Summary of announcement:

On 23 June 2014, Wiltshire Council is submitting the Wiltshire Council Community Infrastructure Levy (CIL) Draft Charging Schedule for independent examination. On this date, a Statement of Modifications, which sets out proposed changes to the CIL Draft Charging Schedule, is also being published for a four week period of consultation.

CIL is a charge that local authorities can place on new development to help fund infrastructure needed to support growth.

A note containing more information on CIL, including how to comment on the Statement of Modifications and the next steps, is attached as an appendix to this Announcement.

WILTSHIRE AREA BOARDS

COMMUNITY INFRASTRUCTURE LEVY FOR WILTSHIRE - CONSULTATION

(JUNE 2014)

1. What is the Community Infrastructure Levy (CIL)?

- 1.1 Wiltshire Council is preparing a Community Infrastructure Levy (CIL) charging schedule. This is a charge that local authorities in England can place on development in their area. The money generated through the levy will contribute towards the funding of infrastructure to support growth. The Charging Schedule will need to strike an appropriate balance between contributing to funding infrastructure and not putting development across Wiltshire at risk.

2. Why has Wiltshire decided to implement the Levy?

- 2.1 The Government has restricted the ability of local authorities to pool funding for off-site infrastructure through existing section 106 agreements (or developer contributions). It considers that this new tariff-based approach provides the best framework to fund infrastructure in a fair and transparent manner. CIL will provide 'up front' certainty about how much developers will be expected to contribute.

3. How will money from CIL be spent?

- 3.1 CIL is designed to contribute towards bridging the 'funding gap' between the total cost of new infrastructure required to support development and the amount of funding available from other sources. Wiltshire Council's Infrastructure Delivery Plan (IDP) identifies a range of physical, community and 'green' infrastructure projects that will be required to support the level of development as set out in the Wiltshire Core Strategy. Informed by the IDP, a list (known as the Regulation 123 list) will identify and prioritise which infrastructure projects will be eligible to receive money from CIL. The Government confirmed last year that local communities will directly benefit from CIL. Town and parish councils will receive 15% of CIL raised in their area, or 25% if an adopted neighbourhood plan is in place.

4. Submission of the Wiltshire CIL Draft Charging Schedule and consultation on proposed modifications

- 4.1 The Council has undertaken two previous consultations on the Wiltshire CIL Charging Schedule, which sets out the amount of CIL to be charged on different types of new development. The first consultation, on a 'Preliminary Draft Charging Schedule' (October 2012), took place between October and November 2012. Comments received informed a 'Draft Charging Schedule' (January 2014), upon which the Council consulted between January and February 2014.
- 4.2 On 23 June 2014, the Council is submitting the 'Wiltshire CIL Draft Charging Schedule' (January 2014) for an independent examination.
- 4.3 The Council is proposing to make modifications to the Wiltshire CIL Draft Charging Schedule. These have been informed by comments received during the last consultation and are set out in a 'Statement of Modifications', which is being submitted alongside the CIL Draft Charging Schedule.
- 4.4 The Council is now inviting comments on the Statement of Modifications from **23 June until 5pm, 21 July 2014**.

How to comment

- 4.5 Comments can be made, using the response form, via:

- Online consultation portal: <http://consult.wiltshire.gov.uk/portal>
- Email: CIL@wiltshire.gov.uk
- Post: Spatial Planning, Economic Development & Planning, Wiltshire Council, County Hall, Bythesea Road, Trowbridge, Wiltshire, BA14 8JN.

4.6 The CIL Draft Charging Schedule, Statement of Modifications, associated evidence and information on how to make comments will be published on the Wiltshire Council website at www.wiltshire.gov.uk/communityinfrastructurelevy, from 23 June 2014.

4.7 Hard copies of the documents are available at Council libraries and the main Council offices in Chippenham (Monkton Park), Devizes (3-5 Snuff Street), Salisbury (27-29 Endless Street) and Trowbridge (County Hall) during normal opening hours.

4.8 If responding by post or email, response forms are available from libraries and the main Council offices or the website.

Requesting the right to be heard by the independent examiner

4.9 Organisations and individuals responding may request the right to be heard by the examiner in relation to these modifications. A request to be heard by the examiner must be made in writing to Wiltshire Council **by 5pm 21 July 2014**, via the above means. Anyone requesting to be heard should indicate whether they support or oppose modifications and explain why.

4.10 Please note that the right to be heard at this stage of the process applies only in relation to the modifications being consulted on.

What happens next?

4.11 All comments received and a copy of each request to be heard in relation to these modifications will be forwarded to the examiner.

