<u>Agenda Item No.</u>	<u>Summary of Issues Discussed and Decision</u>
52	<p><u>Chairman's Welcome and Introductions</u></p> <p>The Chairman, Councillor Graham Payne, welcomed everyone to the meeting of the Trowbridge Area Board.</p>
53	<p><u>Apologies</u></p> <p>Apologies for absence were received from Councillors Horace Prickett and Nick Blakemore, and Siobainn Chaplin (YAG).</p>
54	<p><u>Minutes</u></p> <p>The minutes of the meeting held on 23 July 2013 were presented for consideration and comment. It was,</p> <p><u>Resolved:</u> That subject to the removal of the reference of Councillor Dennis Drewett as a member of Trowbridge Town Council in Minute 39 - <i>Declarations of Interest</i> - to approve the minutes as a true and correct record and be signed by the Chairman.</p>
55	<p><u>Declarations of Interest</u></p> <p>Councillors Graham Payne, Jeff Osborn, John Knight, Nick Blakemore and Helen Osborn all declared general, non-pecuniary interests in Trowbridge Town Council issues due to being members of the Town Council.</p>
56	<p><u>Chairman's Announcements</u></p> <p>i) <u>Trowbridge Community Area School Travel Plans</u> It was noted and stressed that the creation of School Travel Plans was the responsibility of each individual school, and the Board encourage all school to keep their travel plans up to date.</p> <p>ii) <u>Trowbridge Birthing Centre</u> Attention was drawn to recent media statements from the NHS regarding the temporary closure of the Trowbridge Birthing Centre over the summer as a result of transfer of staff to cover a shortage at Bath RUH. The Board regretted once again there had been no local consultation, and acknowledged that the Leader of the Council had raised the issue with Great Western Hospitals, and wished to be kept updated to any new information.</p> <p>iii) <u>Grass Cutting</u> The recent concerns over grass cutting following the transfer of contract to the new council provider was noted, and it was noted that full Council had debated the matter for more than an hour on 9 July.</p>

	<p>iv) <u>Agenda Order</u> With the consent of the Committee, Item 10 as listed in the agenda - <i>Visiting Cabinet Representative</i> - was moved forward to item 9.</p>
57	<p><u>Partner Updates</u></p> <p>Updates from partners were received as follows:</p> <ul style="list-style-type: none"> i. Wiltshire Police The written update was noted. Inspector Lisette Harvey also urged people to be vigilant when leaving windows open as a result of the heatwave. ii. Wiltshire Fire and Rescue Service The written update was noted. The draft public safety plan for 2013-16 was also stated to be in development, with an exhibition and consultation on 12 July, and the service invited people to make comments on the plan. There were also updates on the dangers of Chinese lanterns following recent news reports and the national and regional decline in fires in the past 5 years of around 48%. iii. Trowbridge Community Area Future (TCAF) The written update was noted. Tracy Sullivan discussed the date of the neighbourhood partnership on 2 September, and the Annual General Meeting for TCAF on 7 October at Trowbridge Town Hall, with a theme to discuss of the environment, following comment from the Area Board.
58	<p><u>Outside Body Updates</u></p> <ul style="list-style-type: none"> i) <u>Transforming Trowbridge</u> It was noted the body had not met since prior to the May Local Elections, and were in the process of producing the Trowbridge Masterplan. ii) <u>Collaborative Schools</u> The written report was noted. iii) <u>Shadow Community Operations Board (COB)</u> The written report was noted. It was stated the shadow COB had received 1700 completed questionnaires in its first round of consultation, and further responses were now being sought. A questionnaire is attached to these minutes. <p>The board considered a request to appoint a new member of the shadow COB.</p> <p><u>Resolved:</u></p> <p>To appoint Hayley Bell as a member of the Shadow COB.</p>

59	<p><u>Funding</u></p> <p>The Area Board considered the following applications to the Community Area Grant Scheme 2013/14:</p> <p>i. <u>West Wiltshire District Scout Association</u> The sum of £1500 was requested to purchase maintenance equipment and a secure store to keep it in and to improve accessibility at the Jubilee Wood Scout Camp Site and Community Youth Activity Centre.</p> <p><u>Decision</u> The Area Board awarded the sum of £1500 to West Wiltshire District Scout Association. <u>Reason:</u> <i>The application met the Community Area Grant Criteria 2013/14.</i></p>
60	<p><u>Visiting Cabinet Representative - Leisure</u></p> <p>The Cabinet Member for Communities, Campuses, Area Boards, Leisure, Libraries and Flooding, Councillor Jonathon Seed, was in attendance and discussed his responsibilities and vision for the deliverance of local governance of services with more limited resources in the future.</p> <p>The Cabinet Member answered questions, particularly on the topic of leisure, and it was stressed that community input and direction was crucial moving forward, with details of the proposed campus and other plans in the town to come from the community to be approved by Cabinet.</p> <p>The Area Board welcomed that additional youth funding the Council had received from central government had been ringfenced, and also sought further information on volunteering in Wiltshire, and it was stated that where necessary volunteers received DBS (formerly CRB) checks and appropriate training, in order to maintain libraries, leisure centres and other services that the Council could no longer afford to staff.</p> <p><u>Resolved:</u></p> <p>To thank the Cabinet Member for their attendance.</p>
61	<p><u>Trowbridge Census Data</u></p> <p>Phil Morgan (Wiltshire Council – Census Liaison Manager) delivered a presentation, attached to these minutes, on trends and data for the Trowbridge Community Area arising from the 2011 National Census.</p> <p>The high levels of recent immigration clustered in specific areas of Trowbridge was noted, to a far higher degree than other population centres in Wiltshire. The Area Board noted challenges arising from the trends given recent and historical issues of deprivation in parts of the Trowbridge Community Area, and discussed how the area could appropriately target support and resources for specific areas</p>

