Help shape Wiltshire's plans to 2036 : Wiltshire Local Plan Review

Wiltshire Council has a statutory duty to plan for the new homes, jobs and infrastructure needed to support Wiltshire's communities while protecting the local environment and quality of life and to keep it's plans up to date.

The Council is reviewing the Wiltshire Core Strategy adopted in January 2015 which sets out policies for the future development of the county over the period to 2026 and is used in the determination of planning applications. The review of the Wiltshire Core Strategy (renamed the Wiltshire Local Plan) will extend the period to which the plan relates to 2036.

This is your opportunity to inform the review of the local plan. The consultation starts on Tuesday 7 November 2017. All comments should be submitted by 5pm Tuesday 19 December 2017

The Council is seeking the views of the Wiltshire community on the scope of the review, including the preparation of a Joint Spatial Framework to consider how development across the Borough of Swindon and the Wiltshire Council area should take place. Consultation documents have been prepared to stimulate discussion and ask questions about the strategic issues to be considered in the review in relation to Chippenham, Salisbury and Trowbridge (as Wiltshire's principal settlements) and the market towns named in the core strategy.

For example, in relation to Marlborough, the consultation documents include information about the recent rate of house building (including affordable housing), employment change and environmental constraints. The Marlborough profile acknowledges that:

- Expansion of the town is highly constrained by the priority to conserve the landscape and natural beauty of the Area of Outstanding Natural Beauty.
- The affordability of housing is the worst in the County and relatively few affordable homes have been delivered.
- Traffic congestion and air quality are significant local concerns.

And asks the questions:

- Should the current strategy continue or could some additional measures ensure more affordable homes and/or address traffic issues affecting the town?
