Papers available on the Council's website at www.wiltshire.gov.uk

In Attendance:

Wiltshire Councillors

Cllr Jonathon Seed, Melksham Without West & Rural (Chairman)
Cllr Mike Sankey, Melksham East (Vice-Chairman)
Cllr Phil Alford, Melksham Without North and Shurnhold
Cllr Nick Holder, Bowerhill
Cllr Jon Hubbard, Melksham South
Cllr Jack Oatley, Melksham Forest

Wiltshire Council Officers

Richard Rogers, Strategic Engagement Partnerships Manager
Caroline LeQuesne, Area Board Delivery Officer
Dominic Argar, Assistant Multimedia Officer
Ben Fielding, Senior Democratic Services Officer

Total in attendance: 36

<u>Minute No..</u>	<u>Summary of Issues Discussed and Decision</u>
64	<p><u>Election of the Chairman</u></p> <p>Nominations were sought for a Chairman for the forthcoming year. On the nomination of Councillor Mike Sankey seconded by Councillor Jack Oatley, it was,</p> <p><u>Resolved:</u></p> <p>To elect Councillor Jonathon Seed as Chairman of the Melksham Area Board for the forthcoming year.</p>
65	<p><u>Election of the Vice-Chairman</u></p> <p>Nominations were sought for a Vice-Chairman for the forthcoming year. On the nomination of Councillor Jonathon Seed seconded by Councillor Phil Alford, it was,</p> <p><u>Resolved:</u></p> <p>To elect Councillor Mike Sankey as Vice-Chairman of the Melksham Area Board for the forthcoming year.</p>
66	<p><u>Apologies for Absence</u></p> <p>Apologies for absence were received from Bridie Hanraads (Community Conversations Team), Inspector Andy Lemon and Sergeant Gemma Rutter (Wiltshire Police).</p> <p>Cllr Nick Holder joined the meeting at 19.12pm.</p>
67	<p><u>Minutes</u></p> <p>The minutes of the meeting held on 6 March 2024 were presented for consideration and it was;</p> <p><u>Resolved:</u></p> <p>To approve and sign as a true and correct record of the minutes of the meeting held on 6 March 2024.</p>
68	<p><u>Declarations of Interest</u></p> <p>There were no declarations of disclosable pecuniary interest.</p>
69	<p><u>Chairman's Announcements</u></p> <p>The Chairman made the following announcements as per the agenda pack:</p>

	<ul style="list-style-type: none"> • Highways Matters Responses – 6 December 2023 • Chief Executive of Wiltshire Council <p>The Chairman thanked The Riverside Centre for hosting the meeting as well as providing tea and cake, which had been very well received.</p> <p>Cllr Jon Hubbard stated that The Riverside Centre AGM was set to take place on 20 June 2024, with anyone who uses the hall welcome to attend and help to plan the future of the facilities. Cllr Hubbard also thanked the Area Board for the new acoustic soundboards and sound system which had been added to the hall following a successfully awarded grant application to the Area Board.</p>
70	<p><u>Partner Updates</u></p> <p>Updates were received from the following partners:</p> <ul style="list-style-type: none"> • Wiltshire Police The Area Board noted written updates attached to the agenda. • BSW Together (Integrated Care System) The Area Board noted a written update attached to the agenda. • Healthwatch Wiltshire The Area Board noted a written update attached to the agenda. In addition, Mary Winterburn, a volunteer for Healthwatch Wiltshire provided a verbal update, which included but was not limited to: <ul style="list-style-type: none"> • Healthwatch had undergone a change of provider in January 2024. • Work had taken place in local colleges to conduct interviews on mental health. • Interim and patient assessments had been taking place in hospitals. • The following priorities had been identified: <ul style="list-style-type: none"> ○ 1. Pharmacy First ○ 2. Living in a rural county ○ 3. Virtual home wards • Healthwatch had been involved in working with the new carer support GP accreditation with a surgery in Melksham involved working towards a criteria of being a carer friendly surgery. • Community First The Area Board noted a written update attached to the agenda. • Town and Parish Councils The Area Board noted a written update provided by Melksham Without Parish Council. <p>Cllr John Glover, Chairman of Melksham Without Parish Council provided the</p>

