What community benefits will your project provide and, who are the beneficiaries (e.g. numbers of people, age, gender, particular groups)

IMPORTANT: PLEASE DO NOT TYPÉ IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES) The Leisure Centre Gardeners want to encourage the participation of children and young people in gardening and in supporting their local leisure centre. A group of children and teenagers have been gardening with us at the Leisure Centre since April 2007. Their ages now range between just under 5 years - 13 years. (all girls except for 2 little boys) In previous years I have asked what plants they have wanted and have had a few suggestions. This year is quite different. They decided that due to the fact some of them were now teenagers the name of their garden should be changed from the Children's Garden to the Children's and Young Persons garden. They have come up with their own plans for their garden. They requested the removal of a small tree in their garden which has outgrown the site. (to be replanted elsewhere) They decided to have a Mediterranean Colour scheme of dark purple, yellow, dark pink, red and orange. They were asked to do their own research on plants and 2 days after our meeting emails arrived with a list of the flowers they wanted. They wanted: marigolds, asters, poppies, petunias, margaritas, primulas, rosa rugosa, carnations, roses, antirrhinums, bluebells, campanulas, alstroemerias, honeysuckle and sunflowers. They asked to take over one of the half barrels in front of the Leisure Centre and part of the walkway garden area. This newely acquired area will have a white, pink and purple colour scheme and they would also like to plant a climbing rose and passion flower.

Approximately 2000 people will benefit from the continued improvement to the outside of the Leisure Centre and this includes visitors doing the Thames Walk.

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

We rely on grants to continue with improvements to the garden areas outside the Leisure Centre. Funds from the Leisure Centre, local charities and a previous grant from the NWDC have assisted us in making significant improvements since April 2007.

Should there be any changes to the predicted income and expenditure during the next financial year we would approach local charities, Cricklade Town Council and other grant bodies for assistance.

This grant will ensure we can make the necessary improvements to the Children's and Young Peoples Garden.

## 3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference. IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF

Our group would like to ensure that we continue to encourage children and young people to participate in healthy activities, gardening being one of them. Since April 2007 we consistently work with a small group of children and young people and at seasonally busy times post a notice outside the Centre for additional help from youngsters. During the early summer period of 2009 we introduced a group of five under 5's to planting tomatoes and this was a great success and we will continue with this.

Last year the local Scouts troupe came to help with edging the paths and when they were finished several asked if they could come back because they had had so much fun.

This year, for the first time I held a more formal meeting with the group of youngsters and it was a joy to listen to them enthusiastically planning their new larger garden, planting themes and colour schemes and discussing what they would like to achieve this year. They then did their own research to identify specific plants to match their theme. The next stage for them will be preparing a planting plan to establish how many of each plant they need and where each will be sited on the new larger flower bed. Working with youngsters has proved to be a great success and we look forward to seeing the fruition of this years work.

Users and visitors will benefit from the grant with the improvements to the area immediately outside the entrance to the Leisure Centre.

4 – Relationship between your project and Wiltshire Council priorities. Which of the followin	g statements
apply to the project/service your hope to provide? Please tick as many as you think apply.	
The project will:	
Engage with local people to find out their priorities and work with them to deliver solutions	
Increase number of local people involved in regular volunteering	
Increase the number of affordable homes	
Improve access to services for people with dementia	
Improve access to primary care services for people with learning disabilities	
Encourage people to make lifestyle changes that will have a positive impact on the health of both themselves and their family	
Improve adult participation in sport	
Improve young people's participation in positive activities	
Improve business productivity through innovation e.g. provide business with specific information, knowledge events and other support	
Increase the number of people who feel safe in their community	
Improve local area through intergenerational activities such as street clean ups and community events	
Reduce perceptions of antisocial behaviour	
Reduce deaths through accidents	
Increase uptake of energy efficiency and renewable energy measures	
Increase levels of recycling and re-using household waste especially amongst those people who currently do not recycle	
Increase awareness of climate change adaptation, leading to action taken by individuals, communities and businesses	
Reduce carbon emissions from transport through development, sustainable transport, traffic management and new technology	
Improve local biodiversity	$\boxtimes$
