Overall Wiltshire Police are rated as "good". • Our constabulary remains one of the best in the country. <p>Central Funding Announcement</p> <ul style="list-style-type: none"> • This years provisional settlement shows central funding reduce from £63.7m to £63.4m, a £0.3m reduction. • This will be the fifth straight year of central funding reductions. • Whilst this reduction is lower than previous years the loss of £0.3m with cost pressures (national wage agreement £0.8m, national pensions change impact on national insurance £2.0m) will result in significant savings still being required.

What is the budget?

- A £3.12 increase in Council Tax will give a budget of £105.695m compared to £103.956m for the current year. This would lead to a funding gap of £2.6m for policing in Wiltshire.
- The Commissioner was committed to investing additional income from council tax in local policing.

How about the long term?

- The Chancellor's Autumn Statement promised a cash neutral position for policing however no detail per force is available. With no council tax increases the funding gap against the national average would grow. With small council tax increases the resources available for local policing are better protected.
- The Area Board was assured by the Commissioner that local money would be spent on local policing.

Question raised from the floor included:

Why do you have to increase your precept when you received no cuts in Central Government funding at the last budget?

a. There was still a slight reduction in funding as well as the force having to budget for extra National Insurance contributions and investing heavily in new technology.

The Chairman thanked the Naji Darwish for his presentation.
