Summary of announcement:

Wiltshire Council has a statutory duty to plan the provision of school places and to ensure that there are sufficient places for all 4 to 16 year old young people in the County. The Wiltshire School Places Strategy 2015-2020 (draft) sets out the need to add and where appropriate remove primary and secondary school places in response to changing demographic trends in Wiltshire.

The strategy pulls together the information required to form a strategic view of the need for places across Wiltshire and provides a policy framework for considering statutory proposals including opening, closing and defining the size of schools; implementing new school competition arrangements and supporting the development of academies, UTCs and where appropriate Free Schools.

Through the commissioning of school places, as outlined in this Strategy, the aim is to produce an effective match between pupils and places by providing an infrastructure of high quality school buildings and facilities, where all schools, regardless of status, are of an appropriate size and standard to deliver the curriculum effectively.

The Strategy contains an Implementation Plan setting out the short, medium and long term proposals for primary and secondary school provision and covers the period 2015-2020. The detailed area assessments and Implementation Plan proposals will be reviewed and updated every two years and will inform the Schools Capital Investment Programme in future years.

It is proposed that the Strategy and associated Implementation Plan will be considered for approval by the Cabinet in November 2015. If you have any questions, comments or further information on the draft document that you would like to be considered, please send an email to SchoolOrganisation@wiltshire.gov.uk no later than Friday 1 October 2015.

Information workshop/drop-in sessions are being planned during September to explain the Strategy in more detail, for anyone who wishes to find out further information or wishes to provide any feedback.

In line with Government requirements Wiltshire created 30 designated Sure Start children’s centres between 2006 – 2011. The initial centres were located within areas with the highest levels of deprivation and additional centres were set up in areas with a higher population of children aged under five. Their Core Purpose is:

- To support good early child development and school readiness.
- To raise parenting aspirations and improve parenting skills.
- To improve child and family health and life chances.

Wiltshire’s children’s centre services are currently delivered by a four of voluntary and community sector organisations. The contracts for children’s centres finish in June 2016 and the council is looking at how to ensure that the money spent has the greatest positive impact on young children’s development before re-tendering the contracts. The annual expenditure on children’s centres services is currently just over £4m. Along with other local authorities across the country, Wiltshire Council has significantly less funding available due to reductions in central government funding. We therefore need to find ways to continue to meet the needs of young children and their families through re-shaping service delivery whilst looking at opportunities to save money. We want to ensure that we maximise support for the most deprived areas whilst retaining wide service coverage across the county.

**Changes in national and local policy on early years since the children’s centre contracts started in 2010**

- Nationally the Childcare Minister has emphasized the importance of delivering support in the community rather than focusing on the buildings these services are delivered from.
- Locally our focus is increasingly on supporting the most vulnerable children and families at the earliest opportunity through effective partnership working with services such as Midwifery and Health Visiting, with providers of childcare and with primary schools to ensure that children are ready to start school.
- The Government’s policy on free entitlement to childcare for disadvantaged two year olds and the recent announcement on the increase in free entitlement to childcare for three and four year olds of working parents (from 15 to 30 hours) means that the council needs to look at how to create more childcare places as part of its early years strategy. There is an opportunity to consider this agenda alongside delivery of children’s centre services.

**Proposed Model for Consultation**

- We have spoken to children’s centre staff, early year’s professionals and parents and their view is that front line staff and effective partnership working makes the most difference for families.
- Wiltshire council will refocus the current resources to deliver more services to the wider community with less emphasis on the buildings they are delivered from.
- Children’s centre staff will continue front line delivery of services and support.
- The space released by de-registering some of the existing buildings could be used to provide more childcare places for 3 and 4 year old children of working parents.
- Children’s centre services will be delivered from 15 key buildings based in four geographical clusters – North, East, South and West from July 2016.
- The proposals on where children’s centre should be located in the future are based on the following factors:
  - The level of deprivation in each area
  - The number of children aged under five living in the area
  - The suitability of current buildings to deliver children’s centre services
  - The potential to expand childcare provision
- The same children’s centre staff will continue to support families in a wider range of locations through more use of other community buildings.
Chairman’s Announcements

- Families with young children will continue to access support through more increased partnership working with Midwives and Health Visitors.
- Areas with the greatest levels of need and more young children will continue to have access to a designated children’s centre building in or very close to their local community.
- There will be greater availability of childcare places in communities where more provision is needed.

