Over the last few years the goals have slowly deteriorated and have been repaired on a number of occasions. It has now reached a point whereby the goals are becoming unusable and unsafe. Replacing them would ensure the Club can continue to provide maximum opportunity for youths within this community to continue to participate in an active, healthy, outdoor past-time.

**Any other information about your project.**  
In recognition of the need to replace the goals, the Club has been fund-raising towards this project for the past two seasons. **If your project is intended to continue after the Wiltshire Council funding runs out, how will you continue to fund it?**

The goals have a lifespan of circa. 10 years so they will support the development of young children for many years to come.

The goals will be managed and maintained within the Club's operational budget.

**If you were not awarded the full amount requested, what would be the impact on your project?**

The use of the existing goals will have cease shortly. This would significantly impact on the flexibility of sports ground and reduce the management committee's options to reconfigure the playing area for use during the winter period.

Fewer children will get to play football less frequently.

**How will you know whether your project has made a difference in the community?**

We would continue to be able to maximise use of the grassed areas at the sports ground and therefore support active participation for our 210 members.