	<p>following update:</p> <ul style="list-style-type: none"> • The Parish Council had continued to meet with the Town Council regarding the neighbourhood plan revision, which was not yet public but had taken on board comments from members of the public and statutory organisations. • The issue of requiring data relating to passenger usage at bus stops was raised, which would allow the Parish Council to bring their information systems up to where they need to be. <p>Cllr Jon Hubbard provided an update on behalf of the Town Council, with it noted that a new Mayor and Deputy Mayor had been elected and that the Town Council annual meeting was set to take place in the forthcoming week.</p>
71	<p><u>Health in Melksham</u></p> <p>As councillor representative for the priority of Older People; Health and Wellbeing, Cllr Jack Oatley introduced this item as well as the respective speakers.</p> <p>Emma Higgins (Associate Director – Wiltshire Integrated Care Alliance Programme and Delivery Lead NHS Bath and Northeast Somerset, Swindon and Wiltshire Integrated Care Board) provided a presentation (attached to the minutes) on health provision in Melksham, which covered the following points:</p> <ul style="list-style-type: none"> • An overview of the demographic and GP practices included within the Primary Care Network (PCN) and its respective catchment areas was provided. • Details of the PCN estate of Bradford on Avon and Melksham was covered, with it noted that there were three main GP premises and 2 branch sites. It was noted that the estate would need to support the expected demand from the increase in population from housing growth by 2032. • The Primary Care Network Workforce currently employs 28 staff recruited through the Additional Roles Reimbursement Scheme, with a strong emphasis on personalised care roles which support the living well and frailty teams. • Details of the community pharmacies in Melksham were provided, with it noted that the ICB has now began to commission services such as dentistry at a local level. • Details were provided as to how the Melksham population was accessing NHS dentistry, with children accessing NHS dental care at a higher proportion than the rest of Wiltshire and Nationally. • An overview of the BSW Connect Service was provided, which would go live on 1 July 2024 and would be aimed to support individuals who have needed to use emergency services multiple times over the last five years. • It was noted that the Wiltshire average time to discharge from Acute Trusts had reduced, with further work taking place to continue to support

this process.

- An update was provided on Learning Disability and Autism, with work being completed across Melksham including screening practitioner work to ensure that individuals are receiving physical care.
- Melksham has a higher compliance rate than the Wiltshire average for Severe Mental Illness Annual Health Checks (SMI AHC).
- It was noted that a new service named NHS 111-2 had gone live and would provide a pathway for urgent and emergency mental health care.
- An overview of the Melksham and Bradford on Avon Collaborative was provided, which had been set up in early 2023 as a “Pathfinder” test and learn site to provide insights for future collaboratives.
- Objectives for the Collaborative were outlined as well as how some of these had been achieved, in particular a piece of work which involved a group of people who experienced significant falls.
- The next steps for the Collaborative were outlined as well as reflections on the work so far.

After the presentations, there was time for the following questions to be received:

- A question was asked regarding how the NHS planned to deliver services in the community and what plans there were for Melksham Hospital and the surrounding land. A response was provided that currently the NHS is working through a strategic and then clinical plan, in which the estates plan would follow on from.
- A point was raised that currently in Melksham there was some nurse’s accommodation, which 16 years ago were in working order, but have now been left to degrade, it was questioned why these weren’t being used when there was homelessness in Wiltshire. In response it was stated that these were likely to be owned by an organisation called NHS Property Services, however this organisation did not own or control all NHS property and it was unclear whether these properties were under NHS control. It was agreed that this point would be taken away for a further response, to which the following was provided the buildings are two former houses at the entrance to the hospital site. They are not used for storage but are boarded up and dilapidated. Additionally, the ICB have no plans for these houses yet but they are being held as any changes to the site are likely to require improved road access provision and therefore the houses are being held until the future needs of the NHS are understood and any future plans for the hospital site in relation to the delivery of services.
- A query was raised regarding what someone would have to do to get onto the NHS dental waiting list. It was recommended that people could visit the following website, which would provide a list of NHS dentists locally and their waiting lists: [How to find an NHS dentist - NHS \(www.nhs.uk\)](https://www.nhs.uk). In addition, individuals could contact individual practices to ask if their list

was open or could also contact 111 for emergencies.