	<p>in a time of high stresses on funding levels.</p> <p>The possibility of Neighbourhood Budgets trialled in other parts of the country was raised, as a method of focusing funding for specific purposes and targeted much more closely on affected areas than previously.</p> <p>After debate, it was,</p> <p><u>Resolved:</u></p> <ol style="list-style-type: none"> 1) To thank Phil Morgan for his presentation; 2) To receive a report from Michael Hudson (Wiltshire Council: Service Director – Finance) on Neighbourhood Budgets and potential options for the Trowbridge Community Area, at the next meeting of the Area Board on 12 September 2013.
62	<p><u>Museum and Cultural Development Update</u></p> <p>Caroline Taylor (Museum Project Consultant) delivered a presentation, attached to these minutes, on the plans to move and update the Trowbridge Museum. It was stated funding had been applied for from national bodies, with the goal of taking advantage of the heritage assets in Trowbridge, such as Courtfield House, a Grade II* listed building, and creating a regionally significant site among the history of textiles in the country.</p> <p>The need to create partnerships and a cultural strategy in addition to the museum project proposal was emphasised, in order to create a cultural provision for Trowbridge, and permit it to better utilize its advantageous position close to regional hubs like Bath and Bristol.</p> <p>The Board discussed the strategy and made several suggestions about moving forward.</p> <p>At the conclusion of discussion, it was,</p> <p><u>Resolved:</u></p> <p>To support the development of the strategy and a commitment to consider the recommendations once that exercise had been completed.</p>
63	<p><u>Streetscene and Highways Local Community Co-ordinators</u></p> <p>Pat Whyte (Wiltshire Council: Engineer, Highways and Streetscene), Christopher Clark (Wiltshire Council: Client Area Manager West, Highways and Streetscene) and Mark Banks (Wiltshire Council: Community Co-ordinator, Highways and Streetscene) introduced a presentation, attached to these minutes, on the Highways and Streetscene Local Community Co-ordinators.</p>

	<p>The role of parish stewards in the new scheme was queried, and it was stated stewards were now part of the new 'Community Teams' and would continue to play a significant role. It was also stated that officers hoped that each Town Council and Parish would provide single points of contact to limit redundant liaising.</p> <p>It was,</p> <p><u>Resolved:</u></p> <p>To thank officers for the presentation.</p>
64	<p><u>Peter Black Site Update</u></p> <p>The Area Board considered the report from Stephen Hawkins (Wiltshire Council, Team Leader – Enforcement) on developments at the Peter Black Site, along with an update to the report, attached to these minutes.</p> <p><u>Resolved:</u></p> <p>To note the update and request a further update at the next meeting of the Area Board.</p>
65	<p><u>Trowbridge Transport Strategy</u></p> <p>A written update was received from Martin Aldam (Wiltshire Council: Senior Transport Planner), on the Emerging Transport Strategy for Trowbridge, following the previous update to the Area Board on 17 January 2013.</p> <p>The Board examined the contents of the report, and noted with regret that it did not address the issues the Board had previously raised, and as an update did not satisfy the concerns that had been identified.</p> <p>After debate, it was,</p> <p><u>Resolved:</u></p> <p>1) To REJECT the report as wholly unsatisfactory in terms of addressing the concerns and needs of Trowbridge as previously raised by the Area Board, and</p> <p>2) To seek feedback from the report author on the concerns raised by the Area Board for the meeting in September.</p>
66	<p><u>Community Area Transport Group (CATG) Recommendations</u></p> <p>The Area Board noted the report on the Community Area Transport Group Recommendations.</p>

	<p><u>Decision</u></p> <p>To agree the recommendations of the Community Area Transport Group, as follows:</p> <ol style="list-style-type: none"> 1) That £1,346 is allocated for a topographical survey and £12,000 is allocated for carrying out the works related to a crossing point on Bradley Road, Trowbridge. 2) That £3,000 is allocated for a road traffic order for restricted access on West Street, Trowbridge 3) That £560 is allocated for 2x grit bins in both Southwick and Trowbridge Paxcroft Divisions. The refilling of these bins will not be carried out by Wiltshire Council. 4) That £950 is allocated for the provision of 2x dropped kerbs in Hazel Grove area on condition that this sum would be matched by £950 from Trowbridge Town Council.
67	<p><u>Any Urgent Business and Forward Plan</u></p> <p>The Board discussed the draft forward plan, and suggestions were made regarding a report on proposed celebrations of the Magna Carta, and to confirm if the Green Spaces report would be scheduled for the September meeting.</p>
68	<p><u>Close</u></p>

Who lives in Wiltshire?

In 2001 around 6% were born outside UK.

In 2011 around 8% were born outside the UK

We have a long history of some minority communities, Polish in Westbury, Moroccan in Trowbridge (90), Gypsy traveller community in the south for example

Note: Although the Isle of Man and the Channel Islands are part of the British Islands, they are not part of the United Kingdom. These figures have therefore been added to the European total.

The new European dimension

- German population – they are almost entirely as a result of the British Army overseas
- The Polish community are the new feature in the landscape

LSOA name	Polish population numbers
Trowbridge-Adcroft-Seymour	262
Trowbridge College-central	158
Trowbridge Park-central	141
Trowbridge Drynham-central	139
Trowbridge Adcroft-canal road	133
Trowbridge Adcroft-Stallard	101

The military dimension

Our distinct military communities

We have over 900 Gurkhas and there are nearly 1300 in Swindon but nowhere else in any numbers in South West

Our distinct military communities

Our distinct military communities

In Wiltshire we have 569
registering as Polynesian,
Micronesia and Melanesia

Highest concentration of
Polynesian outside London
(1812)

Royal Logistics Corp based at
Buckley barracks Hullavington

Our new population has distinct needs.

- We need to know – who is coming next?
 - New Army units
- We need to know are people staying?
- Japanese's – Honda – what's likely to happen
 - Polish are they putting down roots?

Any questions?

- Enhances, builds reputations; in some instances creates them

Wiltshire Core Strategy

‘Trowbridge has a strong industrial heritage and features a number of key landmark buildings, including the Town Hall, mill buildings and a hierarchy of buildings associated with the cloth industry. Future development should have regard to this important heritage and ensure proposals enhance, rather than negatively impact on the existing townscape.’