Consultation is open from 14 September until 6 November

- Meetings and events are planned with key stakeholders including professionals and parents and carers.
- Briefings will be given to all council staff and its partners involved in the delivery of services for families including voluntary sector organisations.
- A questionnaire is available on line and in paper format at the end of the consultation document
- The consultation document is on the council website as follows:

3. Performance and Other Local Issues:

Days of action and other Operations

Following Community Intelligence, a drugs operation was conducted in Cricklade, by the local NPT, and Tri-Force. 2 Persons were arrested on suspicion of production of a controlled drug.

A male was arrested in Purton for cultivation of cannabis, and has recieved an adult caution.

Plain clothes operation by the local NPT was run in Royal Wootton Bassett and a male was arrested for possession of a controlled drug with intent to supply (£200 cocaine) and was also arrested for drink driving.

3 Youths have been dealt with for possession of cannabis Offences, 2 youth cautions were given and 1 cannabis street warning in Royal Wootton Bassett

Cricklade Licensing Operation, Local NPT and Tri- Force dogs section, completed an evening of licensing checks, no drugs were found. Positive reaction to the licensing checks and no offences / infringements by licensed premises found.
**Royal Wootton Bassett** Licensing follow up operation, this operation concentrated on levels of intoxication, and 2 premises received a warning letter.

**Royal Wootton Bassett**, following up a report from a member of public about a suspicious male and his behaviour. The male was located and subsequently arrested for theft of fuel, driving offences and 2 offences of possession of a Class B drug. He was charged for a total of 9 offences.

**Purton**, 2 males were arrested for non-dwelling burglaries for which enquiries are ongoing.

**Local Concerns**

There has not been an increase in ASB, and NPT still continue to target areas of anti social behaviour. We are currently putting together initiatives with schools and shops, to forward plan for the halloween and firework nights period. It has been noted by the NPT that ASB has become more prevalent in **Lyneham**, more foot patrols are being conducted, and we urge the community to continue to report incidents.

**Royal Wootton Bassett**, there has been an increase in theft from motor vehicles, we continue to urge the public to report anyone acting suspiciously near vehicles, and to not leave valuable items in vehicles and ensure they are secured.

**Speed Checks**

NPT have regularly been conducting high visibility speed checks in and around Royal Wootton Bassett, Cricklade and the rural areas. Over the past 2 months 20 tickets have been issued for speeding and other motoring offences.

An increase of speeding problems have been reported in **Lyneham**, NPT continue to do speed checks in the area along with Community speed watch. There seems to be an increase in problems from motorcycles, we are yet to identify the motorcycles that are causing the issues and again urge the community to keep reporting with registration numbers if possible.

**Non Dwelling Burglaries.**

Burglaries have not increased since previous reporting with 60% of them being to business premises, and 38% of them being to sheds, 2% were attempts on houses where no access was gained. The majority have been to the **Purton and Cricklade** area 78%, **Royal Wootton Bassett** 19%, and **Lyneham** 2%.

These have been night time burglaries, where all sheds and outbuildings were secured. The local NPT have already been working hard to gain intelligence and conduct patrols at different time, and 2 persons have been arrested for burglaries in Purton, for which enquiries are ongoing.
There is no pattern to any of the burglaries, as to time of week and night. NPT continue to work with the local community and Rural Crime Team to gather any intelligence around the burglaries, and have stepped up patrols. CCTV Unit has been utilised to provide reassurance to the communities and as a deterrent. We urge Communities to continue to secure their premises and consider the purchase of shed alarms. Remind communities to report anything suspicious.

**News from your NPT**

Pc Steve Porter after a number of loyal years to Rural areas and Lyneham, has taken up a new post in Malmesbury, we will miss his hard work and wish him well in the new area. His post is currently vacant, and we are hoping to get someone new in post soon.

Pcso Richard O’Halloran, will be leaving us in October to take up an exciting new engineering job with the railways, we wish him all the best for his new career.

