Devizes Community Area Status Report

March 2021

Background and context

The overarching aim of this document is for Devizes Area Board to understand how to support local responses from communities, businesses and organisations and link this to the work of Wiltshire Council, it's partners and agencies, so that collaboratively we can tackle issues including those arising from Covid-19.

The Devizes community area has seen an incredible response to the Covid-19 pandemic with volunteers leading the response and strategic partners working collaboratively to support our communities. Every person within the area has access to support from one of the many community groups that were set up, many of which have offered additional support right the way through three lockdowns and even in between these periods of tight restrictions.

As we now look ahead, this short document provides a summary of information that can be utilised to help inform the local community response. It brings together the differing data and information sources from across the community area that will help us to understand the local the state of our community and the impact of Covid-19. It also highlights communities that may have been disproportionately affected by the pandemic and it considers how the actions, projects and plans that are emerging will be collated and supported.

Over time this document will be regularly updated in response to changes, new information and actions undertaken.

The Devizes Area Board has kept strong working links through councillors and officers and collaborated closely with Devizes Town Council, parish councils and the many community-based groups that came into being due to the pandemic. The area board has supported key local partners, business and community stakeholders working together to rebuild our local community. Whilst the impact of Covid-19 is considerable, it is recognised that some local issues already existed and that these will need to be tackled as well.

The Devizes community area consists of the town of Devizes as well as the parishes of All Cannings, Bishops Cannings, Bromham, Cheverell Magna, Cheverell Parva, Easterton, Erlestoke, Etchilhampton, Market Lavington, Marston, Potterne, Roundway, Rowde, Stert, Urchfont, West Lavington and Worton. A key requirement is to ensure that all within the community area have the same opportunity to engage with this work.

Whilst it is natural to focus on the negative impacts of Covid-19, it is important to recognise and build on any positives that have occurred. These include the closer working between organisations, increased community cohesion, good neighbourliness, new volunteers and the wider use of the internet / social media. There has also been a reduction in car journeys, that has led to an improvement in air quality. This is good news for Devizes, one of Wiltshire's Air Quality Management Areas.

Voluntary & Community Sector (VCS)

There are around 2000 charities registered in Wiltshire, though c.2,700 registered charities deliver services in Wiltshire with many more unregistered local groups and community organisations. Many of these VCS organisations are based in and around Devizes and have offices, day centres, etc. here.

Wiltshire's VCS provides vital services, core to our communities' resilience and sustainability, our health, wellbeing and economy.

Predicting the long-term impact on the sector is challenging: *latest national research by ProBono Economics (Aug.2020):*

- 85% of charities expect a negative financial impact
- 70% think it will take over a year for pre-covid income levels to be restored
- 68% expect demand for services to increase
- 58% expect to scale back their provision

Current local picture: (as of December 2020 Wiltshire VCS Impact Survey – Part 2)

- 32% of those VCS who continued to offer a service saw a 32% increase in demand with the biggest demand being around Befriending support / supporting peoples mental health and wellbeing.
- 45 % of services remained partially open; 31% fully open and 20% still temporarily closed and 4% permanently closed
- 75% have stated they have changed the way they are delivering their core services
- 73% stated they are operating at a reduced level of service delivery
- 44% of the VCS said they will need more volunteers to meet the increased demands for their services

Positive local grant-making:

- Wiltshire Community Foundation c.£514,000 to 144 groups (March to August) and TNLCF: c.£370,000 (April to June) a 'drop in the ocean' when considering £150M -£200M sector income and estimated reductions in income.
- 55% of organisations had been successful in securing funding in the last 6 months (Wiltshire VCS Impact Survey Part 2 2020)

Community data and information

Local data is being collected from a range of sources to provide an overview of the current situation within our community. This is being combined with the outcomes of discussions on the impact of Covid-19 to inform the key issues emerging and where resources should be focussed.

