PEN061	Failure of auditors to conduct audits commissioned by the Committee in accordance with an agreed terms of reference	The Committee & Board must ensure that audits they commission are being executed as originally prescribed in terms of their scope, quality and timeliness. Both groups need to satisfy themselves that all audits are being carried out on a best value basis, by auditors appropriately skilled to conduct those audits and that any signing off of audits are not being unduly delayed	Commissioned audits which are delayed, whether they be financial, procedural, compliance or otherwise driven can carry significant risk to the integrity of the Fund. New processes require robust review by suitably skills auditors and 3rd party delays whether arising from the audit partnerships themselves, or secondary approvals can create a consequential impact on the operational effectiveness of the Fund. Both the Committee & the Board require robust independent assurance to ensure that their oversight can remain comprehensive	Jennifer Devine	Medium	2	3	6	Commissioned audit plans by the Fund should not just cover the scope and content of the audit, but require auditors to submit a clear process and timescale to the Committee and the Board who can reassure themselves that audits are being carried out to the standards believe.	1	1	1		Low	↑	Jennifer Devine	On-going
PEN060	Failure to manage potential conflicts of interest between the Fund and its Administering Authority	Wiltshire Council is experiencing a period of immense strain on its services, exacerbated by limited central government funding and the pandemic. In response to this strain it has undertaken a review of its services and formulated a strategy of restructure	Areas of potential conflict include 1) Senior AA officers not recognising that they may be conflicted when taking a decision 2) Not ensuring the AA has in place protocols to manage a conflict of interest with its Pension Fund 3) Not ring fencing the services paid for by the Fund from when wider AA policy changes occur, such as staff re-deployments 4) Not introducing SLAs to enable performance measurements of the AA services procured 5) Not enabling the Fund greater freedom relating to best value procurement and employment 6) Not respecting or negotiating with the Pension Fund as an equal partner concerning its own requirements & 7) Not embracing changes to improve Fund governance published by outside bodies such as SAB	Andy Brown	Medium	3	2	6	The Committee & the Board should seek to identify and address potential conflicts of interest with the Committee being willing to actively manage situations with the AA where it considers that the membership of the Fund, or the Fund itself is not being appropriately served	1	1	1	Engagement in connection with the scoping of services is seen as a priority by the Committee, along with linking the services provided to the re-charge fee requested by the Administering Authority.	Low	↑	Andy Brown	On-going
PEN059	Service disruption is created during the implementation of the Council's Evolve Programme - Pension Payroll software	Wiltshire Council intends to introduce a replacement for SAP. The intended procurement process is due to be completed by September 2021 & the implementation by December 2022.	SAPs replacement could have a significant impact on the Fund's ability to pay its pensioners, particularly where the project management of the de-implementation and implementation are not synchronised	Andy Brown	Medium	3	2	6	As part of the Fund's oversight of its Payroll, it is recommended that the Committee request periodic strategic updates during the course of 2021 & 22 from the Fund's s151 Officer to be able to assess the level of risk & whether any mitigations need to be identified. Consideration by the Fund concerning the migration of its payroll to its own separate payroll software service is being undertaken, however this may be at odds with the Council's priorities	1	1	1	The current payroll system is to be phased out and a new integrated system with the Pensions Administration database is approved & is set to be introduced. However, the Council requires the Fund to use the new payroll system which isn't necessary designed for the purpose. Auditors to be involved to oversee the reconciliations and controls to be put in place. The project plan should be discussed with the Auditor. Project management completion timelines are increasing the risk of success of this migration.	Low	→	Andy Brown	Dec-22
PEN058	Service disruption is created during the implementation of the Council's Evolve Programme - Non Pension Payroll software	Wiltshire Council intends to introduce a replacement for SAP. The intended procurement process is due to be completed by September 2021 & the implementation by December 2022	SAPs replacement will impact on multiple services areas provided by the Council to the Fund. For the Fund's non-pension payroll functions this will most notably include HR, AP & IT services. However, it could affect all service relationships the Fund has with the Council.	Andy Brown	Low	3	1	3	As part of the Fund's oversight of its IT services, it is recommended that the Committee request periodic strategic updates during the course of 2022 from the Fund's s151 Officer to be able to assess the level of risk & whether any mitigations need to be identified.	1	1	1	Auditors to be involved to oversee the controls being put in place concerning non-pension payroll transfers of software, notably Accounts Payable & general accounting practices. The project plan should be discussed with the Auditor. Evolve risks remain for the Fund in all aspects of the Evolve Programme.	Low	→	Andy Brown	Dec-22
