The benefits of the proposed development and/or works in the removal of unsympathetic modern additions and the public benefits associated with the redevelopment of the site on balance outweighs the limited damage to the significant parts of the Listed Building. The proposal is thus considered to accord with Policies C3, H3 and HE4 of the adopted North Wiltshire Local Plan 2011 and guidance contained in PPS5.

- (2) Listed building consent, subject to suitable conditions.**

Mr Craig Blatchford, the agent

The Committee received a presentation by the Case Officer which set out

the main issues in respect of the application. She introduced the report from which it was noted that the application had been deferred from the meeting of the Committee held on 20 April 2011 to allow Officers to consider recent retail decisions at Peterborough and Gateshead and was subsequently deferred again at the Committee meeting on 1 June 2011 to allow the Council to seek Counsel's advice on particular issues raised by third party objectors. She also drew Members' attention to the late items. In the light of all the advice and information received, the report continued to recommend that the application be granted subject to conditions.

Members of the Committee then had the opportunity to ask technical questions after which the Committee received statements from members of the public as detailed above, expressing their views regarding the planning application.

After discussion,

Resolved:

To grant planning permission for the following reason:

In determining this application the Council must take into account the existing permitted use of the site - That is 3315sqm of ground floor, 200 sqm mezzanine with 1,320sqm of external retail space = 4835 sqm. No conditions on the original approval placed any restriction on the goods to be sold other than it should only be for non food; there was no restriction on subdivision nor on adding (permitted development size) mezzanines.

The proposal, whilst involving demolition and rebuilding, will actually result in a retail floor area of less than the existing store plus its permitted "additions" and this figure includes taking out the external retail floor area (barring 60 sqm), which has an open retail use. The units will essentially be turned to face the car park and there will be 3 of them with their own entrances. The profile of the building will change, but the revisions are considered to enhance the scheme's appearance.

The existing store is only restricted from selling food (other than confectionary), so whilst the fears about impact on the town centre are understood, it is not considered reasonable to further condition to restrict what can be sold. One of the tests of Circular 11/95 is that conditions should be reasonable. It is considered that with the amendments that the agent has made in terms of floor area, the proposal is compliant with policy C3 of the North Wiltshire Local Plan 2011 and advice in PPS4 Planning for Sustainable Economic Growth.

Subject to the following conditions:

Subject to the following conditions:

(1) No development shall commence on site until details and samples of the materials to be used for the external walls and roofs have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.

To refuse planning permission for the following reasons:

1. The design, scale and mass of the proposed building would be out of character with the surrounding area and would fail to preserve the character and appearance of this part of the Sherston Conservation Area. As such, the proposed development would be contrary to policies C3 and HE1 of the North Wiltshire Local Plan 2011.
2. The proposed development would, by reason of its siting be overbearing, resulting in an unacceptable and oppressive outlook for the occupiers of No. 1 Noble Mews which would be detrimental to the amenities of the occupiers of this property. As such, the proposal would be contrary to policy C3 of the adopted North Wiltshire Local Plan 2011.
3. No Section 106 Agreement has been secured therefore the proposed development does not include or bring forward adequate provision for affordable housing or public open space as is required by Policies C2, H6 and CF3 of the adopted North Wiltshire Local Plan 2011 and supporting guidance contained within the Revised Affordable Housing Supplementary Planning Document 2008 and North Wiltshire Open Space Study 2004.
