Company Updates [See All](#)

Free car parking – a great benefit but we just don't have enough on-site parking for everyone. Our new permit scheme means that, depending on their role and personal circumstances, all staff are allocated either a priority permit enabling them to park on site or a standard permit allowing them to park for free in council owned car parks within easy walking distance of work. We also make it easier for staff to choose alternative methods of transport with discounted rail and bus passes, car share schemes and electric pool cars available for business use —19 days ago

Did you know that as an employee you can access Wiltshire Rewards – our new website giving you access to fantastic discounts with both national and local retailers, and Healthcare Cashplans, as well as access to the council's salary sacrifice schemes with Kiddi vouchers and Cycle to Work —30+ days ago