PEN056	Failure to implement the findings of the Goodwin vs the UK case in relation to discrimination which will affect public service pension schemes on the grounds of sexual orientation	Following a male to female transsexual post operative procedure the claimant stated that her human rights had been infringed when she was still treated as a man for National Insurance contributions purposes, as she continued to make payments after the age at which a woman would have ceased payments, thus causing harassment. A second similar claimant stated she was unable to obtain work as she was unable to provide her birth certificate revealing her gender history.	There is no remedy proposed yet, although some auditors are pressing for an allowance to be included in 2020 IAS19/FRS102 reports. Whilst the funding costs are expected to be small, this will be a further administration and communication burden to address.	Andy Cunningham	Low	1	1	1	The implementation of risk controls will be introduced on communication of remedies.	1	1	1		Low	→	Andy Cunningham	N/A
PEN050	Failure to comply with tPR's anticipated new Single Code of Practice Statement	The new requirements for pension scheme governance came into force on 13 January 2019 as part of the transcription of the IORP II Directive into UK law. The new EU Directive covers the activities and supervision of institutions for occupational retirement provision (IORP)	Consequently the tPR is simplifying its codes of practice as part of its 'clearer, quicker, tougher' campaign and in response to new requirements for scheme governance, the Occupational Pension Schemes (Governance) (Amendment) Regulations 2018. Codes combined notably relate to 9, 13, 14 & 15.	Richard Bullen	Low	2	2	4	It is anticipated that early focus will be on the codes that are most affected by the new regulations, starting with internal controls & effective governance. Trustees will need to be able to demonstrate that they have an effective system of governance within 12 months of its publication	3	1	3	None, until the Single Code of Practice Statement is released which not anticipated until 2021.	Low	→	Richard Bullen	N/A

PEN044	Change to valuation cycle	The Government is consulting on changing the fund valuation cycle. The next valuation will be in 2022 but it is unclear when the next one will follow.		Andy Cunningham	Low	1	3	3	Officers will respond to the consultation stating they are not in favour of such a change	1	3	3		Low	→	Andy Cunningham	N/A
PEN043	Administration disruption and employer cost pressures cause by the Cost Cap review	The cost cap floor has been breached meaning the Scheme rules need to be adjusted.	<b>Administration:</b> Some impact on administration processes and communications - unknown at the moment as the details have not been finalised. <b>Cost:</b> Higher costs for employers	Andy Cunningham	Low	2	2	4	None until further information is available. Note: this is unlikely to happen until the McCloud case changes are finalised, as McCloud will already increase costs in itself.	2	4	8	GAD have indicated that the LGPS is in a strong financial position based on March 2019 information. GAD have made recommendations concerning consistency which will be reviewed by SAB. These include widening the cost corridor from 2% to 3% and a wider economic check on the outlook of the economy	Medium	↓	Andy Cunningham	N/A
PEN042	Significant retrospective legislation changes related to the McCloud case	An age discrimination case taken to Court by a group of firefighters and Judiciary employees	Increased contribution rates for employers and high levels of administration time and complication.	Andy Cunningham	High	3	4	12	None - Whilst it now appears almost certain that a change will take place, it is still unclear exactly what the change will be, its magnitude and how the Fund can mitigate it. It is noted that the Valuation results have made no allowance for the consequences of the McCloud case, primarily due to the prudence applied to the investment return expectations of 75%, but also due to the implementation of actuarial guidance.	2	4	8	a) On actuarial guidance it is anticipated that whilst a review will be required the financial impact may be minimal as in most cases the underpin check for a member's benefits will not bite. b) Following the release of the Government's consultation document in July analysis of the Scheme's members who may be affected has been undertaken. Early indications suggest that c27k members from all status types will need to be reviewed, however cases where the underpin bites continues to be considerably less. Supplementary impacts such as the Annual Allowance, transfers & dependent benefits will also need to be considered, as well as changes to the Fund's internal controls to ensure that cases are reviewed as the liability falls due & that those which have been reviewed are marked accordingly.	Medium	→	Andy Cunningham	N/A
