Marlborough residents will have an opportunity to discuss priorities for the local area at the "Our Community Matters" event on 21st February when information and data about the Marlborough area is released.

Taking place from 6.30pm in Marlborough Town Hall, this event will focus on the local data contained within the Joint Strategic Assessment and give people a chance to decide on their priorities for action for the next two or three years. These priorities drive the work of Marlborough Area Board so taking part in this event is a great way to influence what happens in the area.