Transforming Trowbridge

- Create a day and evening economy
- Celebrate assets including Trowbridge park and the historic town centre through the reuse of vacant historic buildings
- Promote the town centre through public space improvements and events to improve perception
- Create a family friendly town with Trowbridge Park at its heart, with shops and services facing onto the park
- Improve public spaces capable of holding street performance, cultural and arts events regularly

Trowbridge's Cultural Quarter

- Trowbridge Civic Centre and Leisure Centre
- Cinema and restaurant complex
- Trowbridge Park, the People's Park
- Proposed location for Trowbridge Museum & Art Gallery
- Trowbridge Town Hall
- Possible location for Campus development

Cox Review of Creativity in Business

Review for HM Treasury suggested development of regional centres containing at least some of the following facilities:

- Exhibition space for static and travelling displays
- Seminar facilities
- A hub for creative industry gatherings
- Educational facilities
- Space for professional and trade bodies
- Retail environment/dining facilities
- Incubator space for early-stage creative businesses
- Serviced office/shared studio facilities for creative businesses

Strategy Development

- **Assess the Cultural Economy**
- **Grow / strengthen the sector**
- **Make recommendations**
- **Delivery initiatives tackling key**

Agenda Item 5

Chairman's Announcements

Subject:	<u>Wiltshire Core Strategy – Consultation on Schedule of Proposed Modifications (including SA and HRA updates); two ministerial statements relating to wind farm development; and national planning practice guidance for renewable energy</u>
Officer Contact Details:	Spatial Planning team on 01225 713429 or email: spatialplanningpolicy@wiltshire.gov.uk
Further details available:	Spatial Planning team on 01225 713429 or email: spatialplanningpolicy@wiltshire.gov.uk

The Wiltshire Core Strategy, which provides the planning policy framework for Wiltshire, recently underwent discussion at a public examination conducted by an independent Planning Inspector.

Following the examination hearing sessions the council has published a Schedule of Proposed Modifications (August 2013) containing 'main' and 'minor' changes to the Core Strategy to give all interested parties the opportunity to comment before the Inspector completes his report.

The consultation will take place for a six week period from **Tuesday 27 August to Wednesday 9 October 2013 inclusive**.

The council has produced an update to the Sustainability Appraisal (SA) and Habitats Regulation Assessment (HRA) based on the Schedule of Proposed Modifications. Comments can also be made on these updates.

The Inspector has also requested that the council invites comments on the implications that the two recent ministerial statements relating to wind farm development, and the recently published national planning practice guidance for renewable energy may have on the Wiltshire Core Strategy.

Details of where you can view the Core Strategy, Schedule of Proposed Modifications and associated documents (including the SA update, HRA update, ministerial statements and planning practice guidance document) will be available on the Wiltshire Council website from 27 August 2013: [Core Strategy](#)

Alternatively, copies of the documents will be available to view at the main council offices (see below) and at all libraries across Wiltshire during normal opening hours:

Summary of announcement:

The JSA for Wiltshire 2012-13 was published in late 2012 on behalf of the Public Services Board (PSB). You may recall this was made possible by the contributions made by each of the thematic delivery partnerships.

The value of local data and evidence meant we supplemented the JSA Wiltshire with 20 individual local community area assessments. The community area JSAs, first published in 2011, added to our local knowledge and helped us and communities focus on the real issues in their local area. As part of the JSA programme, the Community Area level assessments (CAJSAs) are in the process of being updated this year, these will provide updated data about our local communities across the ten chapters.

The CAJSAs have taken on board feedback from Councillors, officers, organisations and feedback from our community events (held in 2012) and will build on the existing document and include more information on changes; trends; qualitative survey data (such as the results from the What Matters to You survey 2013) and other primary research such as the Census 2011.

We also intend to address some gaps in the first community area JSAs by including two new chapter's one covering leisure, and a second chapter art and culture which aligns the CA JSAs with community plans. The assessment will follow a similar structure to the JSA Wiltshire 2012-13 version, and will include a chapter written by each thematic delivery partnership (TDP).

We aim to publish the CA JSAs at a second round of community events between January and April 2014 and have discussed these plans at the Chair of the Area Board meeting and also met with Area Board managers. We are currently in the process of agreeing dates for each community event. The date of the Trowbridge by invitation event has been agreed as 03 April 2014 – CAMs are listing event dates here - www.jsaevents2014.weebly.com

For more information on the JSAs please visit the Wiltshire Intelligence Network website <http://www.intelligencenetwork.org.uk/joint-strategic-assessment/>

Public opinion survey – Trowbridge – Trowbridge Section

The Office of the Police and Crime Commissioner (OPCC) commissioned M.E.L. Research to consult local residents. During 2012/13 4408 Wiltshire residents completed the survey. A minimum of 384 people took part in each of the eleven policing sectorsⁱ ensuring that the results for each sector were significantⁱⁱ.

The aims of this survey are:

- To measure public perception of Wiltshire Police and how communities are policed
- To consult the public and enable the OPCC and Wiltshire Police to prepare policing plans
- To enhance the OPCC and Wiltshire Police’s understanding of how policing influences people’s sense of security and wellbeing

The report below sets out the results for the Trowbridge section. A summary for the whole Force area will be available shortly on the Commissioner’s website. If you have any queries please contact the OPCC on the details below.

Perceptions of Crime and ASB

Perceptions of Crime and ASB being a problem in the Trowbridge Sector are slightly above the average for the Wiltshire Police area.

- The average perceived level of crime on a scale of 1 – 10 (with 1 being 'none' and 10 being 'a lot') is 3.39 for Wiltshire Police as a whole. For the Trowbridge Sector the average score is slightly above the force average at 3.57, the average score for the Trowbridge Section is slightly higher again at 3.82
- The average perceived level of ASB on a scale of 1 – 10 (with 1 being 'none' and 10 being 'a lot') is 3.34 for Wiltshire Police as a whole. For the Trowbridge Sector the average score is slightly higher than the force average at 3.42, with an increase to 3.73 for the Trowbridge Section.

The perceptions of low levels of crime and ASB are in line with the actual crime and ASB levels with both just above the force average.

- There were 52 crimes per 1000 population in the Trowbridge sector in 2012/13, this compares to a Wiltshire average of 46 crimes per 1000 population.
- There were 41 reported ASB incidents per 1000 population in the Trowbridge sector in 2012/13, in comparison to a Wiltshire average of 37 incidents.

ⁱ Wiltshire Police is divided geographically into 11 local policing sectors. These sectors are then further divided into sections - these usually consist of a large town and the neighbouring villages or community areas.

ⁱⁱ Statistical significance; If the survey was completed using an alternative set of respondents there is a 95% chance that the result would fall within $\pm 1.5\%$ of the current result at force level. At sector level there is a 95% chance that the result would fall within $\pm 5\%$ of the current result.

