Development Trust update

Marlborough Area Board
Marlborough Town Hall
26th January 2016

'Smart Town' Community WiFi update

▸ **Increasing service coverage/physical resilience**

  – **Further additional access points now deployed**

  – **44 now in the overall network**

  – **Increased 'meshing' in the High St is starting to improve resilience**

  – **But looking for yet more organisations to help us spread coverage even further**

 – **Can you help by joining this community wide collaborative effort?**

Community WiFi: the collaboration continues