- In Melksham 1,000 homes had been built with Section 106 funding agreed, it was therefore wondered what the plan was for where this money would go and to who it would benefit? It was agreed that this would be taken away and investigated for a response to which it was later clarified that the section 106 funding is available but is yet to be drawn down. When it is, it will support developments across primary care in line with the developing estates strategy and plans for Melksham following confirmation of what and where the need is.
- Clarity was provided on the 111-2 service, which had launched following a national campaign on social media channels. It was expressed that the ICB would like to use local community media pages more to communicate through already active channels.
- It was also suggested that should people struggle with the 111-2 number, if this number was to be input wrong, people would still get through and be redirected to 111. Concern was also raised around people accidentally calling 999 in an attempt to reach this service. A further response was provided to this that, service users are actually being directed to call 111 then selection option 2 – therefore Service users will hear the following when they ring 111 (and after pressing 9 to continue):
 - if your call is about physical health press 1,
 - if you are in mental health crisis press 2,
 - if you are a health care professional or lab technician press 3.It's on the press 2 that they will be asked the question again to double check they have selected the right pathway before being transferred to AWP. This then minimises the risk around the police being called (112 is the 'non urgent' police line)
- The difficulty of being able to access services in Melksham and Bradford on Avon without the use of a car was raised, to which it was stated that there was an awareness that across Wiltshire, transport was an issue and that any collaborative work would need to ensure that it was accessible for the community.
- A point was raised that recently in Melksham two 70 bed care homes had received planning permission with another pending and that the GP practices had stated that in 2022, in of support of an application to amend a S106 agreement at Verbena court, that the surgeries in Melksham had enough capacity to meet population needs for the next 5 years. In response, clarity was provided that Giffords Surgery had enough capacity to absorb such a population expansion and that any increase would also bring extra funding.
- The recruitment of GPs was discussed, with it stated that there were no concerns for recruitment currently and that locally a resilient structure had been built.

Roland Teare GP, provided an update on behalf of Spa Medical Centre, which

covered the following points:

- Roland was a GP Surgeon who had been working in Melksham for 10 years.
- Recently things had changed, with the parameters of the Primary Care Network (PCN) changing to join up Spa Medical Centre with Bradford on Avon Surgery and Giffords Surgery. This change has had both positive and negative aspects, such as working collaboratively however there has also been geographical impacts.
- An example of a challenge experienced by the PCN was that during lockdown, very few Covid Vaccines had been delivered to Bradford on Avon, meaning that the rollout took place for both sets of patients at Spencer's Club in Melksham.
- Housing is currently being built in Melksham with patient numbers expected to rise, however it could be argued that in PCNs, money follows the patients. For example, the three proposed new care homes in Melksham would attract more funding for the increased patients and would require further staff recruitment.
- There has been changes within Spa with Senior GPs retiring and the surgery has started to employ other health care professionals as not all patients require the attention of a GP.
- In January an E-Consult online system was brought in to take away waiting times on the phone, with it stated that this had to be turned off last week due to circumstances.

Dr Abby Burgess provided an update on behalf of Giffords Surgery which covered the following points:

- Abby was a Senior Partner at Giffords Surgery and had worked there for 13 years.
- The Surgery currently had 61 staff, however there had been Doctor challenges with two currently off on maternity leave. These roles were being covered and a current trainee was set to be taken on as a Doctor in August. In addition, the Partnership had recently expanded and consisted of young individuals for resilience and succession planning.
- A Friends of Giffords charity had recently been set up with an uptake of 40 people, which would enable the surgery to link up with the third sector in a better way.
- The E-Consult system has changed the way which Giffords has operated and has improved getting patients to the right service, though it was still possible to come into the Surgery to book appointments or via phone.
- It was hoped regarding the building lease that the building could be developed for more space which could be recruited into.
- Difficulties such as some of the team having long term sickness leave and the impact of contracts with inflation was cited.
- Difficult decisions were being made regarding services which were not proving to be profitable.

After the presentations, there was time for the following questions to be received:

- When the E-Consult online system had been launched there had been very good comms, however when the system was turned off last week, this had not been communicated as well and had led to confused patients. Clarity was provided that the system had to be turned off due to a shortage in doctors, meaning that there had not been enough staff to run the system. It was acknowledged that when launched there had been comms and that when the urgent decision had been taken to turn off the system this had only been communicated by a phone message and that it was appreciated that this could have been done better. It was expressed that if comms had been sent out regarding the system being turned on and off, this might have caused further confusion.
- It was stated that a relative of a member of the public had recently called Giffords Surgery, however the Doctor who answered ended the call and informed the caller that they would have to make another appointment to continue, which had happened twice. In response, the member of the public was encouraged to email the surgery to contact the complaints lead as this is not something which would be expected. Assurance was also provided that the system in place would allow for patients with complex needs to have longer time slots and was flexible.
- A question was asked regarding if additional facilities were to be built, whether this would have to be in Holt, to which it was stated that any changes to the investment of estates would have to be considered from a PCN level. Currently Bradford on Avon was judged to have a higher level of need than Melksham, therefore any development likely to happen would be there. Further clarity was provided that to have its own PCN, Melksham would have to have 30,000 patients.

