What is your project about and what does it aim to achieve? <i>Important: This section is limited to 600 characters only (inclusive of spaces).</i>	Woodborough has established a volunteer group - the Woodborough Road Safety Group, following a fatal accident in the village in Mar 11. We are working with the Police and Council to implement a range of measures to improve road safety. We wish to enhance the effectiveness of the existing traffic calming 'build outs' outside Woodborough School. We aim to achieve this by the addition of two 'planters', which are a proven method in making traffic calming more effective. We see this as a quick, simple and relatively cheap measure that will have an immediate effect.		
In which community area does your project take place? (Please give name – see section 3 of the grants pack)	Pewsey		
I/we have discussed our project with the town/parish council?	Yes <input checked="" type="checkbox"/> Date 22 Jun 11 No <input type="checkbox"/>		
I/we have discussed our project with our Wiltshire councillor?	Yes <input checked="" type="checkbox"/> Date 23 Jun 11 No <input type="checkbox"/>		

Where will your project take place?	On the existing traffic calming measures outside Woodborough School
When will your project take place?	Immediately funding is agreed
How did you discover there was a need for your project (please provide evidence) and how will your project benefit your local community? Important: Please do not type/write in paragraphs – This section is limited to 1000 characters only (inclusive of spaces)	<p>Following a fatal accident involving a school child in Mar 11 the community agreed that every effort should be made to enhance road safety throughout the village. The Woodborough Road Safety Group is adopting a strategy that encompasses the Police, Pewsey Area Board, Pewsey CATG and the Taking Action on School Journeys framework in order to identify immediate, medium and longer term methods to improve road safety. Research by the Dept of Transport shows that the addition of planters to existing traffic calming measures are an effective, low cost, enhancement.</p>
How many people will benefit from your project?	200
How does your project demonstrate a direct link to the local community plan for your area? www.wiltshire.gov.uk/areaboard Please provide a reference/page no.	<p>Connects directly to the objectives set out in the Sections : Highways, Culture and Leisure, Countryside and Environmentt, and Resilient Communities</p> <p>16, 25 and 34</p>
To be completed ONLY where town/parish councils are making an application	
Is your project one which parish/town councils have powers to raise local taxes to fund?	Yes <input type="checkbox"/> No <input type="checkbox"/>
Could your project be funded from your reserves?	Yes <input type="checkbox"/> No <input type="checkbox"/>
Is your project urgent (having to be completed in this financial year? If you answer YES please provide evidence elsewhere on the application form)	Yes <input type="checkbox"/> No <input type="checkbox"/>
Any other information about your project. <p>We are extremely keen to make early traffic calming enhancements whilst we consider longer term and more substantial changes. Getting these enhancements in place as soon as possible is our absolute priority.</p> <p>There is significant community support for any initiative that will enhance road safety. The WRSRG is also keen to demonstrate early progress. We have already had some progress in revising the provision of school transport, which when coupled with highly visible traffic calming enhancement will reassure the community that the we are an effective group acting with the strong support of the Council.</p> <p>We can rely on plenty of willing volunteers to install and maintain the planters. What we lack is the lump sum to make the initial investment.</p> <p>The estimates are based on prices from leading street furniture manufacturers. We have requested the necessary consents from the Council's Highways and will ensure that our scheme complies with their guidance.</p>