A new Pcso Joseph Teddar will be starting with us in October, and we welcome him to our NPT.

Although is was reported in the media by the PCC that Cricklade Police Station would be shutting in October, we have not yet been told when this will happen, and maybe sometime in the new year. Once we know anything we will update you.

I am keen to have increased community engagement with my teams, and already they have been tasked to patrol more by foot and on bikes. Please take time to say hello to them if you see them about and if you have a local event, from coffee morning, school assemblies, to fetes, please invite us, we cannot guarantee to get to them all but we will certainly try our best.

please feel free to come and chat to us or visit us at our community consultations which are advertised on the Royal Wootton Bassett and Cricklade Police facebook page.

Better Care for Older People in Wiltshire

Health and social care are increasingly working closer together with the aim of better meeting the needs of older people especially. This approach is happening all around the country and is called ‘Better Care’. The focus is on making sure that care is provided as close to home as possible with home always the first option. This means that where possible, care will be provided in local communities rather than in acute hospital settings.

Healthwatch Wiltshire (HWW) want to make sure that older people have the chance to say how health and care services are working for them. We are asking people to share their experiences of care, discharge from hospital and care at home. Please get in touch with us to share your views and so we can tell commissioners and providers of services about the experiences of local people. The Care Quality Commission (CQC) inspection of Great Western Hospital (GWH) NHS Foundation Trust September 2015

The CQC is the independent regulator of health and adult social care in England. At the end of September the CQC will be carrying out an inspection of Great Western Hospital (GWH) which will include its acute hospital services as well as adult community health services. These include podiatry, diabetes, dietetics, orthotics, as well as community hospitals. HWW is calling on local people to share their experiences of services. We will be publicising and supporting a CQC ‘listening event’ as well as providing other opportunities to share your experiences.

Your Care Your Support Wiltshire

HWW, in partnership with Wiltshire Council, has developed a new health and social care information website for the public and professionals. It is called ‘Your Care Your Support Wiltshire’ - http://www.yourcareyoursupportwiltshire.org.uk/home/. The website is still at an early stage which is really exciting for local people as it means that they have a chance to have a say in how it grows. We would like to know what you think about the website so far. Please tell us about local groups, services or general health and care information you would like to see added to the site. You can get involved in focus groups, reader’s panels or just provide feedback in a one-to-one interview or via email. This is your chance to help build a really useful health and social care website fit for Wiltshire people. You can contact us about the website on: 01225 434218 or email: contact@healthwatchwiltshire.co.uk

HWW is recruiting new board members

HWW has an exciting opportunity for new members to join our Board of Directors and welcome interest from all sections of the community. This is a great opportunity to join an organisation which is really making a difference to health and social care in Wiltshire.

Chris Graves, Chair of HWW said ‘Healthwatch Wiltshire is committed to making every voice count. We need passionate individuals to join us in the challenge of making a health and social care system that meets our needs, and help to ensure we are at the heart of local health and social care provision’. For more information about the post and specific responsibilities of Board Members please download a recruitment pack from http://www.healthwatchwiltshire.co.uk/sites/default/files/board_member_recruitment_pack_2015.pdf

**Purpose of the Report**

To inform the community about the role of the Local Youth Network, (LYN) update the community about the work of the Local Youth Network (and to ask Councillors to consider the following grant and procurement applications.)

**Recommendation**

Members are asked to

1. Note progress to date
2. Decide on funding applications as laid out.

**Royal Wootton Bassett & Lyneham LYN**

This has been operational since October 2014. Questionnaires have been sent out, a wider LYN event has been held and the evidence gathered has being analysed.

Greensquare Housing Assoc have since committed to some financial support for the two RWB projects.

The Monday After school cafe is promoting in RWBA to a new younger group and the Friday youth group continues to have attendances of 40+.

The Wednesday Lyneham group has been well attended over the summer and is due to move indoors over the winter.