PEN039	The Fund's inability to implement the reforms associated with the Good Governance Project	SAB has requested a review of governance structures for the LGPS using a criteria of four possible governance models which might help funds to deliver good governance for their employers and members. A final consultation report is due in July 2019	Poor governance has a reputational risk impact, leading to poor service for Fund stakeholders, a lack of clarity of roles & responsibilities and potential conflicts of interest emerging	Andy Cunningham	Low	2	2	4	Officers have contributed feedback to the consultation exercise in May 2019 and taken part in various discussions. This has helped officers gain an understanding of the likely direction of travel and help ensure the Fund is aligned and prepared (for example by making certain adjustments to the terms of reference).	2	2	4	Officer to introduce a statement of Fund principles, beliefs & precedents. ## Dynamic Risks

PEN057	Failure to implement the Accessibility Regulations	For the Fund to comply with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018, the Equality Act 2010 & subject to understanding the Web Content Accessibility WCAG 2.1 guidelines which came into full force from September 2020.	Government Digital Service (GDS) monitors public sector bodies' compliance on behalf of the Minister for the Cabinet Office. If GDS decides that a public sector body has failed to publish an accessibility statement, or that the accessibility statement is incorrect, it will publish the name of that body & a copy of the decision. In addition organisations in breach of the Equality Act 2010 and the Disability Discrimination Act 1995 may be liable to investigations, unlawful act notices and court action leading to reputational damage.	Andy Cunningham	Low	1	1	1	Although not strictly a Pension Fund responsibility, the Administering Authority determined that as the Pension Fund operated a separate URL in respect of the Pension Fund's website it would view it as a separate entity & therefore required the Fund to make its own compliance arrangements. Fund officers have therefore initiated a project team to implement website compliance which will include an independent audit of its website compliance. The Fund's initial accessibility meeting took place on 5th November to scope its strategy.	1	1	1	An audit of the Fund's website took place against the Accessibility Regulations and a positive outcome was achieved. Officers will address a small number of technical points raised by the audit Shaw Trust, however it was felt that this risk could move to a dormant status.	Low	↓	Krystie Waterhouse	N/A
PEN053	Failure to implement Fund's Data Retention Strategy	Poorly implemented strategies agreed by the Board & Committee to ensure that the retention of data is properly executed in respect of both the Fund & Scheme Employers may occur.	A failure to adhere to the strategy could potentially breach GDPR compliance & create service issue in the event of data being inadvertently minimised or deleted.	Mark Anderson	Low	1	2	2	Heywood (Altair Database manager) to introduce a tool to minimise & delete records. Includes an export function to identify records managed via this process which can be reported on. This can be cross referenced against the membership statistics if required.	1	2	2		Low	→	Mark Anderson	N/A
PEN047	There is uncertainty around the ability of Brunel to resource its property portfolio offering	It is intended that property assets will transfer to Brunel in late 2020.	If Brunel are not adequately resourced, this could result in the portfolio not being effectively managed, and/or costs being higher than expected.	Jennifer Devine	Low	4	1	4	Officers are working with Brunel to ensure that the transition plan is appropriate before proceeding with this transition. Define reporting metrics for the Committee to make a decision.	4	1	4	BPP to build resilience in their private markets team by outsourcing more, so that there is less key person risk and the portfolios are scalable. BPP want to add several members of staff to their team and do more in house as well. The best way forward might be to commission an independent review of the best model to deliver private markets via pooling, to best serve our client requirements.	Low	→	Jennifer Devine	Jun-20
PEN045	GMP legislative changes	The Government has been planning to make a number of changes to way that GMPs work which brings about certain risks. In particular, changes to the indexation approach (which have been repeatedly delayed) and equalisation between males and females.	Both sets of plans could increase scheme costs and cause material amounts of additional administrative work.	Andy Cunningham	Low	2	2	4	HMRC undertook a consultation in the last quarter of 2020 requesting responses by 30 December 2020. The WPF along with many other organisations responded to that consultation and on publication of the results the Fund will seek guidance from its professional advisers in respect of both its equalisation & indexation responsibilities on the next steps it should take.	2	2	4	None	Low	→	Andy Cunningham	N/A
