Section 18 of 21
LICENSING OBJECTIVES
Describe the steps you intend to take to promote the four licensing objectives:
a) General – all four licensing objectives (b,c,d,e)
List here steps you will take to promote all four licensing objectives together.
As all events, functions stays are booked privately through ourselves with our clients, face to face, we can control who is to come onto our premises, giving us a greater control over any issues or potential problems that could occur. We are very strict as to who we let our property to and belive this allows a better degree of control and prevention of crime, public safety, nuisance and harm.
b) The prevention of crime and disorder
As above, we do not have an 'open door' operation, with any use being thought out and organised well in advance. We also charge a large damage deposit, meaning there is an incentive for guests to treat property well. We have alarms and externa CCTV in operation and will be installing internal camera in the Dutch Barns, to give us and guests security and protection whilst using the premises. In regard to alcohol, there will be a strict policy that once any person is deemed too inebriated, they will simply not be sold any alcohol. We operate strict no drug policy, therefore if any person is found to be taking drugs, or in possession they will be asked to leave and reported to the police.
c) Public safety
Both properties at West Barn Lodge have been constructed within the last five years to commercial building regulation standard, with regard to the fabric of the construction and fire regulations. All surfaces have been chosen with the end user in mind, non slip flooring and necessary guides in place to safe guest use. In respect to public safety whilst hosting events,

we are strict regarding guests numbers in relation for capacity for fire regulations.

#### d) The prevention of public nuisance

The buildings are well insulated to prevent excess noise pollution to any nearby receptor and decibels levels controlled to a sensible level as opposed to harmful. The location is such that the premises are quite a distance from any receptor that is outside of our ownership. All external lighting has to be signed off by council due to being within dark night sky reserve, therefore this is under control and already limited. All waste is dealt with on-site using commercial waste and recycling facilities.

#### e) The protection of children from harm

Safety signage and health and safety policies in place, weddings, events and holiday accommodation deemed low risk for harm to children, whom will only be attending under supervision of there parents or guardians.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

# Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

#### Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <a href="https://www.gov.uk/prove-right-to-work">https://www.gov.uk/prove-right-to-work</a>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