Report to	Trowbridge Area Board
Date of Meeting	12 September 2013
Title of Report	Community Area Board Funding

Purpose of Report

To ask Councillors to consider two funding applications to the community area grants fund:

1. Two applications seeking Community Area Grant Funding (appendix 1)
 - 1.1 Wiltshire Youth Marching Band - to purchase new band instruments - £500 requested
 - 1.2 Gloucester Road Allotment Association – to create a paved pathway - £2,850 requested

Total Amount requested = £3,350

1. Background

- 1.1 Area Boards have authority to approve Area Grants under powers delegated to them by the Deputy Leader and Cabinet member for Adult Care, Communities and Housing (5 April 2013). Under the Scheme of Delegation Area Boards must adhere to the Area Board Grants Guidance 2013/2014. The emphasis in 2013/14 will be that the Area Board funding will support volunteering, community involvement and addressing community priorities.
- 1.2 Trowbridge Area Board has an increased budget for 2013/2014 budget of £111,127 for community area grants (CAGS), community area partnership (CAP) core funding and area board/councillor led initiatives. Pursuant to the budget approved by the Council, the Area Board has been provided with a budget allocation of £88,486 for CAGS/Councillor led projects; £21,141 allocated funding for CAP funding & revenue/operational budget; £1,500 capital for Digital Literacy Fund grants. £19,736 has been allocated to date:
 - £15,556 - TCAF CAP core funding
 - £2,680 – TCAF – Lights Camera Action CAG
 - £1,500 – West Wiltshire Scouts – Equipment & secure store CAGThis leaves a remaining budget total of **£91,391** to allocate in 2013/14.
- 1.3 Area Boards will be encouraged to develop ways of linking grant funding to locally agreed priorities emerging from the Joint Strategic Assessment, the local community plan or other relevant local evidence
- 1.4 An on-line funding application process has been introduced for all applicants.
- 1.5 In 2013/14 up to £500 unmatched funding will be available to support small local projects. All applications for projects exceeding £500 will be expected to provide match funding (either in cash or in kind) to the value of a minimum of 50% of the total requested
- 1.6 In 2013/14 applications specifically for Wiltshire Online, Digital Literacy will be considered, with £1,500 being allocated to each area board and distributed through the community area grants process.
- 1.7 In support of the Olympic and Paralympic legacy, in 2013/14 the Area Boards will particularly welcome applications that encourage young people and people with disabilities to become more actively involved in sports, outdoor activities, recreation, arts and volunteering.
- 1.8 Area Boards will not consider CAG applications from town and parish councils for purposes that relate to their statutory duties or powers that should be funded from the local town/parish precept. However this does not preclude bids from town/parish councils, encouraging community projects that provide new opportunities for local people or those functions that are not the sole responsibility of the town/parish council.
- 1.9 In accordance with the Scheme of Delegation, any decision of an Area Board that

is contrary to the funding criteria would need to demonstrate that the application in question has a wider community benefit, and give specific reasons for why this should justify an exception to the criteria.

- 1.10 In addition to CAGs, Councillors can submit an Area Board/Councillor Led Initiative. This enables area boards to tackle sticky community issues and/or community identified priorities. Cabinet have emphasised that they do not wish these to be used to avoid complying with Community Area Grant criteria or for filling gaps where there are council service shortfalls.
- 1.11 Officers are required to provide recommendations in their funding reports (except in the case of Area Board/Councillor led initiatives), although the decision to support applications is made by Wiltshire Councillors on the Area Board.
- 1.12 Funding applications will be considered at every ordinary Area Board meeting.
- 1.13 Paper copies of funding applications no longer appear as part of the agenda in an attempt to reduce paper. They are however available to view on the Wiltshire Council web http://portal.wiltshire.gov.uk/areaboard_grants/grants_list.php
- 1.14 All recipients of area board funding are expected to complete and return an evaluation form as soon as the project or activity has been completed and this should be accompanied by receipts and invoices, as well as photographs if possible. Failure to return the evaluation requested will preclude them from being considered for any future funding from the area board. This applies to all grants made by the area board.

2. Main Considerations

- 2.1. Councillors will need to be satisfied that grants awarded in the 2013/14 year are made to projects that can realistically proceed within a year of the award being made.

3. Environmental Impact of the Proposals

- 3.1. Community Area Grants will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent and specifics of which will be dependent upon the individual project.

4. Financial Implications

- 4.1. Awards must fall within the budget allocated to the Trowbridge Area Board. If the

funding is allocated according to the recommendation in this report there will be a remaining budget for 2013/134 of £88,041

5. Legal Implications

5.1. There are no specific Legal implications related to this report.

6. HR Implications

6.1. There are no specific HR implications related to this report.

7. Equality and Diversity Implications

7.1. Community Area Grants give local community and voluntary groups, an equal opportunity to receive funding towards community based projects and schemes.

7.2. Implications relating to individual grant applications are outlined within section 8 where appropriate.

8. Community Grant Applications

Applicant 8.1	Project summary	Funding requested
Wiltshire Youth Marching Band	To purchase musical instruments for its members	£500

8.1.1 The application meets the grant criteria and will encourage more young people to be involved in the arts.

8.1.2 The applicant is not contributing any other funding towards the project.

8.1.3 **It is recommended that a grant of £500 is approved**

Applicant 8.2	Project summary	Funding requested
Gloucester Road Allotment Association	To build a paved pathway to increase access for Disabled people	£2,850

8.2.1 The application meets the grant criteria and will improve access for Disabled people

8.2.2 The applicant is contributing over 50% other funding towards the project.

8.2.3 **It is recommended that a grant of £2,850 is approved**

9. Recommendations

9.1 **It is recommended that the Area Board agrees to the recommendation for the Community Area Grant application contained within paragraphs 8.1.3 & 8.2.3 of this report.**

No

12. If so, which Area Boards?

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

This project will directly benefit young people who may not be able to afford their own instrument or the hire costs of such instruments allowing them to become apart of the WYMB and have them learn and grow within the band allowing them to make new friends with children with similar interests. This also allows current members to improve and expand their musical knowledge by having added other much needed instruments into the musical ensemble. The WYMB play an important role in the local community by encouraging young people to understand community awareness and a responsibility to their community, as well as encouraging self discipline, leadership, teamwork and camaraderie through marching music. The band have proven their importance on many occasions within our community and have been strong ambassadors for the young people of our town both here and away and certainly give young people of our town a good name. This project will also benefit every member of the band by helping to widen the ensemble of instruments to make a fuller, musical sound and improve drill performance.

