Dear Sir / Madam

I am writing with regards to the application for a new premises licence for Wadswick Green.

We were very upset to hear about this as we only live five hundred yards away from Wadswick Green and have a young family. The idea of having live music etc that goes on into the early hours fills us with absolute despair! How will our children or ourselves be able to sleep at night as the noise will travel? My husband has to go to work and my children have to go to school. To be honest I don't know what they are thinking of. We live in a quite village. Everyone was so glad when the Flamingo / Killy's night club closed down as the Police were called out on a regular basis and it brought so much trouble. Is this its replacement we wonder?

I can't imagine many retired people are going to want to buy these flats once they learn of this

it will be very off putting, they too have chosen this area for the peace and quite life. If people want right life they go into a city.

Already just speaking to people in the village of Neston and Westwells they are firstly shocked and in disbelief and secondly strongly against it. This is going to upset an awful lot of people as the noise will be horrendous and there will be no end of complaints and the traffic will become even worse. It seems to be endless the amount of developing going on in this area. When will it ever stop.

yours Sincerely

Sarah Elliott