4.12 Requests to be heard may be withdrawn at any time before the opening of the examination by giving notice in writing to Wiltshire Council.

4.13 Details of the time and place at which the examination is to be held and the name of the examiner will be published on the Council's website and in local papers when they become available. If you have made a request to be heard (either on the Statement of Modifications or previously during the consultation on the Draft Charging Schedule) you will be notified directly.

5. Further information

5.1 If you have any further queries please contact Spatial Planning, Wiltshire Council on (01225) 713223 or via email, CIL@wiltshire.gov.uk.

Chairman's Announcements

Garden Waste Consultation

Summary of announcement:

The Council faces significant financial pressures with reduced funding from central government, increased service demand and inflation and these pressures are likely to increase. One way of achieving some savings towards this is by changing the way the garden waste collection service is delivered at the kerbside in Wiltshire. The Council currently delivers a fortnightly non-chargeable kerbside garden waste collection service to those residents that request the service.

The Council's Cabinet agreed to undertake a public consultation exercise to gain residents' views on potential future changes to the current kerbside garden waste collection service. The consultation runs from 1 July until the 1 September and presents residents with three proposals for changes to the service. The proposed changes are:

1. A three month suspension of the non-chargeable kerbside garden waste service with no collections taking place in December, January and February.
2. A five month suspension of the non-chargeable kerbside garden waste service with no collections taking place in November, December, January, February and March.
3. To introduce a chargeable kerbside garden waste collection service instead of the current non-chargeable service.

Residents are asked to pick the one option which best meets their needs. From 1 July you can find out more information and contribute to the consultation:

- Online by visiting the Council's website and following the link to public consultations
- Online at your local library
- By picking up a leaflet from your local library, leisure centre, council office or town council office.
- By completing the form in the summer 'Your Wiltshire' magazine

Leaflets will also be made available at area board meetings.

Should you have any further questions which are not answered by the consultation documents, you can contact the council by emailing gardenwasteconsultation@wiltshire.gov.uk or by telephoning 0300 456 0102.

Chairman's Announcements

Subject:	GOV/14/05/10 Integrated Performance Report May 2014 □
Officer Contact Details:	David Noyes, Director of Planning, Performance and Corporate Services □
Weblink:	http://www.wiltshireccg.nhs.uk/wp-content/uploads/2014/05/Paper-10-Integrated-Performance-Report.pdf

Summary of announcement:

Performance across the urgent care system remains broadly as expected over recent weeks, notwithstanding a couple of areas which have not consistently achieved the expected targets due to spikes of activity. A&E waiting times at GWH remain a concern, and the CCG will be participating in the de-brief from the recent Emergency Care Intensive Support Team work with GWH on 16 May. Elsewhere, we remain engaged with our provider of NHS111 in order to rectify some of the recent performance shortfalls evident in the delivery of this service, albeit performance here overall remains very much improved from this time last year. A review of regional system performance over last winter took place with the NHS England Area Team on 30 April with lessons learnt and agreement of common themes and issues, which can inform planning for next year. The Wiltshire Urgent Care Working Group met on 1 May; this event was conducted as a workshop, facilitated by Wiltshire GP Dr Tim Ballard, who is Vice Chair of the Royal College of GPs. Representation from across the system assisted us with the distillation of ideas and concepts which can be further developed to bring improvement in the future.

Some early engagement events have been held in order to start our dialogue with the population over the direction of travel set out in our emerging 5 year strategy. These have included interactions with the Wiltshire and Swindon Users Network, the Wiltshire Voluntary Sector Forum Network and the Potterne and surrounding villages Annual General Meeting. Further events with a variety of forums and groups are planned for the coming weeks and months, including Area Boards whenever possible. In order to drive ahead with delivery, in the past month our own Programme Governance Group have endorsed the scope and governance of our priority areas of programmed work moving forwards, and in very close co-operation with our partners in Wiltshire Council, the similar forum governing the Better Care Plan projects also successfully convened. On 22 April we held a workshop for our Governing Body members to expose them to the potential benefits of the Systems Thinking methodology, which Council colleagues have found to be most effective. We are now in the process of rolling our training in this discipline across the service re-design and commissioning leads within the CCG.

We continue to plan ahead for the NHS England Area Team end of year assurance visit, which is now planned for 20 May. We further anticipate finalising the inaugural CCG Annual Report at the Governing Body planned for the same date.

Army Basing Briefing for Amesbury, Pewsey, Salisbury, Tidworth and Warminster Area Boards – June 2014

Background

The government's Army basing announcement in March 2103 advised approximately 4,300 extra troops moving to Wiltshire, who will be accompanied by their families, bringing the total number of additional personnel to 7,600. These plans will require additional levels of infrastructure and services (education, leisure, transport, health and waste facilities).

