Summary of Announcement:

Natural England has launched a new Paths For Communities Grant scheme enabling community groups and partnerships to improve their local public rights of way network. The fund totals £2 million, to be spent before May 2014.

Paths For Communities grant is designed to improve the rights of way network and must include a new right of way either in the form of a new physical path or higher rights such as upgrading a footpath to a bridleway or restricted byway. Funding has come from the Rural Development Programme for England and any scheme must be able to demonstrate benefit to the rural economy and rural populations.

Applications for funding from £5,000 to £150,000 can be submitted by local communities or broader partnerships. Landowner support, in agreeing a voluntary path creation, is essential at the outset. The Fund is open NOW and all application agreements have to be made by the end of December 2013. The process is competitive so it's important to ensure your project secures as many benefits as possible.

As with all grants no work on the project can start before the application is approved. Natural England's Local Grants Officer will discuss any potential projects with the applicant following submission of an initial "Expression of Interest". This form is available on the website above.

Normally 75% of the project will be funded and no additional public funding is allowed for the remaining 25% and this includes National Lottery money. However, there is some flexibility to allow up to 100% funding.

.Community Speedwatch (CSW) for Bowden Hill-Lacock, Devizes Rd-Box, Velly Hill-Gastard

Gastard & Lacock Community Speed-watch has now taken off at a rapid speed (excuse the pun) after the volunteers spent an evening with us on the 28th May in Lacock. They were trained on the Laser Speed Device and had a Q&A session with the NPT and Liz Ngero Head of CSW for Wiltshire Police. We were also joined by Calne CSW for their Training. Please contact your NPT if you would also like to volunteer. We would especially like to hear from you if you live in Box and have a concern about speeding traffic past your houses - you are the observant residents who can make a difference and would be an asset to the Team.

Knifepoint Robberies – I am pleased to tell you all, that a male from Swindon has been charged with three knife-point robberies in our Sector. These were carried out in March 2012 and relate to 2 in Corsham and 1 in Chippenham. The male has been remanded in Custody at her Majesty's pleasure until his Court appearance.

Community Events – Corsham NPT have attended various Fetes and a mini ‘Campfest’ armed with our wellies! These have proved to be very successful with many youngsters volunteering to have their fingerprints taken and trying on handcuffs. Still a couple more to go in the surrounding Villages; we hope to see you there.

‘Slow Down Campaign’ – Corsham NPT assisted children from Regis Primary School to support part of the ‘Kids Say:- Slow Down’ Campaign in an attempt to break the world record for a walking bus – 150 pupils took part from our area towards this record. The results will be published at the School shortly.

Alcohol – Regular patrols are carried out as part of our Priorities; as a result alcohol has been confiscated from youths and their parents have been informed of their behaviour. One adult male was interviewed and reported for Supplying Alcohol to underage youths and is awaiting his Court appearance.

Theft – One adult male was recently questioned in connection with the theft of milk and bread from a local shop; he also took the opportunity to admit stealing various pieces of garden furniture and other items from several locations and these have now been recovered by Corsham NPT and returned to their very grateful owners.

NHS Wiltshire launches consultation on Wiltshire Falls and Bones Health Strategy 2012-14

The Wiltshire Falls and Bones Health Strategy 2012-14 was launched for public consultation on Thursday 21 June. The main aim of the strategy is to reduce the number of falls which result in injury.

NHS Wiltshire is seeking the views of local people, service users and carers, who's input into discussions about the future shape of the services will allow us to gain as wide a view as possible as to how Wiltshire tackles falls and bone health over the next two years.

The strategy focuses on five priority areas:

- Falls and osteoporosis care pathways
- Multi-disciplinary falls assessment and interventions
- Osteoporosis assessment and treatment
- Best practice management of people after a hip fracture
- Raising awareness of falls and bone health, and the importance of a healthy lifestyle

Maggie Rae, Corporate Director of Public Health and Public Protection, says

"Falls can be very serious for older people but there are many simple steps you can take to reduce your chance of falls and fractures. The aims of the Falls and Bone Health Strategy are to: improve falls and fracture services used by Wiltshire residents and make sure that services respond to the needs of older people; halt the rising number of falls and related injuries experienced by older people each year; and support older people to access a wide range of community resources."

