<b>Project Title/Name</b>	The Calne Lock Restoration		
<b>What is your project about and what does it aim to achieve?</b>  <i>Important: This section is limited to 600 characters only (inclusive of spaces).</i>	It is unlikely that a full restoration of the lock that once joined the Wilts & Berks Canal to the River Marden and the Town Wharf will ever happen due to water/environmental constraints. This project, however, will complete a partial restoration that will give the appearance of a lock complete with lock gates, boat feature, picnic benches and interpretation. The completed project will provide a focal point at one of the main entrances into the park.

The historic Wilts & Berks Canal is an integral aspect of Castlefields Park and a reminder of Calne's industrial heritage. The project will create an attractive feature at a strategic point within the park where people will be able to relax. There will be a strong educational value, which could be accessed by schools and the wider community, offering an insight into the working of the canal and it's value to Calne.