PEN041	The Fund's inability to implement a strategy to ensure Climate Change considerations are integral to its investment strategy	Climate change is a key environmental risk which could have a material financial impact on the Fund's returns, and as such needs to be considered, managed and monitored as part of the Committee's fiduciary duty, and to protect the investment returns of the Fund.	Failure to embed climate change considerations in the investment strategy could cause a negative impact on investment returns over the long term.	Jennifer Devine	Medium	3	2	6	The Committee is engaged in ongoing work to help determine the most appropriate direction of travel, with expert consultancy support. Significant progress has been made so far, with the introduction of a climate change policy, amendments to the investment strategy, a flight path to enable change and a considerable amount of training and development of members by professional advisers. Work is also being done within the Brunel pool to address this risk.	2	4	8	Additional resource continues to be required, likely by the way of specialist consultancy support.	Medium	↓	Jennifer Devine	On-going

PEN038	The Fund's inability to implement the DWP's Dashboard within a notified timescale.	Late communication by the DWP to specify their requirements for the Fund to comply with this new nationwide Dashboard. Potential for unexpected implementation costs and/or the Fund being unable to meet the reporting requirements.	Non-compliance would lead to a reputational risk for the Fund. A statutory requirement to contribute may also be created.	Andy Cunningham	Low	1	2	2	Senior officers to keep themselves apprised of developments and seek more detailed information as the project develops.	1	2	2	None	Low	→	Mark Anderson	N/A
PEN037	Failure to implement a strategy to address the administration backlogs	Failure to effectively administration the scheme could result in incorrect payments, inefficiencies in the process, failure to meet disclosure timeframes, complaints and inadequate oversight over the fund.	Poor administration resulting in incorrect payments and can lead to reputational risk issues. The mitigation of this risk is contingent on the mitigation of other risks such as PEN034 & PEN036	Andy Cunningham	Medium	3	3	9	The implementation of PEN034 & PEN036 along with addressing the internal auditors comments in their 2018/19 Key Controls report should mitigate this risk. As part of the 2020/2021 budget, approval for more resource is available to help mitigate this risk although this could take time to use given the impact of COVID-19 on office based working.	3	2	6	Employer training to be enhanced to assist the provision of information to officers & efficient management of backlogs. Improving peer review policy to enhance they way work is checked.	Medium	→	Jennie Green	On-going
PEN034	Failure to implement Lean process review	Low KPI performance has been identified, particularly in relation to the disclosure requirements, as a result of inefficient processes and insufficient training and support.	An end to end processing review of all repeatable processes with the key objectives of improving the customer experience and identifying and realising efficiencies. Semi-automated work allocation is required to target key items of casework more quickly	Andy Cunningham	Medium	3	2	6	The Fund's Project team has started a programme of work over a 2 year timeframe to review repetitive processes within the dept. As at April 2020, revised processes are in place for starters, leavers/refunds, aggregation and child pension reviews. Other processes will be looked at based on priorities with the intention of completing the reviews during 2020/2021.	3	1	3	Officer training to be enhanced to assist with the efficient processing practices. Officers have introduced a 2nd line of review strategy, where experienced officers conduct internal audits at a technical level, not just at a process level.	Low	→	Samantha Wooster	On-going
PEN022	The rectification of records with GMP issues is time-consuming, costly & causes reputational damage.	From 1 April 2016, State Second Pension ceases and HMRC no longer provides GMP data on members to Funds. The Fund is looking to complete the reconciliation during the 2020/2021 year.	If GMP records for members are inaccurate there is the potential for incorrect liabilities being paid by the Fund.	Andy Cunningham	High	3	4	12	Large project is still ongoing and software from Heywood's is being used to process amendments to Altair on bulk. Progress has been delayed due to the Fund trying to engage with Government to agree on a nationwide approach and in order to undertake further analysis of the problems identified.	2	4	8	A common approach between south-west Funds has been reached with feedback from SAB. A paper was submitted to the Committee in December setting out the current situation and outlining a proposed strategy. A more detail approach will follow with additional supporting information & guidance as well as an update concerning member record reconciliation. An update will be provided to the Committee in March 2021.	Medium	→	Mark Anderson	u/k