- Wiltshire's Voluntary and Community Sector (VCS) Report Prepared for Wiltshire Recovery Coordination Group (RCG) – 9th September 2020
- Devizes Air Quality & Sustainable Transport Group meeting February 2021

Understanding the emerging themes and the impact of Covid-19

The impact of Covid-19 has affected some groups in the area more than others and exasperated some pre-existing issues. Further investigation will be required in some cases to ascertain who needs what support. Possible groups may include:

- 1. Young people They face challenges such as finding employment, poor mental health, lack of support or positive activities, as well as disruption to education. 11.3% of 0-19 year olds in Devizes Community Area are thought to be living in poverty. This is higher than across Wiltshire (9.4%) (JSNA data pack). There are two areas within Devizes town that rank in the 30% most deprived areas of England and one further area within the 40% most deprived (IMD, 2019).
- 2. Older and vulnerable people The need to self-isolate more has had a negative impact on mental health, and an increase in loneliness and depression. Many of the volunteer-led support groups offered telephone support calls to those most at risk of loneliness. Those living with dementia have been one of the most vulnerable groups. Life expectancy amongst both males and females is lower in Devizes area, by one year each, than the Wiltshire average. (JSNA data pack)
- 3. Families on low income We have seen an increase in debt and consequently the demand for supporting services. This is linked to employment, housing, mental health, loan sharks and other issues. In Devizes Community Area, 8.9% of homes are considered to be in fuel poverty, compared with 9.3% in Wiltshire.
- 4. Minority and BAME groups The BAME population of Devizes is very similar to the make-up of Wiltshire overall, with a slightly smaller Black community than average. However, better awareness, understanding and collaboration with BAME groups who reside in Devizes area needs to be explored and built. There is a known Polish community which is supported by its own cultural groups.

Analysis of the data so far suggests the following issues are emerging. This list may increase and change after further consultation and as new data arises

| Possible Emerging Issue | Impact of Covid-19 | Supporting evidence source |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------|-----------------------------------------------------------|
| Community Safety | | |
| Anti-social behaviour rate in Devizes is 17 reports per 1,000 compared to Wiltshire average of 14 per 1,000. "Anti-social behaviour & crime" was ranked second highest | No significant impact, although young people not engaging with school are known to local police. | JSNA 2020 data CAJSNA 2020 Community survey results |

| The transition across to Universal Credit has ongoing challenges that affect housing association tenants. E.g. The minimum 5 week wait for first payments, the way it is paid monthly in a lump sum, which in some cases causes budgeting issues etc | Probable increase due to furlough and reduction in hours due to Covid-19 | JSNA 2020 data Wiltshire Money data |
| Increase in poverty | Devizes and District Foodbank saw in increase in demand in March – June '20 and then again in November coinciding with lockdowns | Devizes and District Foodbank. |
| Footfall for businesses within the town is reduced on 2019 levels | With lockdowns and only essential retail staying open customer numbers have been lower. Devizes Indie has sprung up supporting local businesses. They held a successful 'Indie Day' in September '20 | Devizes Indie |
| Arts, Culture and Leisure | • | |
| 40% of residents in Devizes Community Area are currently members of the local libraries compared with 34% across Wiltshire | Devizes Hub opened for limited browsing during autumn but closed in November to offer an order & collect service. Market Lavington library has remained closed during the pandemic. | JSNA 2020 data |
| 2.1% of working people in Devizes Community Area are employed in the arts, entertainment and recreation sector, compared with 2.5% across Wiltshire | With arts venues unable to open, many are struggling. With slightly less people employed in this sector that average, Devizes is slightly less exposed to unemployment. | JSNA 2020 data |
| In Devizes Community Area, there are 34 venues hosting Cultural Activities. There are 414 in total across Wiltshire | Possible reduction in the number of venues in future as grants and furlough schemes run out. | JSNA 2020 data |