14. How will you monitor this?

New members will come directly through myself as the Drum Major and requests for free hire of the instruments will be assessed on a need by need basis by myself the Director of Music and the Bandmaster. A contract will be given to the member to ensure that the instrument is taken care of and returned when the member leaves the band or doesn't need the instrument anymore. Instruments will be given to members who need them most.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

Through donations, sponsorship and fundraising events.

16. Is there anything else you think we should know about the project?

6. Project summary:

We completed Community Plot itself in 2011 and it is loved by users of the 4 raised beds. The beds produce a huge amount of fruit and vegetables. Carers of these people find access up & down grass track difficult as wheelchairs are heavy. They need access from bottom gate up to plot and using the club hut. This path is essential to all year round usage. They use this facility as a leisure activity and spend many hours gardening or sitting and enjoying the tranquillity of the amenity area. Pathway will be well built paved access for heavy wheelchairs, mobility scooters and disabled walkers. We have just had heavy rain and this would mean that wheelchair and mobility scooter access would be very difficult so it is an all year problem for the access.

Why can't you fund this project from your reserves:

Rents from the allotment site are for the general maintenance, expenditure [water bills and insurance]. We need to keep a large reserve for unexpected expenses that may occur. We do a lot of fund raising during the year which we use all on site improving facilities for all allotment holders. This year we raised Â£170 for the Wiltshire Air Ambulance as we wanted to give something back to the wider community. We have funds to cover the short fall and for general maintenance of the community plot and pathway. This project is too complex to be done by inexperienced people as the safety of the users is paramount. Committee are prepared to help where necessary and will do any unforeseen work that may occur during building pathway.

This project will enable our allotment gardeners from Shaftesbury Court, all in wheelchairs, Ashton Street Day Care Centre, in wheelchairs, using a zimmer type frame, and a disable lady who uses a mobility scooter and wheelchair to access their raised beds down to the club hut which they use for recreation and to enter from the bottom gate and get up to their raised bed. The carers are all women at the moment and they have a real struggle to get the people up and down on the grass, especially when it is wet. This limits the times they can come up the the allotments. Sometimes they spend many hours on site and are backwards and forwards for breaks or if it rains and they have to rush for shelter in the club hut which is wheelchair friendly with a ramp.			
14. How will you monitor this?			
The committee will monitor the building of the pathway and make sure it is used safely.

Trowbridge Shadow Community Operations Board

Report to Trowbridge Area Board on the second phase of the consultation

From the start of June to 26 July 2013 the Trowbridge Shadow COB carried out its second phase of consultation. A questionnaire approved by the Area board in April 2013 was used which set out the working proposal drawn up by the SCOB from the results of the first phase of carried out in 2012. The questionnaire was available in both paper and electronic form.

Thank you to everyone who has fed in their views. The total responses to the questionnaires were 1,134. A small number of responses were received after the deadline and although these have not been included within the presentation of the results, the COB will incorporate this feedback when analysing the results.

A summary of the consultation results is attached to this paper, as are all of the comments received in survey responses.

How the consultation was carried out.

- A paper questionnaire was produced with an online version.
- Members of the SCOB supported by members of TCAF and Wiltshire Council's Campus Team spent eight mornings or afternoons in the Atrium at County Hall. This proved a particularly good place to get responses from members of the community.
- Specific presentations have been given to Trowbridge Town Council, Trowbridge Sports Forum, Trowbridge WI, Trowbridge Luncheon Club, St James' Church and Trowbridge Schools Collaborative.
- Members of the COB spent three evenings at Castle Place Leisure Centre and another two at Trowbridge Sports Centre canvassing opinion.
- The COB had a presence at a number of community events including the Sports and Play event, the Armed Forces Weekend and a number of school fetes.
- Most secondary and primary schools agreed to send the questionnaire home to parents either in paper or electronic form and published a short article about the Campus in their newsletters. Many schools also encouraged their pupils to complete the questionnaire, either at school or through sending the questionnaire home.
- Specific approaches were made by members of the SCOB to the Polish and Moroccan communities and other ethnic minorities in Trowbridge.
- Questionnaires were distributed through other organisations such as Trowbridge Town Council, Trowbridge in Bloom, Trowbridge Chamber of Commerce, The Trowbridge County town Initiative and Trowbridge Town Team.
- Questionnaires were given to Wiltshire College's Trowbridge site for students to complete.
- Some questionnaires have been hand delivered.
- Copies of the questionnaire have been placed with and collected from the Tourist Information Centre, Library, Sports Centres, supermarkets and some local shops.
- There have been several articles in the Wiltshire Times.
- The Trowbridge Magazine July edition included a long editorial about the Campus and reproduced the questionnaire.

Feedback

1. Analysis of the questionnaires

Based on the questionnaires the main findings are.

- Overwhelming support for the idea of a campus. 96.9%
- Overwhelming support for the proposed community facilities 95.5%
- Overwhelming support for the proposed sports and leisure facilities 96.6%
- Additional comments on the idea of a campus – 319 comments
- Additional comments on community facilities – 267 comments
- Additional comments on sports and leisure facilities – 409 comments
- Some general comments
- Other facilities that were suggested

2. Oral responses and qualitative feedback

Most people were very enthusiastic about the proposal and in general conversations were more positive than in 2012. There were many additional ideas. Some concerns expressed were

- Access- it was important that there was adequate parking and good access from bus routes
- Pricing –it was important that prices were at a level to be affordable for the people of Trowbridge
- Governance and ownership concerns that it might be owned and run by a commercial organisation

A small number of people we spoke to expressed opposition to the campus but declined to complete a questionnaire. The main reasons given for not completing a questionnaire were because people felt;

- Nothing ever happens in Trowbridge so it will not happen
- The perception that the campus is going to be on the Bowyers site where people felt the cinema should have been
- It is the wrong time to spend money on this during a recession when people are being made redundant and services are being cut
- There are enough facilities in Trowbridge

Next Steps

- The SCOB wishes to know if the Area Board are content that the consultation has been thorough and that the views of the community are reflected in the results,
- Once the SCOB has the Area board's approval it will then provide the information to the Campus Delivery and Operational Models Team to assess options for delivering the campus proposal to meet as much of the brief as possible.
- It is then a matter of the SCOB to await the outcome of this process. We hope for a positive outcome and will update the Area Board once more information is known. It is hoped that Wiltshire Council's Cabinet will be able to receive a proposal in the near future.