PEN021	Ineffective implementation of the Public Sector Exit Cap	The Treasury is consulting on draft regulations to introduce a cap of £95,000 on exit payments in the public sector, in response to concerns about the number of exit payments that exceed or come close to £100,000 and the need to ensure they represent value for money. This will include changes to LGPS regulations. Introduction of exit cap will require an additional burden on the administration team as it is likely to effect all redundancy calculations. Funds are often given little time to implement changes which brings about this risk.	Changes need to be communicated to individuals and employers and systems adapted once the revised regulations have been approved. LGPS Fund's could be in breach of the legislation in they are logistically unable to implement the cost cap mechanism once introduced. Engagement with the relevant public service HR dept's in relation to the implementation of the Exit will be essential.	Andy Cunningham	Low	2	1	2	The consultation is due to be completed on 9th November. Key risk controls should include: 1) Fund officers should ensure that relevant HR officers understand the implications of the Cap. 2) Review the Compensatory Regulations after they've been re-written and LGPS Regulations too as a priority 3) Ensure Fund officers understand the new regulations & draft proforma to manually calculate options, prior to the delivery of automated calculation routines 4) Consider any TUPE transfer implications 5) Liaise with HR department concerning potential redundancy exercises in 2021 & 6) Undertake a review of Fund's documentation to include disclaimers	2	3	6	Legislation was introduced concerning the Exit Cap at the end of 2020, however this legislation is now in conflict with the LGPS regulations. Guidance is being sought to resolve these conflicts. A further review of resources may still be needed following a review of the final details & feedback from HR departments.	Medium	→	Andy Cunningham	N/A
PEN018	Failure to set in place appropriate Cyber Security measures	Over reliance by Fund is potentially being place on its Administering Authority's IT security arrangements & that of its key software database providers without proper scrutiny/reporting of their security arrangements	Impact is significant concerning the operational effectiveness of the Fund, notably in relation to the data held and the ability to calculate and process member benefits	Andy Cunningham	High	4	3	12	Cyber security reports to be requested on an annual basis from both Wiltshire Council's IT department & the main database manager Heywood's. Following the Committee meeting on 16/12/21 a range of recommendations were approved by the Committee due to the assurance levels received. This included the appointment of an external auditor to assess the Fund's cyber security risk.	4	1	4	During 2021 Heywood's provided a suite of documents concerning their cyber security arrangements & ICT provided a report to the Committee in December.	Low	→	Andy Cunningham	N/A

## Ongoing Risks

PEN055	Failure of the Brunel Pension Partnership to properly address shareholders concerns via the governance review	Governance arrangements set in place at the outset of Brunel are due for review and it is vitally important that Wiltshire and all shareholders are satisfied with the breadth and depth of the review, and the resulting changes.	With the Wiltshire Pension Fund & other stakeholders being required to invest significant sums of money with BPP, robust governance arrangements are vital to ensure that shareholders are able to take assurance over the running of the partnership	Andy Brown	Medium	3	2	6	Brunel's governance review is ongoing. Wiltshire has actively engaged with Brunel, by sending a letter on behalf of Committee members, to make Wiltshire's expectations clear, and also via the Head of Pension Fund Investments' input at a client group level.	3	2	6	Officers will regularly monitor the progress of the governance review and engage at all possible opportunities. Committee members will be kept informed of all developments.	Medium	→	Andy Brown	N/A
PEN052	COVID-19	COVID-19 is an infectious global virus which WHO has classed as a pandemic. The UK could be taking similar actions to other countries bad affected by this virus such as China & Italy which will cause significant business continuity issues to the pension fund	In a worst case scenario the Council's officers & service provider offices will be closed making remote working essential but difficult. In addition, it is expected that up to 20% of people will be off sick & needing to self-isolate causing service issues. Consequently issues around staffing, investment returns, employers supplying data, management of employer covenants, support from suppliers & contractors are all likely to be factors in the management of the Fund.	Andy Cunningham/ Jenny Devine	Low	2	2	4	The Council's/Fund's Business Continuity Plan will need to be activated. Regular communication with key services & service providers should be maintained. Fund officers have already taken a series of steps to ensure ongoing service & are giving consideration to the daily government updates & Council policy in the taking of those decisions. 01/02/2022 - With Govt. rules relating to the pandemic being relaxed and the majority of the population vaccinated, risks to the operation of the Fund caused by the pandemic are considered reduced. Monitoring will continue, however there appears to be no immediate risk to ongoing service.	3	2	6	The series of steps have been specifically identified to manage this risk. In particular, maintaining the movement of money, communication with all stakeholders & essential operating practices; Consequently the following risks were focussed upon; Movement of money PEN001, PEN002, PEN003, PEN015 & PEN033. Communication with stakeholders PEN013, PEN030 & PEN033 & Essential operating practices PEN004, PEN010 & PEN037. A survey was also sent to Employers requesting information about their circumstances & a close monitoring of actual employer behaviour has been adopted & will continue to be in relation to their service obligations.	Medium	↓	Andy Brown/ Andy Cunningham/ Jenny Devine	N/A