June 2014 Update

- Following the public consultation period, between 19 February and 1 April 2014, DIO's Masterplan was updated to take account of the comments received from Wiltshire Council, local councils, statutory bodies, stakeholders and members of the public.
- The number of troops and their families due to relocate to Wiltshire is as follows:

Location	Troops	Spouses	Pre-school	Primary School	Secondary School	6th Form	Total Personnel	SLA	SFA	
Larkhill	2,053	540	<i>Further breakdown not yet available</i>							540
Bulford	735	241								241
Tidworth	609	100								100
Perham Down	627	300								300
Upavon	254	0								0
Total	4,278	1,181	678	1,007	393	57	7,594	3,097	1,181	

- A Statement of Community Involvement (SCI) document outlines the consultation undertaken in preparing the Salisbury Plain Training Area Army Basing Masterplan and shows how the comments received have been considered. From 20 May to 17 June, both the Masterplan and the SCI, together with the supporting Environmental and Transport Assessments were available to view in local libraries in Salisbury, Amesbury, Durrington, Tidworth and Ludgershall as well as the Army Website. The public were invited to make further comments during this period. The DIO is now updating the SCI to include any additional comments.
- A public meeting was held on 28 May 2014 at Tidworth Garrison Theatre, at which DIO presented its latest iteration of the draft Masterplan and highlighted the changes that have been made to it following the public consultation. The meeting was well attended and representatives from Wiltshire Council, the DIO and the Army were available to answer questions.
- At the above-mentioned public meeting, concerns were raised on the transport implications of the proposed development at a number of locations. DIO has identified likely improvements to some eight road junctions, subject to detailed planning. A meeting with Wiltshire Council (members and officers), DIO and its transport consultants to clearly set out the particular concerns raised by local stakeholders was held on 12 June. The issues identified will be dealt with during individual planning applications, which will be supported

by full transport assessments. Wiltshire Council and DIO continue to work closely to investigate satisfactory solutions to all the concerns that have been raised.

- DIO incorporated further comments that were received by 17 June 2014 into the final version of the SCI, which will be submitted with the Masterplan for consideration by Wiltshire Council's Strategic Planning Committee (SPC) in July 2014. **There will be a special SPC for the Army Basing Masterplan to be held on 30 July in Salisbury City Hall Auditorium, Malthouse Lane, Salisbury, Wiltshire SP2 7TU commencing at 1400.**
- The Masterplan does not replace the requirement for formal planning applications and DIO will address any issues of a detailed nature during the planning application stages. Planning applications are anticipated from September 2014 onwards, with the main construction programme commencing in 2016.
- Wiltshire Council continues to assess the level of services required including early years, school, health, leisure, highways, waste and transport facilities and services, using the latest data from army personnel (and their families) who are due to relocate to Wiltshire.
- In respect of schools, early indications suggest that Larkhill and Ludgershall will require new primary schools on land to be provided by the MOD, with existing Bulford primary schools being expanded. New secondary school places will be required at Durrington and / or Amesbury as well as Tidworth / Ludgershall. No additional classrooms will be required at Upavon. Early Years and nursery provision is also being investigated.

Up-to-date details about Neighbourhood Policing Teams including team membership, current priorities and forthcoming community consultation events can be found on our Wiltshire Police Website.

□ Visit the new and improved website at: www.wiltshire.police.uk

3. Performance and Other Local Issues

The Tidworth Neighbourhood policing Team were delighted to have been nominated as the Wiltshire NPT of the year. They were awarded the runner up certificate at an award ceremony last month. PCSO Maria Downham was also nominated as the PCSO of the year and was very happy with her runner up award. It means a great deal to the team to have their hard work recognised by members of the public.

The crime levels in the Tidworth Community area would be best described as being relatively stable. Whilst the figures below indicate a rise in non-domestic burglaries over the past year, the last three months have seen improvements with fewer offences being reported.

Anti-social behaviour In Ludgershall had been one of the priorities from the NPT. I am please to report that at the last tasking group meeting it was decided that the problems had improved greatly and the priority could now be signed off. The new priority for the team is to deal with some immerging drug supply issues in Ludgershall.

PS Martin Phipps, who has managed the Neighbourhood Policing Team in the Tidworth Community Area for the past 18 months, has now completed 30 years loyal service with Wiltshire Police and will retire in September. I am sure that you will join me in thanking him for all his hard work and will wish him well for his retirement. Martin will be replaced by PS Andrea Faircloth who will join the team in mid August 2014.
