**COUNCIL
9 NOVEMBER 2010**

COUNCILLORS' QUESTIONS

**FROM COUNCILLOR NICK FOGG
MARLBOROUGH WEST DIVISION**

**TO COUNCILLOR DICK TONGE
CABINET MEMBER FOR HIGHWAYS AND TRANSPORT**

Question

What lessons, if any, have been learnt from the controversy surrounding the rebuilding of the Pewsey Road bridge in Marlborough?

Response

It is common practice to review a project upon completion to identify any process or technical improvements that could be applied in the future. Pewsey Road Bridge Replacement will be reviewed upon completion. I will make sure that Cllr Fogg, other local members and the Town Council are copied in to any report on this.

In addition we will be developing a Network Management Strategy as part of LTP3, following the one year implementation plan, which will seek to make a number of improvements in the way road works are managed to ensure disruption is minimised on Wiltshire's roads.
