To provide (1) Bowling and social facilities for all ages including youth and those with disabilities regardless of gender, specific sexuality, ethnicity or faith and (2) a meeting facility for the same. They will be available to all residents of the local area, including present and future Club members, and to members of over 20 visiting bowling clubs from Wiltshire, a number of which have been unable to bring disabled players in the past.

**Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?**

Although the full project cost (ie a new clubhouse) will be approx £150,000, the Club is currently seeking financial assistance of £1465.00 to enable it to obtain all appropriate planning consents before the main project of rebuilding can take place. The site is very complex, with main drainage criss crossing the site and therefore Wessex Water will need to be involved with the the planning. The site is also in a Conservation Area and again strict conditions have to be met. Professional services of an architect will have to be used and not "in kind" guidance. The financial sustainability of the project will be met primarily by members' annual subscriptions as in the past.

**3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures**

**Please tell us more about the organisations and groups that are involved in your project, who will benefit from the award and how will you know that it is making a difference.**

IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES)

The current clubroom is constructed of breeze blocks and wood and the changing facilities are in a flat-roofed second hand Portakabin, all of which are too small and in spite of regular maintenance, are becoming dilapidated and will become unsafe. They are also energy inefficient and cannot be adapted for disabled access or use. All Members and other users will benefit from a modern energy efficient building which will enhance the appearance of the area. With the availability of a modern building there will be potential for increased membership both for able and disabled bowlers, together with use by non members including other clubs from the local area.