Your views on the draft falls and bone health strategy will help us to ensure we have got the priorities for Wiltshire right and we look forward to hearing from you. **All comments on the draft strategy must be received by 13th September 2012.** The draft strategy and

consultation document can be found on the NHS Wiltshire website here: <http://www.wiltshire.nhs.uk/Clinicians/For-healthcare-professionals/For-healthcare-professionals.htm> which also includes a questionnaire that you can complete for letting us know your views/comments.

NHS 111 – Award of contract for call-handling

The contract for the call handling and clinical assessment elements of the new NHS 111 service in Wiltshire and Bath and North East Somerset has been awarded to Harmoni, subject to contract finalisation.

Clinical Commissioning Groups and Harmoni will be working with other local stakeholders to deliver a high quality service for patients in Wiltshire and Bath and North East Somerset with urgent care needs, from April 2013.

Ed Macalister-Smith, Chief Executive of the NHS B&NES and Wiltshire PCT cluster said: "We know people can be confused about which NHS service to use when they need help quickly, and too often they use the wrong service. NHS 111 is an important step in our journey towards improving the way that patients use urgent healthcare services. We look forward to working with Harmoni to implement the call-handling and triage elements of the wider NHS 111 service".

The next PCT cluster Board Meeting will be held on Wednesday 25 July at 10am at Bath & North East Somerset PCT headquarters, St Martin's Hospital, Clara Cross Lane, Bath. Members of the public are welcome to attend. Papers are published a week before the meeting on www.wiltshire.nhs.uk or on request from Stacey Saunders, NHS Wiltshire (tel: 01380 733839, email: stacey.saunders@wiltshire.nhs.uk).

A Report of the Corsham Shadow Community Operations Board (COB)

To the Corsham Area Board. 26 July 2012

Progress Update

Following the approval of the Planning Application for the Springfield campus by Wiltshire Council's Strategic Planning Committee, enabling works have started on site to provide the necessary utilities in support of the new development.

This has meant the closure of the play area and the removal of some trees. Some of the play equipment is being relocated by Corsham Town Council and the Campus, once it is redeveloped, will have new children's play areas and a significant programme of new tree planting.

The utilities work has also effectively closed the existing Corsham School redgra games area and it is planned to replace this with a contemporary, more versatile, multi-sport artificial grass pitch (AGP) as an integral part of the development which, outside of school use, is destined to become an amenity available for the community as a whole.

Shadow Community Operations Board Activity

The Community Operations Board (COB) has continued to meet weekly in order to progress the present planning phase. The phase is defined as RIBA Stage E, and looks in detail at the specification for individual spaces with the Campus as a whole. This includes refurbishment and new development within the existing Springfield Leisure Centre.

The COB's time has been split equally between their own meetings to establish a sound and sustainable basis for the development as a whole and with the Wiltshire Council appointed architects who have been holding regular 'client workshops' in response to the COB-specified requirements.

Wherever possible, the COB has sought external guidance from members of the community, officers of Wiltshire Council and specialists in a number of fields, in order that decisions are based on community experience, technical expertise and are consistent with the Council's transformation programme. These have included the Library and Youth Services, The Police, Corsham's Town and Youth Councils and many individuals and specialist groups who have particular interests in the new Campus.

The conclusion of RIBA Stage E, expected imminently, will allow Wiltshire Council to place the necessary contracts for the build and fit out of the new Campus.

The Next Stages

The COB has been working to a very aggressive schedule, providing the necessary input to ensure that the development of the Campus can take place to the best timescale possible.

This has meant considerable commitment from every single member of the COB, far more than could ever have been anticipated when we set out on this journey over 18 months ago.

Over the next 18 months, the COB will want to work increasingly closely with users of the existing Leisure and Community facilities, as well as everyone with a potential interest in delivering services out of the Campus.

Critically, we shall be working closely with Wiltshire Council and others to begin the process of understanding the management regime.

