

To note the following two questions, submitted to the Police and Crime Commissioner on behalf of Cllr Richard Britton:

Question 1. During the early stages of the now defunct Tri-Force Collaboration Programme the three forces reached an agreement on how the costs and benefits of individual collaborative projects would be apportioned. Now that Avon & Somerset has dropped out of this programme has a new agreement been reached with Gloucestershire – particularly with regard to the apportioning of project costs?

Question 2. You have often stated that Neighbourhood Watch is not a Police programme. Please would you clarify exactly what role you expect the police to play in the running of the much-valued neighbourhood Watch scheme.