If you want to know more

The full results of the consultation are presented in Appendix A and Appendix B that can be accessed at www.wiltshire.gov.uk/TrowbridgeCommunityCampus

Trowbridge Community Campus Survey – phase 2 consultation results summary

The information below formed part of the phase two consultation about the Trowbridge Community Campus during June and July 2013.

Dear member of the community,

Thank you if you took part in the first phase of consultation that we held from July to October 2012. We have carefully analysed the responses we received and we have drawn up a working proposal to create a community campus in Trowbridge based upon them.

The Trowbridge Shadow Community Operations Board (Shadow COB) would now like your views on this proposal. We can then take this proposal to Wiltshire Council and ask them to try and find a site that could deliver our working proposal for a campus, delivering as much of the working proposal as possible.

Strong views were expressed for the need for facilities like an ice rink which are outside our remit. We have passed these on to the appropriate bodies.

Please read the working proposal and then answer the key questions that follow.

Please also look out for meetings and events in the local area to come along and talk about the campus proposal.

All responses to the consultation must be received by; Friday 26th July 2013

Working proposal

If a site can be found to accommodate a campus for Trowbridge we would ask that it would deliver the following;

To create a new building combining community and leisure facilities and services on a central site in Trowbridge with adequate parking and good access for pedestrians, cyclists and those using public transport.

Every effort will be made to integrate the leisure and community facilities. The building would be completely accessible to those with learning or other disabilities. The space will also be organised to enable artwork to be displayed in it.

It is not possible at this stage to consult about any specific site but this is likely to be informed by the consultation on the Master Plan for Trowbridge due to take place in July.

This proposal has been drawn up taking into account existing and proposed facilities such as the redevelopment of the Town Hall and is intended to complement these and not duplicate them.

The Trowbridge Shadow Community Operations Board is proposing that the council consider options for delivery of the following principles;

A) A community aspect with:

- A single point of contact to provide information or signposting to the appropriate service
- IT rooms equipped with computers and WFI that can be used for learning by adults and young people
- Multi use rooms with adequate storage that can be used by young people, adults with learning difficulties or community groups
- A kitchen where food can be prepared and eaten
- A health and wellness centre including personal care rooms, a sensory room, rooms for quiet reflection and a medical room

This graph represents a flavour of the main topics of comments received as part of phase two of the Trowbridge Campus consultation. The graph does not note a positive or a negative comment, merely the topic. There were lots of comments or part of comments which did not fit in to any category but the graph is designed to give a broad flavour of the key themes and is not a detailed analysis of the consultation responses.

8.	As a county town Trowbridge has an appalling lack of facilities for families, children and the older generation. In a time where we are seeing child obesity rising we need to be encouraging our children to become more active in all weathers. Whilst Castle Place gym is small but effective for teenagers and adults, there is little for families to do together. A new sports complex with an up to date gym, swimming pool and water slides and sports courts would make a huge difference to Trowbridge. Surely the fact that Castle Place gym has a growing membership of 2,400 people should prove the fact that a new gym would be very successful as many women are put off due to having to park in the multi-storey car park in the dark evenings. As a mum of three and a primary teacher I strongly feel that a new sports complex would be a distinct advantage and encourage families to spend their leisure time and money in our own town.
9.	First off I am very concerned at the level of replication of facilities. For example, if people are not using Library IT facilities then why will they use a new centre. A similar question for the diving pool? We are well served with swimming pools. I am in favour of the new facilities since they have a bigger chance of success. I would sughest that for the active facilities that a big communications effort will have to be engaged or else they will liee dormant. It also strikes me that a bigger effort could be made in linking this effort and its outputs to the self-sustaining outcomes that will deliver the Council vision for Trowbridge. Excuse my ignorance but what is the vision for Trowbridge?
10.	We already have these facilities available at Clarendon school and the library, this will just be duplicating what we already have, lets have something different.

161.	art based competition centre
162.	But there is too much emphasis on sports facilities and not enough space provided for large demand for creative spaces
163.	But there should be space to practice cycling skills
164.	Don't think we need a swimming pool BUT football pitches. Present facilities are a disgrace as we are the county town - take a look at Calne's!
165.	I would love to see something for teenagers i.e. roller rink indoors or a indoor skate park
166.	Sprung floor for gymnasts
167.	In part - i feel that the campus needs primarily to offer facilities for young people. Somewhere they can meet, do activities, be supervised etc. Another use in the daytime would be somewhere older people could meet - have a chat, engage in activities and exercise, cup of tea etc This would ensure both daytime and evening use. Facilities could also be hired out for parties at the weekend, especially for children - bouncey castle parties, sports parties etc
168.	space for target sports e.g. archery, air riffle shooting

177.	The ideas are really great, please remember the six lane swimming pool! I love swimming! Please build it
178.	This should definitely be built becuase so many people will be happy but you should put in an ice skating rink
179.	I think we need a horse riding place
180.	Arcade
181.	I am happy with the facilities but I would like to have a football pitch for me and people into and also a cricket field
182.	an ecellent proposal, well worth supporting
183.	tennis courts
184.	hydro pool
185.	We need at least a 3 lane running track with field event facilities
186.	sports hub - one big leisure complex! and a proper football club facility
187.	bowling alley - 10 pin
188.	toddler rhymes, gym fun
189.	football pitches with changing facilities
190.	Some facilities lacking e.g. advice services
191.	Need a 50m pool 1/2 for lessons and the other for public swim clubs can use whole pool
192.	50m swimming pool (Bath is another county)
193.	With other developments, this would add real value to Trowbridge
194.	youth facilities
195.	If it doesn't affect the new campus in Melksham

248	It would be good to use it as a venue for visiting speakers
249	Pre natal and post natal treatment areas and access.
250	Various dance classes
251	Can we ensure hiring costs are affordable. For example the new civic centre is great but too expensive to hire
252	We want something for small children like stay and play, song
253	Make an area for children, learning English
254	English class, art place where we can practice, gardening club
255	English learnign facilities for speakers of other languages, gardening, classes regarding vegetables
256	More visits by church members and proposals for new access around the towns
257	Already available
258	Youth centre
259	childrens centre
260	The facilities required / provided may depend on the chosen location. If it is closer to County Hall, the contact point, IT facilities, catering and meeting rooms are already in the library / atrium. What about space for the Citizens Advice Bureau?
261	Duplication
262	Already available elsewhere
263	Again already available
264	Duplication