Carl Houghton (Spurgeons), provided an update on the new Family Hub Model, which covered the following points:

- Carl provided an overview of his role as a Family Navigator for the new Family Hubs which had been set up in April to support children 0-19 and from 0-25 with SEND.
- Flagship hubs had been set up in County Hall, Bourne Hill and Five Rivers, with an Admin Navigator based in each for support.
- The team had also branched out to the Community Campus and Library to speak to families and to try and support them in the best way possible.
- The team consisted of Family Practitioners who would provide a deeper level of support in the home and Navigators who would provide support with everyday tasks such as filling out forms and signposting to agencies.
- The main mission of the model was to get out into communities to build a link with families and build stronger communities by bridging gaps with agencies.

	<p>Cllr Oatley provided an update from the Melksham Health & Wellbeing Group, which included the following points, but was not limited to:</p> <ul style="list-style-type: none"> • The full updated would be provided to Democratic Services to be attached to the minutes. • The Health and Wellbeing Group is a sub-group of the Area Board and brings together partners to share information and support older and vulnerable people within the neighbourhood. The sub-group is not a decision-making body but is able to comment on funding bids. • The most recent meeting of the group took place last week, which was Mental Health Week. • In February, the group looked at the CJSNA data and decided that mental health would be a focus for this year. As a result, the group is looking to set up an Andy's Man Club which is a recognised mental health support group as well as looking at funding mental health first aid training for groups in Melksham. • The group has also worked closely with other partners and organisations with Community Support 2.0, this has included providing drop-in sessions, providing slow cookers, and ensuring that the foodbank receives regular funding. • The grant funding pot for the year would be £7,500 which could be awarded to applicants to support the older and vulnerable. • Cllr Oatley thanked those involved with the group and stated how it had been an honour to chair the group over the past year.
72	<p><u>Area Board End of Year Report</u></p> <p>Part I – Looking Back</p> <p>The Area Board received a presentation from Caroline LeQuesne, Area Board Delivery Officer on the Area Board End of Year Report. Caroline thanked the Area Board Members and partners as without them it wouldn't have been possible to conduct the work which had been done. The presentation included the following points and an overview of the activities completed in relation to the previous Area Board priorities:</p> <ul style="list-style-type: none"> • Children and Young People – Cllr Jon Hubbard <ul style="list-style-type: none"> ○ Activities included detached youth work, a survey, positive activities for those with special needs, a skate park event and a self-harm support programme. ○ Cllr Hubbard noted that there had been continued work for young people with mental health needs with significant referrals made to agencies. • Culture and Sport – Cllr Jonathon Seed <ul style="list-style-type: none"> ○ Activities included a heritage walk, the Explore Wiltshire Heritage App, display cabinets and the recording of Great Hinton's heritage.

- Cllr Seed also drew reference to the unprecedented success of the Rugby, Football and Cricket clubs who had all been able to climb their respective leagues with investment into their facilities.
- Older people; health and wellbeing – Cllr Jack Oatley
 - Activities included the establishment of a clear understanding of the NHS estate, activities for carers and young carers, falls prevention and an Age UK monthly drop-in support session.
- Community safety and transport – Cllr Mike Sankey
 - Activities included the work of the LHFIG group which had been involved in 13 projects and the special Highways Matters Area Board event.
- Economy, environment, and deprivation – Cllr Phil Alford
 - Activities included cookery classes and cooking equipment as well as providing vouchers for additional food and other essential items.

Part II – Looking Forward

Richard Rogers, Strategic Engagement Partnerships Manager (SEPM) provided a summary of the Community Survey/CAJSNA Data:

- There had been 229 responses to the survey (8.9% of the population), with the demographic of the respondents split across all age groups.
- The following 5 priorities were identified by respondents:

Health:

- Almost 50% of respondents had chosen this as their first choice.
- The top 5 health issues in order were mental health support, support for “living longer better”, support for keeping physically active, care for those living with dementia, tackling levels of obesity.
- CAJSNA data was provided to support this, including that Melksham had the highest level of adult diabetes in Wiltshire and the lowest percentage of people in Wiltshire who said that their health was good or very good.