PEN048	The transition to pooling of LGPS assets with BPP fails to deliver the projected savings	The Fund needs to pool its LGPS assets with other Funds using the Brunel Pensions Partnership.	Poor implementation could be costly in terms of unanticipated costs and/or savings less than projected.	Jennifer Devine	High	4	3	12	The Fund is working with Brunel Pension Partnership on pooling arrangements. Progress and updates regularly reported to Committee. The Fund's passive portfolios have been pooled with significant fee savings, but a budget increase is also currently being proposed. The final position is still uncertain.	3	3	9	Significant amount of resource still required by officers to progress this project. On 13th February 2020 the Board recommended that a monitoring & reporting timetable being put in place concerning BPP's transition to help mitigate this risk.	Medium	→	Jennifer Devine	On-going

PEN036	Failure to implement a Dashboard of KPIs for regular monitoring	Difficulties in extracting the required data from the workflow section of the administration system. Improve the range of Key Performance Indicators (KPIs) produced for the Committee and Local Pension Board to help provide transparency and clearer oversight & management of administration performance.	Failure to implement a dashboard of comparable benchmarks, will be counter to the Pension Regulator's requirements on factors such as data quality measures	Andy Cunningham	Low	1	2	2	Officers have implemented a suite of KPIs to be utilised at different levels. Namely, at a Statutory level, for the Committee & the Board, for use between Employers & the Fund & at management level for use at an operational level within the Pension's dept. The introduction of a new PAS document will enhance the flow of KPI information to members. Further work is required to introduce a suite of customer service based KPIs.	1	2	2	Low	→	Mark Anderson	On-going
PEN033	Failure to manage AVC providers	The Fund is a Data Controller with four AVC providers under management who operate to a system of policies & endorsements rather than service provider contracts. Consequently, there is a risk due to the mismatch between Fund responsibility & control in relation to the assets under management.	Failure of a AVC provider can lead to issues of reputational risk to the Fund, as well as being exposed to adverse governance & financial implications.	Jennifer Devine	Low	2	2	4	A minimum of annual service review reviews have been implemented with all AVC providers, managed by the Investment & Accounting team. The review will cover customer service & investment performance.	2	1	2	None.	→	Jennifer Devine	On-going
PEN028	Failure to introduce new administration software effectively	Implementation of new software including i-connect, payment instruction automation and a new member website. All to be completed during 2021/2022.	Delay in the payment of member benefit, poorer data quality, sub-standard communication arrangements with members & employers & slower delivery times leading to a more costly service	Andy Cunningham	Low	2	2	4	Individual project plan have been prepared for each implementation of software, including their GDPR implications, with individual project issue logs and risk registers. A bespoke Project team has also been established within the pension's dept. who initiate formal handovers to officers on completion of the new implementation. i-Connect, which will have the largest impact, is partially delivered with around a third of active members onboarded.	2	1	2	SQL capability to be developed within team to enhancing reporting & verify effective implementation. Nova Sail will also be introduced to leverage & optimise the software capability employed by the Fund.	→	Samantha Wooster	On-going
PEN026	A lack of effectiveness of Committee meeting due to the impact of MiFID II Regulations	MiFID 2 investment regulations from Jan 2018 will classify LGPS Funds as "retail" investors. They will need to opt up to professional status	If Wiltshire Pension Fund is unable to maintain "professional" status it will limit the range of investments available and may lead to the forced sale of assets.	Jennifer Devine	Medium	3	2	6	Wiltshire Fund is now being treated as a Professional Client, having followed due process. Maintenance of the Fund's Professional Client status will require on-going compliance with the requirements including competence	2	2	4	Guidance received from officers & the Independent Adviser to the Fund has mitigated the impact of MiFID II. Officers implemented a self-assessment return completed by members concerning their competence to maintain "professional client status". A member training strategy for 2020/21 includes MiFID II related training	→	Jennifer Devine	On-going