10.	Laser tag Game room Go karting water park Cinema
11.	bigger swimming pool
12.	bhjhjhjvhjhj
13.	wheelchair rugby because the closest one is in southampton or wales
14.	No mention of facilities for running and athletics. Currently no suitable athletics facilities in the Trowbridge area except out of county in Bath. These are needed to promote running and athletics and provide a secure training area for juniors and seniors alike. A cycling venue would be nice as well. this could be an outdoor track to enable people to cycle on reasonable surfaces free from the usual potholes on Wiltshire roads and safe and separated from the usual traffic issues. A venue similar to the Odd Down facility would be ideal for this.
15.	An athletics stadium / running track. An outdoor cycling track and / or veledrome.
16.	2 Changing rooms (M & F) for local running clubs. Running track for training and competitions. For example (Runners) Avon Valley Runners draw athletes from all over West Wiltshire and need a centre where we / they can meet. Avon Valley Runners have over 200 members and are the largest running club in Wiltshire outside Swindon. Trowbridge being the County Town of Wiltshire means that this club (and perhaps others) need to meet in Trowbridge.
17.	Please see above.
18.	Trampolining, squash courts, badminton
19.	A climbing wall would be excellent for youngsters.
20.	To allow synchronised diving, two 1 metre spring boards and two 3 metre spring boards (side by side) would be needed. at the moment synchronised diving can only be practised on the 5 metre platform at Trowbridge pool.
21.	a soft play area for young children
22.	The water and dry activities proposed are fantastic, there is a wide variety of options for people both young and old to use the leisure centre. I now hope and pray that something can actually be built so that everyone in the Wiltshire area can benefit from the leisure centre. Maybe an onsite café for sports men and women to use after they have done their sport.
23.	Would like to see squash as a dedicated sport rather than a shared resource.
24.	Please see my concerns above. In principle I am all for the concept but I fear that we are tackling this in a piecemeal fashion.
25.	10 pin bowling alley.
26.	With respect to the diving facilities, it would be important to have 2 1m or 3m springboards to enable divers to develop synchronised diving skills. Dry facilities would also be important.
27.	My children all dive at the centre currently and after taking my son (age 11) to the National Age Finals in Sheffield last weekend it was a major achievement when compared to the facilities that all the other competitors have. To think where he could actually go if the facilities at Trowbridge were improved to even half the standard of Major event places such as Plymouth, Sheffield, Southampton. We have no Dry side facilities, no dive pit, no bubbles, 5 metre is as high as we go, we have one board for each discipline, which makes training often very long and drawn out as there is often a queueif our son wants to pursue his dream we will have to drive two hours just for training as he would have to go to Southampton! Why can't we have a centre of excellence on our doorstep for a change! The boys he competed against train 20 hours a week at 11, all we can get is at most 3! A Gym would also be a significant improvement so that I could train whilst my children are diving!
28.	Outdoor tennis courts
29.	A climbing wall, dry ski slope, free fitness classes for obese/kids Adult dance classes, something different.
30.	Ice Rink Bowling Alley
31.	None

Q 6	Do you have any other comments or ideas on what else is important in the campus
1.	small cinema theatre where various films would be shown not only those which are on the top, but for instance CLASSICS or films which are of other production than British or American
2.	Swimming and gym facilities with cafe area are essential
3.	The campus is really needed for Trowbridge - a place to bring everything together in to one place Things for young poeple are really important as well as a cafe for people who use the pool and the gym. The pool and the gyma dn aerobics studio need to be in the same place to make sure people want to pay for leisure membership for the campus.
4.	More provision for the aging population within Trowbridge, less focus on youth and sports.
5.	You should view TeamBath at University of Bath & ask what works & doesn't as most of this is a good facility but lessons have been learnt. Why don't you make use of their lessons learnt & not make the same mistakes which would waste resources.
6.	No
7.	noi don't

12.	The only bowling alley we have in our vicinity is the one in Melksham which is appallingly tired and dark, this is a game which youngsters and families enjoy. A new bowling alley would be a great addition. I also feel it would be beneficial to encourage some big name shops to Trowbridge. Clothing shopping is not good in Trowbridge as there is very little variety, whilst it is great to have Matalan, New Look and Next, from a women's point of view the selection is poor so most people go to Bath or Chippenham. By making Trowbridge fit for purpose as a whole for children, families and the older generation from all ethnic backgrounds and walks of life, surely that would ensure local people spend their leisure time and money inTrowbridge and encourage the next generation to look after our town more.
13.	We do not need medical rooms, personal care rooms and quiet reflection rooms. These are well catered for elsewhere already. Trowbridge has far too many cafes without wasting space on another in our campus. My main thought is stop the endless delay, pull down Peter Black's and give the people of Trowbridge something to do. My husband and I have been married for 35 years, our children are grown up and still we have to travel out of county for everything. The County town is an embarassment and that's why even paperwork has been moved away.
14.	If the swimming pool is to be at competition standard, there need to be enough room around the pool to allow teams to sit, as well as a large spectator area to house large numbers of people watching gala's and meets. Make sure the cost to families when using the facilities are affordable (unlike charges made by the current DC leisure).
15.	a creche
16.	I don't really like the idea of a community facilities centre because I would simply not find it useful to me or my family.
17.	I believe that the principle of the campus is good but that there is insufficient information to make an informed comment. The document provides no idea of the overall cost or the source of funding. This detail is most important

Q 6	Do you have any other comments or ideas on what else is important in the campus
18.	It will be imperative to get the community to buy into the idea. Biss Meadows is a good example. It will also be critical to put in place sufficient space to protect the small cafe / restaurant in the area otherwise they will be smothered by the large franchises. There is space for all. Capitalism has its place to play but long term self-sustaining recovery will come from the community taking ownership for its own future. The campus, therefore, must serve as a stimulus / inspiration for this transformation. Just some thoughts
19.	Trowbridge is the County Town of Wiltshire and a more suitable name for this facility would hopefully enhance the town. Wiltshire Council's proposal for a sports and leisure facility is admirable, however, why not just call it that and not show your ignorance on definitions.
20.	Please consider the clubs requirements in this revamp of the facilities. Whilst I understand that diving is really just a small part of the overall scheme, I believe that the centre will benefit greatly from the increased support, especially since Tom Daley has made it such a 'cool' sport following on from the Olympics. We are based in Chippenham and also use the Olympiad several times a week for Synchronised swimming also (i have 3 girls that do this). Again this is another area where we have to travel far to compete as the pool there is unsuitable to hold major competitions.
21.	It needs to be open longer than 9-5.30, if it's in the town centre then it might be worryh doing a late night for cinema goers, If a creche could be incorporated that would really help the town, parents could drop their kids off for a few hours and go shopping.

