10. About your project

Please tell us about your project (a strong application will address all of the following):

How does your project support local needs and priorities

Celebrating Age creates high quality arts, culture and heritage activity for older people which is delivered in their own community settings during daylight hours. The partnership includes Wiltshire Council Library Service as well as Age UK and cultural organisations.

In Year 1 of the project, the PDW has consulted with The CEMs, Older people's champion, local community group and workers sign posted to her, to identify the type of arts activity and events older people would like to participate and attend. The project will also offer free tickets for the people who undertake local activity to attend events, performance and exhibitions in the partner venues.

In this way, it focusses on the priorities already identified by the Royal Wootton Bassett & Cricklade JSA in the 'Matters'. The PDW is organising the events with the guidance and support of the Older People's Champion and

How many older people/carers to do you expect to benefit from your project

The project aims to reach between 30 - 40 people per event, however some events are focused on smaller groups. There were 34 people at 3Ms event in November and 31 at Ridgeway House in January. We are planning events for 30 people to attend each month and experience a range of different arts activities.

How will you encourage volunteering and community involvement?

The Project Development Worker will work with existing voluntary and community groups, including the CEM and OP champion and local charities to identify how best to access the community in the Bassett area. Community groups have been and will continue to be consulted to decide what sort of activity is to be provided for the monthly sessions and also to identify the older people who may want to benefit from the activities. Volunteers support each event, from link drivers to helping with refreshments. The PDW is reporting back and working with the CEM regularly to ensure maximum community involvement.

How will you ensure your project is accessible to everyone (for example: people living with a disability or on low incomes, or vulnerable, or socially isolated etc.)?

The work will be offered free for the first two years to ensure that it is accessible to everyone, regardless of ability to pay. In the third year, the community groups can decide either to fundraise to support part of the costs, or to make a small charge for attendance. The activity will take place in libraries, church halls and other community facilities which are accessible to older and disabled people. The Project Development Worker will work with community workers and groups in each area to identify socially isolated people who may be encouraged to take part. The participants will also be able to access free and reduced price tickets for events at venues.

How will you work with other community partners?

The Project Development Worker will work with the Community Engagement Managers to understand the needs of the community partners in each location. They will then network with these partners to identify community needs and priorities so that a community group can choose the activities that will be offered.

11. Safeguarding

Please tell us about how you will protect and safeguard vulnerable people in your project (You must address all of the following):

- Please provide evidence of your commitment to safeguarding and promoting the welfare of older/vulnerable people and their carers.
- How do you make sure staff and volunteers understand their safeguarding responsibilities?
- Who in your organisation is ultimately responsible for safeguarding?

The Chief Executive Officer at Wiltshire Music Centre will be responsible for safeguarding and the PDW will follow the WMC Safeguarding Policy. All staff and creative leaders running sessions for the Celebrating Age project will be DBS checked. They will be briefed on the policy and trained as appropriate.

WMC is a professional arts organisation with a Creative Learning team delivering music education projects for all ages across the county. As such it is fully committed to safeguarding the young, old and vulnerable people it works with on a year round basis. WMC has been delivering this sort of work for almost 20 years and is very experienced in all aspects of safeguarding.

12. Monitoring your project.

How will you know if your project has been successful? *required field

WMC and the PDW have created a simple evaluation model for the first phase of the project, seeking to identify social impacts and outcomes of taking part in the Celebrating Age activities such as reducing loneliness, increasing social confidence, developing new artistic, cultural or heritage skills and experiencing and increasing social interaction with other people outside the home.

The PDW will carry out evaluation at least twice a year with participants and activity leaders which will identify a baseline position and then movement from this every period. In this way it will be possible to identify if the project has successfully achieved the social outcomes sought. The partner organisations will also meet at least twice a year to monitor the progress of the project and assess the impact.

13. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The annual cost of the project is between £60,000 and £70,000 a year for three years. Arts Council England are grant funding (committed) between 47% and 55% of the project depending on the year. A small contribution of £1,500 per year is being sought from each Area Board where activity will take place. If this is not possible, we will seek the funding from other local sources. The project seeks to establish groups in each area involved in choosing the activities. The Project Development Worker will aim to encourage these groups to continue after the

14. If this application forms part of a larger project (eg. building of new village hall), please state what this project is and approximately how much the overall project will cost
