**Traffic Speed Survey Result Leap Gate, Trowbridge (30mph Speed Limit)**

- North of Soprano Way

The Results of the survey for the area of Leap Gate are provided below.

The survey was carried out between 24/01/2017 and 02/02/2017. A total of 43776 vehicles were checked. The 85<sup>th</sup> percentile was 35.8mph (the 85<sup>th</sup> percentile is the speed at which 85% of the traffic is travelling at or below). The average speed was 31.1mph.

As with every other department, we have to target our limited resources to where they will be most effective and as such I would remind you that unless there are exceptional circumstances we will not accept another count request for this location or close surrounding area for another 12 months.

**Community Speed Watch does not operate in any speed limit above 40mph.**

In a 30mph speed limit the following criteria will be applied;

30 to 35mph 85<sup>th</sup> percentile = No Further Action (NFA)

35.1 to 42 mph 85<sup>th</sup> percentile = eligible for Community Speed Watch

Over 42 mph 85<sup>th</sup> percentile = Subject to Police enforcement

Any other results in higher speed limits will be discussed on their individual basis and merit.

Yours sincerely
