

ITEM NO 5

Corsham Area Board - 30 November 2010

Chairman's Announcements

1. LOCAL FLOOD PROTECTION

In the event of flooding the Council's priority is to the elderly or infirm when assisting people and the protection of commercial property to prevent environmental pollution. Although we will do what we can for affected householders we urge those in areas of risk to take precautions themselves.

In order to help communities protect themselves from flood risk, Wiltshire Council is introducing a scheme to supply gel sacs, these are similar to sandbags but inflate when in contact with water. The sacs are filled with a gel that expands when wet, but when dry they are virtually flat. This means they are simple to store and far easier to distribute in an emergency. They inflate when immersed in water, allowing a protective flood barrier to be built quickly to protect doorways and airbricks. When the flood has abated they can often be emptied, dried and reused.

In some places where there is a known flood risk, the Parish or Town Council may already hold a limited supply of sandbags for distribution in times of emergency, and the gel sacs can be used to augment these supplies.

Local communities are encouraged to appoint a local Flood Warden who can co-ordinate their response and be the main contact with the council's duty officers. Those parish and town councils with flood wardens or local flood working groups can seek advice from them on the numbers of gel sacs likely to be required for specific locations.

Parish and Town Councils will be able to:

- Purchase a stock which they can hold in the community for distribution during a flood event or
- Having identified properties that are at risk, or are known to flood, purchase the gel sacs on behalf of the householders

By buying in bulk Wiltshire Council was able to negotiate a discount which would not be available to individuals. The gel sacs are available to Parish and Town Councils for £2.50 each.

Town and Parish Council's wishing purchase gel sacs should complete and email the attached form to Sarah Peterson (sarah.peterson@wiltshire.gov.uk, telephone 01225 713377).

2. RESULTS OF WASTE CONSULTATION

Those of you who attended area boards during the summer will recall the presentations about the council's proposal for changes to Wiltshire's Waste collection and recycling service.

The consultation finished on 20 August 2010. We would to thank all the area boards for their support throughout the consultation period.

There is a report on the full results of the consultation that can be seen on <http://www.intelligencenetwork.org.uk/environment/> . There is a link from the council website.

Or if preferred some hard copies are available at this meeting.

In brief over 10,000 people responded and just over 70% were in favour of the proposal. However the results show that support was varied across the county, with some areas showing a lower level of support.

A report on the consultation was considered by cabinet on 19 October 2010. Cabinet resolved to go ahead with the proposal, subject to the detail in the Comprehensive Spending Review. In approving the proposal cabinet acknowledged that support levels varied and that major and targeted communications will be essential to inform and reassure those residents that have concerns.

The proposed service changes are planned for summer 2011, and residents will be kept informed throughout the process. We hope that, as with the consultation, you will continue to work with us as we develop the detailed design of the services and the programme for service commencement. We will be putting together a plan for communicating the service change roll out which will be relevant for the communities of the individual area boards. We will share this with you all in due course.
