2. Main Considerations

Councillors will need to be satisfied that grants awarded in the 2014/15 year are made to projects that can realistically proceed within a year of the award being made.

Area Boards have authority to approve Area Grants under powers delegated to them by the Cabinet member for Communities, Campuses, Area Boards, Leisure, Libraries and Flooding. Under the Scheme of Delegation Area Boards must adhere to the Area Board Grants Guidance 2014/2015.

Community Youth Grants will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent and specifics of which will be dependent upon the individual project.

Community Youth Grants give all local community and voluntary groups, Town and Parish Councils an equal opportunity to receive funding towards community based projects and schemes.

Project Summary:

This grant is for activities for Great Bedwyn Youth Group for 2016

Please tell us WHO will benefit and HOW they will benefit from your project and benefit your local community:

Our youth group has a membership of 34 with a regular attendance of around 15 young people each week. We have been open for five years and due to this we have a mixture of age and participation within the group. As we offer each project we ensure it is discussed and agreed by the group and in all aspects young people are consulted and their views are sought. The project for 2016 includes create studios music course a sports project archery cooking and an art project. We have selected these as they have been asked for in many of our evaluations and feedback forums. We try where possible to offer a broad range of projects that take into account the developmental and ability level of the group. We feel these projects will enable young people to learn new skills and participate in different opportunities that we cannot offer in house. It is important for us that we continue to offer young people a variety of opportunities where they can have fun share experiences and learn new skills. It also enables our young people to be able to offer support to their peers and be able to work on other skills such as teamwork communication and resilience.

Safeguarding

Please tell us about how you will protect and safeguard young people in your project

I am the chair of the group and have ultimate safeguarding responsibility of the group. I am trained to advanced safeguarding level as well as CSE and safer recruitment. Another member of the committee also has advanced training. All our staff and volunteers have basic safeguarding training.

Monitoring your project

How will you know if your project has been successful? *required field

We use feedback forums during and after projects to capture the young peoples thoughts and feelings regarding the experience of the activity. We also take photographs and ask our staff and volunteers.