Environment:

- Almost 11% of respondents chose this as their first choice.
- The top 5 environment issues in order were improving the quality of landscapes, supporting public transport services, addressing flooding, tackling fly tipping, support for increase in biodiversity.

Cost of living

- Almost 11% of respondents chose this as their first choice.
- The top 5 cost of living issues in order were supporting households on low incomes, support for children living in low-income families, support for housing/rent affordability, fuel poverty and debt, support for foodbanks.
- CAJSNA data suggested that Melksham had the highest food insecurity and the 2nd highest percentage of children living in low-

income families.

Children and Young People

- 10% of respondents chose this as their first choice.
- The top 5 children and young people issues were improving positive activities for young people, young people's mental health, SEND, improving health and especially obesity, improving school attainment.
- CAJSNA data suggested that Melksham had the highest percentage of 4–18-year-olds with an Educational, Health and Care Plan (EHCP).

Safety

- 10% of the respondents chose this as their first choice.
- The top 5 issues for safety were reducing the level of crime in communities, tackling ASB, addressing drug crime, reducing speeding, tackling the number of road traffic collisions.
- Data suggested that substance abuse, child exploitation and knife crime was higher in Melksham than the average for Wiltshire.

After which, it was;

Resolved:

That Melksham Area Board decided upon the following priorities it wished to focus on in the coming year as well as the respective lead councillor representatives:

- **To improve opportunities for all children and young people (Cllr Hubbard)**
- **To help tackle deprivation (Cllr Alford)**
- **To create safer communities and improve transport (Cllr Sankey)**
- **To support older and vulnerable people (Cllr Oatley)**
- **To protect and enhance our heritage and environment (Cllr Seed)**

That Melksham Area Board appointed the following Councillor Representatives to the following Outside Bodies:

- **Melksham Health and Wellbeing Group – Cllr Oatley**
- **Melksham Joint Neighbourhood Plan Steering Group – Cllr Sankey**
- **Environment and Climate Working Group – Cllr Seed**
- **CCTV and Community Safety Working Group – Cllr Sankey**

That Melksham Area Board appointed the following Councillor Representative to the Local Highways and Footway Improvement Group (LHFIG):

	<ul style="list-style-type: none"> • Melksham Area Board LHFIG – Cllr Sankey <p>That Melksham Area Board noted the Terms of Reference for the LHFIG as set out in Appendix B, attached to the agenda.</p> <p>Cllr Hubbard noted that Melksham was the only Area Board without a Local Youth Network (LYN) and urged the Area Board to consider setting one up to ensure that young people’s voices could be heard. Caroline LeQuesne confirmed that she had attempted to set this up, but limited feedback had been received though she was happy to investigate setting up an LYN again.</p>
73	<p><u>Local Highways and Footpath Improvement Group (LHFIG)</u></p> <p>Cllr Mike Sankey introduced the minutes and recommendations from the LHFIG meeting held on 7 May 2024. After which, it was;</p> <p><u>Resolved:</u></p> <p>The minutes of the Local Highways and Footway Improvement Group meeting held on 7 May 2024 were agreed as a correct record as well as approving the following spending recommendations within:</p> <p>To add the following Issues to the Priority Schemes List with funding (where indicated) Refer to APPENDIX 2</p> <ul style="list-style-type: none"> • Melksham Town / Melksham without / Semington village - Allocate the sum of £4000.00 for the formal advertisement and implementation of parking controls (Waiting restrictions) at various agreed sites. 3rd Party contribution of 25% (£1,000) to be agreed with town / parish councils. • Keevil Kerbing works. – Allocate sum of £10,010.00 with 25% contribution (£2502.50) from Keevil Parish council. <p>A discussion then took place regarding the TRO referenced within the recommendations, to which the advertising arrangements for which were discussed and how discussions for how this could be improved were taking place in the background. It was noted that there would be a public consultation for the traffic order via Wiltshire Council and during this period the Town Council and Members of the public could submit any questions and comments.</p> <p>A motion was raised by Cllr Jon Hubbard that TROs affecting Melksham residents should be advertised within the Melksham Evening News, which was seconded by Cllr Mike Sankey. An amendment was made to the substantive motion that this motion be brought back to the next meeting of the Area Board for timing reasons. Both the substantive and amended motions were carried.</p> <p>A further discussion then took place regarding LHFIG Funding Contributions and the Chairman noted that it was agreed at the last meeting of the Area Board,</p>