The summer art project was successful and produced a useable artistic bench for the community

Cllrs Allison Bucknell & Mary Champion sit on this LYN
Cricklade LYN

Questionnaires highlighted numerous projects including an after school cafe session. There were two meetings held in May to discuss the way forward. Short projects for gym and sportshall use, and a youth cafe were highlighted. The youth cafe idea has been piloted by the local Barista cafe throughout the summer term and the holidays, the Leisure centre has started a youth gym session and the other projects are being piloted in the near future.

Purton are forming their own youth council to start in October, and this will link into the wider LYN and have the opportunity to submit bids for funding. It is hoped that a community cafe project will provide an after school session for young people.

General Update

The questionnaire and needs assessment for the area is complete with 623 young people taking part.

In all areas, there is a demand for sport, social time, art, parkour and self defence.

There were skate events in Cricklade, Purton and RWB during the summer.

We have been working with other agencies and young people in RWB around the rise in Anti social behaviour and drug use. This includes an input from Motiv8

Youth Provision Update

An analysis has been done of provision by existing organisations in the area. This can be found on www.sparksite.co.uk/

Funding for activities that satisfy the needs identified within our area can be via grant or procurement. We will only fund NEW activities that have some form of additional funding or contributions from other bodies, volunteer time, free premises etc.

Appendix A – Positive Activities Overview

Background

In 2014, Wiltshire Council changed the way it delivers youth development and devolved a budget to Area Boards to enable the localised provision of positive activities. Each community area should have one or more Locality Youth Networks (LYN) who oversee the provision of these activities.

What are Positive Activities?

A positive activity can be any educational or recreational leisure-time activity which helps young people to achieve healthy and safe lifestyle outcomes.

Positive activities are for young people aged 13-19 (up to 25 years of age for young people with special educational needs and/or disabilities) and may include activities and support which:

- Helps young people connect with their communities, enabling them to belong and contribute to society e.g. through volunteering
- Provides opportunities for young people to take part in a range of sports, arts, music and other activities where they can socialise safely with their peers and develop relationships, including with adults they can trust
- Encourage young people’s personal and social development
- Improve young people’s physical and mental health and emotional well-being
- Help young people to achieve in education, work or training
- Prevent and divert young people away from risky behaviours e.g. teenage pregnancy, substance misuse and involvement in crime and anti-social behaviour

What is a Locality Youth Network?

A Locality Youth Network (LYN) is a sub group of the Community Area Board. It represents a wide range of community stakeholders who work in partnership to facilitate a range of positive activities across the community area. Young people play a central role in all aspects of the LYN. Locality Youth Networks identify local needs, priorities and outcomes and make evidence based recommendations to the Area Board on how funding for positive activities for young people should be deployed.

The Area Board holds the budget and Area Board members make the final decision on whether or not to grant funding.

The Royal Wootton Bassett & Cricklade Area Board has two LYNs

- Royal Wootton Bassett & Lyneham
- Cricklade & Purton

1. Background
The recommendation from the LYN Management Group has been made in accordance with the following guidelines:

- Leaders guidance for Community Area Boards on Positive Activities for Young People
- Positive Activities for Young People local Youth Network Terms of Reference
- Positive Activities Toolkit for Community Area Boards

Young people have considered this application and identified it as a priority for Area Board funding.

2. Main Considerations

2.1. Councillors will need to be satisfied that Youth Grant Funding awarded in the 2015/2016 year are made to projects that can realistically proceed within a year of it being awarded.

2.2. Councillors will need to decide and be assured that young people and the community will benefit from the funding being awarded and the project/positive activity proceeding. The application should meet the identified needs, priorities and outcomes for young people in the areas, as identified in the LYN Needs Assessment and Strategic Plan.

2.3. Councillors will need to ensure measures have been taken in relation to safeguarding children and young people.

2.4. Councillors will need to ensure that young people have been central to each stage of this Youth Grant Funding application.

3. Environmental & Community Implications
Youth Grant Funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.
4. **Financial Implications**  
Financial provision had been made to cover this expenditure.

5. **Legal Implications**  
There are no specific legal implications related to this report.

6. **Human Resources Implications**  
There are no specific human resources implications related to this report.

7. **Equality and Inclusion Implications**  
Ensuring that Community Area Boards and LYNs fully consider the equality impacts of their decisions in designing local positive activities for young people is essential to meeting the Council's Public Sector Equality Duty.