PEN025	Further academisation of Schools, the possibility of MAT breakups and cross fund movements.	Potential for further schools to convert to academy status, MATs to breakdown	Additional governance and administration risk. If all schools were to convert then the number of employers in the Fund could jump from 180 to between 400 and 500.	Andy Cunningham	Low	2	2	4	Regular communications with schools to understand their intentions. Revised cessation policy aims to address some of the risks relating to MAT breakups.	2	2	4	The Fund is monitoring the SAB review of academies roles in the LGPS and will take actions (e.g. respond to consultations) as necessary to try to mitigate this risk further.	→	Andy Cunningham	N/A
PEN017a	A lack of knowledge and expertise on the Pension Fund Committee	Lack of structured training and continuous self assessment of skills gap to ensure knowledge levels are adequate to carry out roles to the best of their ability	Bad decisions made may be made in relation to any of the areas on this register, but particularly in relation to investments. There is also a requirement for Funds to 'Comply or Explain' within their Annual Report on the skills knowledge of members of the Committee	Andy Cunningham	Medium	2	3	6	Members are given Induction Training when they join the Committee, as well as subsequent opportunities to attend courses/seminars and specialist training at Committee ahead of key decisions. There is a Members' Training Plan and Governance Policy. Further training and advice can be called on from our consultants, independent advisors and investment managers too.	2	1	2	The results of the knowledge assessment was presented to 12 Dec 2018 Committee and 24 January 2019 Local Pension Board. Overall, their level of knowledge was deemed good but there were areas of improvement identified that Officers will consider when looking at future training plans. Pensions is a complex subject, so the training needs of the Committee will need to be continued reviewed. Generally both Committee & Board members are taking a more active approach to training and requesting structured training in key areas	→	Richard Bullen	On-going
PEN017b	A lack of Committee Member compliance with all regulations	Lack of Member willingness or awareness to be compliant with new or existing regulations leading to breaches of legislation and reportable offences	Over reliance on officers & advisers to ensure compliance leading to a lack of oversight challenge	Andy Cunningham	Medium	2	3	6	Member attendance at conferences & seminars enables independent information sources. Update the Look forward plan to include the introduction of an annual audit plan to ensure the fund's compliance requirements are implemented & the results of the audit reported to Committee	2	1	2	None	↑	Richard Bullen	On-going
PEN016	A lack of effectiveness in respect of the Fund's Treasury Management Services	The Fund's treasury function is now segregated from Wiltshire Council. This includes the investment of surplus cash in money markets.	Exposure to counterparty risk with cash held with external deposit holders could impact of Funding level of the Fund	Jennifer Devine	Low	3	1	3	The Pension Fund will review an updated Treasury Management Strategy annually which follows the same criteria adopted by Wiltshire Council but limits individual investments with a single counterparty to £6m. The Fund will also review in Treasury Management Agreement with the Council in 2019.	2	1	2	The Council uses Sector's credit worthiness service using ratings from three rating agencies to provide a score. Surplus cash is transferred to the Custodian at month end ensuring cash balances are minimal. A minimum of annual updates by the Council need to be presented to the ISC	→	Jennifer Devine	N/A
PEN015	Failure to collect payments from ceasing employers	When an employer no longer has any active members a cessation valuation is triggered and a payment is required if a funding deficit exists to meet future liabilities. The impact of COVID-19 on financial markets means the likelihood is currently increased.	Failure to collect cessation payments means the cost of funding future liabilities will fall against the Wiltshire Pension Fund	Andy Cunningham	Low	2	2	4	The Pension Fund Committee approved a revised cessation policy on 26 March 2020 to address regulatory changes made in March 2020 (backdated to May 2018). Furthermore, all new admitted bodies require a guarantor to join the Fund which means that a stable Scheme Employer is required to act as the ultimate guarantor. Due to the current impact on COVID-19 situation on investment returns, we are currently encouraging employers to delay cessation crystallisation events where possible to avoid crystallise a large deficit.	2	1	2	A new employer cessation policy was approved in March 2020, however since then further guidance has been published nationally setting out Fund discretionary payment plans already introduced by Wiltshire. It should be noted that whatever determination the Fund makes there is a risk it will be open to challenge. In summary the Fund needs to amend our FSS & consider how this should work best and communicate out to employers accordingly. Furthermore, with regards to the spreading of exit payments & deferred debt agreements officers need to consider what changes to the existing cessation policy (sections 7 and 9) are needed for the Fund to be compliant	→	Andy Cunningham	On-going