| In 2018/19, there were 201,323 visits to Wiltshire Council owned leisure centres, swimming pools, or health and wellbeing centres in Devizes Community Area. | Significant restrictions on leisure use due to Covid-19. Devizes leisure centre reopened in autumn for limited, pre-booked classes but closed in November as restrictions tightened. Lack of income now might mean less investment in facilities in future | Discussions with partners and leisure services |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------|
| Community | | |
| Life expectancy for both men (80 years) and women 83 years) in Devizes is slightly lower than that of the Wiltshire average (81 men & 84 women) | Direct impact from Covid-19 on physical and mental health, loneliness and isolation | JSNA 2020 data |
| The ethnicity in Devizes is predominantly White British 94.4%, with White other making up 2.9% and BAME making up 2.7% | Possible disproportionate Covid-19 effect on BAME communities. | Census 2011 |
| Building back better requires a strategy for harnessing the skills and enthusiasm of the new volunteers who have come forward - this means getting a Volunteer Bureau infrastructure into place to both harness and support volunteers | Increased volunteers but little infrastructure in place to harness and support the good will going forward. New Love Devizes organisation aiming to harness will to volunteer and act as hub for VCS and those in need of volunteer help and those looking to give their time. | Conversations with DCS19, Love Devizes and local VCS. |
| Health and Wellbeing | <u> </u> | <u> </u> |
| 29% of 10-11 year olds in Devizes Community Area are obese or overweight. This is similar to the Wiltshire average (28%) but still equates to almost 1 in 3 children in Year 6 | Possible increase due to more time spent at home. More activities and ways to exercise are now online | JSNA 2020 data |
| The rate of hospital admissions as a result of accidental injury in Devizes Community Area is 139 per 10,000 persons, compared to 140 per 10,000 persons in Wiltshire | Possible fall in numbers of those attending medical help as a result of Covid-19. Not wanting to access medical services out of fear of contracting virus | JSNA 2020 data |

| independently in Devizes Community Area is 49 per 1,000 persons. This is higher than Wiltshire's average of 45 per 1,000 | dependencies of people increase due to Covid-19. Increased demand on Wiltshire Council's adult services. | |
| Use and access to technology, especially amongst older people | Closure of shops and services has led to many of these now going online only. This has seen an increased use of the internet but not all people can access it. More awareness of the limited reach of technology. | Local knowledge from partners and charities |

It is important that this is an inclusive process as possible with special attention to ensure that the villages and minority groups have equal opportunity to feed in and partake in this recovery work. However, it is recognised that some may choose not to engage, and that work will take place that is not captured in this document.

How local actions can be supported

The local response within the Devizes Community Area is one of co-production recognising that to rebuild our communities, it is important that we work together, sharing information and resources where appropriate.

Devizes Area Board covers the whole community area and is responsible for this document. It links local delivery to Wiltshire Council, Wiltshire Police, Public Health Wiltshire and other partners. It is an accountable body with influence and powers. It has its own funding to help support local initiatives that support the recovery and also encompass issues that existed prior to Covid-19

Wiltshire Council's thematic approach to the county's recovery is structured around the following 4 themes, and it will be helpful to use these as we progress our local recovery in the Devizes area:

- I. Economy and employment
- II. Health, well-being and adult care
- III. Community Resilience
- IV. Young people, education and children

Devizes Area Board working with existing (and where needed) new sub-groups, Devizes Town Council and local parish councils, community groups, the voluntary & community sector and other partner organisations, will carry out further investigation on the community

issues, themes and priorities, bringing together work currently happening and identifying areas for development.

Next Steps

- Discuss this document and agree an approach at Devizes Area Board meeting (15th March)
- II. Engage and consult with partner organisations (Continually)
- III. Engage and consult with specific groups (Continually)
- IV. Produce a rolling action plan including **up to 5 priority actions** at any one time to demonstrate where it will contribute to addressing the identified issues. (21st June)
- V. Use the above information to inform the formation of a vision for what the community in the Devizes area to be like.
- VI. Review this document and priorities regularly in response to changes and select new priority work (at every area board meeting)
