## 15 **Formal consideration of PCC Precept proposal**

The Commissioner explained that in January 2019 he had presented to the Panel a paper which showed that the Government has made decisions surrounding both local and central funding which had a significant impact on the funding options available to him.

The paper that the OPCC had provided in January concluded with the Commissioner suggesting that a £24 increase in the Police part of the Band D Precept (a 13% increase) was appropriate. This would result in the Band D police part of the precept rising from £182.27 to £206.27 in 2019-20.

Clive Barker gave a brief overview of the MTFS report.

The Chairman thanked Clive Barker for the content of the MTFS report.

The Panel requested that the minutes noted that the consultation results had shown a good response from Wiltshire residents, but a lack of responses from Swindon residents, and that minority groups hadn't appeared to have had much engagement from the OPCC.

The Police and Crime Panel were given the opportunity to discuss the Commissioner's proposals, after which a vote on the Police and Crime Commissioner's proposed Council Tax precept for the year 2019-20 was taken.

### **Decision**

- **That the Panel supports the Commissioner's decision to set a precept of £53.743m.**
- **That this would require council tax to be set on all property bands based on £206.27 for a Band D property, and would represent a £24 (13%) increase on the 2018-19 level.**

The Chairman thanked the Commissioner for his report.

Cllr Brain Mathew had raised three points listed below which the Chairman agreed would be listed in the minutes.

- Cognisant of the 89 responses that concerned affordability, and the fact that Wiltshire receives less than almost any other authority the committee requests that efforts continue to obtain a fairer settlement from Central Government.

- That having heard complaints in the recent past about the response times of both the emergency 999 and 101 phone service that response is maintained to at least the current level and if it is shown to drop the proposed cuts in staff numbers to this area should be reconsidered.
- That despite the need allocate 14 officers in order to take Firearms back in-house, the remainder of the extra officers being funded by the precept increase should go to enlarge the resources available to the CPTs.
