What community benefits will your project provide and, who are the beneficiaries (e.g. numbers of people, age, gender, particular groups) <small>IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)</small> The playfield is used by the village and the parish's pre-school and school children. It is the Pre-school children who will benefit most from this refit. We are a charity and so although we have money to spend on this prject it will wipe out our reserves. It is hoped that the Lye Filed Committee will then seek further funding for the other half of the play area for the older children. The school has approximatly 120 children and the pre-school and toddler group a further 40. The parish covers Poulshot and Bulkington, the former having no playground at all and the latter having a very small amount of equipement in a large field. As rural play areas are vital to the community we feel this refit could benefit the parish as a whole, encouraging integration as it draws families together and knits the community in a very benficial way to both children and potentially isolated parents who have no common ground to make new contacts. Curently a lot of parents travel outside the parish (by car) to other well equipped playgrounds which is causing excess car use and taking the chance to meet other villagers away. A lot of the children in the Playgroup will feed into Seend or Keevil school and hving a great playground will allow them to meet up regularly. The feed from this will be more social events being planned and supported locally, the village shop and pub may benefit and children taking more frequent exercise, will benefit everyone.			

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

Although we are providing funding of the equipment, the Lye Field Committee have a dedicated maintenance team and funds are there to support any works needed after that 10 year warranty from the provider has expired. As we are all asked to consider our environmental impact we will reuse as much equipment as possible in a sustainable way, perhaps by relocating to some of the other villages where practical and safe. Also using local sources like tree trunks for climbing logs and bug/insect housing.

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.

IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)

The consultation comes from the integration of the pre-school, Staff, toddler group and School parent network, together with the villagers through a variety of social events and shared history. The plans have been openly discussed with the committees involved and put on display in the Irene Usher pavillion. As a rural village with so many people participating in village life, local opinion is always sought, taken under advisement and where necessary, acted upon. In this case we have encountered no negative feedback, other than requests to make sure it blends with the local landscape and doesn't necessarily mean removing some key pieces which the older members of the community have become accustomed to. The Lye Field also host Junior tennis, football, cricket and a raft of social events. By having this new facility it is hoped that people will not feel the need to drive their children to alternative venues, it would also encourage people to meet new villagers, which would in turn break down social barriers and level the social divide which can breed discourse and mistrust - the bugbear of any village! We also hope to provide some disabled access equipment for the less able bodied, both now and in the future, as there currently isn't any at all! There has also been consultation with OFSTED in regard to the new EYFS system of enabling children. This also made us aware of ROSPA's attitude towards ageing equipment and future safety concerns.
