Scheme Advisory Board (SAB)	Academies' review	<a href="http://www.lgpsboard.org/index.php/structure-reform/review-of-academies">http://www.lgpsboard.org/index.php/structure-reform/review-of-academies</a>	No change since the last meeting	<p>SAB commission PwC to produce a report on "Options for Academies in the LGPS" commissioned and the report was published in May 2017. The report identified and highlighted problems/issues experienced by stakeholders. No recommendations were made in the report, although the potential benefits of new approaches to the management of academies within the LGPS were highlighted. The proposals were wide ranging from minor alterations to academies being grouped together in a single LGPS Fund.</p> <p>SAB's work is still on-going and Bob Holloway from the LGA previously stated that a wide range of options in both work streams are still be considered. For example, changing the administration arrangements or putting academies into their own Fund etc. However, a consultation will be released on any changes proposed before they are put into force.</p>	
	Cost cap mechanism & McCloud case	<a href="#">Summary by Osborne Clarke (our external legal advisers)</a>	Updated	<p>In a fairly swift turn of events, the planned changes to the LGPS from 1 April 2019 have now been cancelled due to an on-going court case (referred to as the McCloud case) which may also result in changes to the LGPS and all other public service schemes.</p> <p>The SAB has decided to await the outcome to the court case before making any changes. This is far from ideal, as this could well mean we made to make onerous retrospective changes to the Scheme (w/e from April 2019 but not known until the end of 2019/early 2020) and that such changes would not be included within the triennial valuation.</p>	
	Investment fees - Code of Transparency	<a href="http://www.lgpsboard.org/index.php/structure-reform/cost-transparency">http://www.lgpsboard.org/index.php/structure-reform/cost-transparency</a>	No change since the last meeting	The move toward investment fee transparency and consistency is seen by the Board as an important factor in the LGPS being perceived as a value led and innovative scheme. Transparency is also a target for the revised CIPFA accounting standard issued for inclusion in the statutory annual report and accounts and included in the government's criteria for pooling investments.

				To assist LGPS funds in obtaining the data they require in order to report costs on a transparent basis SAB has published its Code of Transparency in May 2017. 	Tier 3 employers review	<a href="http://www.lgpsboard.org/index.php/board-publications/invitation-to-bid">http://www.lgpsboard.org/index.php/board-publications/invitation-to-bid</a>	No change since the last meeting	Covers those Fund employers with no tax raising powers or guarantee (excludes academies). SAB is keen to identify the issues and risks related to these employers' participation in the LGPS and to see if any improvements/changes can be made. There are currently two concurrent phases of work involved – collating data and identification of issues. SAB will then assess the risks to Funds and consider next steps. Aon Hewitt has recently produced a detailed report which is available on the SAB website which outlines its finding on the identification of issues but the report doesn't make any specific recommendations. SAB is yet to advise what actions it will take following receipt of the report.
