Does your town/parish council know about your project?	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>				
What is your project? Important: This section is limited to 300 characters only (inclusive of spaces).	Our cricket club has been expanding at a great rate over the past 3 years and our grounds maintenance needs. We have gradually added maintenance equipment to our portfolio and now require to replace our ancient shed to keep the equipment safe and secure by using the existing hardstanding footprint.				
Where will your project take place?	Red Lion Field, East Sands, Burbage				
When will your project take place?	As soon as practical but by March 2011				
How many people will benefit from your project?	over 300 sports club members				
How does your project demonstrate a direct link to the community plan for your area?	By improving the sports, play and leisure facilities in the area				
Please provide a reference/page no.	6.7 (page 27)				

What is the link between your project and other local priorities? e.g. Priorities set by your area board and parish plans.

Our area board has plans to invest and improve leisure facilities and by providing a sustainable sports arena in Burbage we are helping to improve local facilities for the many youngsters (over 60 under 17s) who come to our training nights and play in our age group teams.

How did you discover there was a need for your project and how will your project benefit your local community?

Important: Please do not type in paragraphs – This section is limited to 1200 characters only (inclusive of spaces)

We have known for a while that our existing groundsmens shed, which is little more than a portable garage, was not fit for purpose. It is falling down literally and far too small for the amount of equipment we now have. Only 3 weeks ago our tractor was damaged by vandals as there is no mehtod of locking the shed when not in use as the tractor 'sticks out' and the door is unserviceable anyway.

The community will benefit as a result of inproved facilities at the cricket ground as we hold regular training sessions for youngsters, with qualified ECB trained coaches, and play in many age group competitions. It is a fact that these youngsters are enriched from their experience at Burbage as there are very ittle leisure opportunities in this rural community village.

Any other information about your project.

The groundsmen's shed is just the first part of a 5 year plan to regenerate the Red Lion and surrounding area. We ehave ambitious plans to acquire an adjacent field so that our 3rd team (who currently have to play home games at Marden) and a planned 4th team can actually play in the village.

We have recently obtained National Sorts Club Accreditation 'Clubmark' which is recognition that the club is well managed, forward looking and eists for the promotion of youth sport in our area. This award will hopefully assist us with other potential funding needs in the future as well as starting a ladies team for 2011.

If your project is intended to continue after the Wiltshire Council funding runs out, how will you continue to fund it?

We have a self funding stream of income from our entertainment activities. We improved our clubhouse in March 2010 by building a bar facility and our profits since then have been in the region of £5k. The Burbage Beer and Music festival is also held at Red Lion Field and we look to profit to about £4k each year tohelp maintain the sports club, pay the running costs and add to or sports equipment, incouding better coaching equipment for the youths.

If you were not awarded the full amount requested, what would be the impact on your project?

We would have to look at other funding and make cutbacks on the planned expenditure (£4k of improvements and equipment upgrades for 2011)

How will you know whether your project has made a difference in the community?

By the continued excellent support by the communities youngsters.