8. **Safeguarding Implications**  
The Area Board has ensured that the necessary policies and procedures are in place to safeguard children and young people. The Community Youth Officer has assessed this application agreed it meets safeguarding requirements.

No

4. **If yes, please state why this project cannot be funded from the Parish Precept**

5. **Project title?**
Norwegian Coach Re-Roofing

6. **Project summary:**
The Swindon Cricklade Railway has 2 wooden Norwegian coaches that are used as a static restaurant kitchen facility. These coaches were built in 1930 and in recent years the roofs have started to leak. The railway volunteers have been patching these up but we have reached the point where these coaches have to have new roofs and the Building and Works team do not have the necessary equipment or expertise to do this project. We are seeking a grant to have the work done professionally to ensure that the coaches will be protected for many years.

**Why can't you fund this project from your reserves:**  
The Year end figure includes income from the Santa Specials which are our best income stream. We do not run in January or February which are reserved for maintenance and repairs with no income to counteract the costs of restoration. In addition we are required to maintain sufficient funds to cover 6 months of non-operational overheads insurance taxes etc. If we cannot cover the whole cost of repairs we will have to temporarily reduce our overheads cover to make up an shortfall.

We are a small community group and do not have annual accounts or it is our first year:

Update for Royal Wootton Bassett & Cricklade Area Board

- We were very sorry at the passing of former Grounds Team Member John Smart in August 2015. Also, of Mr. Ken Scott, former town Councillor and Mayor.

- Due to unforeseen circumstances, the Artist gifting the Stone Poppy has changed the material from volcanic rock to Carrara marble. This has increased the weight, raising significant challenges for completion of the base.

The Council was not confident that it could deliver the project in time for the planned dedication service on 23rd September 2015 and so decided to postpone this until next year.

Extra Care Working Group

In January 2011 North Wiltshire District Council originally announced in its North Wiltshire Plan for a 40 bed Extra Care Unit in Cricklade, this proposal was subsequently withdrawn.

As the Extra Care facility was not going to happen, alternative options were explored. Wiltshire Council recommended that the Working Group hold a consultation to better understand the needs of older people living in Cricklade, and whether there was a demand for a “virtual extra care provision.”

To maximise feedback, an event was held on the 15 May 2015 to promote the consultation and existing health, advice and support services. The Working Group would like to thank the community for taking part, all the organisations who attended and the volunteers for producing such a successful and informative session.

The latest Joint Strategic Assessment outlines the issue of a high percentage of older people in Wiltshire and RWB and Cricklade has one of the highest ratios.

</tbody>

The over 85 age group increased markedly, a trend that is expected to continue in the future. This is important as adult social care costs rise significantly in the 85+ age group.

General Findings from the consultation event:

- The majority of residents wish to remain in their homes for as long as possible, and would be prepared to pay for 24/7 care if available.
- As a rural area with limited public transport, access to services is a real problem.
- There is a need for local advice and sign posting e.g. CAB, WC officers, organisations who can help with day to day issues.
- There is a need to plan proactive steps in a care process from living independently in the family home to a progression of downsizing or adaptation of properties to eventual supported living or nursing care.

General Recommendations from consultation:

- There is a need for a mix of support services in the centre of the Town (for accessibility), also support in individual's homes and latterly a nursing/care facility
- Any new housing provision should take account of the need for smaller and adaptable units
- There needs to be a local group, coordinating the service requirements and creating a “virtual” extra care facility using all current appropriate facilities
- Wiltshire Council to work with the Working Group and care agencies, in coordinating the service requirements and creating a “virtual” extra care facility using all current appropriate facilities

Proposal from the Extra Care Working Group:

- Working with as part of the SCOB, to set up a “virtual” Extra Care Model in Cricklade now, and prioritise the provision of a nursing/care facility within Cricklade.
- Work with commercial developers and the local Neighbourhood Planning Group on the need for specific types of property
● Work with commercial developers and the local Neighbourhood Planning Group on the need for a nursing/care facility (even if necessary to locate outside the existing framework boundary)

**Motion**