In the interests of ensuring that the Campus is operationally successful from day one, there will be an increasingly detailed programme of communications to keep the whole community area informed about what they should expect and critically, when they should expect it. This will have to be achieved working in collaboration with Wiltshire Council's communications team.

The Shadow Community Operations Board does not have a budget, and any contribution made by its members is entirely voluntary. This voluntary contribution, including the development and maintenance of a website, is being made by people and organisations with a real belief that the Springfield Campus will become a valuable, and valued, focal point at the heart of the Corsham Community Area. We hope that this faith is shared by the community at large.

To date, timescales have had to be indicative. As a pilot we have had to pioneer processes and working relationships that are only emerging as the project unfolds and we have tried to indicate the principles of what we are working to rather than being able to give specific dates, e.g. that new Community facilities should be in use prior to the demolition of the existing Community Centre.

Once the process of building actually starts, notwithstanding the vagaries of the British weather, it should be possible to make increasingly accurate forecasts about what is going to happen when. In the meantime we would again like to thank the Area Board for its continued support.

Allan Bosley. Chair. Community Operations Board

Report to	Corsham Area Board
Date of Meeting	26 July 2012
Title of Report	Area Board Grants

Purpose of Report

To ask Councillors to consider one application seeking 2012/13 Community Area Grant Funding.

Green Square Group – Award £1,000 to run an Olympic style fun day at Corsham Regis.

1. Background

- 1.1. Area Boards have authority to approve Area Grants under powers delegated to them by the Deputy Leader and Cabinet member for Adult Care, Communities and Housing (4 April 2012). Under the Scheme of Delegation Area Boards must adhere to the Area Board Grants Guidance 2012/2013.
- 1.2. In accordance with the Scheme of Delegation, any decision of an Area Board that is contrary to the funding criteria and/or the officer's recommendation would need to demonstrate that the application in question has a wider community benefit, and give specific reasons for why this should justify an exception to the criteria.
- 1.3. The emphasis in the Coalition Government's Localism agenda supports the ethos of volunteering and community involvement and the nurturing of resilient communities. With this in mind Community Area Grants (CAGs) should be encouraged from and awarded to community and voluntary groups. Likewise, Small Grants (new this year) should be awarded to similar groups, as well as un-constituted groups of people wanting to improve things near to where they live.
- 1.4. Corsham Area Board has been allocated a 2012/2013 budget of £43,772 for community grants, small grants, community partnership core funding and area board/councillor led initiatives.
- 1.5. Applications of up to and including £1,000 can be made for a Community Area Grant, which will not require matched funding. Amounts of £1,000 - £5000 will be required to find matched funding. The area board will rarely award more than £5,000.
- 1.6. Small Grants, new for this year will fund up to £350, where the total cost of the project does not exceed £350. This grant is aimed at enabling groups (including those not formally constituted) to implement projects, involving local people to make their community a better place to live.
- 1.7. Area boards will not consider Community Area Grant (CAG) applications from town and parish councils for purposes that relate to their statutory duties or powers that should be funded from the local town/parish precept. However this does not preclude bids from town/parish councils, encouraging community projects that provide new opportunities for local people or those functions that are not the sole responsibility of the town/parish council.
- 1.8. In addition to CAGs and Small Grants, councillors can submit an Area Board/Councillor Led Initiative. This enables area boards to tackle sticky community issues and/or community identified priorities. Cabinet have emphasised that they do not wish these to be used to avoid complying with Community Area Grant criteria or for filling gaps where there are council service shortfalls. The application process and form has been updated to bring it in line with the other grants.
- 1.9. Officers are required to provide recommendations in their funding reports (except in

the case of Area Board/Councillor led initiatives), although the decision to support applications is made by Wiltshire Councillors on the Area Board.

