GLOVE FACTORY STUDIOS

This is currently a very quiet rural area, set on the edge of the village. There is very little noise generally and virtually none in the evenings. Currently the Glove Factory operates within normal business hours, with no working in the evenings or at weekends, except for the single small shop unit and cafe which operate only during the day time.

We understand that the application is seeking permission for a new premises license, proposing high end cuisine, live music, dance, plays and films from 10.00 until 23.00 Monday to Saturday and 10am until 18.00 on Sundays, both inside the cafe and outside in the courtyard.

This new premise/use on the site, and in particular the introduction of live/recorded music both inside the building (especially if the premises windows are open)and outside in the courtyard will change the character of the area and cause noise nuisance to residents living in the local area. This will cause annoyance and stress and will affect the quality of life enjoyed by individuals.

At present we are occasionally disturbed by parties held at the bowls club or village hall, these are situated slightly further from our property. These are very irregular (less than one a month) and we have not complained. However if the Glove Factory were to be granted a license to operate six nights a week until 23.00, including the playing of music, we would be subject to noise nuisance on a much more regular basis. This would undoubtedly constitute a public nuisance.