37.	Yes a further pool / rehabilitation facilities - after heart attack, stroke/ new hips/knees
38.	Get a steam room
39.	Given the local composition of Trowbridge, namely that it has a large Polish community, I would welcome classes teaching Polish to English speakers, and vice versa. As an English woman (albeit with Polish heritage), I would certainly take up such classes and I think this as well as for example, periodic events on Polish culture and celebrating diversity, this would greatly enhance cohesion within the community.
40.	I would like to see any commercial catering and the cafe required to support local farmers, growers and processors who include locally grown or reared ingredients where possible. Note: asking for local sourcing is usually misunderstood - if there is a wish to support local farmers etc it must be specified as in 'grown, reared'

Q 6	Do you have any other comments or ideas on what else is important in the campus
41.	I think it's a great idea. It should be on the old Bowyers site, close to the rail station, attracting people from outside Trowbridge too. There's so much that could be done with the site rather than the unimaginative "supermarket/petrol station/retail outlet/restaurant" solutions.

Trowbridge Town Council

Agenda Item 11

The concept is simple....

The **Our Place!** approach means putting **community at the heart of decision making & bringing together** - councillors, public servants, businesses, voluntary and community organisations, and the community themselves - **to revolutionise the way a neighbourhood works.**

- 12 pilot neighbourhoods have been testing this (under the name Neighbourhood Community Budgets)
- **No one 'right' way to do this** – but there are some key elements....
- Ministers want to see at least another **100 areas** working in this way as soon as possible.
- DCLG are making available **£4.3 million** to support other neighbourhoods – through a mix of grant and advice.

Department for
Communities and
Local Government

The pilots were led by a range of partners up and down the country

Page 107

Our Place! approach generates.... better services

- **Communities want to be involved in and influence decisions about their neighbourhood**
- **Communities are directing 'spend' in their area**
- **New community role for councillors**
- **Increased democratic engagement**
- **Communities are taking control of services and assets to...**
 -**reduce waste**
 -**tailor services to the needs of the neighbourhood**
 - ...**and generate savings**
- **Communities can help reach and influence hard to help groups**
Public service providers are working better together...
 -**with the community**
 -**and with business**

Timescales:

- We are about to go out to tender for a partner to run the Our Place! Support Programme
- Aim is for the support programme to be live before Christmas 2013

Application process – current thinking:

- Will be an application pack & form - available on-line
- Contractor will assess applications and make recommendations to DCLG for final approval

Our offer leading up to Our Place! going live:

- Advice and support from DCLG Our Place! team
- Mentoring from the Neighbourhood Community Budget pilots
- Networking events - to share learning and experience

WILTSHIRE COUNCIL

TROWBRIDGE AREA BOARD

Date: 12th September 2013

Subject: Land at former Peter Black site, Mortimer Street, Trowbridge.

Purpose of Report

1. To inform Members regarding the outcome of enforcement action to remedy the poor condition of the above site.

Background

2. Members will recall that reports on this matter have been brought to previous Area Board meetings. The Council served an Untidy Site Notice under Section 215 of the Town and Country Planning Act 1990 on the owners of the site on 4th March 2013.

The Notice took effect on 4th April 2013 and required the following actions to be carried out within three months:

- 1) *Cut back all soft landscaping on all boundaries of the Land (excluding formal trees) so that the soft landscaping is no greater than 2 metres in height when measured from natural ground level and is not overhanging the boundaries of the Land.*
- 2) *Cut back all soft landscape areas within the Land (excluding formal trees and formal grassed areas) so that the soft landscaping is no greater than 2 metres in height when measured from natural ground level.*
- 3) *Cut back all formal grassed areas within the Land.*
- 4) *Remove all weeds (including buddleia, brambles, creepers and self seeding trees) on all boundaries of the Land.*
- 5) *Remove all weeds (including buddleia, brambles, creepers and self seeding trees) within the Land and on all buildings within the Land.*

- 6) *Permanently remove to an authorised place of disposal all material resulting from steps 1, 2, 3, 4 & 5 above from the Land.*
- 7) *Permanently remove to an authorised place of disposal all rubbish, rubble and detritus from the Land.*
- 8) *Repair and secure all gates and fencing on the boundaries of the Land.*
- 9) *Remove all graffiti from the buildings within the Land or paint-out all graffiti from the buildings within the Land with a colour that matches the existing building colours.*
- 10) *Board up and paint all the windows of the office building on the western end of the Land with a colour that matches the existing building colour.*
- 11) *In addition to requirement 10 above, board up and paint all broken windows and all ground floor windows of all other buildings within the Land with a colour that matches the existing building colours.*

An appeal to the Magistrates Court, which would have delayed the Notice coming into effect, was not made, so the works required by the Notice should be completed by no later than 4th July 2013.

Update since previous report

3. At the last meeting of the Area Board, the period for compliance had just expired however the owners had committed to carrying out the necessary work.
4. The required works were carried out by contractors acting for the owners by the end of the week ending 26th July 2013. Officers inspected the site at the time and confirmed that no further action pursuant to the Untidy Site Notice is now needed.
5. Following removal of the weeds and overgrown landscaping within the site, it was established that the remaining overgrown planting around the boundaries of the site was in fact on Council-owned /controlled land. The appropriate section of the Council have therefore been requested to undertake maintenance of this area, to improve its appearance and that of the overall setting of the site.

6. It is confirmed that the Council has instructed Balfour Beatty to cut back the land and remove the creepers from the Council side of the fence. The land is on the long term maintenance schedule.
7. Nevertheless it is recognised that the site retains its appearance as a disused industrial premises. In the event that the site's condition deteriorates further in the future, it will be necessary for the Council to consider whether a further Untidy Site Notice should be served.

Recommendation

A: That Members note the report.