- 1.10. Funding applications will be considered at every Area Board meeting.
- 1.11. Applicants are encouraged to contact and seek funding help from Charities Information Bureau (CIB) who work on behalf of Wiltshire Council. CIB support community and voluntary groups, town and parish councils to seek funding for community projects and schemes both from the Area Board and other local and national funding sources.
- 1.12. Paper copies of funding applications no longer appear as part of the agenda in an attempt to reduce paper. They are however available on the Wiltshire Council web site with the area board agenda papers and hard copies available upon request.
- 1.13. The 2012/2013 funding criteria and application forms are available on the council's website (www.wiltshire.gov.uk/areaboards) and paper versions are available from the Community Area Manager.
- 1.14. A decision was been made in 2010/2011 that paper copies of funding applications will no longer appear as part of the agenda in an attempt to reduce volume of paper used. However, the application forms will be available on the Wiltshire Council web site and hard copies available upon request.
- 1.15. All recipients of area board funding are expected to complete and return an evaluation form as soon as the project or activity has been completed and this should be accompanied by receipts and invoices, as well as photographs if possible. Failure to return the evaluation requested will preclude them from being considered for any future funding from the area board. This applies to all grants made by the area board.
- 1.16. A budget ring-fenced for the needs of young people will again be made available in 2012/2013. How this will be allocated will be the decision of the area board.

Community Area Transport Group (CATG) Recommendations to Corsham Area Board

1. Purpose of Report

- 1.1 To provide an update on the position of the proposals from the CATG meeting that took place on 21 June 2012.

2. Background

- 2.1 At the CATG meeting held on 21 June 2012 Information was circulated that outlined outlined issues at St Patricks School, Pickwick Road and South Place all in Corsham. Three options were considered and the following recommendations made.

3. Recommendations from CATG

3.1 St Patricks School

Flashing amber lights have been ordered and will be installed. It was stated that further works were necessary to resolve the wider issues associated with this location. A plan was circulated with some suggestions for improvements. After careful consideration CATG made the following recommendations.

(a) Not to install the bollards as suggested in the paper.

(b) To install double yellow lines along both sides of the entrance to the school and along the side of the road opposite the almshouses both to a distance as advised by highways engineers. This Traffic Regulation Order (TRO) to be incorporated with zebra crossing at Pickwick Road, weight restriction sign movement at Neston and the waiting restrictions at Pound Pill TROs to reduce costs.

Action: Gareth Rogers to take comments to Kirsty Wilson Traffic & Network Management. To draw up new plans and consult with Police, Corsham Town Council and St Patricks School.

3.2 Pickwick Road.

A survey was carried out on 29 March 2012. This location fits the criteria laid down and a zebra crossing is the desired outcome for Pickwick Road as described in the report. The quality of the report was commended by Corsham Town Council who were in full support of the proposals and thanked Gareth Rogers.

This scheme will cost in the region of £26,000 to implement. CATG made the recommendation to support this bid and recommended that a

bid be made to the Wiltshire Council substantive highways funds for 50% of the cost of this project and ask Corsham Town Council to fund the other 25% with CATG funding the further 25%.

It was also suggested to explore the possibility of S106 funds from Katherine Park.

Action: GR and DR to prepare a bid to WC substantive highways budget. DM to ask Corsham Town Council to consider funding and SD to explore S106 funding.

3.3 South Place – Corsham

The trial at South Place commenced 16 April 2012 and concluded on 30 April 2012.

A report was circulated and highlighted the main findings and complaints.

There have been negotiations with Corsham Estate who have confirmed that they could allow a new access to be formed from the car park to the rear of the Methuen Arms to the gates at the side of the war memorial, thus by-passing South Place. Discussion took place around the various issues with ownership of paths, rights of way, buggies and wheelchairs gaining access through the gates and lighting through the wooded area. However the group felt that this was an avenue worth pursuing and could be seen to be helping the parking and general traffic situation in Lacock Road.

Action: David Martin and Councillor Peter Davis to meet with Corsham Estate to negotiate further and report back to the next CATG meeting.

4. Options Considered

4.1 Support the recommendations as described above.

5. Reason for recommendation

5.1 The proposals above have the support of CATG and Corsham Town Council.

6. Recommendation

6.1 To support the recommendations from CATG meeting of 21 June 2012 as outlined above.
