy for Wiltshire document unites the work previously carried out by the four district councils in one policy document.

The legislation requires Wiltshire Council to survey the district for potentially contaminated land (for example gas works, landfills and industrial or commercial uses) and it applies equally to land that was contaminated before the Act, as well as new contamination.

Consultation on the document remains open until 10 May 2010. If you would like to contribute your views by email or in writing, please contact your Democratic Services Officer, Lisa Moore, for how to do this.

Chairman's Announcements

Air Quality Strategy for Wiltshire

The Environment Act 1995 places a duty on local authorities to monitor air quality within their areas having regard to national and European air quality objectives.

Wiltshire is a high quality environment, however we have a number of locations where air quality objectives are not being met. These failures are in general associated with vehicle emissions and congestion and have health implications.

We would welcome your views on the Air Quality Strategy, which has been developed as an over arching document detailing our approach to air quality. Consultation on the document remains open until 18 June 2010. If you would like to contribute your views, please contact your Democratic Services Officer, Lisa Moore, for how to do this.
