**Supporting young people**  
Latest news from the local youth network

## CYO report to the Salisbury Area Board

12<sup>th</sup> November 2015

---

Wiltshire Council  
Where everybody matters

## Statutory Duty

- Section 507b of the 1996 Education Act
- A new duty to ensure sufficient educational and leisure based opportunities as well as facilities to improve the well-being of young people
- **The legislation creates new legal requirements that place young people at the heart of decision making regarding positive activities provision available to them.**

---

Wiltshire Council  
Where everybody matters

## Community Led Model

- young people informing and shaping the outcomes of the funds delegated by the Council to the Area Boards. The allocation of the amount of funding in the budget is based on the number of 13-19 year olds within the Community Area, with additional weighting allocated for areas where there are high levels of deprivation.
- **Wiltshire Council is no longer a provider of youth activities and will only be able to meet its duty by engaging its partners across the 3<sup>rd</sup> sector to deliver a vibrant inclusive youth offer**

## Community Led Model (2)

- **“In determining the ambitions for an accessible local offer it will be vital that the local authority and its partners address the needs of groups of young people at greatest risk of negative outcomes and whose engagement is often limited.”**

## The role of the Local Youth Network

- Ten young people and 5 members of the wider community constitute the management group
- Meet every 4-5 weeks and assess applications according to the criteria set out in the toolkit
- Transparent and robust process where young people have to come to a decision which they then recommend to the Area Board
- Discuss policies and debate issues

## Role of the CYO

- Support the LYN particularly the young people who are drawn from several different schools
- Support the wider LYN through information sharing, organising seminars and workshops
- Ensuring compliance with Wiltshire Council safeguarding and other key policies
- Quarterly newsletter 'Youth News' to provide useful, relevant information to voluntary sector organisations and groups across the community area
- In some projects support the delivery of youth activities

## The Local Youth Offer

Over 22 arts based and 25 sports activities each week  
 Open access sessions across the Community Area  
 Church based community youth groups which are open  
 Church youth groups which serve their congregation  
 Uniformed organisations make a significant contribution  
 After school clubs are free at Wyvern, St Josephs, Sarum Academy and St Eds as part of their enrichment programme  
 Other schools may charge for specific activities

Subject to the board's decisions this evening, there will be just under £26,000 remaining in the 2015/16 budget

## Conclusion

- Continuing aim: to promote the involvement of young people particularly with regard to the needs of vulnerable and marginal groups of young people
- To balance the universal and targeted opportunities available to young people
- To support local communities to deliver a sustainable youth offer

## Conclusion

- To ensure the young people in the LYN have the confidence to commission activities where gaps have been identified
- To support the Area Board in achieving its aspirations for young people in their communities to stay safe, be healthy and participate in the wider community

**Next meeting**  
7 January: City Hall at 7.00pm

The image shows a green header with the Wiltshire Council logo and tagline. Below the header is a photograph of several colorful, hand-drawn flags on sticks, flying in the wind. The flags feature various designs, including a red crab, a blue and yellow checkered pattern, and a blue and yellow flower. The background of the photograph is a blurred outdoor setting with trees and a blue sky.