	<p>that clarity would be sought around LHFIG Funding Contributions. Since this meeting, Officers had gone away and have sourced minutes from the LHFIG meeting, which took place on 4 August 2022, which stated that:</p> <p><i>Each Council should be committed to part-fund each project: financial contributions will normally be expected at a rate of 50% for the larger Councils (Melksham Town and Melksham Without) and 25% for the other smaller Councils.</i></p> <p>Cllr Alford stated that the word “normally” was key to the contributions as this would allow smaller parishes to come forward and suggest alternative funding models as otherwise there would be an expectation for small parishes with few electors and tiny precepts to fund expensive projects.</p> <p>Cllr Hubbard stated that Melksham North was one of the most deprived electoral wards in Wiltshire and that Melksham Town was one of the most deprived towns in Wiltshire with one of the lowest levels of disposable incomes. It was suggested that with the current contributions, deprived areas would be expected to subsidise work in the most affluent areas.</p> <p>The Chairman proposed the following motion that Each Council should be committed to part-fund each project: financial contributions will normally be expected at a rate of 50% for the larger Councils (Melksham Town and Melksham Without) and 25% for the other smaller Councils, which was seconded by Cllr Phil Alford.</p> <p><i>Cllr Jon Hubbard requested a recorded vote on the motion, which was as follows:</i></p> <p><i>For – Cllr Jonathon Seed, Cllr Nick Holder, Cllr Jack Oatley, Cllr Phil Alford</i></p> <p><i>Abstain – Cllr Mike Sankey</i></p> <p><i>Against – Cllr Jon Hubbard</i></p> <p>The motion was therefore carried.</p>
74	<p><u>Area Board Funding</u></p> <p>The Chairman provided the Area Board with an update about how he and Cllr Hubbard had visited previous grant recipient Saxon Group of the Riding for the Disabled Association to see the work that they do and how they had spent the money awarded by the Area Board.</p> <p>The Chairman informed the Area Board of the opening balances for grant funding. The Area Board considered the following applications for funding:</p> <p><u>Community Area Grants:</u></p> <p>Melksham and District Historical Association - £1,000 towards Melksham Historical Association Display Cabinets.</p>

Decision

Melksham and District Historical Association was awarded £1,000 towards Melksham Historical Association Display Cabinets.

**Moved – Cllr Jon Hubbard
Seconded – Cllr Mike Sankey**

Reason – *The application met the Community Area Grants Criteria 2023/24.*

Great Hinton Heritage Group – £484.52 towards Great Hinton Heritage Group Display Materials.

Decision

Great Hinton Heritage Group was awarded £484.52 towards Great Hinton Heritage Group Display Materials.

**Moved – Cllr Jonathon Seed
Seconded – Cllr Jon Hubbard**

Reason – *The application met the Community Area Grants Criteria 2023/24.*

Bowerhill Baby and Toddler Group - £500 towards Bowerhill Baby and Toddler group Outdoor Active.

Decision

Bowerhill Baby and Toddler Group was awarded £500 towards Bowerhill Baby and Toddler group Outdoor Active.

**Moved – Cllr Nick Holder
Seconded – Cllr Jack Oatley**

Reason – *The application met the Community Area Grants Criteria 2023/24.*

Great Hinton Indoor Bowls Club - £500 towards Great Hinton Indoor Bowls Club.

Decision

Great Hinton Indoor Bowls Club was awarded £500 towards Great Hinton Indoor Bowls Club.

**Moved – Cllr Jonathon Seed
Seconded – Cllr Jon Hubbard**

Reason – *The application met the Community Area Grants Criteria 2023/24.*

	<p><u>Older & Vulnerable Grants:</u></p> <p>Avon Bowls Club - £333.99 towards Avon Bowls Club Access Ramp.</p> <p><u>Decision</u></p> <p>Avon Bowls Club was awarded £333.99 towards Avon Bowls Club Access Ramp.</p> <p>Moved – Cllr Jack Oatley Seconded – Cllr Phil Alford</p> <p><i><u>Reason</u> – The application met the Community Area Grants Criteria 2023/24.</i></p> <p>Our Time Project – £3,000 towards Melksham Movement and Theatre Workshops for Elders.</p> <p><u>Decision</u></p> <p>The Area Board agreed to defer discussion of the Our Time Project application as per the applicant’s wish.</p>
75	<p><u>Urgent items</u></p> <p>There were no urgent items.</p>
76	<p><u>Close</u></p> <p>The date of the next meeting was confirmed as 4 September 2024.</p>
