What is the link between your project and other local priorities? e.g. Priorities set by your area board and parish plans.

A parish/town plan for Latton will provide evidence of priorities and needs of community that will inform the work and priorities of the area board.

How did you discover there was a need for your project and how will your project benefit your local community?

Important: Please do not type in paragraphs – This section is limited to 1200 characters only (inclusive of spaces)

The Area Board has encouraged the creation of parish and town plans in the community area as a means of identifying community priorities. The process of preparing a plan will be community led by a representative steering group of volunteers. They will engage widely with local residents, community groups, businesses and other stakeholders and undertake a consultation exercise to find out what is valued and needed in the future. Information from the consultation will inform the action planning that will be developed with the involvement of agencies and service providers to ensure that the actions identified are deliverable. The parish/town plan provides evidence to inform future decisions affecting the community, helps manage change, involves local people in identifying community led solutions to local concerns and improves community spirit by helping identify valued features of community life to be preserved. The plan should assist the work programme of the Parish/Town Councils by providing evidence of community aspirations that can be used for future influencing and to assist with spending priorities for the precept.

Any other information about your project.

Although the Parish Town Council will be the applicant and recipient for grant funds, the work of preparing a plan will be undertaken by a temporary steering group of volunteers from the community. The PC will put in place arrangements for the steering group to be able to draw down grant funds to offset spending on parish planning. The PC will maintain close links with the steering group by providing a Parish/Town Councillor to be part of the steering group and also will ensure that regular reports of progress are made to the Parish Council. The PC will also put aside £500 towards the parish plan and offer some administrative support/room space for meetings/ or any other help when needed if appropriate.

3 - Management

How many people are involved in the management of your group/organisation? 8

If your project is intended to continue after the Wiltshire Council funding runs out, how will you continue to fund it?

The project to prepare a parish plan will spread over more than one financial year and it is possible that additional funds might be needed from the precept in the second year of the project.

If you were not awarded the full amount requested, what would be the impact on your project?

Funding for parish/town plans would be very difficult to secure from any other source. Any shortfall would impact on the ability of the steering group to engage widely with the community and undertake effective consultation. Ultimately this could impact on the effectiveness of the completed parish or town plan.

How will you know whether your project has made a difference in the community?

When the parish/town plan is completed, is adopted by the PC/TC and presented to the Area Board for inclusion with the Community Plan.
